April 19, 1968

J. Edgar Hoover - Director, Federal Bureau of Investigation

**JAMES EARL RAY, ALSO KNOWN AS - FUGITIVE,
WANTED FLYER NUMBER 442A;
CIVIL RIGHTS - CONSPIRACY; INTERSTATE FLIGHT - ROBBERY**

Enclosed are the following which are to be used in the expeditious preparation of an
☒ Identification Order ☐ Check Circular for subject JAMES EARL RAY

1. A draft of an ☒ Identification Order ☐ Check Circular.
2. Fingerprint jacket FBI # 405 942 G.
3. ~~XX~~
~~XXXXXX~~
4. A draft of a letter to all Special Agents in Charge to be used in forwarding smooth finished copies of the photographs of this subject.

It is requested that a photoprint be prepared and submitted to the Identification Division with this memorandum and the draft so that the following action may be taken:

1. Name and aliases to be checked.
2. Sequence of fingerprints examined and verified and,
3. Fingerprint classification verified to make certain that they have been properly reproduced on the photoprint.

Upon completion of the above steps the Identification Division is to forward this material to the Fugitive Supervisor for approval, who will in turn route it to the Mechanical Section for printing.

The Mechanical Section should then:

1. Print this ☒ Identification Order ☐ Check Circular and forward the proper number of copies thereof to the various Bureau Divisions and other individuals and organizations on the Bureau's Identification Order Mailing List. **NOT RECORDED**
2. Make 275 copies of the designated photograph(s) of this fugitive, containing his name and FBI number, five copies of which should be furnished to each Division by means of the enclosed draft of a form letter to all Special Agents in Charge. Surplus photographs should be forwarded to the Fugitive Desk. **APR 22 1968**
3. When a number has been assigned for this ☒ Identification Order ☐ Check Circular it should be placed in the caption of the letter that is to go to all Special Agents in Charge. The letter and its enclosures should be transmitted to the Field with the shipment of ☒ Identification Orders ☐ Check Circulars.
4. When the printing has been completed and prior to the distribution thereof, ascertain from the Fugitive Desk if the apprehension of this subject is still desired.

This is the case involving the murder of Martin Luther King, Jr.,
4/4/68.

One of the most promising leads developed so far is the laundry tags appearing on a T-shirt and a pair of shorts apparently abandoned by the subject with the rifle that is believed to be the murder weapon. It has been determined that these laundry marks were made by a Thermo Seal marking machine manufactured by the Textile Marking Machine Company, Syracuse, New York. The manufacturer of this machine has advised that the laundry marks in question are unusual in that they consist of five characters whereas the usual code contains six characters.

These markings are also unusual because the first two characters are in smaller type while the remaining three characters are in larger type. The normal arrangement is for the first three characters to be in smaller type and for the following characters to be in larger type. The Textile Marking Machine Company has stated only a limited number of machines have been manufactured which print laundry marks in this manner. Investigation is proceeding on an expedited basis to locate these machines for the purpose of identifying the laundry marks.

Richard Helms, Director of the Central Intelligence Agency, has furnished the Central Intelligence Agency file on Robert Ervin Kramer, M. D., Berkeley, California, whom Helms considers a suspect because of his resemblance to an artist's conception of the subject and because of the Central Intelligence Agency's experience with Kramer. The Central Intelligence Agency file states Kramer has a long arrest record and contains a Berkeley Police Department photograph, dated 1/27/66, number 22805.

Memorandum to Mr. DeLoach
RE: MURKIN

He has been a chronic letter writer to the Central Intelligence Agency criticizing them and the Government. By letter of 12/29/67 Kramer requested the Central Intelligence Agency to pay him \$100,000 monthly for six months for a paper on geopolitical economy he had previously submitted. He concluded his letter with the statement, "In the event that you fail to acknowledge my request, I can accept no responsibility for any future efforts necessary to gain the combined ends of ideal government and financial recompense."

The only record of Kramer found in Bureau files is a memorandum from the Central Intelligence Agency, 1/18/68, advising us of his letters to the Central Intelligence Agency. No record can be located in the Identification Division but Kramer's fingerprints are being obtained from the Berkeley police.

A. C. Hayden, Intra-Division Information Unit of the Department, advised on the evening of 4/8/68 that Beatrice Rosenberg, a secretary in the Attorney General's office, had received a telephone call from a man identifying himself as Frederick Dunstan who said he resided at Route 350, Whitefield, North Carolina. Dunstan said he was calling the Attorney General to report that a white man was in his house, was drunk, had a gun and said he had killed Martin Luther King, Jr.

There is no Whitefield, North Carolina. There is a Whiteville, North Carolina. Investigation by the Charlotte Division has failed to locate a Route 350, Box 350, or Highway 350 in the Whiteville area and no record of a Frederick Dunstan has been located. No record of Dunstan could be found in Bureau files.

A pair of duckbill pliers was found among the personal effects believed to have been abandoned by the subject. These pliers bear a trademark of the Rompage Hardware Company, Los Angeles. Employees at the hardware company believe this is one of twelve pliers purchased in October, 1966. Employees have no recollection of the sale of these pliers but an exhaustive search is being made of charge sale records.

It is noted that the rifle believed to be the murder weapon was purchased in Birmingham, Alabama, 3/30/68. Binoculars found with the rifle were purchased in Memphis, 4/4/68. A latent fingerprint found on the rifle is identical with a latent fingerprint found on the binoculars. This presents a strong probability that these fingerprints are those of the subject.

Memorandum to Mr. DeLoach
RE: MURKIN

Other major avenues of investigation include checking out white Mustang automobiles, since one was seen leaving at a high rate of speed after the shot was fired; efforts to trace a bedspread or blanket found with the gun, and the immediate processing of all suspects as soon as they are developed.

ACTION:

1. Attached is a memorandum for the White House, the Attorney General, the Deputy Attorney General and the Civil Rights Division.

2. Investigation is continuing on an all-out basis.
