Dear "Maypole":

I received your letter this morning and thought I would answer it right back.

I was most happy to receive your letter for a couple of reasons.

Like you it was the first issue of the Chronicle that I purchased that I ran the ad, since I ran the ad I've purchased two more issues of the Chronicle, but I haven't run no more ads or how I answered any. So like you it was the first time I read the Chronicle or any paper like it.

I'll answer all of your questions as best as I can plus tell you how I feel about life in General.

LOVE/R,

3.

If she wanted to spend it all on herself, then that would be her Business.

You asked me why am I single with so many unattached ladies around.

I got my divorce five years ago and that was in St Louis, right after the divorce I moved to Northbrook and located a good job in which I've held ever since, it's a pretty rough job plus I work six nights per week on my off day I usually just rest up, I've met a few ladies who believe like I but they were all married - Northbrook is a suburb of Chicago. I'll give you a description of myself and if you interested enough to answer I'll have a picture taken and send it to you. o v & R.

4.

I am 32 years old Height 5'10 weigh 170

Dark Brown Hair, Brown eyes. Dark
complexioned. I am Half Irish with Italian &
English mixed in.

My salary is one Hundred & Seventy-Five
dollars per week plus at 1 mos time
I get a two Hundred dollar Bonus.

I really like the people I work for
when I first started to work for
them I was short on money as
the divorce broke me. they loaned
me 5 Hundred and at the time I
had only been employed by them
ten weeks earlier. I am going to close
for now. I sure hope you'll answer
plus feel free to ask me any questions you wish
enclosed is your 10 dollar Refund.

Dear Maypie:

I received your letter and was real happy to get it, the last thing I expected was to hear from you as I figured you think I was a waste, and I couldn't have blamed you for thinking that or for my address the letter I wrote you I guess I sounded a little weird. The reason I am writing with a pencil is because each of my Ball point pens skip on this thin air mail paper.

Before I answer your questions I am going to let you know my feelings on a few things.

I like you I think its the mans responsibility to provide for his wife and she shouldnt work unless she preferred.

PRB/

Like you I also think a man should help with the housework even if she dont work, if she does work then I think the Husband should do all the Housework except the cooking.

When I was married I did half of the Housework and my wife didnt work.

But no matter who does the Housework she is the Boss in the home and the man should clean the house the way she wants it cleaned. and as I mentioned in my last letter I also believe she is the Boss outside the home.

one of the reason I believe the way I do its a proven fact the average woman have more common sense then the average man. a woman Body plus mind develops faster. In many states a girl of 18 can go into a Bar and get a Drink pretty

3
w here a man has to be 21.
Like your ex Husband a lot of
men like to play the field but
the some men would throw a fit
if they heard there wives were doing
the some things, my Feelings are the
wife is just as Human as the Husband
if he wanted to play around then
he shouldnt have gotten married.
The colored men didnt raise to much
cain in cornden over the assassination
Martin Luther King did they.
they sure picked up a Fuss in
chicago in which is only 20 miles
away, they burned down a lot of
Buildings plus beat up on a lot of
white guys. I dont know what
your Feelings are towards the colored
Race is but my Feelings are different

• v E R

from a lot of other white men.

Being you over 21 you must know
The negro man is physically stronger
plus sexually superior and most white
men are jealous and hate them for
it, one of the reason the hate is
so strong is because they feel them
personally I just feel they were fortunate
in being born with these two good
fortunes and if I were to hate them
for it would be silly.

Now to answer some of your questions
concerning kids I love them and think
you don't know what you're missing
until you have one. But I wouldn't
want over three as there expenses
to bring up and on my present
salary I couldn't raise over three
properly. 10/15/57

5.

I sure hope you like kids because you
dont know what you're missing until
you have one of your own.

yes I am speaking from experience
as I have one of my own.

my ex wife and I were only married a
few months and unknown to both of
us when we separated she found out
she was pregnant, she wanted to
give the baby up for adoption but I
wouldnt agree to that. Then her and
I reached a mutual agreement I would
send her a Hundred & Twenty dollars
per month plus pay all the Hospital
and Doctor Bills in which I did for
two years until she went to work.
you see my home then was
St Louis and her home Whiteburg, Tenn.

JOE R /

6.

she unlike most other women she didn't have no feeling for the baby at all. she always resented him from the day he was born.

when she went to work she left him with her mom & dad and would only go out to see him about every six months her folks are crazy about him there poor Farmers but they treat him better then most people treat there own kids once in awhile I send them a little money down and they raise Cain with me for sending it down

I get two vacations per year and I usually fly down and visit them plus stay with them on the farm they raise tobacco and are wonderful people even as close to them as my own people

O R B H.

She was a strange girl, she didn't even
have any feelings for her own parents
she has three sisters and one Brother
and they are just the opposite, they
are all very close.

