*[Handwritten signatures: Long, etc.]*

Set forth below are current highlights of the investigation into the murder of Martin Luther King, Jr., on 4/4/68.

With regard to the laundry tags on clothing believed to have been abandoned by the killer, efforts to identify the tags through the limited number of marking machines indicated by the manufacturer have been unavailing. One reason for this appears to be that users of the machines develop their own marking systems instead of following coding methods recommended by the factory.

The laundry tags are printed on red cloth and are sufficiently distinctive to permit accurate verbal description. In view of this fact and because of the importance of this lead, all offices have been instructed to telephonically contact all laundries in their Divisions to identify these tags. In handling this kind of inquiry no mention is being made of the fact that the investigation involves the death of Martin Luther King.

The following information has been developed by investigation at the Aero Marine Supply Company, Birmingham, the dealer that sold the rifle which is believed to be the murder weapon.

On March 29, 1968, the subject entered the store and stated that he wanted to select a rifle to use on a hunting trip to Wisconsin. He selected a .243W caliber Remington rifle and had it fitted with a Redfield variable power telescopic sight, and the total bill including tax was \$248.59. He paid for these items with \$20 bills.

Memorandum to Mr. DeLoach  
RE: MURKIN

(It is noted that the binoculars which were purchased in Memphis, 4/4/68, were also purchased with \$20 bills and a \$20 bill was used to pay one week's rent on the room in the flop house which was occupied by the subject.)

The subject returned to Aero Marine Supply Company 3/30/68 to state that his brother had advised him the gun he had purchased was not heavy enough for the type of hunting they would be doing and had recommended that he exchange it for a .30-06 caliber rifle. The store changed the telescopic sight from the .243W Remington to a .30-06 caliber Remington pump gun, which the subject carried from the store. This is the rifle that was recovered in Memphis immediately after the shooting of King.

In purchasing the rifle the subject used the name Harvey Lowmyer and signed this name across the invoice of the sale. The clerk who handled the transaction has entered the name on the invoice as Harvey Lowmeyer. It is noted that this clerk is advanced in age and interviewing Agents have found him to be hard of hearing.

The invoice for the gun shows Lowmyer's address as 1907 South 11th Street, Birmingham, Alabama. Extensive investigation in the area of this address has failed to produce any information concerning the subject. A taxi driver has been located who recalled that on 3/28/68 he picked up a man resembling the subject about a half mile from Aero Marine Supply Company and drove him to the general vicinity of the address given on the invoice. This passenger was carrying a blue overnight bag similar to the zipper bag recovered at Memphis.

Lowmyer is a very unusual name. Although it is very likely that this is not the subject's actual name, it also appears likely that he is acquainted with someone named Lowmyer. This surname and all logical variations are being checked through the Bureau's files in the field as well as at the Seat of Government, and all field divisions are checking telephone directories, city directories, voting lists and similar sources to locate all persons having this or a similar name.

Memorandum to Mr. DeLoach  
RE: MURKIN

The FBI Laboratory in comparing the Lowmyer signature with known handwriting available in the Bureau's files has noted that certain letters in the signature of one Bobby Ray Graves, FBI # 410 150 D are similar in handwriting to comparable letters in the Harvey Lowmyer signature. Due to the limited nature of the material available for comparison, the significance of these few similarities could not be assessed, but the field has been instructed to immediately check out Bobby Ray Graves, who is Exalted Cyclops of the Klan in the area of Boiling Springs, South Carolina. Graves' fingerprints are not identical with latent fingerprints that have been developed in this case.

Personnel and other customers at Aero Marine Supply Company identified three other weapons handled by the subject. These have been processed in the Identification Division and two latent fingerprints as well as a palm impression were developed on one of the rifles.

Personnel of the Exhibits Section are presently in the field preparing an artist's conception of the subject based on descriptions being provided by persons who observed subject in both Birmingham and Memphis; the picture is being revised through interviews with newly developed witnesses.

It is pointed out that the subject apparently ran out of the flop house immediately after the shooting and abandoned the rifle which is believed to be the murder weapon, as well as a small zipper case containing a pair of binoculars and various personal items. A white Mustang automobile was seen driving away at a high rate of speed but it is not known if the subject left in this car.

Wrapped around the abandoned rifle was a cloth which appears to be a bedspread or blanket. This is believed to be of the type used by motels and extensive efforts are being made to trace this item.

In the zipper bag was a pair of binoculars purchased in Memphis 4/4/68 on which a latent fingerprint has been identified that is identical with a latent fingerprint developed on the abandoned rifle believed to be the murder weapon. Other items in the zipper bag,

Memorandum to Mr. DeLoach  
RE: MURKIN

in addition to the tee shirt and shorts bearing the laundry marks previously described, included a pair of pliers, two cans of Schlitz beer, a hammer, a bar of soap from a Friendship Inn Motel, a small transistor radio and various toiletry items. Extensive investigation is underway in an effort to trace each of these items and the pair of pliers has been traced to a Los Angeles hardware store which received it in October, 1966, as one of a lot of twelve. The pliers were put in a bargain barrel near the front door upon receipt and one pair remained in the barrel 4/8/68. Employees do not recall any sale of these pliers but an extensive search is being made of credit sales records.

