GOODWIN that on 4/4/68 he attended a meeting of the Memphis Citizens Committee for the Blind held at the Sheraton Motor Inn, Union Avenue. He stated he arrived at approximately 11:20 A.M. and was seated at a table with a Mr. GRAHAM, a Mr. LATHAN, the president of the Progressive Guild for the Blind (name unknown), Mr. BOB MC KNIGHT, CONRAD LIGGIN, a Mr. WINFIELD, Mr. LIGGETT, and a ROBERT FOLLEY, a member of the House of Representatives for the state of Tennessee. HAYNES stated he did not know the full names of the above persons because he was given a fast introduction to them. He also added that he could not at any future time recognize any of these persons due to the fact that he has been blind all of his life.

He stated during the meeting he overheard bits of a conversation between BOB MC KNIGHT and another person whose name he does not know. He stated that as soon as MC KNIGHT realized that he was overhearing the conversation, he began to speak in muffled tones as if he did not want him to hear what he was saying. HAYNES stated he heard BOB MC KNIGHT, public relations manager for the Workshop for the Blind, say that KING was not going to "carry" that march because he knew a boy from Northern Mississippi who would stop him. MC KNIGHT said that the boy would be in a white house across the street from the motel.

HAYNES added that even though he only heard parts of the conversation which MC KNIGHT was having with another person, he feels that the plan for the murder of KING came from the city government because the Memphis Workshop for the Blind is composed

Memorandum

TO : SAC, MEMPHIS (44-1987)

FROM : SA WILLIAM H. LAWRENCE

SUBJECT: MURKIN
CR

DATE: 4/16/68

RE: INQUIRY RE PEOPLE AT LORRAINE MOTEL

(Rev. SAMUEL B. KYLES, Aka
S. B. Kyles)

On morning of 4/15/68, SA STEPHEN M. DARLINGTON advised SA WILLIAM H. LAWRENCE that he had obtained a list from WALTER LEE BAILEY, operator of the Lorraine Motel and Hotel, 406 Mulberry, as to those individuals registered into this hotel-motel on 4/3-4/68, the day preceding and the day on which Dr. MARTIN LUTHER KING, JR. was murdered. Among those listed was S. B. KYLES who was staying in Room 312, April 3-4, 1968, and BAILEY stated that he is pastor of the Monumental Baptist Church, 704 South Parkway East and resides at 2215 South Parkway East.

SA DARLINGTON stated that for the past several days he has been unable to make contact with KYLES, that he has called his home and his church on frequent occasions, left word for KYLES to return his call and on one occasion KYLES did return the call but SA DARLINGTON was not in the office.

SA DARLINGTON requested that the writer attempt to interview KYLES.

At approximately 12:30 p.m. 4/15/68, SA WILLIAM H. LAWRENCE attempted to call the church, 704 South Parkway East, and no one answered, called his residence phone 323-0565 and his wife answered the phone. She stated in a rather terse manner after the Agent introduced himself that her husband Rev. SAMUEL B. KYLES, pastor of the Monumental Baptist Church was out of the city and would not return to Memphis until Saturday morning, 4/20/68. She refused to say where he can be located in the interim.

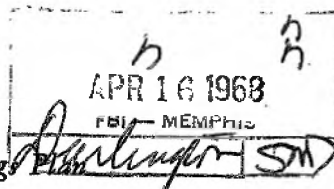

It was emphasized to her by SA LAWRENCE that it

was of paramount importance that her husband be interviewed as early as possible due to the fact that he was possibly at the Lorraine Motel about the time that Dr. KING was murdered and that he might possibly be of material benefit to this Bureau in identifying the assailant. She stated that she realized this but that she still refused to advise writer as to her husband's whereabouts. She emphasized that she would have Rev. KYLES call SA LAWRENCE on Saturday, 4/20/68 upon his return.