I don't have any ties where I have
to pay alimony or child support
I got a combination job, it consists
of night maintenance plus night security
3535 Dundee Road is where I work and
live at, I get a Hundred & seventy-five
dollars per week plus room & board
and I naturally manage to save some
money. My employer furnishes everything
and the place I work for is a country
club. I wanted to write to you today
even tho I couldn't send a picture. But
I'm going to have some color pictures
taken of me tomorrow and will mail you
one as soon as they develop out.

at home, I am very glad to hear that
you are well and hope you are
enjoying your vacation. I have not
heard from you in a long time.
I am out of paper and will
close for now, I am enclosing
a picture of my son and
will send you one of it
as soon as I get them developed.
That will be within a few
days. I am a little
pleased to hear from you
as ever.

Dear Margie:

Just a few lines to say hello and hope this letter finds you feeling just fine.

I really goofed one yesterday, I was going to send you a cardygram for Easter and waited until the last minute to do so, being there is other employees living in the cottage where I live there's a pay phone in the hallway a couple of years ago I sent a Telegram from the same phone. But this time the operator said I couldn't send a cardygram as there's too expensive and Western Union won't allow it, a cardygram to Camden N.J. only cost \$5.75, but I guess they figure that's too much money to be put in the phone. I'm not sure but I think they allow it if you have your own private phone

2

I would have my private phone but my employer wont allow it because seven other apartments in the cottage and they would also want there private phone. a lot of them are drifters and are unreliable, some of them would probably run up a Big phone Bill then quit.

I hope you wont be to disappointed when you dont get your Easter present on time you should get it the some day you get this letter as soon mailing them back out Tomorrow morning.

you can bet one thing and that is I wont be waiting to the last minute concerning your Birthday present.

Thats only about seven weeks away so I have a few more weeks to find out your likes & dislikes plus your size and measurements.

3

a friend of mine was going to take my picture yesterday but the sun never come out so we postponed it until today, its been raining off and on today but everytime it stops the sun comes out. Its Noon right now and he gets off from work at 2 o'clock so in two hours with luck ill have my picture taken, ill write more about it later in this letter as I am not really or sending it until tomorrow morning. We got a expensive color camera so I hope youll like the picture. ill also take the film to the Drug store Monday morning to have them developed, I dont know how long it takes to get them developed three or four days I guess maybe I sure hope I dont sound weird to you concerning some of the things I said in my previous letters.

over

Mainly the statements I made stating that Ladies are more Mature than Men and should make all the major Decisions plus the Husband should turn over his check every pay day and she spend it as she see fit even if she desired to spend it all on herself would be her business

I realize a lot of people wouldnt agree with me but I think its a proven fact that Most women are superior in almost everything over men except physical strength anyway don't a sick minded old Ball where I want a woman to heat on me, thats just the way I believe and most of it is a proven Fact. What are your Beliefs on these things? If we do find out we have a lot in common plus finds out that our pictures are attractive to each other and eventually do meet and get married

OVER

5.

The First thing I would want for you to do is go to a Hair Dressing School, once you finished it would be up to you if you wanted to work, I wouldn't try to influence you one way or the other. please let me know your feelings towards children and if you have any. The living standard up here is pretty high.

To Rent a nice two Bedroom apartment would run you around one Hundred & sixty dollars per month

To Rent a one Bedroom apartment would run around one Hundred & Forty dollars per month. Naturally the one and two Bedrooms apartments also have a Kitchen & living room included in them. and when I ever do get married I would probaby keep my some job but just change shifts in order to have my nights off

I go to work eleven o'clock in the evening
and get off seven o'clock in the morning.
I was sorry to hear about your unfortunate
first marriage and hope the second will show
better luck and I know it will

Maybe a lot of men don't know what they
want, some men I know personally
have good wives at home and chase
every woman they see, I can't explain
why they do it I guess its just in some
men.

The Food here is terrific as we have a
good chef to cook for us.

Its a good thing I have a room &
Board job as I cant cook at all, or am a
good cook. Well soon going to clean up and
go over and try to get my picture taken as
the sun is out now.

7

I just got back inside, my friend
snapped three pictures of me. I doubt if
they will all turn out good as the
sun was just out for about ten seconds
so he snapped one then, the other two
might turn out okay tho although the sun
wasnt out it was very light. It also
turned very cold. he only had three left
on the roll so he took them of me and
started above plus he gave me the
roll to get developed. I'll take them
to the drugstore tomorrow and just
as soon as I get them back I'll mail
you one.

Well Marjorie I'll close for now
please write when you get time and

Dear Marjorie,

I am only going to write you a short note as I mainly wanted to enclose this photo of me. It was very nice talking to you on the phone the only bad thing it was too short, next time I'll have plenty of change and we will have a longer conversation.

When you answer this let me know your thoughts on everything I wrote about and believe in.

Marjorie if you short on money you should tell me if you need some and the amount you need, you don't have to ask me for it, just tell me to send you a certain amount on a certain day and I'll do so. I am glad you liked the picture of my son, please send me one of

your child and tell me everything for
 instance color of hair & eyes plus age &
 anything else that might be of interest
 and anything about your baby will interest
 me as I really love little kids
 maybe I don't expect us to agree on
 everything plus have the same outlook
 on life. In your letter you mentioned
 you also thought the woman should
 also handle the money and run the
 house. you didn't mention outside of
 the house plus a couple of other
 things, if you didn't mention the
 other things because you disagree
 with me then please say so
 as I don't expect you to agree
 with me on everything, and when
 we disagree with each other we can
 let each other know how come
 we believe the way we do.

