JOHN SCOTT CANDRIAN

Re Memphis teletype dated 4/9/68, concerning
JOHN SCOTT CANDRIAN.

On April 9, 1968, the following investigation
conducted by SA ROBERT E. HALL and SA THOMAS J. GREEN:

By personal observation, it was determined that
there is no such address as 1339 South Western, Chicago,
Illinois.

The residence at 1339 North Western Avenue is
in a Puerto Rican-Spanish American neighborhood and
consists of a three-floor flat building, owned by M. B.
RIVERA, occupant of the third floor.

Interviews were conducted with Mrs. CALDERON
through a nine-year old grandson, interpreter. Mrs. CALDERON
and her family occupy the first floor. Interviews were
also conducted with Mrs. AMANDA CONDE who occupies the
second floor flat.

The name JOHN SCOTT CANDRIAN was unknown to any
of the persons interviewed. They had no knowledge that
any person in the 1300 block of North Western was attending
school in Memphis, Tennessee, and no person residing at
1339 North Western had children older than high school age.

It was noted that other names on the mail box
with Mrs. CALDERON were also Spanish names: MORALES and
SANDIN.

Inquiry of the Illinois Bell Telephone Company
determined that the prefix number 396 is not in the Chicago
area but is in North Antioch, Wisconsin. The current Illinois
Bell Telephone Company telephone directories for the Chicago
area have no listing for a JOHN SCOTT CANDRIAN.

Re: WESLEY ELLIS POOLE

The following investigation was conducted by SA HARRY A. WALKER on April 11, 1968:

Sergeant TIMOTHY LONERGAN, Rolling Meadows, Illinois, Police Department, telephonically reported that JAMES RIGSBY, owner Texaco Service Station, Lincoln Avenue and Route 53, Rolling Meadows, advised during the afternoon of April 11, 1968, that at approximately 10:00 a.m. that morning an individual answering the description of the artist's conception of the suspect in this case, stopped at the station asking directions for Ardmore Avenue, Itasca, Illinois, advising that he just came in the area from Atlanta, Georgia, and was as lost as a "ball in the weeds." RIGSBY stated that this man was driving a 1966 white Mustang, however, did not think anything of this until he saw an article concerning the Mustang in the paper during the afternoon of April 11, 1968.

JAMES RIGSBY who resides at 4005 North Avers, Chicago, Illinois, was interviewed at the above Texaco Station and gave substantially the same information stating that the individual was dressed in a light blue, button down collar, Oxford shirt, and gray pants and was driving what he thought was a light gray 1966 Mustang and stopped at the station only to obtain directions for Ardmore Avenue in Itasca.

It was determined that Ardmore Avenue, Itasca, only has the 1300 and 1400 block and this is entirely an industrial street, and at the present time has four companies operating businesses on these streets.

Through contact with JAMES FLEMING, General Manager, Circle Participation, 1324 Ardmore Avenue, Itasca, Illinois, it was determined that at 10:30 the morning of April 11, 1968, WESLEY ELLIS POOLE reported to Circle Participation Company driving a dark green 1966 Mustang and is from Atlanta, Georgia, and was lost the morning of April 11, 1968, before he found the Circle Participation. FLEMING advised that POOLE was wearing clothes described above by RIGSBY and has been known to the Circle

He stated that POOLE left the Houserman Company due to having a dispute with the company over wages approximately one week ago. FLEMING advised that POOLE is presently installing metal for his company at the Motorola Corporation located at Algonquin Road and Rolling Meadows near Palatine, Illinois.

POOLE was interviewed at the above Motorola Corporation and advised that he did stop at the Texaco Service Station in Rolling Meadows asking for directions due to the fact that he was completely lost. POOLE stated that he worked for the last 13 years at E. F. Houserman Company, Atlanta, Georgia, as a carpenter, however, left the company due to a wage dispute about a week ago and is now employed by the Circle Participation Company who has offices in Atlanta and where he will eventually work for the company. He stated he presently resided at 1443 Eastland Avenue, Atlanta, Georgia, Apartment 1, with his wife EVA and daughter SHIRLEY, age 19. POOLE advised that most of his work for the Houserman Company was done in the state of Florida, therefore he has a Florida license number 7-12995 on his 1966 two door Mustang which is classed as an English racing green in color car. He stated that this is actually a very dark green automobile.