It will be noted that independently on Sunday, 4/7/68, Dr. VASCO A. SMITH, JR., a liaison source advised writer that he and his wife MAXINE SMITH and Rev. KYLES were to have dinner with MARTIN LUTHER KING, JR. at 6:30 p.m. on Thursday, 4/4/68, the evening which he was murdered at approximately 6:01 p.m. and that the dinner was to have been in the home of KYLES and that he understood that KYLES had been at the motel at the time KING was murdered.

It is of further interest to note that SA DARLINGTON advised that officers of the Homicide Bureau, Memphis, Tennessee PD have advised him that they have made concerted efforts to interview KYLES and that he has steadfastly refused to talk with them.

As further interest it will be noted that the 4/12/68 issue of the Press Scimitar newspaper had story on page one captioned "Negroes Plan New Protest" written by staff writer CLARK PORTEOUS stated that Rev. JAMES M. LAWSON and Rev. SAMUEL B. KYLES both leaders in the Community on the Move for Equality (COME), supporters in the current sanitation strike at a press conference held earlier 4/12/68 made charges of Memphis police brutality including charges of police thefts of money from Negroes stopped for questioning during the recent curfew and reported that KYLES said that many Negroes who were beaten by the police and who needed hospitalization could not get ambulance service from the city and further stated that Negro filling station operators almost in a group were harassed, threatened and in some instances their windows were broken and their help beaten if they remained open only two minutes after the curfew. He claimed that the Memphis Gas, Light and Water Division would not send service trucks into Negro areas, that telephone lines were jammed and that all sorts of things happened and that the

ME 44-1987

press refused to print any of this. PORTEOUS reported that LAWSON and KYLES declined to give details on the charges that the police took money and that KYLES said that efforts to get a civilian review board to investigate charges of police brutality have been going on for five years without success.

LEADS:

STUART is known to the Memphis PD and to Agents of this office as an associate of a number of local burglars, check passers, and other small-time Memphis police characters, and his father's place of business has been a hangout and contact point for some of these individuals. STUART is divorced from his wife, by whom he has two children, and his ex-wife has recently remarried. STUART is a rather flighty individual, who does not always furnish information freely and frankly until he is pinned down. STUART furnished the following information concerning his knowledge of TOMMY ELLIS PIKE, GORDON FORBES, and others in Memphis since GORDON FORBES showed up in Memphis in about January 1968:

GORDON FORBES is originally from Memphis, his entire family having moved from Memphis some 7 or 8 years ago to Panama City, Florida, where FORBES' father owns and operates two late-model, large, expensive, ocean-going commercial vessels (according to story told to STUART by FORBES). Sometime in January, FORBES showed up at STUART's father's junk yard where STUART works. He was driving a new 1968 maroon Chevrolet Malibu bearing Florida plates. He was alone. He told STUART that he had "busted up" with his wife. Since FORBES had nowhere to stay in Memphis, STUART let FORBES stay at his (STUART's) father's home at the above Poplar address. FORBES slept there for between one and two weeks. FORBES did not have much money and STUART had to buy all the drinks and eats when they were going from one lounge to another in Memphis during this period. At one point STUART loaned FORBES \$25, which was not repaid.

During this period, the only person FORBES was known to be associated with was BUD MASON, a used car dealer, well known to the police and to this office, and

ME 44-1987

stated by STUART to reside in the area east of Airways between Lamar and the airport in the same general area where TOMMY PIKE's parents reside. STUART gained the impression that FORBES stayed with MASON for perhaps a week or two.

During this period when FORBES was residing at the home of STUART and at the home of MASON, TOMMY PIKE was not in town. After FORBES had been in town perhaps three or four weeks, TOMMY PIKE showed up in Memphis after having been out of Memphis for several weeks, so far as STUART knows. STUART is sure PIKE was out of town during this period because he had been continually calling PIKE's father trying to locate PIKE without success. Several people had been asking STUART where PIKE was, including the police and the FBI. BILLY EUGENE SIDES and GERALD OLIN KEITH had both been inquiring about PIKE's whereabouts. STUART is fond of PIKE and was trying to get in touch with PIKE to have PIKE contact the police and the FBI. (One reason this office and the police were trying to locate PIKE was in order to interview him concerning the whereabouts of VERN MAC THOGMARTIN, a fugitive in a BB - Bond Jumping case, Memphis file 91-3439, STUART having furnished us information that it was PIKE who was instrumental in disposing of THOGMARTIN's furniture in Memphis after THOGMARTIN jumped bond in late November 1967.)