A total of 13 latent fingerprints have been developed in this case. These include two latent fingerprints found in Room 5B of the flop house which is believed to have been occupied by the subject on the afternoon of the killing, one latent fingerprint on what is believed to be the murder weapon, one on this rifle's telescopic sight, one on the binoculars, one on a can of beer, one on a newspaper, one on a bottle of aftershave lotion, three on a cartridge box, and two on a rifle handled by the subject at the Aero Marine Supply Company. With the exception of the rifles, the telescopic sight and the two latent prints found in Room 5B, all of the latent prints are from items found in the abandoned zipper bag.

In addition to the widespread investigation which has been indicated above, intensive efforts are being made to locate the white Mustang automobile, and to identify and trace all other items of physical evidence. A large number of suspects have been processed and eliminated and additional suspects are being developed on a daily basis, both from information provided by citizens and as a result of our investigation. We also are checking out Klan members, Minutemen, rabble rousers and other persons known to have a potential for this type of crime because of their prior activities, associations, or statements. Every conceivable, logical investigative approach is being vigorously pursued on a top priority basis for the purpose of solving this case at the earliest possible hour.

Memorandum to Mr. DeLoach  
RE: MURKIN

The press has given widespread publicity to reports that Joplin, Missouri, police arrested a suspect who resembles the artist's conception of the killer. This individual is Lynn Ray Cleveland who was arrested 4/9/68 while hitchhiking after a woman thought he resembled the subject. Cleveland, who is 33 years old, is a former mental patient from Texas. He had only five cents when arrested and had no luggage or identification. He claims to be a traveling minister but rambles incoherently and cannot furnish definite information as to his past whereabouts. Investigation is underway to establish his whereabouts and his fingerprints are being forwarded for comparison. Fingerprints in the Identification Division of one Lynn Ray Carpenter who may be identical with the Joplin suspect are not identical with the latents in this case.

ACTION:

Attached for approval is a memorandum to the White House with copies for the Attorney General, the Deputy Attorney General and the Civil Rights Division.

All phases of this investigation are being pushed to the utmost and you will be kept advised of developments.

# MURDER OF MARTIN LUTHER KING, JR.

All investigation into the murder of Martin Luther King, Jr., on April 4, 1968, is proceeding on a top priority basis.

It has been determined that a pair of pliers believed to have been abandoned by the killer was one of twelve purchased in October, 1966, by a Los Angeles hardware store. When the pliers were received by the store they were placed in a bargain barrel near the front door. One pair remained in the barrel on April 8, 1968. Employees do not recall any sales of this item but an extensive review is being made of credit sales records for any mention of such pliers.

Klansmen, members of other hate groups, and all persons known to have a potential for a crime of this type are being treated as suspects. Their recent whereabouts and activities are being determined and their fingerprints are being checked against the latent fingerprints that have been developed during this investigation.

In addition to the lines of investigation described above, we are vigorously pursuing every other logical investigative approach to quickly bring this matter to a satisfactory conclusion.

1 cc - The White House, the Attorney General, the Deputy Attorney General, and Assistant Attorney General Stephen J. Pollak by routing slip, 4/10/68.

CHARACTERS ARE FIFTEEN POINT TYPE AND THE LAST THREE CHARACTERS ARE EIGHTEEN POINT TYPE, WITH THE MIDDLE CHARACTER, THE LETTER B, PROBABLY BEING NARROW RATHER THAN REGULAR TYPE. THE USUAL MACHINE CARRIES FIFTEEN POINT TYPE FOR THE FIRST THREE CHARACTERS AND EIGHTEEN POINT TYPE FOR THE LAST TWO CHARACTERS.

TEXTILE MARKING MACHINE EXPERTS ALSO STATED THIS MACHINE IS DEFECTIVE IN THAT IT IS PRODUCING A TAPE ONE AND ONE SIXTEENTH INCH LONG INSTEAD OF ONE AND ONE EIGHTH INCH LONG AND IS NOT PROJECTING THE TAPE FAR ENOUGH RESULTING IN CUTTING OFF A PORTION OF THE FIRST LETTER. THE CODE USED IN THE NORTH-EASTERN PART OF THE UNITED STATES IS AS FOLLOWS:

THE FIRST LETTER O STANDS FOR LOT NUMBER; THE FIRST NUMBER TWO INDICATES THE DAY OF THE WEEK, TWO BEING TUESDAY; THE SECOND LETTER INDICATES THE FIRST LETTER OF THE STORE NAME,

PAGE THREE

THIS IS THE LETTER B; THE LAST NUMBER IS THE BUNDLE NUMBER, THIS IS SIX. COLOR CODING OF THE TAG MAY DESIGNATE VARIOUS THINGS SUCH AS A DIFFERENT MONTH OR THE IDENTITY OF A STORE IN A CHAIN. EXPERTS ALSO STATE THE USE OF THIS SYSTEM ON LAUNDRY ITEMS IS UNUSUAL IN THAT THE SYSTEM IS NORMALLY USED ON GARMENTS BEING DRY CLEANED.

THE BUREAU HAS INSTRUCTED THAT ALL TEXTILE MACHINES USING THIS TYPE TAPE BE LOCATED AND MACHINES USING THIS CODE BE IDENTIFIED.

THE CODE USED HAS BEEN TRACED TO THE NORTHEASTERN PART OF THE UNITED STATES, HOWEVER, A SIMILAR CODING IS USED IN THE WESTERN PART OF THE UNITED STATES ALSO AND A SIMILAR CODE IS ALSO USED BY COMPANIES WITHOUT THE KNOWLEDGE OF THE COMPANY'S REPRESENTATIVES, THEREFORE, ALL THESE MACHINES MUST BE CHECKED.