FLEMING stated POOLE's car was examined by the Motorola Corporation and it was determined that the automobile is dark green in color and had the above Florida license described by POOLE on the automobile.

POOLE explained that he was working for the Houserman Company in Orlando, Florida, when he purchased the Florida license. POOLE is described as follows:

RE: REQUEST TO CHECK UNITED
AIRLINES ATLANTA DEPARTURE
FLIGHTS APRIL 9 TO DATE

Personnel, United Airlines, Revenue Accounting Department, states that ticket lift which is the passengers ticket by flight number, go immediately from the boarding station, in this case Atlanta, to the Data Processing Center, Chicago, for approximately seven to ten days while these tickets and the information contained thereon, placed in Data Processing and/or accounting at United Airlines. This is the first order of business with the tickets and cannot be disturbed inasmuch as this represents revenue to United Airlines. The earliest that April 9 through April 15 that tickets will be available for examination is April 25. United personnel indicate that the 32 Atlanta departures represent roughly 2500 passengers per day and in the case of the requested periods, represent approximately 17,500 tickets to examine.

Revenue Accounting personnel state that it would be more expeditious to check Atlanta reservation cards, United Airlines, which records are maintained at the Reservation Office in some form of Data Processing for 60 days after the given flight.

United advises reservation cards are maintained for 60 days in sequential order, but the reservation cards are available for Atlanta departures at United Airlines, Atlanta.

Gentlemen:

I feel rather the fool writing to you about an incident that occurred yesterday and perhaps something that has already been called to your attention.

Yesterday afternoon I was reading a review of the new James Bond novel in the Chicago Tribune. It stuck in my mind all afternoon and disturbed me until I went back to read it again later that evening. These two names hit me, Auric Goldfinger, Ernest Starvo Blackfield. I noticed the similarities between the names Auric and Eric, Starvo and Starvo. I did some further research thru Mr. Fleming's novels and came across the name Buonaparte Gallic. Thus the similarity of Gallic and

of these names and other simularities was planned
and not just my imagination running away with

then perhaps it is possible the assassinating

Memorandum

TO : SAC, CHICAGO (44-1114)

FROM : SA RENE J. DUMAINE

SUBJECT: MURKIN

DATE: 5/14/68

On May 13, 1968, at 3:55 p.m., the writer was telephonically contacted by SA CLAY M. BRADY, Minneapolis, Division, who advised that a search of the Northwest Airlines ticket records as requested in Miami teletype of May 9, 1968, developed 21 individuals who were aboard the flight in question and who resided in the Chicago area.

SA BRADY inquired as to whether or not Chicago was in possession of the two teletypes referenced in the Miami teletype requesting the investigation. SA BRADY was advised that we were not in possession of these communications but were of the opinion that if the ticket was in the name of JERRY HERRON or a known alias of the subject, then it would be an apparent waste of investigative effort to develop the identity of all of the passengers mentioned in the teletype. SA BRADY was advised that this office would contact Atlanta for further clarification and would call him back.

At 4:05 p.m., the Murkin coordinator at the Atlanta Office was contacted at which time the contents of the referenced teletypes were made known to the writer. The initial teletype requested that passengers utilizing the true name or known aliases of the subject leaving Atlanta between April 7 and 10, 1968, be checked out to determine if they were identical with the subject. The writer was advised that if the name of the passenger was not a known alias and not out of Atlanta, no further investigation was requested.

The foregoing was made known to SA BRADY at 4:15 p.m. at which time he advised that he had called Miami and that the Miami Office was of the opinion that if the ticket was in the name of JERRY HERRON, no further investigation was necessary.

RE: ALL COUNTY MORGUES CHECK

Bureau airtel May 9, 1968, set out the lead that each office covering state capitals should check to ascertain if any record of unidentified dead is maintained and thereafter, check record for the period April 5, 1968, to date for any information which might possibly identify subject RAY with unidentified deceased person over that period.

