Submitted herewith in separate enclosure is the clothing Dr. KING wore at the time of the shooting. This was removed at St. Joseph Hospital in Memphis and brought to the Memphis PD by Det. E. S. BERKLEY, Memphis PD, and turned over to SAC ROBERT G. JENSEN. Preliminary examination indicates what appears to be bullet entry in collar of shirt and collection of large amounts of blood on clothing. This being submitted to Laboratory as possibility exists it may determine point of entry at which bullet entered KING's body. Laboratory also conduct serology examination and any other examination deemed appropriate by Laboratory.

Results of examination:

There is a large hole in the right front portion of the collar of the Q76 shirt. The Q77 necktie has been forcibly torn apart in the right front neck portion also. The object or objects causing the damage were larger than a bullet of .30 caliber size and irregular in shape as all of the yarns were broken, not cut. One or more segments of bone could not be eliminated as the cause of the damage.

The right lapel of the Q78 coat has three damaged areas on the surface of the fabric. These areas have been torn by some object or objects, but the damage does not extend through the lapel. The torn areas vary from $\frac{1}{4}$ " to 1" in length and the condition of the yarn indicates the object or objects struck the coat from above and probably glanced off the coat.

Due to the sizes and ragged edges of the damaged areas of the Q76 shirt, Q77 necktie and Q78 suit coat, it was not possible to recognize any bullet holes or to

determine from visual examination whether or not a bullet or any bullet fragments had passed through or struck these items.

No bullet holes were found in Q79 through Q85.

The edges of the hole torn in the Q76 shirt collar, the edges of the three tears on the collar of the Q78 suit coat and the material near the ends of the Q77 necktie were contaminated with traces of lead which could have come from a bullet or from bullet fragments. The lead contamination of these items could not be associated with a particular bullet or lead source.

Examination requested by: **Memphis**

Reference: **Airtel 4/4/68**

Examination requested: **Firearms - Spectrographic - Microscopic**

Remarks: **Specimens Q76 through Q85 are being temporarily retained in the Laboratory.**

Serological examinations of the victim's clothing will be reported separately.

A microscopic examination of the fabric and yarns in the damaged areas of Q76 and Q77 indicates the object or objects causing the damage may have entered the collar from above and traveled downward through the collar, severed the necktie and exited immediately below the collar. Some of the material causing the damage to Q76 and Q77 could have also caused the damage to the Q78 coat at the same time due to the type and location of the damage.

Submitted herewith for assistance of Bureau is the original registration card received from Miss KELLY, Resident Manager, Rebel Motel, 3466 Lamar Avenue, Memphis, Tennessee. Suspect in instant case did in his own handwriting fill out this registration card. It is his writing that appears after the word "Name," after the word "State," and after the word "City."

Spec ret'd on tel

Mrs. HENRIETTA HAGEMASTER, Assistant Manager, Rebel Motel, with whom this guest registered, stated that the numbers appearing under car license, the "Ala" appearing under "State", and the make of car "Mustang" were also written in by the guest. Mrs. HAGEMASTER stated the other writing in the lower portion of this card is her own. The writing on the reverse side of the card is also Mrs. HAGEMASTER's. This card was received by SAC JENSEN from Miss KELLY, Resident Mgr., on April 9, 1968.

It is requested that the Document Section compare writing on this registration card with handwriting which appears on material submitted by the Birmingham Division.

Also submitted herewith for assistance of the Laboratory is one bar of Cameo toilet soap which is the brand used by the Rebel Motel. Laboratory is requested to confirm that this is identical with what appears to be one bar of Cameo soap in photograph previously submitted to Memphis reflecting contents of blue bag submitted in this case.

At 7:20 p. m., Mr. N. E. Kossack, Attorney General's Office, telephonically advised that at 7:15 p. m., he received a call for the Attorney General from an individual who identified himself as E. L. Bing, Plant City, Florida, telephone 752-6896. Bing advised he operates nightclub called Rainbow at Eatonville, Florida. Bing said on Sunday, 4-7-68, it about 6 or 7 p. m., unsub came into nightclub and stayed around until about 3 a. m., on Monday, 4-8-68. After he had a "few drinks," he asked to have a check cashed drawn on a Chattanooga, Tennessee, bank; unsub stated he lived in Memphis and worked at the Holiday Inn as a painter and claimed he had a bus ticket from Orlando to Miami. Unsub described as white male, six feet, 185 pounds, had slight limp--left leg, dressed in brown sport coat, white turtle neck sweater, dark brown trousers. Bing indicated the reason for his call was that unsub resembled sketch that he had seen on television of subject in MURKIN case.

ACTION:

The above information was immediately furnished to Duty Agent Robert W. Knight, Tampa Division, who will have Bing immediately interviewed and run out unsub as possible suspect in this matter. Tampa will immediately advise of any pertinent developments and will submit teletype containing investigation.

