Dear Mrs Robb.

It was refreshing to read your coloumn about jackie kennedy
we are sick and tired of reading about this woman all she does is go from place
to place having a damn good time .she loves the limelight and will do mast anything
to get into the papers and news . god forbid that bob kenneday gets to be the
president then the country will be run by the whole family we are tired of the
whole lot of them . her brother is all^{ways} talking about the poor but he does nothing
about them they have millions ?why dont they build a home for orhans or do ~~some~~
something worth while . and why does he make a freak out of himself with his hair
he looks like a woman with the way he lets it grow. I think nixon will make a
good president . he would put these colored people in there place .the white folk
are tired of being pushed around by that martin king. someone should pop him off .
he.s a coward he runs when theres shooting .the men and woman in this country
oday have enough prolemns with a war going on and the high price of living .
ithout these black demons causing all the trouble in our citys and towns .and
etting away with it .if they let them get away with stuff like that in washington
we may as well give up .

Sincerely a regular reader of your
coloumn.

LESSON CORRECTION

LOCKSMITHING INSTITUTE

Lesson No. 9

The pin tumbler cylinder that you set to the cut key is assembled well and operates correctly.

Now that the "mystery" of the pin tumbler cylinder has been revealed to you, I'm sure that you can handle any key fitting job of this nature that comes along. However, I don't want you to become over confident. It takes practice to build experience.

It also takes practice to gain speed in this type of work. I'd like to suggest that you visit your local junk yard and try to purchase several old cylinders so that you can experiment with them. This experience will be very helpful to you.

Moreover, you will be building up a stock of cylinders that you can use to make your own business or sideline more profitable. By having a few cylinders on hand, you will be able to make "exchanges" for your customers. In other words, if you have a cylinder just like your customer's, you can give him yours and take his in exchange. This will give him quicker service and will permit you to fit the keys to his cylinder in your leisure time.
