PAGE TWO

SAVANNAH, JACKSON AND ATLANTA OFFICES HAVE CONTACTED FRIENDSHIP INNS LOCATED THEIR TERRITORY BUT HAVE DISCLOSED NOTHING OF INTEREST REGARDING NAMES POSSIBLY USED BY UNSUB.

PHOTOGRAPHS OF DR. KING AT HOSPITAL SECURED AND SUBMITTED THIS DATE, TOGETHER WITH WINDOW SILL SECURED FROM BATHROOM WHERE MURDER SHOT BELIEVED TO HAVE BEEN FIRED. ALSO LATENTS TAKEN BY MEMPHIS POLICE DEPARTMENT IN VARIOUS AREAS WHERE SUSPECT STAYED AT ROOMING HOUSE IN MEMPHIS SHORTS AND T SHIRT WHICH WERE ORIGINALLY IN BLUE BAG SUBMITTED FOR APPROPRIATE LABORATORY EXAMINATION THIS DATE ALSO.

✓ SENIOR RESIDENT AGENT, ONI, MEMPHIS TENNESSEE, ADVISED HIS AGENCY RECEIVED INFORMATION FROM PFC MICHAEL STEVEN SLOAN, AGE NINETEEN, MARINE PFC AT MILLINGTON, TENNESSEE, TO EFFECT THAT WILLIAM FREDERICK TATROE, JR., PFC, USMC, MILLINGTON, MSN TWO THREE EIGHT ONE EIGHT SEVEN THREE, HAD TOLD HIM THAT HE SUSPECTED THAT HIS COUSIN HAD KILLED MARTIN LUTHER KING. PFC TATROE ON INTERVIEW ADVISED HE HAS COUSIN NAMED GARY JOE MC MILLON (PHONETIC), AGE NINETEEN WHO LIVES IN HAZLET, MICHIGAN WITH WIFE AND SMALL BABY. MC MILLON CLAIMS TO BE EMPLOYED AS A PRIVATE DETECTIVE, WAS ARRESTED AT LEAST ONCE

END PAGE TWO

PAGE THREE

AS CAR THIEF AND HAS TOLD TATROE THAT HE HAD PSYCHIATRIC TREATMENT IN USMC. ALSO STATED HE ONCE OWNED THIRTY OUGHT SIX RIFLE SEVERAL YEARS AGO. TATROE SAW MC MILLON ABOUT THREE WEEKS AGO, WEEK ENDING MARCH FIFTEEN, WHEN MC MILLON WAS IN ROUTE TO FLORIDA CARRYING BRIEFCASE AND FORTYFIVE CALIBER AUTOMATIC PISTOL. MC MILLON THEN SAID HE WOULD LIKE TO BE A PROFESSIONAL ASSASSIN, THAT HE HEARD THERE WAS GOOD MONEY IT IT; NOTHING SPECIFIC. AT THAT TIME ON HEARING REVEREND KING MENTIONED ON RADIO SAID HE WOULD LIKE TO "SHOOT THAT SON OF A BITCH." AFTER MC MILLON LEFT MILLINGTON, HE CONTACTED TATROE TELEPHONICALLY ABOUT MARCH TWENTY ASKING IF TATROE WOULD LIKE TO COME TO FLORIDA FOR A COUPLE OF HOURS ON A JOB FOR "ABOUT TWENTY THOUSAND DOLLARS." TOLD TATROE HE WOULD FLY UP AND GET HIM. TATROE AGREED BUT IMMEDIATELY DECIDED NOT TO GO. RECEIVED FURTHER CALL ABOUT TEN P.M. THAT NIGHT FROM CM MILLON WHO SAID HE HAD BEEN DELAYED, AND TATROE THEN REFUSED TO GO. TATROE HAS NOT HEARD FROM MC MILLON SINCE MARCH TWENTY.

