1. The first step in the process of the development of a new product is the identification of a market need. This is often done through market research, which can be conducted in a variety of ways, including surveys, focus groups, and interviews. The goal is to understand what customers want and need, and to identify any gaps in the current market.

2. Once a market need has been identified, the next step is to develop a concept for a new product. This involves brainstorming ideas and creating a rough sketch of the product. The concept should be based on the market need and should be something that is novel and different from existing products.

3. The third step is to create a prototype of the product. This is a physical model of the product that can be used to test the concept and to get feedback from potential customers. The prototype can be made using a variety of materials and techniques, depending on the nature of the product.

4. The fourth step is to conduct a market test. This involves taking the prototype to a group of potential customers and asking them for their feedback. This can be done in a variety of ways, including focus groups, surveys, and interviews. The goal is to see if the product is something that customers would actually buy and to get ideas for how to improve it.

5. The final step is to launch the product. This involves creating a marketing plan and promoting the product to the target market. The marketing plan should include a budget, a timeline, and a list of activities to be undertaken. The product should be launched in a way that creates a buzz and generates interest among potential customers.

Remycab 4/21/68 captioned JAMES EARL RAY, aka, CIVIL RIGHTS ACT, 1964.

On 4/23/68, immediately after receipt of the 4/19/68 news release issued at Washington, D. C., Legat furnished the new release and photographs to the National Police Agency of Japan (NPA), Tokyo, and the Tokyo Metropolitan Police Department (TMPD). These agencies subsequently made their own release to the effect that they had been asked to be alert to the possibility that the subject might travel outside of the U. S. It was stressed that there was no indication that the subject in fact traveled to Japan.

This material has also been made available to appropriate Chinese and Korean authorities.

News media in Tokyo territory have given a great deal of attention to the KING matter initially, and when the Japanese authorities made their announcement, the next day the story with photograph was again run prominently.

NPA has since gotten out their own circular for display in police stations Japan-wide. They are most eager to conduct all investigation necessary in order to assist in the location of subject. They made it very clear that at the first evidence subject may be heading for Asia, they be immediately notified as they have a Phase #2 plan set up which will entail more specific investigative steps. They were assured that this would be done.

With respect to RICHARDS, on 4/26/68 a photograph from an alien registration file identified as that of RICHARDS was exhibited to the original source by [CIA] and he advised (S) that the individual who came to him asking for the sailing employment was the one in the photograph. The fingerprints of this individual were obtained surreptitiously and compared with those of the subject by NPA. Based on this fingerprint comparison, NPA declared that the individual depicted as RICHARDS is not identical with subject, RAY. Therefore, no further inquiry is being conducted with respect to the individual referred to as RICHARDS.

Since no further inquiry is outstanding in this area, this case is being considered RUC.

Re: WILLIAM B. LEE;
SENATOR ROBERT KENNEDY - VICTIM;
H. RAP BROWN - VICTIM
STOKELY CARMICHAEL - VICTIM

On April 30, 1968, ~~WYATT~~ STANLEY, residence address North 6118 Cook, Spokane, Washington, was drinking at Casey's Gay 90s, 457 Northtown Shopping Center, Spokane, and engaged in a conversation and had a few drinks with an individual who identified himself as BILL LEE. The conversation got around to racial problems in the United States and LEE indicated he was from the South and subsequently said he would pay STANLEY \$10,000 to kill RAP BROWN or STOKELY CARMICHAEL. He mentioned the Ku Klux Klan and the Minutemen and said "we" will furnish cars or planes for carrying this out and any kind of gun wanted. LEE then said "The mark has been put on RAP BROWN, STOKELY CARMICHAEL and ROBERT KENNEDY." He then gave STANLEY a business card from Follett Music Co., W. 1131 First Avenue, Spokane, and on the back wrote "Bill Lee" then "Yes _____", "No _____" and "Where _____". LEE said he could be called at that place and that STANLEY was simply to answer "Yes or No" and where he could be contacted.

STANLEY said LEE had been drinking but did not appear to be drunk. STANLEY reported this matter several hours later and admitted he had been drinking.

ROBERT FOLLETT, Follett Music Co., advised LEE was employed by him as a salesman on March 23, 1968, but that he has not seen him for about a week, that LEE owes him about \$150.00 for merchandise, and reportedly is doing a lot of drinking. He said LEE is a "blow hard" and that he recalls that when Dr. MARTIN LUTHER KING, JR., was killed LEE had remarked that he had been offered \$5,000.00 to do this job four or five years ago. FOLLETT said LEE had previously been employed by Radio Station KSPQ, Spokane.

RE: ~~WILLIAM B. LEE;~~
SENATOR ROBERT KENNEDY - VICTIM;
H. RAP BROWN - VICTIM
STOKELY CARMICHAEL - VICTIM

It was subsequently determined that LEE worked for KSPQ only a month and had been terminated. He was employed there through Snelling and Snelling Employment Agency, Spokane.

Records of Snelling and Snelling, East 9822 Sprague, Spokane, showed his address as W. 1117 Garland, Spokane; wife ELVA and a daughter, 13, and a daughter 19. He showed employment in October, 1967, at Tubbs Electric, Spokane; in May, 1967, with Washington Health Service, Seattle, Washington; May, 1965 to February, 1967, with Koret of California, 611 Mission, San Francisco, California; January, 1960 to May 1965, with Nixon Merchandising Co., 3961 Sepulveda, Los Angeles, and from 1954 to 1960 with ABCC Corporation, Los Angeles. LEE claimed two years college at the University of Alabama from 1957 to 1959 and service in the U.S. Navy from 1948 to 1952.

Mrs. KATHERINE MACY, Assistant Manager, Snelling and Snelling, advised they have been unable to collect their fee for placing LEE with Radio Station KSPQ and that collection agencies have been trying to secure information concerning him.

LEE is described as a white, male, about 35 to 38 years of age, 5'7" tall, 140 pounds, brown hair.

SUBJECT: [illegible]

NOTE:

Circuit Judge John C. Casey has pending before him a motion to overturn Ray's 1959 conviction for armed robbery. Casey can quietly dismiss the motion in view of Ray's escape or he can enter an order that the motion will be dismissed unless Ray appears by 6/3/68 and then publicize this order in the possibility Ray might give himself up recognizing that he may be able to reverse the robbery conviction in view of recent Supreme Court decisions and Ray might feel he could beat the King murder charge before a Southern jury. Casey asked Bureau advice as to which course of action he should take. The Bureau should not be placed in the position where it could be criticized for attempting to interfere with the due process of justice before a State court.

Specimens received **5/9/68**

Q334 One-page typewritten letter dated 12/28/67, beginning "Dear Sir, I recently read an article in the..." and signed "Eric S. Galt"

Result of examination:

The typewritten impressions appearing on Q334 are the same style as those appearing on items previously received in this case attributed to Eric S. Galt. It can not be determined whether the same typewriter was employed to prepare all of these items because of the lack of significant identifying defects; however, no significant differences were noted.

It was determined that the "Eric S. Galt" signature on Q334 was prepared by the writer of signatures in this name appearing on other items previously submitted.

Specimen Q334 has been retained.
