Dear Mr. Wiseman:

December 15, 1975

To confirm our telephone conversation:

What CBS News has been seeking, under the Freedom of Information Act, in addition to the material you have made available to us, includes:

1. Photographs and/or photomicrographs of the test bullets fired from the evidence rifle in the King case.
2. Analyses of the test bullets, comparing them in detail to the murder (evidence) bullet.

As I indicated to you, we have seen the test bullets and filmed them. But our amateur, eyeball examination does not give us the expert information we need.

As I also indicated to you, our ballistics expert, Lowell Bradford, having seen only a photograph of the evidence bullet obtained by Ray's defense attorneys, feels that identification of the bullet as having -- or having not -- come from the evidence rifle -- should be readily possible.

I await your call and your letter in reply.

Sincerely,

Ernest S. Leiser

re: Ray(def.) v. Tenn., Cr. indictment no.16645,
Shelby county, Tennessee. (1968)

Dear Sir:

Murkin

In reference to the above titled suit, I (the defendant) have been with the assistance of counsel pursuing this matter through the courts (rather than the press & committees) for the past six (6) years attempting to have the plea voided and thereafter receive a jury trial.

However, as of late several press releases have been received here with substantial misgivings, one with reference to your office cited below:

In the December 11th 1975 edition of the Nashville Tennessean newspaper it was reported that in response to a question from United States Senator Barry Goldwater, before a Senate committee on 12/10/75, you implied that..."depending on the Justice Department decision whether to reopen the above suit, certain evidence, eg., FBI tapes & other material pertaining to the Dr. Martin Luther King jr. investigation, would be destroyed", or words to that effect.

Because of the aforementioned implied action by your office, and since unlike the former Director the defendant has not as yet been planted and thus can and still does intend to defend himself before the courts, I would respectfully request (or what ever phrase is legally necessary) that no evidence or potential evidence be destroyed by the FBI or it's parent Justice Department until the courts, rather than the J.D., have made a final determination on the merits of the Habeas Corpus appeal now pending before the United States Sixth circuit court of appeals. See, Ray v. Rose, case no. 73-1543. *44-38861-10620*

REC-37

Further, there should be a final determination in the cr. appeal before the windup of 1976; however, thereafter, apparently under Tennessee case law a defendant can, after the Sup. Ct. denies certiorari if it does herein, file a civil action as a collateral to the cr. action but any legal action with reference to criminal or civil can be concluded within a relatively short period in the evidentiary phase of the proceedings and thus the herein legal request that the Government not destroy any evidence in the matter does not appear to be inconsiderate or inappropriate.

The defendant is also not convinced, contrary to press speculation, that the material in question is in sum salacious in nature as it is inconceivable the Bureau would conduct a protracted investigation looking exclusively for indecorous matter-- and the defendant would expect no evidence be destroyed relieing on such an explanation.

In a related matter, during the Watergate hearings & trials their was considerable vexation in the communications industry and their political go-betweens because of speculation in the same industry that the White House tapes and other potential evidence might be destroyed or altered thus an "obstruction of justice".

Indon't expect the same vexation in the instant matter but I believe the courts did subsequently rule said White House tapes were legitimate evidence and under the same rationale the material your office has implied it would destroy would appear to be "l~~egitimate~~itimate evidence".

Further, Title 28 section 534 of the U.S. code might preclude the destroying of evidence; also, see attached clipping wherein the U.S. court of appeals for the District of Columbia ruled that "full sanctions" would in the future be invoked if the Bureau destroyed evidence which could provide information or leads for cr. defendants.

In summary, I believe the defendant, concurrently with the courts, has a substantial legal standing in this matter having been sentenced to an extended prison term in 1969 under the indictment and until just recently confined under primitive (solitary confinement) conditions and for the Government's agents to be burning potential evidence on the eve of a possible supreme court ruling, or ratifying a lower court ruling, reversing the defendant's conviction because of Fraud would appear to be Actionable.

Concluding, maybe it's custom that some type restraining order be filed with the courts to enforce the aforementioned request but where the petitioners, as defendant is, indigent the courts customarily put a liberal interpretation on matters of the instant quality.

(a copy of the foregoing letter will be posted to the A.G. for Shelby county, Tennessee, as Tennessee apparently still has jurisdiction in the indictment and interest in the subject matter.