After FORBES had been in town for around a month, TOMMY PIKE showed up in Memphis and was seen by STUART in the red Chevrolet with FORBES on a number of different occasions. After PIKE got into town, PIKE was constantly in the company of FORBES. STUART does not know where FORBES was staying during this period. Both PIKE and FORBES were constantly drinking and were frequenting numerous bars in town, mostly those on Jackson Avenue, but including, so far as STUART can recall, the Falcon, the Ching Chong, Crown Lounge East, the Psycho, and the Manhattan. It is the custom of PIKE and FORBES to go from one bar to another, and undoubtedly they have been to numerous other bars in town.

For perhaps a month to a month and a half, FORBES and PIKE were together periodically. For a period of a week or two, however, both were out of town and they told STUART they had gone to Panama City where FORBES was,

ME 44-1987

was going to talk with his father in regard to working with his father on the two boats his father operates.

At a later time during the association of PIKE and FORBES, PIKE went out of town and was gone for a week or two, FORBES remaining in town. STUART stated that he could place the time that PIKE returned to town on this latter occasion as two or three days before PIKE and FORBES were involved in their wreck. On reflection, he stated he remembered that he (STUART) was at the Ching Chong Lounge the night of the big snow (3/22/68) at which time TOMMY PIKE came by the Ching Chong. Sometime prior to this, PIKE had been by the junk yard to see STUART but STUART was not there. STUART asked PIKE, "Where in the hell have you been?" He went on to tell PIKE that everybody was looking for him. PIKE replied that he had been in the trucking business. STUART pressed him in this regard and PIKE said that he had been working for SAM TANKERSLY (phonetic) at East Prairie, Missouri, driving a truck for TANKERSLY.

On the above occasion at the Ching Chong the night of the snow, FORBES was not with PIKE. STUART and PIKE agreed at this time to do some drinking around town this same night. STUART went back to his father's place of business, and an individual named LARRY JACKSON, who formerly worked for the Memphis Paving Company but now employed by some trailer concern in Millington, drove PIKE to PIKE's mother's home where PIKE cleaned up, PIKE and JACKSON later meeting STUART, all three of them going to the Psycho Lounge and later to the Manhattan Lounge where they drank until 4:00 or 5:00 a.m. (this being the night of 3/22/68). STUART left JACKSON and PIKE at the Manhattan Club. PIKE did not have a car but was depending on JACKSON for transportation that night.

STUART may have seen PIKE and/or FORBES the next couple of days but he simply cannot be sure. The next thing he recalls about PIKE and FORBES was on the morning after PIKE and FORBES had their wreck. A prostitute named ANN FOX, who can always be located through the Falcon Lounge on Jackson (located on Jackson near Breedlove), telephoned STUART and asked him if he had heard what happened to PIKE and FORBES. STUART had not. FOX told him they had been involved in a serious

wreck either that morning or perhaps the night before. FOX also told him that sometime just prior to the wreck PIKE and FORBES had been at Carey's Lounge. STUART stated that ANN FOX makes all the lounges. FOX told him that both PIKE and FORBES were drunk at Carey's Lounge, indicating that this was sometime just prior to the wreck.

STUART does not know any other "punks" that FORBES and PIKE were closely associated with during the period that they were together in Memphis prior to the wreck on about 3/25/68. LARRY JACKSON, above, is just another man around town that knows PIKE and accommodated PIKE by giving him a ride because PIKE had no "wheels." BUD MASON definitely will have information concerning the activities of FORBES in Memphis, and PIKE and MASON have been close in the past, although there was a rift between them after MASON repossessed an old Lincoln Continental which PIKE purchased from MASON in late 1967 and did not pay for.

