A search of the premises believed occupied by Unsub who killed Dr. MARTIN LUTHER KING, JR., on 4/4/68 disclosed a pair of brownish checkered print undershorts and white jockey tee shirt bearing cloth laundry tags. These tags were made by a thermo seal marking machine manufactured by the Textile Marking Machine Company, Syracuse, New York.

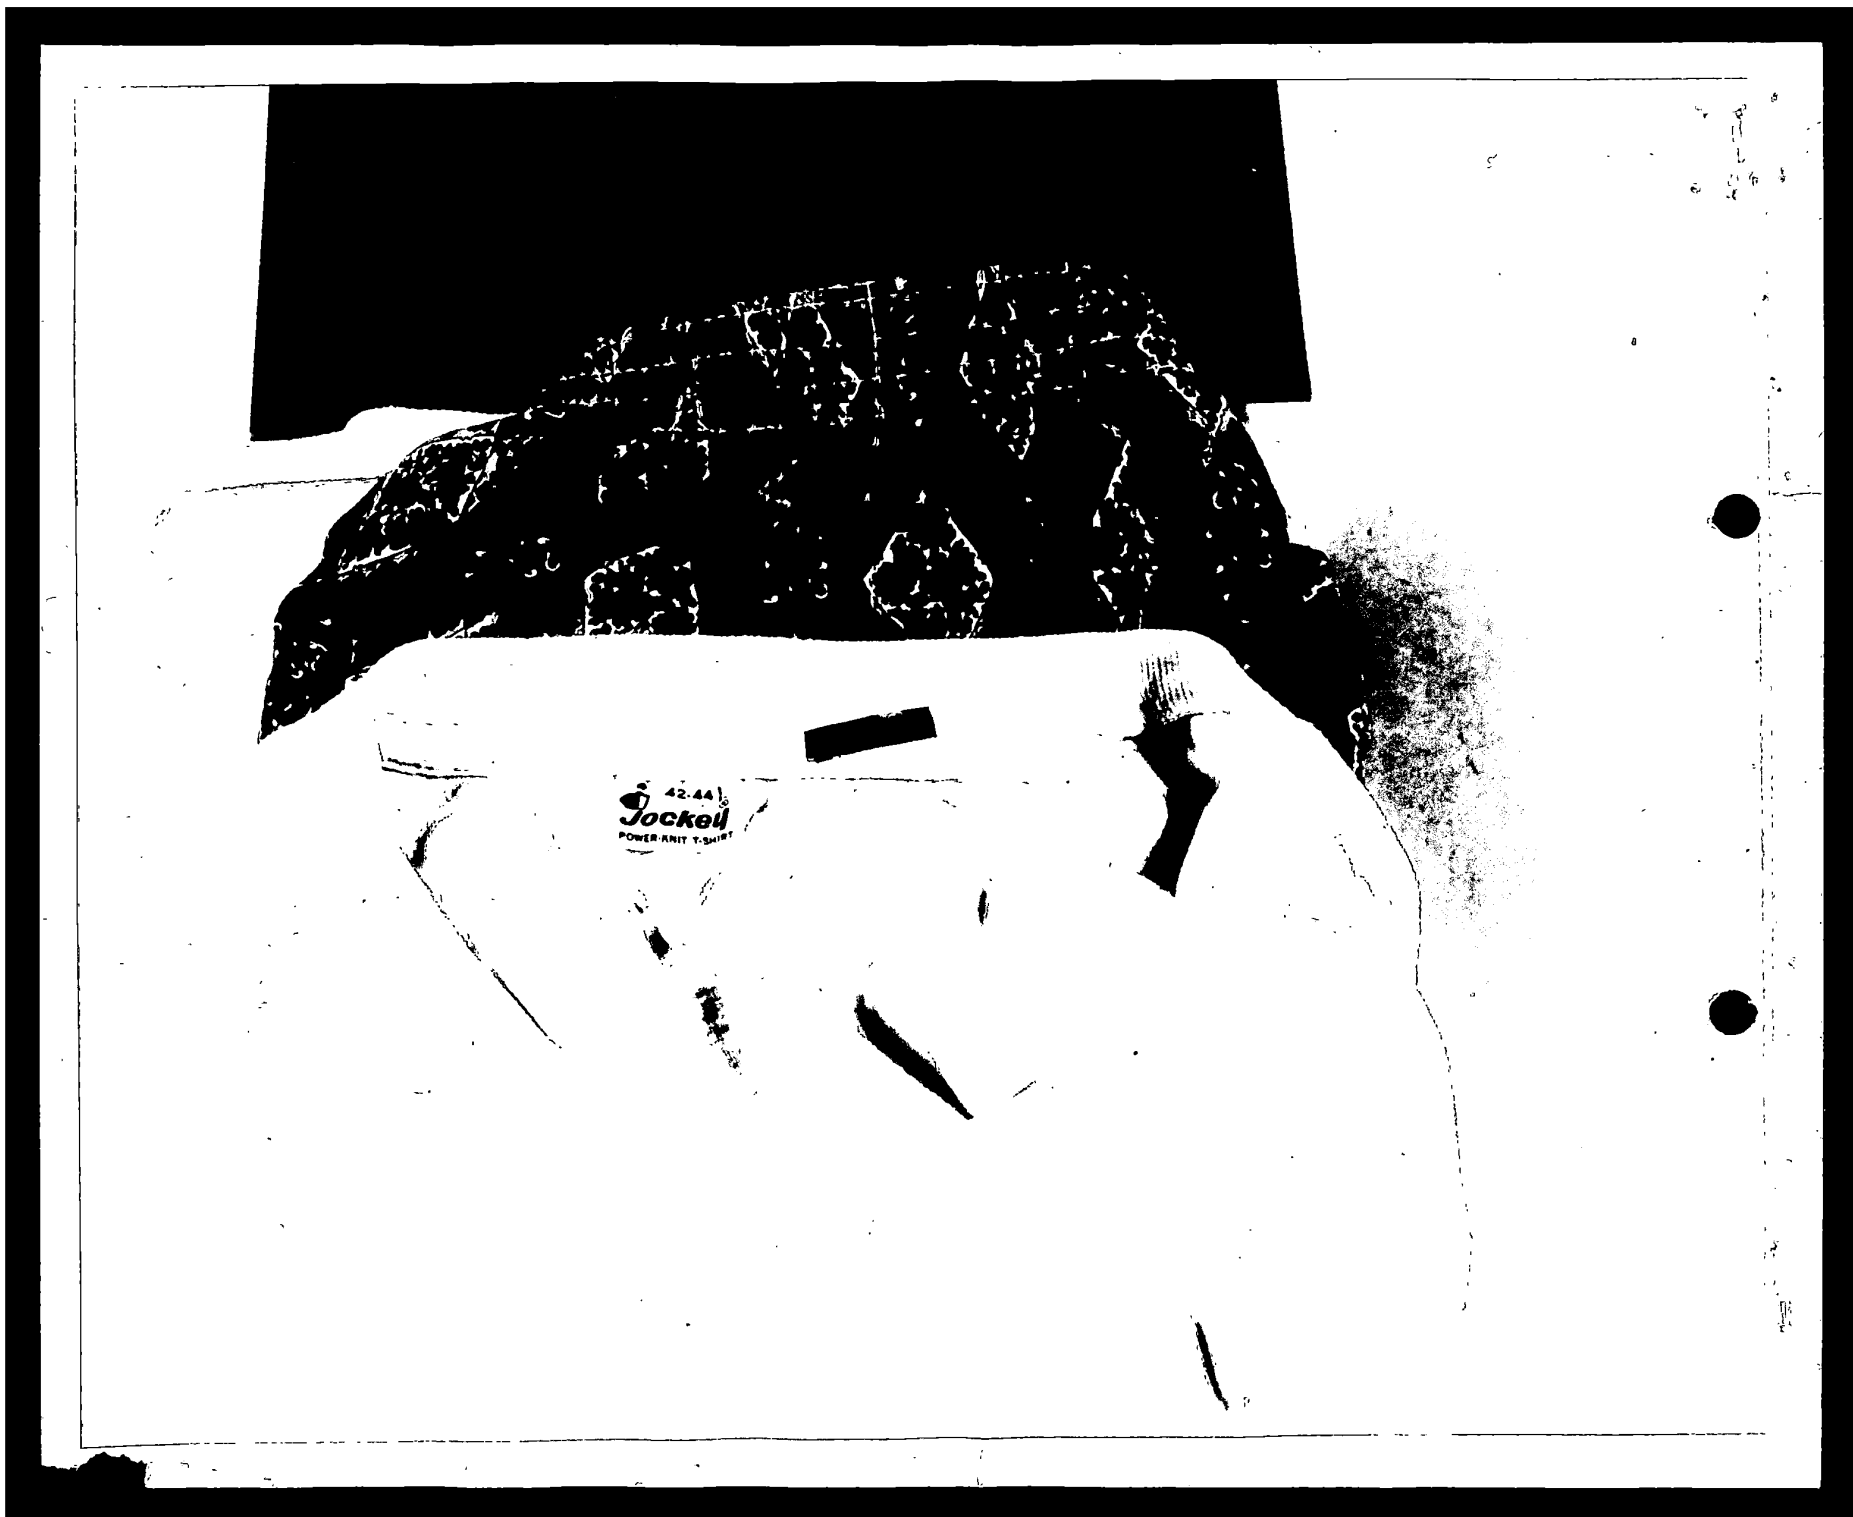

The tags are one quarter inch wide and one and one sixteenth inch long, red in color and bear marking which appears to be "O 2 B-6" or "D 2 B -6". Only a portion of the first character is present on each tag, and this character is cut on a slight bias.