The airtel further stated that if there is no central record repository maintained, the offices should, in connection with contacts with law enforcement agencies on this case or other Bureau matters, make appropriate inquiry relative unidentified dead for the period beginning April 5, 1968, and if fingerprints on such dead are maintained, they should be compared with those on the Identification Order on RAY in order to effect identification or non-identification. This should be handled in the normal course of business and only reasonable investigation should be pursued along these lines.

Previous experience in these matters has developed that the records are maintained by the various counties at the morgues and/or through the sheriff's police. The Cook County Morgue had previously been contacted in this regard and liaison set up. All RAs handling the various counties should determine the procedures surrounding unidentified dead and set up appropriate stops utilizing the Identification Orders on RAY. This should be handled in the normal course of business and the identity of the persons and the counties contacted be set forth in memo form to the file. If additional copies of the Identification Order are needed, they can be obtained from SA JOSEPH M. BURKE who will coordinate this phase of the investigation.

LEAD REINTERVIEW

At 8:41 P.M., on 5/18/68, Mrs. HAROLD GUETZKOW, 1584 Wesley Avenue, Evanston, Illinois, telephone number UN 4-6729, who requested that her identity be protected, telephonically advised as follows:

At approximately 5:35 P.M., on 5/18/68, at Church and Sherman Streets, Evanston, Illinois, she saw a man on foot who bore a striking likeness to photographs of ERIC GALT which have appeared in the news media. He was a white male, appeared to be in his 40's, about 5'10-11", sandy brown hair, and wore a bluish sport coat, and brown trousers. His eyes were red rimmed.

This individual walked toward Fountain Square and was observed to enter a late model auto, make unknown, but possibly a Ford or Chevrolet, bearing 1968 Illinois license EX 371.

Mrs. GUETZKOW attends classes at Northwestern University during the morning hours but is usually home about noon and during the afternoons.

RECOMMENDATION:

Consider recontacting Mrs. GUETZKOW and displaying photographs including those of GALT. If then pertinent, determine registration for 1968 Illinois license EX 371.

Re complaint form of SA DOUGLAS N. HIBBE,
dated 5/9/68.

Reference complaint reflects that Mrs. MARY COFFEY believed that the person who loaded sod into her automobile at Goldblatt's Department Store, garden section at the Hillside Shopping Center, Hillside, Illinois, on May 9, 1968, at about 11:30 a.m. may have been the subject.

On May 10, 1968, Mr. L. F. DALEY, Manager, Goldblatt's Department Store, Hillside Shopping Center, Hillside, Illinois, advised that the person who was loading sod in the garden section of the Goldblatt's Department Store on May 9, 1968, at 11:30 a.m. would have been employed through "Man Power" a employment agency from which temporary help is hired would have furnished this man. Mr. DALEY stated that records concerning the identity of this person were not available at this time, but that he would make inquiry into the matter and determine the identity of this person.

On May 14, 1968, Mr. JOHN ALEXA, Superintendent, Goldblatt's Department Store, Hillside Shopping Center, former Lieutenant in the United States Army, advised that he had determined that the person in question was named JAMES HUGHES and that this person was again employed by the garden section at Goldblatt's Department Store in Hillside, on May 11, 1968. Mr. ALEXA stated he had personally observed this person and compared it with a photograph of the subject of instant case. He stated the photograph bore a very slight resemblance and explained that JAMES HUGHES had a face which was much thinner than the subject, that HUGHES had cold black hair which was combed straight back, had a tattoo on his left arm "JC" and "BUS" both of which tattoos were old and not new. ALEXA stated that JAMES HUGHES was 5'7" or 8" and was not JAMES EARL RAY in that the physical description of HUGHES varied greatly from that of RAY.

ReMemoSAC from SA ROBERT A. KEANE 5/19/68.

