NOTE: New Orleans Division/attempting to identify an alleged fence by the name of Coin (phonetic). An inmate of the Penitentiary, Atlanta, Georgia, was interviewed and he stated that he knew subject Ray while they were incarcerated at Missouri State Penitentiary and advised that a fence by the name of Coin allegedly located in New Orleans, La., is a good person to dispose of stolen goods. Subject Ray and Charles Stein left Los Angeles, California, in December of 1967 making a trip to New Orleans, La., and en route, according to Stein, Ray made several long distance calls from pay telephone somewhere in Texas and indicated he was going to contact either architectural or contracting firm, New Orleans, La.

A review of various directories for New Orleans indicates there is a Coyne Construction and Engineering Company in Gretna, La., and also several individuals by the name of Coyne listed. In view of the fact that Ray allegedly contacted a contracting or architectural firm, and in view of the information concerning a fence by the name of Coin, the possibility exists that the fence may be a contractor or architect. New Orleans is being granted permission to obtain Federal Grand Jury subpoena for pertinent telephone records regarding the Coyne Construction and Engineering Company and individuals listed under name of Coyne in the New Orleans area.

Re Houston airtel to Director 5/3/68, advising that each office should determine from telephone company, long distance calls placed at each public telephone on Interstate 10, over which subject and CHARLES STEIN allegedly traveled 12/15-17/67.

The following investigation was conducted by SA WILLIAM D. BRANON, on 5/7/68, at Hampton, Virginia:

It was determined that telephone number 703-722-7921 was assigned to the Dixie Hospital, Hampton, Virginia.

Investigation at the Dixie Hospital revealed that on 12/16/67 there were over 300 patients and 585 employees in said hospital. It was determined that after a direct dialed telephone call reached the switchboard it was undeterminable as to its final destination in said hospital. A check of the long distance telephone records for 12/16/67 failed to reveal any charge to the afore mentioned number for a call having been sent or received by said number.

No further investigation being conducted at Norfolk re this matter.

Memphis has been previously advised of negative information concerning laundries, dancing schools, financial institutions, California Department of Motor Vehicles, State Selective Service, credit and criminal, local telephone and city directories, birth records, and mental institutions on a state level, and unless advised to the contrary, Sacramento is not preparing inserts concerning these negative contacts inasmuch as they do not appear to contribute anything to the solution of this case.

Dear Sir, MURKIN

I thought you would have found the assassin of Martin Luther King before now so I haven't presented this possible clue.

My brother-in-law, ^{John Kinsella} was an FBI agent in Buffalo, N.Y. a couple of years ago until he retired and transferred to the New York State Police as a crime analyst. He died of cancer recently and a dozen FBI agents came to his funeral. He told me that no matter how **REC-52** ⁴⁴⁻³⁸⁸⁶¹⁻³⁴⁷³ ~~landish~~ a clue was, the FBI would look into it.