FBI Ordered To Keep Notes

By DAVID PIKE

Washington Star

WASHINGTON — The Federal Bureau of Investigation has been told by the U.S. Court of Appeals for the District of Columbia that its agents here must keep the rough notes they take while interviewing witnesses to a crime.

In an opinion written by Judge J. Skelly Wright, a three-judge panel of the court ruled Monday that such information may later be found by the courts to be helpful to a defendant and therefore relevant to a case.

THE APPEALS court noted that District of Columbia police have been pre-

serving such notes since an appellate court ruling in 1971, but that FBI agents, as a matter of practice, continue to throw away such notes after a report based on them has been prepared.

Wright's opinion said that such behavior by the FBI, in view of various earlier court rulings, was "negligence" but not "bad faith."

The ruling came in the case of three men convicted of the armed robbery of a Washington, D.C., savings and loan in March 1972.

THE APPEALS court upheld the convictions despite destruction of the FBI

notes because, it said, D.C. police had kept their interview notes and because "the evidence of guilt adduced at trial was overwhelming."

However, Wright's opinion said, "full sanctions will be invoked in future cases unless the FBI's practices are modified ...

"The reports contain the agents' narrative account of the witness statement, prepared partly from the rough notes and partly from the agents' recollection of the interview," the court said.

"ALTHOUGH THE agents are trained to include all the pertinent information in the report, there is clearly room

for misunderstanding or outright error whenever there is a transfer of information in this manner."

Outlining the impact of the present practice, the court said:

"Whether or not the prosecution uses the witness at trial, the notes could contain substantive information or leads which would be of use to the defendants on the merits of the case. If the witness does testify, the notes might reveal a discrepancy between his testimony on the stand and his story at a time when the events were fresh in his mind. The discrepancy would obviously be impor-

tant for use in impeaching the witness' credibility."

THE GOVERNMENT had argued that keeping the rough notes would impose "an intolerable administrative burden on the bureau."

But the judges found that the average report was only two pages long, and the notes usually shorter. They concluded that preserving the notes would not create "unsuperable space problems."

The opinion suggested such methods for preserving the agents' notes as reducing documents to microfilm or simply stapling the notes to the report.

Oil Find Gets In Way Of Digging for Water

SAN ANTONIO, Tex. (AP) — Striking oil is usually a cause for celebration, but to the well-digging crew at the Patio Mexican Foods plant, finding the black gold was little more than an annoyance.

In fact, the crew hit oil, albeit a poor grade, five times before they finally found the water they were drilling for 1,400 feet underground.

"I was beginning to wonder if we'd ever find the water we needed with all that oil getting in the way," said plant manager Ralph Cornwell. "But now we have our own water well and it looks like we may even have a 30-year supply."

SUBJECT: FREEDOM OF INFORMATION ACT (FOIA) REQUEST OF
ERNEST S. LEISER OF CBS NEWS

BACKGROUND

By letter dated September 5, 1975, Ernest S. Leiser, a Senior Producer for CBS News, wrote the Director requesting under the FOIA access to some of the laboratory documents and material related to the assassination of Martin Luther King, Jr.

By letter dated October 7, 1975, the request was denied (b7A,B) because it involved evidentiary data and James Earl Ray currently had an appeal pending in the 6th Circuit Court of Appeals.

From this denial, CBS, through its attorney Allen Y. Shaklan appealed. United States Department of Justice, Civil Rights Division, interposed a memorandum of objection to the release of any of the requested data, stating such release might have a detrimental effect on the result of the pending appeal and possible re-trial. The Deputy Attorney General decided the documents must be released and so advised CBS by letter dated December 1, 1975. The requested documents were furnished to CBS by letter dated December 2, 1975.

By letter dated December 15, 1975, Leiser requested an explanation as to absence in the released material of information regarding photos, photomicrographs, and analyses of the test bullets comparisons with the death bullet. The Laboratory Division has responded to this request by addendum dated December 22, 1975, indicating the death bullet in this case was too distorted to be of value for microscopic purposes and, therefore, no photographs or photomicrographs were made of the test bullets.

