Colonel Thomas D. Moyle, Special Air Missions Office, Pentagon, telephonically inquired as to the appropriation to be charged and the location where the billing was to be sent in connection with the transportation costs incurred last Saturday, June 8, by the Air Force in transporting two of our Agents from Andrews Air Force Base to London, England. Colonel Moyle indicated that the Bureau would have to furnish a certificate of acceptance of liability for forwarding by his office to the Air Force billing office at Scott Air Base in Illinois. The certificate referred to is attached and has been executed by the writer.

Colonel Moyle further indicated the cost of transporting Agents Zeiss and Bounds from Andrews Air Force Base to McGuire Air Force Base would be approximately \$194.00 (\$92.00 per hour for the aircraft for approximately two hours) and \$146.00 for transportation for the both from McGuire Air Force Base to London (fare \$73.00 each). Thus, the total cost will approximate \$330.00.

The certificate requested has been forwarded to Colonel Moyle and upon receipt of their voucher for reimbursement it will be promptly processed.

The above is submitted for record purposes only.

This is the case involving the murder of Martin Luther King, Jr.

Special Agent Wilbur L. Martindale telephonically contacted the Bureau from London, England, on June 12, 1968, and furnished the following information.

Ray was in Lisbon, Portugal, May 8 - 17, 1968, where he stayed at the Hotel Portugal. He retired late and slept late. He tried to bring girls back to the hotel and when he was not permitted to take girls to his room, he left with them and did not return until the next day.

Employees and customers of various Lisbon bars identified Ray as a casual customer who had occasionally been in alone for one or two drinks and perhaps tried to talk to the girls. One prostitute was located who spent one night with Ray, but she speaks no English and he speaks no Portuguese; consequently, she had no pertinent information.

An extensive canvass of bars, tourist centers and prostitutes in Lisbon failed to develop any other pertinent information.

Ray is unknown at the Rhodesian Embassy and Biafra Information Office in Lisbon. Ray is presently being held in Wandsworth Prison under unprecedented security provisions. Two officers are with him at all times, and he has a private exercise yard. Each time he goes to the exercise yard, his cell is searched and all bedding is removed and replaced. Upon returning to his cell, Ray is stripped, searched and all of his clothing is changed. Prior to his hearing on June 10, 1968, Ray had been held in Brixton Prison which handles prisoners awaiting trial and is not as secure as Wandsworth. Ray was removed from Brixton to Wandsworth by heavily guarded convoy, June 11, 1968. 44-38861-4513

Memo McGowan to Rosen
RE: MURKIN

Ray returned to London on May 17, 1968, as established by airline records and official records of the Portuguese and British governments. Scotland Yard is continuing extensive investigation to develop his activities in London but has not yet been able to determine his whereabouts prior to May 28, 1968, when he took a room at the New Earls Court Hotel. On June 5, 1968, he moved to the Pax Hotel where he stayed until the date of his arrest. The receptionist at the New Earls Court Hotel stated Ray was very shy and she tried to help him by explaining British currency and engaging him in general conversation. She was willing to establish a close relationship with him but he did not seem receptive. While at the hotel, Ray made two telephone calls to the London "Daily Telegraph". Ray mentioned to her that he had read in the "Telegraph" about a Captain or Major who was deported from Togoland and he seemed extremely anxious to learn this man's address but was so incoherent no one was able to help him.

Anna Elizabeth Thomas, Pax Hotel, advised the subject never signed the register but this is not unusual with her hotel. He received two telephone messages from British European Airlines. He also had two telephone calls which he did not receive, one from an American woman who left no name or message and one from a man who left no name or message. He also received a white postcard, which Mrs. Thomas cannot describe.

Among Ray's effects at the time of his arrest was a four-page memorandum or article setting out a detailed description of the theory and specifications of silencers for firearms.

Shortly after his arrest, Ray was asked why he was carrying a gun. He replied that he was going to Brussels and then when asked why he would need a gun in Brussels, he replied he was really trying to get to Rhodesia and that things are pretty bad down there.

(SEE BUFILE 62-717290)

The following additional pertinent information is being furnished relative to captioned case. The information set forth herein is based on preliminary communications and complete details will be incorporated in reports of results of investigation.

Brigadier M. S. R. Maunsell, Director of Prison Security, Wandsworth Prison where Ray is presently confined, on June 13, 1968, briefed Assistant Attorney General Fred M. Vinson, Jr., on all security arrangements relating to Ray. Brigadier Maunsell went over in detail that the subject is in the "condemned cell" (death row), and that two prison wardens are with him on a 24-hour basis. Ray is never left alone, all toilet facilities are in the same cell, he is examined at different times in the prison yard where there are no outside buildings from which outsiders can look into the yard, he is under escort while exercising and the food comes from the prison mess but no one knows which portion will go to Ray.

