IN THESE DEPOSITS WAS CHECK FROM PACIFIC TELEPHONE CO. IN AMOUNT

MEMPHIS SUGGESTS OFFICES LISTED ABOVE HOLD INVESTIGATION IN ABEYANCE UNTIL CERTAIN POINTS CLARIFIED IN REINTERVIEW OF BRIDGMAN, WHOSE RELIABILITY IS QUESTIONABLE. BRIDGMAN SHOULD BE REQUESTED TO BE MORE SPECIFIC AS TO WHEN HE MET RAY, WHERE HE MET RAY, AND WHO CAN CONFIRM PRESENCE OF BRIDGMAN IN KANSAS CITY DURING PERIOD HE CLAIMS HE MET RAY. SPECIFICALLY, WHERE DID BRIDGMAN STAY WHILE IN KANSAS CITY; WHO IS PROSTITUTE BEVERLY HILL, AND WHERE DID SHE LIVE IN KANSAS CITY. WHERE DID BRIDGMAN MEET HER? ALSO, IT SHOULD BE NOTED THAT DURING THIS PERIOD OF TIME IN FEB., THERE IS NO INFO AVAILABLE TO INDICATE SUBJECT WAS IN NEED OF FUNDS. HE APPARENTLY SHORTLY BEFORE FEB. In this connection, United States Attorney Riddle is today (6-9-68), going to Jefferson City, Missouri, to meet with the Governor to arrange appropriate process.

Mr. Shapiro inquired as to whether we could be of assistance in expediting the transportation of the papers from Missouri to Washington, D. C.

It was arranged that United States Attorney Riddle would advise the SAC, Kansas City when and where the papers would be made available. *R*

**ACTION:** SAC Karl Dissly was contacted by telephone and advised of the arrangements and instructed to take appropriate action upon contact by United States Attorney Riddle to see that the papers would be delivered to Washington on a most expedite basis.

The Bureau may wish to give consideration to the following potential investigative leads and suggestions:

In view of subject RAY's statements to associates that he had previously been employed as a river man and cook on board a water vessel and his knowledge of various "beer joints" located in close proximity to the terminus of the navigable Warrior River, on which large barges operate, it is suggested that subject's photograph and description be published in "The Waterways Journal," Room 701 Chemical Building, 721 Olive Street, St. Louis, Mo., which is considered the "bible" for all employers and employees who work on the major rivers.

It is noted RAY was working in the Missouri Penitentiary bake shop at the time of his escape. In view of the possibility RAY may seek employment as a baker, it is suggested that RAY's photograph and description be circularized in all publications designed for or directed to the baking industries. It is also suggested that similar circularization be given to all baking unions.

In view of the fact that RAY may have been employed aboard a barge on the Inland Waterways System, the Bureau is requested to consider circularization and/or contact with Coast Guard stations and cutters patrolling the navigable river system. It is noted Coast Guard personnel board and inspect craft on the rivers and might be in a position to

locate RAY or former associates of RAY.

*Being Done*

Inasmuch as RAY was known to have been interested in locksmithing and tinkering with locks in his spare time and was once enrolled in a correspondence course from the Locksmith Institute, Little Falls, New Jersey, it is suggested that the Bureau consider having Newark recontact the Locksmithing Institute regarding all correspondence course applications from 4/5/68 to the present time to ascertain if RAY may have reapplied for enrollment in a locksmithing course under an assumed name, and identify other locksmithing schools and publications.

It is noted that RAY expressed a great interest to fellow convicts while confined in Missouri State Penitentiary in baseball and baseball news and was considered an avid baseball fan. Therefore, it is suggested that the Bureau may wish to contact the J. J. Taylor Spink Publishing Company of St. Louis, Mo., publishers of "The Sporting News," the recognized "bible" of baseball fans, to ascertain if "The Sporting News" would consider publishing an article and photograph of RAY.

In line with the above suggestion, it is suggested that the Bureau instruct all divisions having major and minor league baseball teams contact appropriate officials of these clubs to insure circularization of concession stand operators and security personnel and other appropriate individuals in view of the fact that RAY may attend professional ball games.

*Handled*

It is suggested that the Bureau may wish, in light of the successful results achieved in previous Bureau cases of major proportion, to consider contacting the Saturday Evening Post and Reader's Digest magazines, which have international circulation, to ascertain if these magazines would publish an article concerning RAY's fugitive status.

*Being Done*

The Bureau may wish to explore the feasibility of taking fingerprint pictures of all thumb impressions of all persons who applied for permanent visas to Canada and Mexico from March until the present time and submit these to the Identification Division for comparison with subject's thumb prints.

BH 44-1740

It is noted that the Bureau previously directed that Birmingham, Atlanta, Memphis and several other southern divisions personally contact all laundries and cleaning establishments within their respective territories regarding RAY's fugitive status, as well as the reward being offered for his apprehension. It is, therefore, suggested that the Bureau may desire to have all divisions contact all cleaning and laundry facilities within their respective areas, noting, however, that in the divisions with extremely dense population centers, the use of mailing lists may be more feasible than personal contact.

This case involves the murder of Martin Luther King, Jr.

An individual by the name of Rex Basinger, Denver, Colorado, advised our Denver Office he received a telephone call on two separate occasions from a friend, Edgar Eugene Bradley. According to Basinger, he and Bradley formerly lived in Ruby, Arkansas, attended school in Alma, Arkansas, but Basinger lost track of Bradley when Bradley went into the United States Navy in 1933. He subsequently saw Bradley in Dallas, Texas, in 1963.