END PAGE THREE

PAGE FOUR

ON MORNING AFTER KING WAS SHOT IN MEMPHIS, TATROE SAID HE TOLD SEVERAL FRIENDS HE WOULD NOT "PUT IT PAST MY COUSIN. HE MIGHT HAVE SHOT HIM. HE'S GOT A THIRTY OUGHT SIX." TATROE NOW STATES THAT HE THEN BELIEVED IT WAS POSSIBLE THAT MC MILLON SHOT KING BECAUSE OF ABOVE INFORMATION AND BECAUSE MC MILLON IS A YOUNG WHITE MALE WITH BLACK HAIR WHICH FITS THE DESCRIPTION OF THE KILLER WHICH HE HEARD OVER THE RADIO. STATES NOW BELIEVES STORY TOLD HIM BY MC MILLON WERE PURE FABRICATIONS.

MC MILLON IS WHITE MALE, AGE NINETEEN, FIVE FEET EIGHT INCHES, WEIGHT ONE HUNDRED FIFTYFIVE, BLACK HAIR, HAS TATTOO OF RABBIT OR ROAD RUNNER ON STOMACH.

ARMED AND DANGEROUS. P.

Examination requested by:

Memphis

Reference:

Airtel 4-6-68

Examination requested:

Firearms - Fingerprint - Microscopic

Remarks:

The enclosed report confirms and supplements the teletype to the Memphis Office dated April 7, 1968.

You will be separately advised concerning the results of the latent examination requested and as to the results of the examination of the printing on the laundry tags on the undershorts and T shirt.

Specimens Q69 through Q71 are being temporarily retained in the Laboratory.

REPORT of the

FEDERAL BUREAU OF INVESTIGATION WASHINGTON, D. C. 20535

To: **FBI, Memphis**
Re: **MURKIN**

Date: **April 11, 1968**
FBI File No. **44-38861-487**
Lab. No. **PC-A5505 BX IZ**

Specimens received **7/7/77** personally delivered on 4-8-68 by SA Robert Fitzpatrick, Memphis

Q69 Undershorts
Q70 T shirt
Q71 Board from windowsill in bathroom

Results of examination:

The undershorts and the T shirt each bears a laundry tag with what appears to be the characters "02B-6." Only a portion of the first character is present on each tag. The Laboratory does not maintain a file of visible laundry marks. No invisible laundry marks were found on the undershorts or T shirt.

The pair of undershorts is small in size while the T shirt is large.

The pair of undershorts does not have a brand label. The T shirt has a "JOCKEY" brand label.

The T shirt label is held flat with a folded piece of 3/4" wide cellophane tape. The piece of tape is about 1" long. One end has been cut, and the other end has been torn.

The crotch seams of the undershorts have been repaired in two places with brown thread. The repaired areas are hand stitched.

NO HAIRS WERE FOUND ON THE UNDERSHORTS OR T SHIRT.

The Q71 board bears a recent dent which could have been produced by a light blow from the muzzle of a weapon such as the Remington rifle, Serial Number 461476

previously submitted in this case. The dent contains microscopic marks of the type which could be produced by the side of the barrel at the muzzle but insufficient marks for identification were left on the board due to the physical nature of the wood. The microscopic marks present are different from the type which would be produced by the duck-bill pliers or tack hammer which were in the blue zipper bag previously submitted. No other marks were found on the board.

No gunpowder or gunpowder residues were found on the Q71 board.

No wood, paint, aluminum or other foreign material was found on the rifle barrel nor were any significant marks found on the rifle barrel.

PLAIN TEXT

AIRTEL

TO : DIRECTOR, FBI ATTN: FBI LABORATORY
FROM : SAC, MEMPHIS (44-1987)
SUBJECT: MURKIN
CIVIL RIGHTS

Submitted herewith are additional items recovered in connection with the murder of Dr. MARTIN LUTHER KING, JR.:

- (1) One pair of men's shorts. (Waistband in unstretched condition, one side, measures approximately 11 3/4 inches, which would be waistband of approximately 25 1/2 inches. Fully extended waistband measures approximately 17 1/2 inches, one side or a total of 35 inches.
- (2) T-shirt, size 42-44, designated "Jockey Power Knit" T-shirt, large size. It appears on visual examination that lower portion of T-shirt has been cut.

Laboratory requested to examine T-shirt and shorts for any hidden laundry marks and any other examination that may help to determine original garments. In connection with the laundry tape that appears on both the shorts and T-shirt, the number Q82-6 appears. Since a portion of the left side of each of these tapes is missing, the possibility that the "O" might be the remnant of the letter "D" or some other combinations should not be overlooked.