As to GERALD OLIN KEITH, several weeks ago, perhaps a month and a half ago, KEITH came by STUART's father's junk yard asking STUART as to the whereabouts of PIKE. At the time PIKE was out of town and STUART was calling PIKE's father about every other day trying to find him, and STUART so informed KEITH.

As to WILLIAM EUGENE SIDES, STUART expressed the opinion that SIDES is definitely "hot" and that SIDES is presently pulling burglaries. Roughly two months ago, SIDES was in town, called STUART and had STUART meet him at Raino's Lounge on Lamar. STUART has known SIDES a long time, and SIDES trusts STUART. The general idea as to meeting at this remote area was the fact that SIDES did not want to be seen by the police. STUART met him. With SIDES at the time was SIDES' brother, ELBERT SIDES. SIDES was driving an old model 1962 or 1963 Cadillac. SIDES wanted to know about the "heat" in Memphis. STUART told him that he (SIDES) was "hot," as the police had been asking about SIDES and PIKE. SIDES commented that he was not out on bond on any charges but he did not furnish STUART any information as to exactly what he was doing, with whom he was associated or where he had been staying recently.

STUART expressed the opinion that SIDES at the time was either operating out of Louisville, Kentucky, or possibly Biloxi, Mississippi. From either SIDES or some of SIDES' associates he has heard references made to someone named "Red," who is supposed to be a safe man from the state of Alabama. He is under the impression that SIDES may be working with "Red" but he has no facts in this regard.

STUART advised that sometime between a month and a month and a half ago, SIDES called him, stating that he was calling from some restaurant, name not recalled, on Third around Jefferson, as STUART recalls. SIDES inquired as to the whereabouts of PIKE, and STUART told SIDES he had no idea as to PIKE's whereabouts.

STUART was asked whether he knew anyone named ELLMAN recently associated with FORBES, PIKE, and others. He immediately stated that he is acquainted with RONNIE ELLMAN, to whom he sold a car in about 1952. He last saw ELLMAN about three months ago when ELLMAN came by the above junk yard, accompanied by a tall white male with dishwater blond hair and buck teeth, whom STUART had never seen before and whose name is unknown to him. STUART characterized ELLMAN as a con man who has been "pushing credit cards." ELLMAN was traveling in a new white Chevrolet Impala at the time. He has not seen ELLMAN since and had not heard that ELLMAN had been arrested.

STUART stated he had never heard of anyone named CLIFTON BROUTEN COKE.

(RONALD EDWARD ELLMAN, white male, age 32, Memphis address 3511 Walnut Grove Road, and CLIFTON BROUTEN COKE were arrested by Memphis PD 4/1/68 on forgery charges and later released on bond. ELLMAN professed to be cooperative and was interviewed by this Agent for any information he might have concerning fugitive VERN MAC THOGMARTIN (Memphis file 91-3439). In substance, ELLMAN stated he had known PIKE about two years, had seen PIKE in the fall of 1967 at a used car lot in Louisville operated by BILLY EUGENE SIDES, and after ELLMAN returned to Memphis, he went by the hospital and visited with PIKE. He had also seen PIKE and SIDES together at an automobile auction in Baldwyn, Mississippi, in the fall of 1967, having helped them drive some used

cars from Louisville, Kentucky, to Baldwin, Mississippi, where the cars were sold at auction. ELLMAN stated he does not know GORDON FORBES and had not heard of him until he learned that PIKE was in a wreck with FORBES. While ELLMAN was not interviewed in great detail as to his background, Agent does recall that ELLMAN mentioned he had been in California recently, having spent considerable time in California. It would appear that possibly the individual seen by STUART with ELLMAN about three months ago was CLIFTON BROUTEN COKE. Complete descriptive data and photographs are available at the Memphis PD concerning ELLMAN and COKE if we reach the point where we are attempting to identify the unknown individual mentioned by the Memphis PD informant as being in town looking for PIKE and others.)

