The Birmingham office is in receipt of a letter from AUBRY DEE CHANDLER, Scottsboro, Alabama, the original of which is being furnished the Bureau, and Xerox copies of same are being furnished New Orleans and Memphis.

CHANDLER was contacted on June 18, 1968, at Scottsboro, Alabama, and furnished a pamphlet concerning which he had written to the Birmingham office. The original of this pamphlet is an application with the Palmer Writers School, Minneapolis, Minnesota, which is being furnished the Bureau, and Xerox copies thereof are being furnished New Orleans and Memphis.

It is noted that the typewritten name ERIC A. WAUGH, which appears above the name CHARLES MARTIN, Inspectors of Petroleum, New Orleans, Louisiana, may have been typed by a different typewriter than MARTIN's address.

From a layman's comparison of the handprinting on the pamphlet under Parts A, C, and D,

together with background information furnished by WAUGH, the possibility exists that same may have been written by subject RAY, based upon photographic specimens of his handprinting furnished the Birmingham office by the Bureau, by Routing Slip dated June 17, 1968. This, together with the fact it is known that RAY was visiting in New Orleans on March 22, 1968, which was the date indicated the Palmer Writers School pamphlet was executed, plus RAY's known propensity for correspondence courses, makes it desirable that investigation be conducted at New Orleans, as set forth below.

The FBI Laboratory is requested to make a handprinting comparison of the executed portions of the Palmer Writers School pamphlet filled in by ERIC A. WAUGH, with known handprinting specimens of subject RAY and that Birmingham, New Orleans, and Memphis be advised of the results.

LEADS:

NEW ORLEANS DIVISION

AT NEW ORLEANS, LOUISIANA:

1. Will conduct investigation at Apartment No.3, (upstairs) 2928 Tulane Avenue, and determine occupant on the date of March 22, 1968. Determine whether subject RAY may possibly have rented the apartment temporarily or may have been visiting the normal occupants thereof.
2. Will interview CHARLES MARTIN, Inspectors of Patroleun, P.O. Box 19465, New Orleans, Louisiana, 70119, regarding the pamphlet of the Palmer Writers School, and

BH 44-1740

determine whether he was acquainted with the ERIC A. WAUGH, whose name appears above that of MARTIN, as desiring to be enrolled in the Palmer Writers School. Will determine from MARTIN whether he is acquainted with anyone by the name of ERIC A. WAUGH or whether he might recognize photographs of subject RAY. (New Orleans refer to its previous report regarding RAY's presence in New Orleans on the date in question).

FOREIGN AGENCY EXCISIONS

On 6/21/68 ANTHONY J. HANES and his son, who practices law with him, visited [REDACTED] where they saw a [REDACTED]. We have been advised in confidence that HANES requested an interview with RAY and was told he could not see him. He was asked the source of his fee and replied that he expected to collect his fee from RAY. When he was told that RAY is practically without funds, he apparently lost interest in seeing him and requested that RAY be given [REDACTED] business card, on the back of which he wrote, "Dear Mr. Sneyd. We made an effort to see you but will see you immediately upon arrival in the USA."

In the transistor radio in the possession of RAY at the time of his arrest was a torn piece of paper jammed against the battery, apparently to hold the battery right. This paper has parts of notations, apparently in RAY's handwriting, as follows: "Consul for ", "Then Writ" "Portuguese know about" "MERIUND". It would appear likely that these notes pertain to RAY's efforts to go to Africa as a mercenary. [REDACTED] has determined that "MERIUND" is meaningless to IAN COLVIN and Major WICKS.

IAN COLVIN has advised [REDACTED] that the organization in Brussels known as CRISP, which is mentioned in COLVIN's previously submitted statement, is a research organization that attempts to keep track of mercenaries in Africa. COLVIN's mention to RAY of CRISP and M. JEAN GIRARD-LIEDONS, who is connected with CRISP, was in the context of suggesting a possible means of locating RAY's brother whom RAY had alleged was a mercenary in Angola and missing. In this regard it is noted that COLVIN did not provide RAY with the address of the above individual or organization.

FOREIGN AGENCY EXCISIONS

It was alleged that when RAY left the Pax Hotel on the morning of his arrest he carried a small flight bag over his shoulder and no other luggage. When arrested he had no luggage, having already checked one suitcase to Brussels. This suitcase was recovered by [REDACTED] and is a square, plaid, fabric zipper bag somewhat larger than the usual "two-suitcase".

[REDACTED] conducted an exhaustive search of all baggage rooms and lockers in London without locating any luggage identifiable with RAY. All indications are that at the time of his arrest RAY was on his way to Brussels for the purpose of making the necessary contacts to go to Africa as a mercenary and it would therefore seem unlikely that he was leaving anything of value behind.

An examination of RAY's airline tickets shows that the number of pieces and weight of luggage was not entered on the ticket for the flight from Toronto to London. From London to Lisbon he checked one piece weighing 12 kilos (26.46 pounds). On the return flight from Lisbon to London he checked one piece weighing 15 kilos (33.07 pounds); and on the intended flight to Brussels he checked one piece weighing 13 kilos (28.66 pounds). [REDACTED] has advised that his bag in its present condition weighs 23 pounds and 12 ounces. A raincoat he was carrying when arrested weighs an additional two pounds. Articles removed from his bag for his use in prison, not counting what he actually wears, consist of a suit, a shirt, a pair of socks, an undershirt and a pair of shorts, having a total estimated weight of 3 pounds.

[REDACTED] has advised that airline employees often fail to take time to precisely weigh luggage unless overweight charges are involved (the allowance is 20 kilos) and they often estimate the weight while the scale is fluctuating. This could readily account for an error of one or two kilos. It is noted that his raincoat may have been in the suitcase on the flight from Lisbon to London; therefore it is not apparent that any of his personal effects are missing.

The Atlantic edition of "TIME" Magazine, 6/21/68, has been withdrawn from sale in England because of an article on Pages 22-23 captioned "RAY's Odd Odyssey." This article includes details of the subject's prior criminal activities as well as a detailed summary of this case and his activities since July, 1967. Publication of such material concerning a defendant under pending charges is strictly prohibited by British law.

In removing outdated messages from their bulletin board at Heathrow International Airport, London, TWA noted that one of their message forms, dated 5/28/68, at 8:00 AM, was addressed to Mr. YARUN CHANDRA DUTT, Flight 700 on 5/27/68, advising DUTT that "Mr. RAY will meet you at TWA ticket desk." [REDACTED] believes that the message is in the handwriting of a TWA employee but all TWA employees have been contacted without identifying the person taking the message and without developing any information concerning DUTT, "Mr. RAY" or the subject.

TWA Flight 700 is from Kennedy Airport, New York, to London. The name DUTT does not appear on the passenger list of Flight 700 on 5/27/68 and no record could be found of DUTT's arrival in London.

Enclosed is the original message which should be examined for latent fingerprints to be compared with the subject's fingerprints. Also enclosed is the passenger list for TWA Flight 700, 5/27/68. New York should check with TWA for any information regarding DUTT and determine if he has any connection with the subject. Since DUTT is an uncommon name, apparently of Indian or Pakistani origin, INS records should also be checked.