Inquiry of the Albany Office discloses that the Textile Marking Machine Co., Syracuse, N.Y., has a representative, JOE COMBS, 5332 Devonshire Dr., Orenhill, Maryland, Tel. 301-248-6123, in residence in Orenhill. COMBS reportedly has the ability to determine on inspection of laundry marking tape as to whether or not this is type tape produced by his company and type of machine producing same.

It will handle

MEMO 44-1987

Request that Laboratory prior to conducting its examinations arrange for COMBS to view tape.

In addition, there is submitted herewith one board which is part of a window sill in window of bathroom at 432 1/2 South Main, from which it appears that fatal shot was fired.

Laboratory requested to examine board to ascertain any possibility of breach powder burns or any other identifiable markings that may be made by weapon in question. Possibility that recoil marks may appear on board. Texture of board was such that no latents of significance could be developed. Suggest however that the Bureau reexamine for possibility latents might be developed by FBI.

In addition, there is submitted herewith five cards appropriately identified of various latents lifted by representatives of the Memphis PD. These latents should be examined against any latents developed in examinations conducted by FBI.

Note: SAC Jensen desires laundry tapes treated for latents only after Mr Combs has seen them.

ENCLOSURE

44-38861-487

AFFIDAVIT

DISTRICT OF COLUMBIA) ss:

ROBERT A. FRAZIER, being duly sworn, deposes and says:

1. I am 49 years old and I reside in Hillcrest Heights, Maryland.

2. I obtained a Bachelor of Science Degree from the University of Idaho in 1940. I have been a Special Agent of the Federal Bureau of Investigation since December 1942. I am Chief of the Firearms Unit of the Physics and Chemistry Section of the Federal Bureau of Investigation laboratory in Washington, D. C. I have been assigned to the Firearms Unit continuously since June 9, 1941. I received the specialized training program in firearms identification of approximately one year duration from the Federal Bureau of Investigation when I was initially assigned to the Firearms Unit. Since being assigned to this unit I have made thousands of comparisons of bullets and cartridge cases with the firearms for the purpose of determining whether a particular firearm fired a bullet or cartridge case. I have testified on numerous occasions in federal and state courts, as well as in military courts martial, as a firearms identification expert witness.

3. On April 5, 1968, at the Federal Bureau of Investigation Laboratory, I received certain items of evidence from Robert Fitzpatrick, Special Agent of the Federal Bureau of Investigation who had brought

them by airplane from Memphis, Tennessee. These objects had been obtained in connection with the investigation of the shooting of Martin Luther King, Jr. on the previous day.

4. Among the items of evidence I received was a .30-06 Springfield caliber Remington rifle, Model 760, serial number 461476, with clip, and a Redfield telescopic sight, serial number A17350. I also received from Special Agent Fitzpatrick a .30 caliber metal-jacketed "soft-point" sporting type Remington-Peters bullet, an expended .30-06 Springfield caliber Remington-Peters cartridge casing, and a Peters cartridge box, bearing manufacturer's index number 3033 containing five unfired .30-06 Springfield caliber Remington-Peters cartridges and four unfired .30-06 Springfield caliber U. S. military cartridges containing full metal-jacketed bullets.

5. I determined from microscopic examination that the expended .30 caliber metal-jacketed rifle bullet had been fired from a barrel rifled with six lands and grooves, right twist. As a result of my examination of the submitted rifle I determined that it produces general rifling impressions on fired bullets having the physical characteristics of those on the submitted bullet. I also determined that the submitted bullet was a 150-grain soft-point bullet identical to the bullets in the five Remington-Peters cartridges contained in the submitted Peters cartridge box.

6. Because of distortion due to mutilation and insufficient marks of value, I could draw no conclusion as to whether or not the submitted bullet was fired from the submitted rifle.

7. The .30-06 Springfield caliber Remington-Peters cartridge case was identified by me as having been fired in and extracted from the submitted rifle. This determination was based on a comparison of the microscopic markings of the firing pin, bolt face and extractor left on the cartridge case by the rifle. Based on physical characteristics, I determined that the fired bullet was of a kind that the manufacturer loads into the submitted cartridge case to produce cartridges similar to the Remington-Peters cartridges in the Peters cartridge box.

ROBERT A. FRAZIER