According to Basinger, Bradley called him on 5-17-68, from Tulsa, Oklahoma, and stated that he had Eric Galt with him. Basinger did not know who Galt was and Bradley told him he was also known as James Ray. Basinger related to Bradley that he did not know Ray and Bradley stated that Ray was the man who killed Martin Luther King, Jr. Bradley claims to have lived with Ray for about one week in Tulsa, Oklahoma.

Basinger continued to state that Bradley called him again on 5-23-68, and stated that he was at the Old South Restaurant, Fort Smith, Arkansas, and was working his way West. Bradley claimed he was eating his meals at the Old South Restaurant which is operated by Basinger's cousin, Elba Basinger Thompson. Basinger stated that Bradley was allegedly under subpoena by District Attorney James Garrison, New Orleans, Louisiana, in connection with the assassination of President Kennedy.

Mr. and Mrs. Leon Thompson, operators of the Old South Restaurant, Fort Smith, Arkansas, were interviewed and they advised that Bradley is unknown to them and they could not identify a photograph of James Earl Ray. Relatives of Basinger advised that Basinger is a mental case, tends to associate himself with criminal cases of national

prominence and he was last in Fort Smith, Arkansas, about three years ago at which time he claimed he had been in a cell with Jack Ruby in Dallas, Texas. Investigation revealed this was a false statement and a doctor at Parkland Hospital, Dallas, examined Basinger and found probable psychosis and possible brain syndrome.

Relatives of Edgar Eugene Bradley were interviewed at Fort Smith, Arkansas, and they advised that Bradley currently resides at North Hollywood, California, and is presently employed as West Coast radio representative of Carl McIntyre, an evangelist. Relatives advised that Bradley was definitely not in Tulsa, Oklahoma, or Fort Smith, Arkansas, as alleged, and an uncle of Bradley's talked to him on 5-23-68, as Bradley was calling from North Hollywood, California. The relatives also advised that Bradley has been charged by James Garrison with conspiracy in the assassination of President Kennedy and is due to have extradition hearing before Governor Reagan of California on June 5 and 6, 1968.

We are presently conducting investigation to determine the whereabouts of Bradley on 5-17-68, and 5-23-68, and we will ascertain if he has any information concerning James Earl Ray.

Circuit Judge John C. Casey, St. Louis, Missouri, previously advised our St. Louis Office he sentenced James Earl Ray to 20 years in a penitentiary for armed robbery in 1959. Ray was serving this sentence when he escaped from Missouri State Penitentiary in April, 1967. Judge Casey also previously advised a motion to set aside this conviction was filed before Ray's escape and is still pending. He believes in view of recent Supreme Court decisions, Ray would stand a good chance of reversing his conviction and he contemplated filing an order on 5-24-68, or his action will be dismissed. Judge Casey asked the FBI for advice as to whether he should delay this matter as he feels publicity of the order would cause wide-spread disorder. Judge Casey was told that the FBI cannot advise him as to what course of action to take; but that if he feels publicizing the order would cause disturbances, he should take necessary steps to alert law enforcement agencies after the order is entered and before it is publicized.

Hearing on this motion did not develop in the manner anticipated by Judge Casey. The attorney for Ray stated in open court he had been appointed subsequent to escape and has never seen or been contacted by Ray. The attorney objected to attempted state introduction of escape notation on Missouri State Penitentiary record as insufficient evidence of escape. The attorney took the position that the appearance of Ray unnecessary on motion to vacate as same based solely on record which is available. Judge Casey has taken this matter under advisement and no publicity developed.

ACTION: The investigation is being afforded top priority.

This is the case involving the murder of Martin Luther King, Jr.

## PURPOSE:

To recommend the Liaison Section contact the Secretary of Health, Education and Welfare to determine if a review of new applications received by them for Social Security Numbers can be conducted as it is possible that subject James Earl Ray has applied for a new Social Security Number since April 23, 1967.

## BACKGROUND:

The subject James Earl Ray in a prior employment\* utilized Social Security Number [redacted]. Our investigation disclosed that Ray has been gainfully employed only a few times and these have been for periods of short duration only. In view of his fugitive status and his past history of changing his identity, it is possible that he may apply for a new Social Security Number.

Our Baltimore Office advises that there are between three and four million Social Security applications received each year, the majority of these received during the summer months. Information including name, date of birth, sex, color or race is taken from the application and is placed on computer tape. The Social Security Administration is approximately eight weeks behind in recording this data. Our Baltimore Office advises that on the surface, to obtain the desired information appears to be a tremendous task; however, in view of the fact the computer tape stores eliminating information, it is possible to program the computer to obtain information regarding all white males over 30 years of age in a simplified manner.

RE: MURKIN

RECOMMENDATION:

1. The Secretary of Health, Education and Welfare should be contacted to determine if a review of new applications for Social Security Numbers can be made. It should be determined if a review of this nature can be handled, how many applications involved, what information is reported on these applications and how current the applications are.

This should be a survey type of request and upon receipt of this information, further recommendation will be instituted. *New Social Security Numbers are received at rate of 110,000 per week - the Tape is 2 mgs behind & contains only the name and date of birth B.F.R. 6-4-68*

2. If approved, the Liaison Section should handle this matter as outlined above. The information from our Baltimore Office is not to be disseminated outside this Bureau, however, it may be used to appropriately handle an intelligent interview.
