DYKEMA dated and postmarked 1/21 and 1/22/68, respectively, and a letter sent to ERIC GALT by DALE L. DYKEMA dated 12/21/67. These items were received on 4/11/68 by SAS G. J. MOOREHEAD and SAMUEL W. NORTH, JR. from DALE L. DYKEMA, 3325 Wilshire Boulevard, Tos Angeles, California, who was the receiver for 1535 North Serrano, Los Angeles, California, during foreclosure proceedings on that property. DYKEMA advised that GALT had returned his (DYKEMA's) letter to him and it must be assumed GALT handled this Item.

The Bureau is requested to conduct a search for latent fingerprints on these items in an effort to identify GALT and to compare them with others located in this case. For the Bureau's information so that the fingerprints of DYKEMA may be eliminated, he is a white male and a former member of the U.S. Air Force. He does not recall his service serial number however, he served from 1/5/51 to 1/6/55 and was born Grand Rapids, Michigan. One copy to Memphis for information as that office is office of origin.

- Q134 Enrollment Form of the Locksmithing Institute, Little Falls, N. J., dated 7/31/67, in the name "Eric S. Galt"
- Q135 "Confidential Information" form of the Locksmithing Institute, bearing the signature "Eric S. Galt"

#### Result of examination:

The "Eric S. Galt" signatures on Q128, Q130, Q131, Q132 and Q135 were prepared by the writer of the signatures in this name appearing on items previously submitted in this case.

The typewritten impressions appearing on Q127, Q128, Q130, Q131, Q132 and Q135 were found to be the same style of type but the lack of identifying defects precluded a determination as to whether the same typewriter prepared of these all of these items; however, no significant differences were noted between the impressions appearing on these items. The style of type appearing on these specimens conforms to a standard for Royal pica style of type spaced ten letters to the inch. This style of type also appears on a typewriter sold under the Singer name.

It was determined that the hand printing appearing the Q133 order blank and the Q134 enrollment form was prepared by the same individual. No questioned hand printing appears on the other items received.

Indented impressions were noted on the reverse side of the Q128 letter. The names "Ray," "Galt" and "Rily" and numerals "ET3623" were some of the notations interpreted on this item. A photograph of the indented writing is enclosed for the information of Los Angeles.

The submitted evidence has been retained.

Enclosed herewith is the file of the Superior Bulk Film Company, Chicago, Illinois, concerning ERIC S. GALT. Also enclosed are Xerox copies of this material.

It is requested that the latent fingerprint section, Identification Division, process the letters and order blank prepared by GALT for latent fingerprints. If any latents are developed, it is requested that they be compared with the unidentified latents pertinent in captioned matter. These items do not have to be returned to the film company, but could be of possible value in any future prosecution.

The handwriting section, FBI Laboratory, is requested to compare the handwriting and handprinting of ERIC S. GALT in the enclosed material with the handwriting samples of value in captioned matter.

This material should be retained since the Birmingham Division is in the process of attempting to obtain typewriter specimens in that area for comparison purposes with this material.

It may not be possible to obtain elimination prints at the film company, due to the numerous clerical personnel who handle these records. However, in the event latent prints are developed, Chicago will make every effort to obtain elimination prints if so desired.

Re:

It was concluded that ANITA LOUISE KATZWINKEL, K26, did not prepare the questioned handwriting "Ginger & Anita Katzwinkel" appearing on Q118, the portion of a tissue box, previously submitted. Because of unexplained variations and insufficient comparable material, a definite conclusion could not be reached whether KATZWINKEL prepared any of the remaining questioned handwriting on Q118. Some significant handwriting differences were noted in this remaining questioned handwriting excluding the words "Day" and "at pool." These words are too limited and contain insufficient handwriting characteristics to determine if they were or were not prepared by KATZWINKEL.

Page 1

(continued on next page)

FMD:rap (13)

Due to the lack of a sufficient number of significant comparable letters, it was not possible to determine if the words "broulh" and "Olkahombe" on Q118 were prepared by the person or persons responsible for the remaining questioned handwriting appearing on this specimen.

It was concluded that the FLIKEID signatures appearing on the bottom of K27, were prepared by THOMAS M. FLIKEID, FBI#534039D.

Because of insufficient significant comparable handwriting and unexplained variations, a definite conclusion could not be reached whether the questioned Lownyer signature on the gun invoice previously submitted or the writings attributable to Eric S. Galt, previously submitted, were prepared by the writer of K27. Some handwriting differences were noted in the handwriting attributable to Galt when compared with K27 however, these characteristics are not sufficiently strong to definitely eliminate FLIKEID as a possible writer of the Galt material.

The K28 and K29 maps are not identical with two maps. Q18 and Q20, previously submitted and recovered from the blue bag in Memphis.

Q139, Q140, K27 through K29 are temporarily retained. Appropriate photographs of the writing appearing on K27 have been made.

One 8 inch head hair of Caucasian origin was found inside the Q139 left shoe. This has been dyed black. No similar hairs were found in or on items previously submitted in this case. No other hairs or debris was found in Q139 or Q140.

Q141 Provincial Motel registration card, dated 12/17/67, signed "Eric S. Galt"

Q142 Two sheets of blue stationery of The Provincial Motel bearing indented writing impressions

Result of examination:

It was determined that the Q141 registration card was prepared by the writer of the Q86 registration card which was previously submitted. The handwriting on Q141 does not sufficiently augment previous writings of Galt to permit a satisfactory comparison of the "Harvey Lowmyer" signature with writings attributable to Galt.

Photographs of the indented impressions which were noted on Q142 have been forwarded separately to the recipients of this report.

Specimens Q141 and Q142 have been retained.