SUBJECT: MURKIN

On 4/11/68, former SA Larry Hogan telephonically advised Extra Duty Supervisor H. E. Helgeson that he had just been contacted by Mayor Bob Yost, Colmar Manor, Maryland, phone 927-0371. Yost had a woman in his office who wanted to talk to an FBI Agent about the King assassination.

ACTION:

Above information was furnished to Senior Resident Agent James W. Sibert, Hyattsville Resident Agency and he was instructed to contact Mayor Yost and interview the woman. Sibert later called and advised she had been interviewed. She had seen an artist's conception of the unknown subject and thought it resembled Harry Burgess of Brentwood, Maryland. Sibert advised that based on descriptive data of Burgess, it did not appear he was similar to unknown subject; however, he will run it out completely. He was instructed to advise Bureau results of investigation.

At 2:11 a. m. , 4/11/68, Robert Easton, Attorney, Inter-Division Information Unit of the Department, advised Extra Duty Supervisor H. E. Helgeson that he had just received a phone call from a man identifying himself as Frank Clemente, 2121 W. Erie Avenue, Chicago, Illinois, phone MO6-7489. Clemente stated he had observed an individual in Chicago on 4/7/68 who resembled the published artist's conception of unknown subject. This person was changing a tire on an automobile and when Clemente offered to help, he declined assistance.

ACTION:

Above information furnished to Night Supervisor Herbert Stallings, Chicago Office. He was instructed to have Clemente interviewed today and follow up any logical leads developed as a result of the interview.

This is to advise that SAC JENSEN of Memphis called at 6:10 PM 4-7-68; He received the color photographs of evidence submitted to the FBI Laboratory except color photographs of the bedspread. JENSEN requested color photographs of the bedspread be made immediately and sent to Memphis and Birmingham.

Arrangements were made with SA PAUL M. STOMBAUGH, FBI Laboratory, and SA DARWIN M. GREGORY, Mechanical Section, for color photographs of the bedspread be made immediately so they will be ready for submission to Memphis and Birmingham in the early morning of 4-8-68. Mr. Harry Bowers made photographs of the evidence having price tags and identification markings on the Schlitz beer cans (2) which can be used to make "blow-up" photographs as well as the blanket. These prints will be delivered to the General Investigative Division by 8 Am.

ACTION:

Send three copies of the bedspread color photographs to Memphis and Birmingham. Send six copies of the price tag evidence color photographs and the beer cans color photographs to Memphis.

ADDENDUM:

she
SAC Memphis called at 9 PM and requested that Birmingham be furnished with two copies of color photographs that were forwarded to Memphis on 4-7-68 as well as three copies of color photographs of the bedspread and the "blow-up" photographs of the evidence for investigative assistance to both offices. This request was also being made by teletype.

At the request of the Department a full investigation has been instituted into the murder of Martin Luther King, Jr., at Memphis, Tennessee, on the evening of 4/4/68.

Attached is a letterhead memorandum for the President, the Attorney General, the Deputy Attorney General and the Civil Rights Division setting out the basic facts of the shooting and summarizing information presently available.

The following details do not appear in the letterhead memorandum:

The individual using the name John Willard, who is a suspect in this case, may be identical with John Hubeart Willard, also known as John Hubbard Willard, FBI No. 934 454-C who received a probationary sentence, 6/25/58, in connection with an arson charge in Mississippi. Extensive efforts are being made to immediately locate John Hubeart Willard.

Although Manuel Marcus Levin and Alex J. Hurder, suspects arrested by the police, were released when they were vouched for by the Southern Christian Leadership Conference, we are thoroughly checking them out.

ACTION:

1. Attached is a letterhead memorandum for the White House, the Attorney General, the Deputy Attorney General and the Civil Rights Division.

2. All-out investigation is continuing on a top priority basis.

LATENT PRINT EXAMINATION

Re my memo to you of 4-6-68, advising that six latent fingerprints remain unidentified on evidence submitted by Memphis including a latent print on the rifle that is identical with a latent print on the binoculars, also that three latent fingerprints were developed on a cartridge box from the gun store in Birmingham.

On 4-7-68, lifts from room in Memphis occupied by Unsub., board from sill in bathroom, and a T-shirt and pair of shorts were delivered by Memphis agent for laboratory and latent examination. A latent fingerprint on a lift from dresser in room, a latent fingerprint on lift from fireplace, and a latent fingerprint on the board are of value for identification.

These twelve latent fingerprints are not identical with all suspects named to date.

Memphis and General Investigative Divisions have been advised.

At 7 A.M. this date (4-8-68), three additional rifles from the gun store in Birmingham were delivered for latent examination. These three rifles were handled by Unsub. prior to his purchasing the two rifles mentioned in my memo to you dated 4-6-68. These rifles are presently being examined for latent prints and you will be advised of the results.

RECOMMENDATION:

For information.