Experts at Textile Marking Machine Company advise type on this machine is unusual in that the first two characters are fifteen point type and the last three characters are eighteen point type, with the middle character, the letter B, probably being narrow rather than regular type. The usual machine carries fifteen point type for the first three characters and eighteen point type for the last two characters.

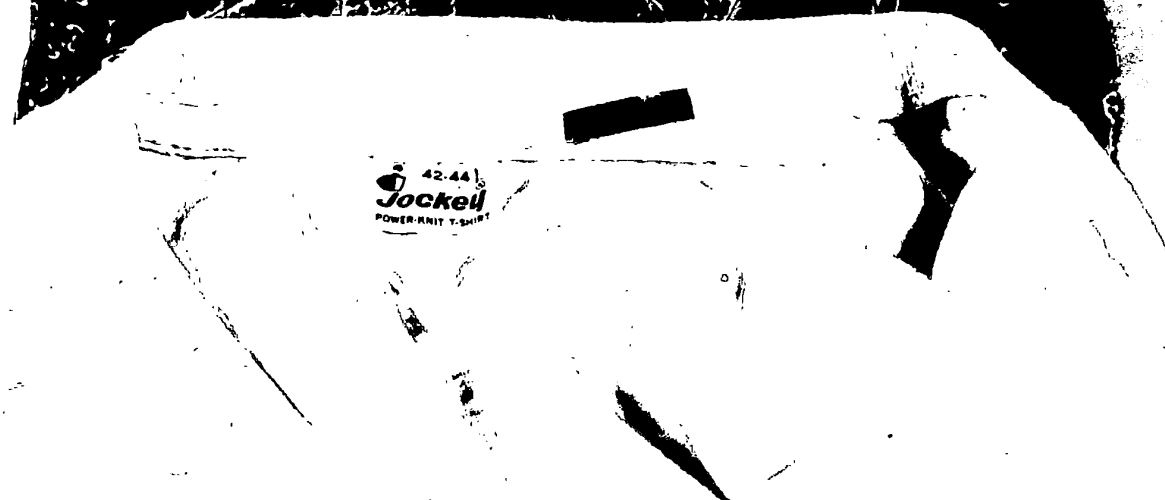

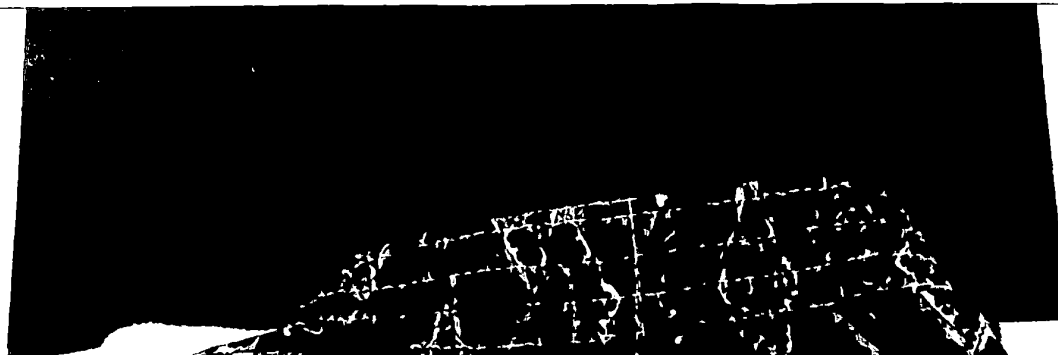

Experts also stated this machine is defective in that it is producing a tape one and one sixteenth inch long instead of one and one eighth inch long and is not projecting the tape far enough resulting in cutting off a portion of the first letter.

The code is as follows: The first letter "O" stands for lot number; the first number 2 indicates the day of the week, 2 being Tuesday; the second letter "B" indicates the first letter of the store name; the last number is the bundle number which is 6. Color coding of the tag may designate various things such as a different month or the identity of a store in a chain.