During the interview with STUART on this occasion, no reference was made to the name GALT or a white Mustang or anything else associated with MURKIN until he had furnished the above information, STUART being generally questioned as to the identity of all persons who had been with or expressed any interest in PIKE, SIDES, FORBES, and their associates, since FORBES has been in town.

STUART was then asked whether there was anyone named "STEVIE" who was associated with FORBES to his knowledge, and he stated he knows of no associates of FORBES, PIKE, SIDES, and others by this name.

He was then asked whether he knows anyone by the name of ERIC who has been in any manner associated with this group. He stated the only person by the name of ERIC known to him is ERIC POMEROY, a professional wrestler from Alberto, Canada, a close personal friend of STUART, a very large man weighing over 250 pounds who does not drink and who has been staying in the home with STUART until Saturday, 4/13/68, when POMEROY caught a plane to Omaha, Nebraska, at 12:30 p.m., POMEROY being scheduled to fight in Omaha. He stated that POMEROY is in no way associated with any of the above-mentioned "punks," but this is simply the only "ERIC" known to STUART.

As to the name GALT or any similar name, STUART stated that he has read the newspaper accounts concerning ERIC STARVO GALT in detail, but he has never known anybody

ME 44-1987

by that name and has heard no conversation of any kind on the part of anyone indicating that GALT is known in Memphis. He stated that because of the nature of his associates and the places which he frequents, he believes if anyone named ERIC GALT had been around the bars where he has been or knew any of the persons he knows, then he (STUART) would have heard it.

STUART remarked that he had seen the description of ERIC GALT as set out in newspaper accounts and added he had absolutely no idea as to anyone meeting that description. Asked whether he knew anyone meeting this general description who had a rather unusual smile or who talked out of the side of his mouth who had been hanging around bars in Memphis, STUART stated that the only possibility he could think of along this line was as follows:

Some time ago, and possibly as long as two or three months ago, STUART was at the Psycho Lounge when a total stranger engaged him in conversation. The stranger began by telling STUART that someone else in the lounge, identity unknown to STUART, had told the stranger who JIMMY was and the stranger remarked that he knew some people in California that were known to STUART. STUART did not know the man and had no interest in conversing with him, and therefore excused himself and left the Psycho Lounge as quickly as he could to so after very brief conversation with this individual. He described this individual as follows:

Name Used	"CHICK" OWENS (?)
Race	White
Sex	Male
Age	35 to 40
Height	5'10"
Weight	160 to 170
Hair	Dark or black, definitely curly
Peculiarities, etc.	Man had peculiar smile and did appear to talk out of one side of his mouth
Background	Man mentioned knowing someone in California that STUART knows (but never identified in conversation) and man remarked that he was "just back from Mexico."

ME 44-1987

STUART stated that he knows of no association whatever between this man and TOMMY PIKE and associates. The man was alone in the above lounge at the time and STUART knows nothing further whatever about him.

STUART has never heard of anyone named "Duke" or JIM RUBINO (names mentioned by the Memphis PD informant).

- - - - -

It is believed that ANN FOX, the prostitute who called STUART, has formerly been used by us as a PCI or CI, possibly assigned to SA CARL S. LESTOR. There is another prostitute in town by the name of GYPSY, with whom SA JOE C. HESTER may be familiar, who may have some of the same type of general information as the PD informant in this case. It would be interesting to know whether the Memphis PD informant in Memphis file 26-30685 (with regard to an automobile ring case centered around a farm in Alabama and involving PIKE and others) is the same informant as in this case, or is receiving her information from substantially the same sources (drunks in bars, etc.)

April 17, 1968

JOHN SCOTT CANDRIAN was interviewed in the Memphis Office of the FBI. Prior to interview CANDRIAN was advised of his rights as indicated in a voluntary appearance "Advice of Rights" form, which he read and signed a waiver.

