State of Missouri,

Respondent,

vs. Appeal from the Circuit Court of St. Louis City.

James Earl Ray,

Appellant.

Now at this day come again the parties aforesaid, by their respective attorneys, and the court here being now sufficiently advised of and concerning the premises, doth consider and adjudge that the judgment aforesaid, in form aforesaid, by the said Circuit Court of St. Louis City rendered, be affirmed; and that the said respondent recover against the said appellant its costs and charges herein expended, and have execution therefor. It is further considered and adjudged by the court that the sentence pronounced against the said James Earl Ray appellant herein, by the said Circuit Court of St. Louis City be executed, and that the marshal of this court arrest the said James Earl Ray without delay, wherever he may be found in this State, and deliver him to the Department of Corrections, Jefferson City, Missouri, to be confined in the appropriate penal institution for the period of twenty (20) years, the same being the sentence passed by the said Circuit Court of St. Louis City. (Opinion filed).

JAMES BARE RAY,

1

FEB 19 1963

vs.

Retitioner,

No. 871

E. V. MASH, Warden,

Respondant.

0416

MINGRATERY AND CIRER

This is a petition for a writ of habeas corpus, sought to be filed in forma pauperis by an inmate in the Missouri State Penitentiary and directed against the warden of that institution.

Petitioner was apparently convicted of the crime of armed robbery on December 17, 1959 in the Circuit Court of the city of St. Louis.
Missouri, and was sentenced to twenty years upon that conviction.

Petitionor now raises three principal issues:

- 1. That an illegal so the and solders, not incident to a lawful arrest, was conducted by agents of the State, and evidence which was the fruit of this search was used against defendant at his trial;
- 2. That, after his arrest, petitioner was held incommunicade by the police for a period of approximately 9 days during which time, a statement or confession was obtained from him which was the result of threat and duress, and that this statement or confession was used in evidence against him at the trial;
- 3. That false and perjured testimony was elicited at his trial.

 It would appear that patitioner has enhausted his state remedies
 as required by \$2254, Title 28, U. S. C., although this issue is not
 foreclosed, as it appears that the Missouri Supreme Court did not

pass on the merits of cartain issues raised by petitioner on appeal, as these matters were not preserved for appeal, although they seem to have been presented to the United States Supreme Court in petitioner's application for certionari there, which was refused by that court.

In view of the seriousness of the accusations made by patitioner, respondent is hereby ordered to show cause, within 20 days of this date, why the patition should not be granted.

IT IS SO ORDERED.

Judge June

Kansas City, Missouri, February 19, 1963

EXPLANATORY NOTES:
Sedimentation Index. Represents the total sedimentation of red blood cells at the end of 60 minutes expressed in millimeters. Normal index for men varies from 2 to 8 millimeters, with an average of 3 to 4; for healthy women from 2 to 10 with an average of 5 to 6.

Sedimentation Time. Represents the time required for the "complete" settling of the red blood cells. Normal time always a question of hours. Of clinical value when reduced to 60 minutes or less.

Horizontal Line. A straight line with a sedimentation index falling within normal limits. It alone represents normal. The other graphs are always abnormal findings.

Diagonal Line. A straight line with a sedimentation index beyond normal limits.

Diagonal Curve. A curve of gradual descent with a sedimentation index beyond normal limits and a sedimentation time of 35 to 6' inutes.

Vertical Curve. A curv of sharp descent with a sedimentation index peyond normal limits and a sedimentation time of 30 minutes or less.
