In an effort to assist in handling administratively the reams of material being submitted to Memphis Division as office of origin, it is requested all offices in submission of messages use caption which will aid in handling paper. For example, should your office have investigation to report in connection with a specific suspect it would aid if, before entering into the body of text, you would utilize sub-heading after reference, such as "SUSPECT - JOHN ALLEN DOE," or another appropriate caption might be "LAUNDRY CHECKS."

Suitable sub-headings on communications will greatly facilitate the handling of material. Please comply,

# Memorandum

TO : SAC

DATE: 4-16-68

FROM : ASAC JAMES L. STARTZELL

SUBJECT: MURKIN  
CR

This is to record several phone calls between 7:45 AM and 8:45 AM today.

Supervisor LONG, Extension 513, called from the Bureau first to inquire as to the results of our inquiry at Firestone concerning the tires found on the Mustang recovered in Atlanta. He stated that the Legat from Mexico City communication had asked whether or not the tires were white sidewalls and did they bear the legend SIN CAMARA. Mr. LONG wanted to be called back immediately.

I called Supervisor HARDING in Atlanta who confirmed the fact that the information we obtained on 4-12-68 from Firestone and furnished to Atlanta had been incorporated in a teletype from Atlanta to the Bureau either on the evening of the 12th or early on the 13th, but in discussion with him I noted that the inquiry we had made before did not include the two questions LONG is now asking as to white sidewalls and the legend SIN CAMARA.

I called Mr. LONG back and told him that apparently the questions he has in front of him were not those sent to Cleveland before, but were additional questions the Legat is now asking and that they would be questions that Atlanta would have to answer. They can only be answered by someone who has the car and the tires in front of them.

After rechecking the communication in front of him, Mr. LONG agreed and stated that he would contact Atlanta and resolve the problem and we would have to do nothing further with Firestone, UAC.

(NOTE: In conversation with HARDING, he mentioned that Atlanta had come up with a picture of GALT which is fair and described by acquaintances as being a good likeness, but there has been no dissemination of it to date and nothing is being said about it.)

LAWRENCE SEATON  
RACIAL SOURCE  
GHETTO AREAS

Re memo of SA MICHAEL J. MAHANEY, JR. dated 4/9/68  
at Cleveland.

This is to advise that on April 5, 1968, SEATON was advised by SA MAHANEY to make some inquiries throughout the ghetto areas in Cleveland, Ohio, in an effort by him, SEATON, to determine whether or not any racial disturbances were being planned in these areas, particularly Hough, Outhwaite and Cedar neighborhoods as a result of the assassination of MARTIN LUTHER KING, JR., which had occurred in Memphis, Tennessee on April 4, 1968.

On the same date, SEATON advised SA MAHANEY that he made his rounds throughout the ghetto areas in Cleveland as requested and that there was a lot to talk in the areas regarding the death of KING, however, things were relatively quiet and as best he could determine, no disturbances of any kind had been planned for those areas.

SEATON further advised SA MAHANEY that on the evening of April 4, 1968, the Mayor of Cleveland as well as other officials, athletes, social workers, were out in the streets in these areas advising the people to keep calm in this time of crisis.

In conclusion, SEATON advised SA MAHANEY that he would be alert for any information of value relative to any disturbances occurring in these areas and would contact SA MAHANEY as soon as he obtained any information relative to this matter.

On April 8 & 9, 1968, SEATON recontacted SA MAHANEY and advised that things were still quite in the ghetto areas of Cleveland and that he had heard of no rumbles in the streets relative to any racial disturbances occurring in the ghetto areas. Again SEATON reiterated that he would maintain contact in these areas and in the event any information should develop concerning any disturbances, he would immediately apprise SA MAHANEY of same.

Date April 16, 1968

Miss AGNES BELL ANGELO, 11800 Edgewater, home telephone 228-6571, was interviewed at her place of employment, Union Central Life Insurance Company, 3101 Euclid Avenue, Cleveland, Ohio, and furnished the following information:

She is currently rooming with one JOAN HENDERSON, white female, age 24, single, who is employed as a trainee buyer at Higbee's in the infants' department. Miss HENDERSON has been a resident of Cleveland for approximately two years and is originally from Ashtabula, Ohio, where her father is a stockbroker and her mother is an osteopathic physician. Miss HENDERSON for the past couple of years has been dating one DONALD K. MILLER, white male, age 29-30, 6' tall, 165 pounds, blond hair, blue eyes, ruddy complexion, who is employed from approximately April through September as a golf pro at Oakwood Country Club, Warrensville Center Road. MILLER also drives a white 1966 Mustang and has been in the Miami, Florida area for approximately the last five months. He supposedly was en route to the Akron-Cleveland area sometime around April 4, 1968.

On April 6, 1968, Miss HENDERSON noticed an artist's conception of the individual who shot Dr. MARTIN LUTHER KING, JR. in one of the local newspapers. Miss HENDERSON became very upset and stated that this picture closely resembles DONALD K. MILLER, and the article also mentioned that a white Mustang was supposedly seen leaving the area.

MILLER, whose wife died approximately three years ago unexpectedly, is supposedly in a depressed state of mind over the death of his wife and at times is very melancholy and irrational. Miss HENDERSON is "madly in love" with MILLER, however, MILLER apparently does not feel as strongly about the matter as Miss HENDERSON does, inasmuch as he left in approximately September or October of 1967, and has written very few, if any, letters to Miss HENDERSON.

Miss HENDERSON has attempted to contact MILLER in Florida, the last time being on the evening of April 4, 1968,

Date April 11, 19681

Sergeant VICTOR KOVACIC, Scientific Identification Unit (SIU), Cleveland Police Department, advised that the Cleveland Police Department maintains a laundry mark file which is at the present time not completely up to date. He stated that the department started this file some time ago and tries to keep it up to date, but this is difficult. He stated that they send a simple preliminary form to the various police districts and then the zone cars take these forms to the various laundries. The laundries in turn cooperate by filling out the forms and then send them back to the Police Department.

He stated that experience had shown that some of the laundries are more diligent than others in answering these inquiries. He caused a search to be made of his files and located only one similar tag and coding to compare with a questioned item.

He stated that this was a thermosealing process tag, pink in color, 3/8" wide, 1" long and having the coding 2 B 11. He indicated that this code did not reflect a dash between the B and the 11. This coding is that used by the Moreland Cleaners at 12110 Woodlawn Avenue, Cleveland, Ohio, but is a laundry mark.

He stated that he did not know specifically at that time how many companies in the Cleveland area use a Thermo seal marking system.