CANDRIAN stated that he is a sophomore at Memphis State University. He stated that he planned to leave Monday, April 8, 1968, to visit Mazatlan, Mexico, with a friend of his from the University of Arizona for about a week. He stated that on Wednesday, April 3, 1968, at approximately 4:00 P.M., he went to the Mexican Consulate in Memphis, Tennessee, in order to obtain what he thought was a visa to visit Mexico. He stated that in order to obtain this visa one had to be twenty one years old or over, or have a letter from one's parents giving permission to go to Mexico. He stated that he did not have written permission from his parents to go, although he had verbal permission, and since he was under twenty one years of age and did not have written permission, he presented a Chicago, Illinois, voter registration card which he has had in his possession for almost a year. He stated that he had previously filled in his name and a fictitious address of 1339 Western Avenue, Chicago, Illinois, in order that he could use this card as an indication of his being twenty one years old if the need ever arose.

CANDRIAN stated that when he went to the Mexican Consulate on April 3, 1968, he was driven there by another student, WILLIS JACKSON, in JACKSON's car, but JACKSON did not apply for a visa since he did not plan to go to Mexico.

He stated that when he received the visa he intended to leave for Mexico on April 8, but subsequent events made it possible for him to leave a week earlier. He stated that on April 4, 1968, he had classes at Memphis State University from 8:00 A.M. to 2:30 P.M., the last class being Latin American History. He stated after 2:30 P.M. he returned to his room to practice a speech which he had to give in a speech class at 7:30 P.M., April 4, 1968. He stated that his roommate, JACK CONNELLY, was in and out of the room while

he was there. He stated that he went to dinner at the cafeteria in the building at approximately 5:00 P.M. and started eating at approximately 5:10 P.M. He stated that while he was eating another friend, WENDELL WILLIAMS, also a student, came in and sat with him at about 5:30 P.M., and when CANDRIAN finished eating he waited for WILLIAMS to finish. He stated that WILLIAMS finished eating at approximately 6:00 P.M., and he, CANDRIAN, returned to his room with JIM DONAHUE, another student, and he and DONAHUE watched television for about fifteen minutes or so. He stated that at approximately 6:30 P.M. he, DONAHUE and WILLIAMS went out in WILLIAMS' car, a 1964 or 1965 Pontiac GTO, to have a few beers. He stated that on the way to get the beer they heard a news bulletin over the car radio that Reverend MARTIN LUTHER KING had been shot. He stated that they got the beer and parked the car near the Field House, and while WILLIAMS worked out in the Field House, CANDRIAN and DONAHUE sat in the car drinking beer and listening to the stereo in the car.

He stated that he then went to his speech class at about 7:30 P.M. but found that the class was not being held.

CANDRIAN stated that there was considerable excitement at the school because of the murder and allied events, and that the school was being let out for those reasons. He stated that numerous students were leaving the campus because there was going to be no school for awhile, so he decided that he would go to Mexico the next day.

He stated that he left Memphis via American Airlines at 4:15 A.M., Friday, April 5, 1968, and flew to Tucson via Dallas. When he arrived at Tucson he contacted his friend, STEVE JOHNSON, at the University of Arizona, and both drove to Phoenix, Arizona that night in JOHNSON's car and stayed in Phoenix Saturday and Sunday, where JOHNSON played in a golf tournament. They drove back to Tucson Sunday night, April 7, 1968. They drove that night to Nogales, Arizona, in JOHNSON's car and stayed in Nogales, Arizona, the night of Sunday, April 7, 1968. On Monday morning, April 8, 1968, they drove on into Mexico. Their destination was Mazatlan, Mexico, but instead of going on to Mazatlan they stopped for a couple of days at Guaymas (phonetic), Mexico, near San Carlos. They arrived back in Tucson, Arizona, Thursday night, April 11, 1968. He stayed with JOHNSON in JOHNSON's fraternity house

at the University of Arizona the nights of April 11, 12, and 13, and on Sunday morning, April 14, 1968, he flew back to Memphis, Tennessee, via American Airlines.