Brigadier Maunsell requested that if available, he be furnished certain prison background information relating to Ray. Some of these items include the medical history of the subject, details of his escape from the Missouri State Penitentiary, details of any other escapes or attempted escapes, any record of violence against prison staff. Any other available information that may be of value to prison authorities such as Ray's reported familiarity with drug traffic and practices in prison is also desired. We will furnish Brigadier Maunsell available information along the lines of his request.

We have been advised that all information furnished by Brigadier Maunsell is considered by the British Home Secretary to have been furnished with the understanding that it should not be disseminated in any fashion which would put the information in the realm of public knowledge.

Mr. Stephen J. Pollak

An individual identifying himself as a "Mr. Adam" of "Newsweek" contacted the American Embassy in London and stated he had been requested by the American Civil Liberties Union of New York to obtain the name of Ray's lawyer. He was advised that it was not the prerogative of the Embassy to release this information and he was referred to the New Scotland Yard Press Bureau. "Mr. Adam" is not known to the American Embassy as a member of the "Newsweek" staff in London. Ray is being represented by Mr. Eugene of Michael Dresden and Company, 32 Tavistock Street, London, W. C. 2. This same firm is representing Ray in the British Government's case against Ray on the fraudulent passport and gun carrying charges as well as in the extradition matter. The extradition papers have been sent from the British Home Office to the magistrate at Bow Street Court. The same magistrate is hearing both the British Government's case against Ray and the extradition matter. Indications are that the extradition hearing will still take place on June 21, 1968.

New Scotland Yard has advised that Frederick J. Schwartz, born [redacted] at Detroit, Michigan, having United States passport number [redacted], residing at 4 Tilney Street, London, W. 1, has contacted the court appointed attorney for Ray stating that he, Schwartz, has an academic interest in the case as Ray is a United States citizen in custody in London. New Scotland Yard has reported that Schwartz appears to be affiliated on a fee basis in other matters with some United States law firms in London. He registered as a lawyer late in 1967, at the American Embassy in London stating he is a member of the California Bar specializing in motion picture contract work. He last entered England on May 9, 1968, but has been in and out of England prior to that date. At the request of New Scotland Yard, we are conducting appropriate record checks on Schwartz. You will be advised of any pertinent information developed as a result of these checks.

At the request of the FBI, Inspector Richard Gibson, Metropolitan Toronto Police Department, Toronto, Canada, caused a check to be made of all unsolved major occurrences at Toronto from April 24, 1967, to July 18, 1967, covering the period from Ray's escape from prison to his approximate prior residence in Canada, but could locate none where the subject could be considered a logical suspect. A similar check of such major occurrences in Toronto for the period of April 8, 1968, to May 6, 1968, has previously been made with negative results.

Mr. Stephen J. Pollak

Deputy Chief of Police, B. O. Simmonds, Metropolitan Toronto Police Department, has now advised that he is informing local press that the "mysterious fat man" has been located, interviewed and eliminated and that he was not significant in the investigation. Mr. Simmonds is not releasing any information concerning the identity of the "mysterious fat man." Other avenues of investigation are still being explored in the Toronto as well as other foreign and domestic areas.

Our New York Office has received an anonymous letter concerning an alleged plan to take the subject Ray from authorities upon his arrival in the United States. This letter bears the postmark "June 11, 1968, P.M. New York, NY" and was dated June 10, 1968. The letter reads as follows:

"Federal Bureau of Investigation

"Gentlemen:

"I believe it to be of interest to you to know of a plan afoot to take Ray from the authorities upon arrival in the U.S. The people involved have expressed themselves as being undaunted if he is surrounded by the 100 Federal Marshals or FBI personnel. They anticipate a large protective force but will not be stopped and expect to lose several in the attempt but these will be martyrs. They have anticipated his surprise return and have placed watchers at every conceivable airport including Air Force landing areas. Because of such reprisals I must abstain from signing this note to you. I am deeply concerned and hope that no one is hurt."

The letter is written in legible longhand probably with a ball point pen on regular plain yellow tablet paper and is unsigned. Neither the letter nor the envelope in which it was mailed contains a return address. This letter is being forwarded for processing and appropriate action will be taken on anything of pertinence developed, by the FBI Laboratory and Identification Division.

Dear John:-

Hoorah! Another feather in your cap. What a wonderful organization you have built up. I just heard the good news come over the radio of the capture of James L. Rleyd at 12:45 pm who is the alleged killer of Martin Luther King on April 4th 1968. However I do not think your job is complete in this case is over as I understand this man Rleyd was a poor man. Hence he must have been hired to kill King by some group or organization who wanted King and his doctrines out of the way. Otherwise where would Rleyd have obtained the money to travel.

I hope my observations will be of help to you.

With sincere regards to you, I am
