Specimens received from Newark, 4/13/68

Q134 Enrollment Form of the Locksmithing Institute, Little Falls, N. J., dated 7/31/67, in the name "Eric S. Galt"

Q135 "Confidential Information" form of the Locksmithing Institute, bearing the signature "Eric S. Galt"

Result of examination:

The "Eric S. Galt" signatures on Q128, Q130, Q131, Q132 and Q135 were prepared by the writer of the signatures in this name appearing on items previously submitted in this case.

The typewritten impressions appearing on Q127, Q128, Q130, Q131, Q132 and Q135 were found to be the same style of type but the lack of identifying defects precluded a determination as to whether the same typewriter prepared all of these items; however, no significant differences were noted between the impressions appearing on these items. The style of type appearing on these specimens conforms to a standard for Royal pica style of type spaced ten letters to the inch. This style of type also appears on a typewriter sold under the Singer name.

It was determined that the hand printing appearing the Q133 order blank and the Q134 enrollment form was prepared by the same individual. No questioned hand printing appears on the other items received.

Indented impressions were noted on the reverse side of the Q128 letter. The names "Ray," "Galt" and "Rily" and numerals "ET3623" were some of the notations interpreted on this item.

Q215 White envelope postmarked "Montreal, P.Q., VII, 1967," bearing return address "Eric S. Galt 2589 - Rue Notre Dame Est. Montreal, Canada, Quebec" and hand printed address "Locksmithing Institute Little Falls, New Jersey, U. S. A. 07424"

Specimen received 4/15/68, from FBI, Chicago

K35 Nine sheets of paper bearing known handwriting and hand printing of GINGER NANCE

Result of examination:

It was concluded that the hand printing appearing on the Q215 envelope was prepared by the individual responsible for the preparation of the hand printing on the Locksmithing Institute Enrollment Form and the Superior Bulk Film Company order blank which were previously submitted in this matter.

No significant indented impressions were noted on this envelope.

Except for the word "broult" it was concluded that the questioned writings on Q118 (torn "Kleenex box") were prepared by GINGER NANCE, K35. Similarities were also noted between the word "broult" and the known writings of NANCE but the lack of known writing precluded a definite opinion from being reached.

Result of examination:

It was concluded that the questioned hand printing appearing on Q248, Q249, Q250 and Q251 was prepared by the individual responsible for preparing other hand printing on specimens in this case attributed to Eric S. Galt.

The typewritten impressions appearing on Q252, Q253 and Q254 are similar in style to those appearing on other items received in this matter believed to have emanated from Eric S. Galt, but the lack of identifying defects precluded a definite determination as to whether the same typewriter was used to prepare all of these items; however, no significant differences were noted.

Qc288 Photocopy of Canadian Money Order #C [REDACTED] in
the amount of \$17.50, signed "Eric Galt"

Result of examination:

Although the photocopy, Qc288, lacks the quality necessary for a satisfactory comparison, some differences were noted between the writing appearing on the face of this item when compared with the writings appearing on specimens submitted in this case.

Some features noted on Qc288 which might give an indication of its place of purchase are a stamp with the wording "Montreal 23 VII 67;" the number of the money order, "[REDACTED];" the printed name "Hector Cormier" at the bottom of the money order and the initials "M." or "N." "D." on the bottom line to the right of the printed Cormier name.

By communicated dated April 23, 1968, the FBI Laboratory advised as follows:

Two latent fingerprints of value developed on envelope, Q253, and two latent fingerprints developed on envelope, Q254. One of the latent fingerprints on Q253 and one of the latent fingerprints on Q254 have been identified as fingerprints submitted for elimination purposes of GEORGE FLOYD DURYE. The two remaining latent fingerprints are not identical with the fingerprints submitted for elimination purposes or of the fingerprints of JAMES EARL RAY, FBI #405942G.

The latent fingerprint previously reported on the white envelope bearing hand printed address in part "Locksmithing Institute," Q215, has been identified as a fingerprint of LYNN CASHNELLI MENZIES, who is an employee of the Locksmithing Institute.