CANDRIAN stated that he knew nothing about the shooting of Reverend MARTIN LUTHER KING except what he read in the newspaper, and that he had received considerable publicity because of the fact that he had left Memphis for Mexico the day after the murder and had given the Mexican Consulate a fictitious address.

The following description was taken from observation and interrogation:

Inspector N. E. ZACHARY, Memphis PD, telephonically contacted the writer at approximately 2:30 A.M., 4/8/68, and said he had received some information from some people in Somerville, Tenn., that might be of great value to instant case. He asked the writer to accompany him to the Peabody Hotel to interview these people.

Inspector ZACHARY and the writer subsequently went to the Peabody Hotel arriving there approximately 3:15 A.M., 4/8/68 and went to a room occupied by JOHN MC FERREN, an active civil rights leader from Somerville; BASTON BRYANT, of the Tennessee Council on Human Relations; and Attorney DAVID E. CAYWOOD. MC FERREN furnished information which he claims he received about unsub and which might identify him. Particular attention should be given to the description of the unsub furnished by MC FERREN noting that it has no resemblance whatsoever of the description obtained for unsub. The story furnished by MC FERREN does not seem to be logical. In addition to this, the Memphis Division has in past years received numerous complaints from MC FERREN and a great number of these complaints were purely fabrications. The writer is of the impression that MC FERREN is merely trying to interject himself into the investigation of the death of MARTIN LUTHER KING, JR., and trying to attract some attention. It should be noted, however, that BAXTON BRYANT and DAVID CAYWOOD evidently believe MC FERREN and showed great interest in all phases of MC FERREN's story.

LOUIS E. PAUL, JR., 592 East Gage, Memphis, Tennessee, advised that on April 3, 1968, he saw a man he believes was JAMES EARL RAY.

Late in the afternoon on April 3, 1968, PAUL drove his mother, MARY PAUL, to the Harlow Doughnut Shop at 2369 South Bellevue, Memphis, Tennessee. Mrs. PAUL went into the doughnut shop to make a purchase, and PAUL stayed outside the shop in the car. While he was waiting for his mother to return, he saw a man who was dressed in a black suit and wearing a white shirt and tie get out of a dark colored automobile and start toward the doughnut shop. The man stopped just before he got to the shop, turned around, and went back to his car. He sat in the car for a few minutes, then got out and came back to the doughnut shop. Again he stopped in front of the doughnut shop, turned around, and went back to his car. This was repeated approximately three or four times. Then PAUL's mother returned to the car and they left the doughnut shop and returned home.

PAUL discussed the man with his mother, and she had seen him also. She suggested that since PAUL was a fairly good artist, he should draw a portrait of the individual because he did seem to be acting so strangely. PAUL agreed and did draw a portrait of the individual and it is presently in his mother's possession. He feels the portrait looks very much like the pictures of JAMES EARL RAY that he has seen in the newspapers.

PAUL described the individual as a fairly tall person with short receding hair that was brushed straight back. He had a pointed nose and a square chin.

PAUL advised he had never seen this individual before and has not seen him since.

PAUL reiterated that the car that the individual was getting into was a dark color but he does not know the make of the car. PAUL advised that his mother would be glad to turn the drawing that he had made over to the FBI.

Mr. HAROLD TAYLOR, who is employed at Hull Dobbs phoned the PM of the above date. He advised as follows;

He grew up in Dyer County, Tennessee with James Ray and his brother Billy Ray. He saw James Ray there as late as two years ago. James was a drifter, had been in the Merchant Marine and was in California.

Inasmuch as James Earl Ray was in the Missouri State Penitentiary as late as a year ago he felt the Rays he knew were probably not identical. However, if the Rays he knew proved to be relatives he wanted it known he would help the FBI in any manner possible.