Memo to Mr. Jenkins
RE: Ernest S. Leiser

On December 23, 1975, in response to a telephone inquiry Leiser was informed of the Laboratory response which will be confirmed in writing. Leiser is intending to present on January 2, 1975, on television as part of CBS's "American Assassins," special the Martin Luther King, Jr., murder. It is reasonable to assume that the material provided by the Bureau will be used on this TV presentation. In Mr. Leiser's letter of December 15, 1975, he indicated CBS has employed as a ballistics expert in this Martin Luther King, Jr., matter, Lowell Bradford, who felt that identification of the bullet as having-or having not- come from the evidence rifle-should be readily possible. Laboratory Division personnel question Bradford's "expertise" and point out he has appeared in the past in cases expressing opinions conflicting with Bureau findings.

RECOMMENDATION:

It is anticipated that Leiser's (Bradford's portion) program may be one sided and may not accurately portray the Bureau's procedures and the Laboratory Division may want to personally contact Leiser to explain in detail Laboratory procedures in connection with the examination of the Martin Luther King, Jr., death bullet and rebut, up front, any possible misinterpretations of the FBI Laboratory findings and procedures.

This is the case involving the murder of Martin Luther King, Jr., in Memphis, Tennessee, in April, 1968.

Attached for approval is a memorandum to the Attorney General enclosing a copy of a letter and envelope with enclosure which was received by this Bureau from James Earl Ray. This memorandum has been prepared with copies for the Deputy Attorney General, Assistant Attorney General (AAG) Criminal Division and AAG Civil Rights Division in view of the Department's current review of all Bureau files pertaining to Martin Luther King.

In his letter to FBIHQ, Ray advises that he has read that certain evidence gathered by this Bureau in the Martin Luther King investigation may be destroyed. Ray, obviously believing that this material relates to the investigation of the assassination of Dr. King, requests that no evidence be destroyed by this Bureau or by the Department pending Ray's appeal before the Sixth Circuit Court of Appeals. (All evidence obtained by this Bureau during the investigation of the assassination of Martin Luther King was turned over to Tennessee authorities in October, 1968.)

Enclosed with Ray's letter was a copy of a newspaper article dated 12/11/75, which set out a decision by the U. S. Court of Appeals for the District of Columbia that Special Agents of the FBI must retain the notes prepared by them during interviews.

On 3/10/69, James Earl Ray entered a plea of guilty to the charge of murder of King and received a 99-year sentence. Federal process against Ray, charging him with violation of Title 18, Section 241, U. S. Code, conspiring to violate the civil rights of Martin Luther King, was dismissed on 12/2/71.

Ray's letter has been acknowledged by form letter advising Ray that a copy of his communication has been forwarded to the Department of Justice.

ACTION: If approved, the attached memorandum should be forwarded to the Attorney General.

Dear Mr. Bronstein:

December 15, 1975

I have been trying to get the F.B.I. to turn over to me my file under the freedom of information act. since July 8, 1975. I expect you know that the F.B.I. only have to complied with the f.o.i.a. under ten days. However, In my case it been six months and I see no relief in sight. I have been giving one excuse after another,

Recently the st. louis post dispatch ran an article in an editorial claiming that the F.B.I. WAS STONEWALLING IT when it came to turning over information under the F.O.I. A.

A few days later the head of the F.B.I. in st louis wrote an answer to this editorial claiming that they was not stonewalling it. I expect you can see by the tactic they are using on me that they are stonewalling it.

One of the reasons they might be stonewalling it in my case is that I'M serving eighteen years in a federal penitentiary for picking up on a highway a person who was found not guilty of robbing a bank. I then found out that agents had threaten my co-defendant from taken the stand at my trial while they legalized an illegal searched of his room with perjury testimony. Solely for the purpose of being able to plant a 'DEAD MAN MONEY' into the trial as evidence. One of these agents was J. Wallace Laprade who recently was sued by Rev. Koen for sending perverted letters to Mr. Koen and his wife. Well Mr. Laprade also entered a lawsuit which I filed against an F.B.I. agent in St. Louis. He gave a sworn affidavit backing up this other agent. I prove it was perjury. the

Dear Mr. Leiser:

This is in response to your letter dated December 15, 1975, seeking clarification regarding bullet comparison photomicrographs of the evidence bullet and of test bullets made by our laboratory in connection with the investigation concerning the assassination of the late Martin Luther King, Jr.