Telephonically contact all laundries to identify laundry using this code and these tags and pursue logical leads developed. First contact those laundries whose name starts with a "B" and advise Headquarters of results, thereafter contact remainder.

Extensive investigation to date has not specifically established residence or whereabouts of ERIC STARVO GALT prior to mid-summer 1967. Investigation has disclosed that his presence has been established in Alabama, California, Georgia, Louisiana, and Tennessee.

Possibility exists that prior to mid-summer, 1967, UNSUB may well have been a recent releasee of a Federal Penitentiary, a State Penitentiary, or some county correctional institution. In addition, the possibility that he may have been a recent releasee from a mental institution of some kind cannot be overlooked.

It is therefore requested that all offices receiving this Airtel check records of custodial institutions, penal and otherwise, in their respective divisions, for any information regarding releasees in May, June, and July 1967. Offices should be guided by the descriptive data and birth data furnished on Alabama driver's license. This set forth birthdate [redacted] Descriptive data available on license will assist in eliminating many of the names that might appear. Use of current photo, which is dated March 1968, would also be of assistance in further eliminating any suspects included in group. If unable eliminate on basis of birth data and use of photo, receiving offices should secure from custodial institution identifying numbers which will assist in establishing identification record and thereafter request elimination by fingerprints of Bureau. THIS IS URGENT

Dear Chief of FBI Hoover

If one of your men, not a white man were to hang out around the Black Muslim building in Watts, you would hear talk that Ron Karenga and Carmichael had hired a gunsel to kill Reverend King. Carmichael hated King because he would not go along with his idea of violence. People here could tell plenty but they are afraid. In fact the killer is being hid out by Karenga in this area. He is not a white man but a Black man with bleached hair. I heard this told by some one who is a close friend of Karenga. I can not tell more as an Uncle Tom label on me would be my end too. A smart man of your office hanging out in disguise in Watts could find the key. One hears that Stokely thought the death of King would start a revolution by all the Blacks but we decent ones want only the right man caught.

An ex Muslim

The following investigation was conducted by  
SA JAMES W. SAMMON on 4/15/68, at Southaven, Mississippi:

Located at the Southaven Minnow Shop, Highway 51 S, one-half mile from the Tennessee State Line, was a quantity of "Schlitz" beer, 12 ounce, pop-top cans in the plastic six-pack holder. This beer was dated "03/158", and was distributed from Clarksdale, Mississippi.

Also located in that bait shop was a brown paper bag bearing the trademark "Homestead; Stubby; 20; 31K7", which is used to package six-packs of beer by the bait shop personnel.

This bait shop is located exactly three miles south from the Oliver Drugstore, Highway 51, Whitehaven, Tennessee.

BILL MC LAUGHLIN, owner of the bait shop; his wife, JANE MC LAUGHLIN; his son, WILLIAM MC LAUGHLIN; and frequent customer, LAWRENCE PARKER, all of Southaven, were interviewed. All failed to identify the Birmingham and Memphis composite photos of Unsub in this matter. None recalled seeing a white Mustang with an Alabama license around 4/3-4/68, nor do they

FROM : SA HECTOR L. PELLEGATTA

SUBJECT: MURKIN

DATE: 4/19/68

Re call by ~~WALLACE FISHER~~, 116 East Sixth Street, Corona, California, on 4/18/68, that individual appearing to be GAULT was staying at a hotel located at 2116 $\frac{1}{2}$  East Sixth Street, and activities were suspicious.

The following investigation was conducted by SA HECTOR L. PELLEGATTA and SA LANFORD L. BLANTON on 4/18/68:

It was noted that there is no such address as 2116 or 2116 $\frac{1}{2}$  East Sixth Street, Corona, California.

The Mission Apartments, located at 216 $\frac{1}{2}$  East Sixth Street, Corona, California, is a second rate hotel. Mr. H. R. ROESNER advised he has been the manager of the Mission Apartments for one year and that WALLACE FISHER operates a garage under the hotel. ROESNER was shown a picture of ERIC S. GAULT and stated that no one resides there now that even resembles GAULT.

ROESNER advised that on the afternoon of 4/18/68 a son in-law of one of the tenants, a Mr. GUITERREZ who is presently confined in the Corona Hospital, came by to pick up some of his belongings and take them to the hospital. He said that the son in-law, FRANK SMITH, does not resemble GAULT but that he did hurry in and out of the hotel to get his belongings.

ROESNER further stated that in addition to Mr. GUITERREZ, he has several other male tenants that have been here for a period of six months or less. He said that only one person has registered recently and that is DONALD HICKS who came in the morning of 4/16/68 from Redding, California. He said he arrived in a cab and has seen no one drive in in a station wagon.