On 5/20/68 JOHN SPOONMORE, Darlington Hotel, 4700 N. Racine Ave. Room 211, who also is employed at that hotel as a night desk clerk, was located and interviewed by SA PAUL L. TIMMERBERG and the writer. SPOONMORE advised that an individual he knew only as (fnu) GALLAGHER resided in room 302 of that hotel for one day and then moved into room 212 with another resident whom SPOONMORE identified as JOE BRAMBLEVICH. After approximately a week GALLAGHER was discovered as an unregistered guest in room 212 by the management and was asked to leave. During his stay in room 212, GALLAGHER did not leave the room and upon leaving the hotel moved to the Wilson Hotel, 4544 N. Hazel St. SPOONMORE believed GALLAGHER to resemble the subject JAMES EARL RAY, from photographs of RAY which have been publicized and described him as follows:

Age, 35-40

Weight, 160-165

Height, 5'8"

Hair, black, naturally curly, cut short, long sideburns

Build, medium

Pencil-line mustache

Residence- moved from Darlington Hotel one week ago.

SPOONMORE was unable to furnish any additional descriptive data. He stated that BRAMBLEVICH subsequently moved from the DARLINGTON HOTEL to the Carleton Terrace Hotel, 4626 North Magnolia Street, Chicago. He stated that BRAMBLEVICH was a white male, 6'6" in height and employed as a machinist at an unknown location but knew nothing more concerning him. SPOONMORE later learned from BRAMBLEVICH that GALLAGHER had in his possession some allegedly Communist literature of an unspecified nature.

MARY MC GAFFEY and DEE GASTORI advised SAs TOEDT and TIMMERBERG on 5/20/68 that they are clerks of the Darlington Hotel during the period 8:00AM and midnight and that they have no knowledge of anyone residing there by the name of GALLAGHER or JOE BRAMBLEVICH. A review of registration records by GASTORI failed to locate any guest at the hotel under those names.

GASTORI stated that JOSEPH W. RENKOWSKI was the resident in room 212 of the Darlington Hotel from 9/3/66 to 5/3/68. Neither GASTORI nor MC GAFFEY had any knowledge of RENKOWSKI's current residence or employment. According to GASTORI, RENKOWSKI left the hotel after the management learned that he had had unregistered guests in his room and a complaint was made to him about this. GASTORI suspected that RENKOWSKI might be a homosexual or associating with homosexuals.

On 5/20/68 JOHN SPOONMORE was recontacted and stated that the individual whom he identified above as BRAMBLEVICH may in fact have been JOSEPH RENKOWSKI and he could furnish no additional information regarding RENKOWSKI's identity or present whereabouts.

GASTORI and MC GAFFEY on 5/20/68 stated that SPOONMORE was a regular user of intoxicants and they considered him to be unreliable for that reason. During interview it appeared that SPOONMORE was under the influence of alcohol.

On 5/20/68 Mrs. STERN, Clerk, Hazel Wilson Hotel, 4544 North Hazel St. and Mrs. D. H. LEATHERMAN, Manager, Carleton Terrace Hotel, 4626 North Magnolia Street advised that they had no record or recollection of anyone residing at those hotels using the names JOSEPH BRAMBLEVICH, JOSEPH RENKOWSKI or FNU GALLAGHER.

In view of SPOONMORE's reputation and the conflicting nature of the information he furnished, it is not believed that further investigation to identify and locate GALLAGHER or RENKOWSKI is warranted.

RE VICTOR H. ABSIL
REPORTING LOOK ALIKE
LAKE MICHIGAN
MAY 21, 1968

Sergeant A. K. SCHMIDT, Northbrook, Illinois, Police Department, advised on the evening of May 22, 1968, that VICTOR H. ABSIL, 1603 Ferndale, Northbrook, Illinois, phone 272-1763, business address, part owner K and A Tool Company, 3161 North Elston, Chicago, phone CO 7-2794, appeared at the Northbrook, Illinois, police station about 8:00 p.m., May 22, 1968. Mr. ABSIL advised that on May 21, 1968, he, his 12-year old son and JOHN N. POST, ABSIL's plant manager, were fishing in Lake Michigan. At about 7:00 p.m. they observed a flash fire on the lake to which they responded. They pulled two men from the water and took them both back to the beach. Upon reaching the beach, the two left immediately without thanking them and they drove off in a pickup truck. Mr. ABSIL believes one of the individuals looked like JAMES EARL RAY, particularly liking the FBI wanted flyer retouched photo. He described him as a white male, 35-36 years of age, single, southern accent. Mr. ABSIL did not see the pickup truck; however, his son did. He also noted that there was a storm approaching when they reached the beach.