By telephone call on December 23, 1975, you were advised by Special Agent Thomas L. Wiseman that the evidence bullet in this case did not bear sufficient microscopic marks of value for identification purposes. Additionally, no photographs or photomicrographs of the test bullets obtained from the evidence rifle were made inasmuch as such photographs would not be taken in situations where it is not possible to effect an identification.

On December 29, 1975, FBI Assistant Director Jay Cochran, Jr., advised you by telephone of the procedures utilized by our laboratory in conducting firearms examinations.

I wish to assure you the FBI is concerned in seeing that the truth is aired. If you have further questions in this matter, our personnel will continue to make every effort to assist you.

PURPOSE: To advise of the institution of investigation to resolve an allegation by Leon Owen Powell that he and his brother were offered payment in 1967 to murder Dr. Martin Luther King, Jr.

BACKGROUND: This case pertains to the shooting death of Dr. Martin Luther King, Jr., on 4/4/68. James Earl Ray pled guilty to this murder and presently is in local confinement.

By teletype dated 1/5/76, our Atlanta Office advised of information furnished by one Leon Owen Powell who, in essence, claims he and his brother, Claude Powell, Jr., while in an Atlanta bar in October - November, 1967, were approached by a mutual friend, Ray Godfrey, who asked the Powells if they were interested in making \$50,000. Godfrey told them he would put them in contact with an individual who would pay them to murder King. Approximately one week later at the same bar, the Powells were approached by an individual named Ralph (Last name unknown), who said "I guess you know why I'm here" and subsequently opened his briefcase displaying what he said was \$25,000. Powell said they told Ralph they needed time to think it over. Ralph replied "if your mind is not made up now, I can't do business with you." Powell said Ralph never said the money being offered was to kill King. Powell states neither he nor his brother were involved in murder of King.

Leon Owen Powell also stated that the only other individuals aware of this meeting with Ralph (LNU) were his former wife, Annie Lois Compos and Pete Davis, owner of the bar. He stated Compos had no first-hand knowledge, and she is aware of the facts as he described them to her.

Memorandum to Mr. Gallagher
RE: MURKIN

Davis observed Ralph (LNU) enter and exit the bar but had not entered into the conversation. Leon Owen Powell stated the reason he believes he and his brother were contacted by Godfrey is because his brother "Shotgun" served 5 years for armed robbery and had a reputation for being an expert with a shotgun. Leon Owen Powell stated he is willing to take a polygraph in this matter.

DETAILS: On 1/6/76, this matter discussed with Mr. Robert A. Murphy, Chief, Criminal Section, Civil Rights Division (CRD), U. S. Department of Justice and he requested immediate investigation to resolve this allegation. Mr. Murphy requested the following investigation:

Interview Claude Powell, Compos and Davis for any information they have re this allegation by Leon Owen Powell; obtain artist's conception of Ralph (LNU) from Leon Owen Powell; determine present whereabouts, including residence and employment of Godfrey - CRD stated Godfrey should not be interviewed at this time; determine all places where Claude Powell incarcerated to determine if he ever was incarcerated with James Earl Ray and handle any additional obvious and logical leads developed, such as the interview of any additional witnesses developed during interview. CRD will make a determination whether Leon Owen Powell should be given a polygraph examination upon the completion of the above investigation. This request from Mr. Murphy has been confirmed in writing.

Atlanta has been advised by separate communication to conduct this investigation immediately.

ACTION: For information. You will be advised of any pertinent developments.

Memorandum to Mr. Gallagher
RE: MURKIN

Leon Owen Powell also stated that the only other individuals aware of this meeting with Ralph (LNU) were his former wife, Annie Lois Compos and Pete Davis, owner of the bar.

The Civil Rights Division (CRD), U. S. Department of Justice, requested investigation to resolve this allegation.

DETAILS: Claude Powell, Jr., was interviewed and although he also claims a payment offer was made to kill King, his account differs somewhat from that of Leon Owen Powell. Claude Powell, Jr., states that three or four weeks prior to the murder of King, he and his brother, Leon, were seated in a booth in Pete's Bar in Atlanta. Ray Godfrey, a friend of Leon's, joined them in their booth and engaged in conversation with Leon. Claude paid no particular attention to what they were talking about. Godfrey then left the booth and approximately ten to fifteen minutes later, an unknown subject (unsub), a white male, joined them in their booth and placed an expensive-looking briefcase on the table. The unsub told them he wanted them to kill King and would pay \$25,000 now and \$25,000 when the job was done. The unsub then opened his briefcase, which was full of wrapped currency. Claude stated he was shocked, assumed it was some sort of a joke and he ignored the unsub. The unsub then closed his briefcase and departed.