In view of the foregoing, no further investigation concerning FISHER's observations is being conducted.

On 4/20/68 MRS. ESTHER NAGEL, 301 S. Kenmore, Apt. 307, L.A., advised that in the latter part of 1959 or the early part of 1960 she employed JAMES RAY to paint and repair the roofs of the motel cabins she operated in Camdenton, Mo. NAGEL explained that she could not be <sup>more</sup> positive about the time inasmuch as she has suffered 15 heart attacks since that time, and her memory was somewhat impaired.

She believes that RAY was recommended to her by a Camdenton cab-driver (name unrecalled) as a good handyman. She hired him, and for about 3 weeks she had lunch every day with RAY. She described RAY as follows: W/M/A, 5'9" or ~~5~~ 5'10", medium build, blue eyes, dishwater blond hair, 26 or 27 years of age at that time. *no*

*no* RAY impressed NAGEL, who is a college graduate herself, as being a highly intelligent individual, and a more than competent painter, roofer, and carpenter. And sometime after he had completed the painting job, NAGEL rehired RAY for about 2 weeks to care for the motel grounds.

From her conversations with RAY she recalls that RAY claimed to be from St. Louis, Mo., where he had 2 older brothers, both married, and a younger sister, also married, (all names unrecalled) still residing. RAY had left her employment in ~~order~~ order to return to St. Louis in early 1960, according to NAGEL. *44-1574-533*

She recalls that RAY resided in both Camdenton and nearby ~~Mack~~ Mack Creek, Mo., ~~and that~~ during the time she knew him; that RAY was married to a W/F/A, (name unrecalled) who was very small and slender, ~~and had dark hair~~ ~~hair~~ blond, and 21 at that time; that RAY had 2 children, (names unrecalled) a boy, age 2, and a girl, age 3 or 4; that RAY'S daughter was suffering from an ear problem or hearing deficiency, was visiting the Camdenton Clinic, and was the reason RAY left for St. Louis, ostensibly to have an operation performed on his daughter; ~~that~~ that RAY frequented BOB & PHIL'S

*Speculation  
founded*

Bar, on Hiway 54 near Camdenton, and another tavern on Hiway 5; that RAY purchased supplies in conjunction with her at the Mid-West Co. and Perry's Lumber Yard; that RAY'S mother (name unrecalled) may have died and been buried in Camdenton; that RAY was driving an old grey pick-up truck at that time; and that RAY attended what she believes to be a Presbyterian Church, located on a hill near a graveyard, in Camdenton.

After RAY left Camdenton, she continued to reside therein for approximately 18 months ~~and~~ without hearing anything more about him. She then moved to California.

She could not provide the name of any friend RAY might have had, and she could not recall ever seeing him with anyone other than his wife and children who would pick him up in the truck after work.

NAGEL observed a photo of JAMES RAY, aka ERIC GALT, and advised RAY looked nothing like the photo displayed when she knew him. She provided a photo appearing in the L.A. Times of 4/20/68, picturing RAY at the time of his trial in St. Louis in 1960 and remarked that it was a picture of the JAMES RAY who had worked for her.

On April 17, 1968, Special Agents ROGER L. KAAS and JOHN E. OGDEN recontacted JIMMIE D. GARNER for the purpose of determining what disposition had been made of mail addressed to ERIC S. GALT and delivered to 113 14th Street, N. E., Atlanta, Georgia. GARNER advised he had secured the mail from the table in the hall at this address and had taken the mail to his room for safe keeping. At the Agents' request, GARNER turned the two letters and one package over to the Agents. Special Agent ROGER L. KAAS subsequently delivered this mail to Supervisor A. M. SLOAN, U. S. Postal Substation C, 92 14th Street, N. E., Atlanta, Georgia. SLOAN immediately recognized the name of the addressee, at which time he was instructed by Special Agent KAAS that the addressee no longer resided at the listed address, requesting the items be appropriately stamped and personally thrown in the outgoing by SLOAN to be returned to the sender. He assured the Agents that once he had placed the appropriate hand stamp on these items, no further attention would be paid to them by the other employees.

Subsequently, on April 17, 1968, Special Agents KAAS and OGDEN went through all of the available trash at 113 14th Street, N. E., Atlanta, in an effort to locate the note which, according to GARNER, had been left in Room #2 by GALT prior to GALT's departure. No trace of this note could be found in the trash. GARNER had previously advised that he believed that he threw the note in the trash can in Room #2 and felt certain that the trash had been collected since this occurrence.
