This is the case involving the death of Martin Luther King, Jr.

Kenneth Lee Wade, San Quentin Penitentiary, was in Missouri State Penitentiary from 1958 through 1965. He states he knew Ray from 1962 until 1965 and they sold amphetamines and other stimulants to prisoners. Inmates Ray Pruitt, Bobby Burns and Glen Shurnick (phonetic) were partners with Ray and Wade.

Wade estimates that the amphetamine operation cleared \$1,000 a month. He gambled with his share of the profits but Ray was conservative in handling his money and Wade believes Ray had substantial savings, perhaps as much as \$5,000, when he escaped. He does not know where or how Ray maintained his savings but Ray could have bribed a guard to take money out of the prison. Wade added that a Lieutenant Dickson or Dixon, who was fired from the penitentiary in 1965, had been used by Wade and Ray to bring items of value in and out of the prison.

In November, 1961, Ray made an unsuccessful effort to escape from Missouri State Penitentiary. He attempted to scale the wall with pipe taken from clothing racks in the dry cleaning plant and was injured when the pipe broke. He was subsequently examined by a prison psychologist who made the following comments:

"The subject appears to be a rather simple, inadequate, unspontaneous individual of a rather passive sort. His abortive attempt to scale the walls is characteristic of the kind of judgment (one perhaps should say misjudgment) which may be expected from this individual. He smiles in an inappropriate and embarrassing manner at times and gives one the feeling that they are communicating with a rather simple sort of soul."

Memorandum to Mr. DeLoach

RE: MURKIN

In a report dated 10/21/66 the psychologist reviewed extensive testing and interviews conducted with Ray and concluded:

"According to all the test results I have on the man he is nothing more nor less than a severe neurotic apparently seeking to repress out of awareness, or to keep concealed, something he seems to be afraid someone else is going to find out.

"The import of this at this time is to urge you to communicate with the Warden that this man might well be considered 'escape-prone' -- a runner (psychologically, anyway) -- and suggest that the Warden, in accordance with a 'gentlemen's agreement' we have with the Hospital authorities, notify the Hospital authorities that this man should be considered as an escape-prone neurotic type individual, according to our information on him."

While at Missouri State Penitentiary Ray was consistently rated as an efficient and cooperative worker. A work and training report dated 10/1/62 describes him as an experienced baker and a very good one.

Arrangements are being made with the State Department to provide all U. S. diplomatic establishments abroad with information concerning Ray's fugitive status. There are approximately 290 such establishments throughout the world.

In the allegations previously made to the Los Angeles "Times," Bob claimed Ray had charged telephone calls made from Memphis to a telephone company credit card issued to Riddell Catering, U. S. Rubber, Detroit, and that the card was in the name of Riddell or a Robert Brinkley.

Riddell Industrial Caterers has the concession at the U. S. Rubber Company plant in Detroit. The company is owned by H. V. Brinker and his son, Robertson "Robert" Brinker. The catering company does not have a telephone or a telephone company credit card.

Memorandum to Mr. DeLoach
RE: MURKIN

Robertson Brinker does have a telephone company credit card. He denied that any Memphis calls have been charged to this card and was unable to explain how such an allegation might have originated. He denied that his credit card had ever been lost or used by any other person.

H. V. Brinker recalled that he was in Boca Raton, Florida, from 3/1/68 to 4/1/68 and traded at a Sunoco service station at the intersection of U. S. One and Palm Aire. He was impressed with the efficiency of one of the employees and told the service station employee to call him or his son if he ever wanted a job. He gave this man one of his business cards. He cannot recall if he wrote Robert's name on the card but he told him Robert's name and said that they catered for U. S. Rubber. We are checking out this service station employee to determine if he is identical with Bob.

ACTION:

This case is continuing to receive vigorous attention.

 SUBJECT: MURKIN

Re Kansas City airtel to Bureau 5/17/68 enclosing
 an insert reflecting interview with CECIL CLAYTON LILLIBRIDGE.

Kansas City suggested that the Bureau might
 desire to disseminate this to Legats, Canada and Mexico.
 Memphis requests that the Bureau consider such dissemination
 in view of the fact that there appears to be a consistent
 thread of information in this investigation indicating that
 the subject had very definite plans to flee this country.
 It would appear at the moment that investigation in
 countries outside the United States is at least as important
 as any investigation we are conducting within this country,
 and it is suggested that the Bureau consider every possible
 avenue for the purpose of determining whether or not the
 subject may have gone to a foreign country.

ARMED AND DANGEROUS.