Wendell Sutton Powell, a brother, stated he had not heard of anyone contacting his brothers re offering them money to assassinate King. He advised if Claude had seen \$25,000 in one lump sum, Claude would have told others about it. He advised that Claude used to drink a lot and talk glibly when in a drunken condition.

Leon Owen Powell has furnished information for the preparation of an artist's conception of the unsub who reportedly made the payment offer. Claude Powell, Jr., states he would not recognize the unsub and was unable to furnish information for an artist's conception.

Annie Lois Compos, former wife of Leon Owen Powell, after some prompting, remembered an incident wherein Leon told her an individual had contacted his brother and him regarding the murder of King. Leon told her that the man had a suitcase

Memorandum to Mr. Gallagher

RE: MURKIN

full of money and wanted them to murder King. She stated Leon was very intoxicated when relating the story to her after the King assassination. She stated that numerous times while Leon was drunk, he would talk about various killings and killers.

Investigation determined that Pete Davis, the owner and operator of the bar, died of cancer in May of 1975.

Ray Godfrey has been fully identified as Arnold Ray Godfrey and has advised that he did not talk with either of the Powells re the assassination of King nor did he introduce anyone to them re the assassination of King. He denied all knowledge of any assassination plot re King.

The results of our investigation have been closely coordinated with the CRD and on 1/14/76, Mr. Robert A. Murphy, Chief, Criminal Section, CRD, requested that polygraph examinations be afforded to Leon Owen Powell, Claude Powell, Jr., and Arnold Ray Godfrey, in an attempt to further resolve this matter. This request from Mr. Murphy has been confirmed in writing.

By separate communication, Atlanta is being instructed to have SA John B. Reynolds, Bureau-approved polygraph examiner, afford the requested polygraph examinations to Leon Owen Powell and Arnold Ray Godfrey. SA Loren K. Lee, Bureau-approved polygraph examiner, San Antonio Division, is also being instructed to afford the requested polygraph examination to Claude Powell, Jr., presently in the El Paso Division, since our El Paso Office does not have a Bureau-approved polygraph examiner. This coordinated with Laboratory Division.

ACTION: For information. You will be advised of any pertinent developments.

HIS BROTHER AND HIM REGARDING MURDER OF MARTIN LUTHER KING, JR. POWELL TOLD HER THAT MAN HAD A SUITCASE FULL OF MONEY AND WANTED HE AND HIS BROTHER, CLAUDE, TO MURDER KING. POWELL WAS VERY INTOXICATED WHEN RELATING THIS STORY TO HER. SHE SPECIFICALLY REMEMBERS HE RELATED THIS TO HER AFTER THE KING ASSASSINATION. HER EX-HUSBAND WAS CONSTANTLY GETTING DRUNK AND SPENDING ALL HIS PAY CHECK ON BOOZE. NUMEROUS TIMES SHE HAD TO PULL HIM OUT OF A BAR BEFORE HE SPENT ALL HIS MONEY SO THERE WOULD BE ENOUGH LEFT TO BUY GROCERIES. NUMEROUS TIMES, WHILE HE WAS DRUNK, HER EX-HUSBAND WOULD TALK ABOUT VARIOUS KILINGS AND KILLERS. SHE THOUGHT THIS WAS MOSTLY THE LIQUOR TALKING; HOWEVER, IF HE STUCK BY HIS STORY WHEN HE WAS SOBER, SHE WOULD ATTRIBUTE SOME VALIDITY TO HIS TALE. SHE COULD NOT SUPPLY ANY FURTHER INFORMATION.

ON JANUARY 8, 1976, BOBBY JOHNSON, RADIO STATION, WPLO COUNTRY AND WESTERN MUSIC STATION, ADVISED THERE HAD BEEN A COUNTRY AND WESTERN SINGER BY THE NAME OF RAY GODFREY IN 1967 OR 1968.