3.

In your answer please let me know the following statements I made in previous letters concerning my beliefs.

1. Do you think as I that the women should also make the decisions outside the home.
2. Do you also think as I that the men should do half of the housework even if she dont have a job and all but the cooking if she does.
3. What are your feelings towards the negro Race, Do you hate the negro men for being phically & sexually superior to us white men or do you like I just give them credit where credit is do. I was sorry to hear the present I sent you for Easter got smashed up. The photo I am enclosing isnt very good but it will give you some idea of what I look like.

Dear Margie:

I hope this letter finds you in good health and feeling just fine. I sure enjoyed talking to you over the phone yesterday. I could have talked on for hours. as I said over the phone I am glad I told you my way of thinking before you sent me your picture as if you would have sent me the picture first then you might think I was saying all of these things because you're so lovely, and you are lovely and you know it as you also have eyes. I was sure glad you didn't listen to your ex husband and have a abortion or give the baby up for adoption, you would have regretted that the rest of your life. love

2

I know a few women who gave
There help us for adaption and
there not the same person anymore
and actually it was pitiful because
they didnt want to give they up
but were forced to do so. enough
for that as youre going to keep yours
and that makes us both happy, because
you want a girl I hope its a girl but
mostly, that its born healthy weather
Boy or Girl.

Now to answer your Questions

I have two cars, a 1960 Desoto
and a 1961 plymouth

Boxing used to be my favorite
sport but in the past couple
of years Ive lost interest as its
going Down Hill. as for now
I dont have one favorite in
particular, I enjoy watching Baseball
and Basketball on T.V. next

3.

The only sport I participate in is
Golf.

If you ever played Golf you would
get addicted to it as you don't rely on
anybody else, it's all up to the person
whether he or she wins or loses. I don't
play too often being I work at night. But
when I do play it doesn't cost me a
cent as they furnish me everything plus
three two 18 Hole courses here plus
a 9 hole course. I usually play just
nine holes. If everything works out
the way I am Hoping you and I can
go out and play Golf at least once
per week, I am sure you would love
the game after playing it once.

Concerning Food the things I like most
is simple Food and that's another
reason I look forward to my trips to
Tennessee. My son Grandmother & Grand-
father are poor tobacco farmers
now

H.

But I love to eat down there as
they have plenty of food on the table.
I don't eat much here but when I go
down there for a visit I eat like a
King. I love there corn Bread & soup
Beans plus these Biscuits & Crows and
other simple things like that. If you
know how to cook all of those kind of
things then I'll gladly be your slave.

My son name & address is.

Michael Ray

Route 2.

Whiteburg, Tenn

Naturally I love him very much and
the first 7 years is when they are
the cutest and when I miss being
around him the most. I don't think
I'll ever have him living with me
unless something happens to his Grand
parents as they want me to have
him if and when something happens
to them
grey

I hope that will be a long time away tho as they are just as crazy about him as he is about them. My sister lives in St Louis and has two kids of her own, she used to try and get me to bring him to St Louis for a visit, I told her it would kill him, he hang around me all the time down there plus walk with me to the car when I am ready to leave but wont get in, one time I lifted him in and he screamed Bloody Murder.

His Grandparents arent real old there in there early Fifties plus they run the Farm by themselves,

When my son Mather comes out he stay away from her, he dont even act like its his Mother, even tho he was small I guess he remember how she mistreated him it doesnt bother her as she dont care for him anyway.

P.V.E.R.

6.

He will be six in June, the years really fly by.

Mayrill If we eventually get together and decide to get married it will be your decision what kind of car we get, Naturally I wouldn't think of letting you drive around in a old car. you would be handling the money so whatever kind you want you would just go down and buy it, a lot of people dont want other people driving there cars, if you would want your own private car then I would keep the DeSoto for myself. we have a lot in common as I can tell by your answers to my questions I'll close for now but I'm doing so close enclosing a 25 dollar money order for you.

I'll send that amount until you're recovered from having the baby, after you're recovered and decide you dont want to work I'll continue to send it as long as you want me to. If you wish to fly up for a visit after your baby is born I'll send you the fare for a round trip. as always Pnz.

Dearest Majorie?

Just a few lines to say hello and hope this letter finds you & the Baby in good health. I hope you got the money in time. I mailed it yesterday from St Louis. Maybe I should have put a St Louis Return address on it being the money order was purchased in St Louis. I hope you didn't have any trouble cashing it.

Majorie this is important to the three of us so please tell me how much it would take cost for you and the Baby to live on. By that I don't mean just to get by on, I mean to have everything you want and neither of you wanting for nothing. In your answer you tell me and I'll send that amount each week. I think you would prefer staying home and taking care of the Baby.

Love,

2

If thats your wish then thats w hat
you should do. you shouldnt ever work
unless you desired to do so.

In your answer also tell me all about
the Baby and dont leave out anything.

I am awfully sorry about not writing in the
past nine days but I've really been
moving around. I just arrived back up

here yesterday evening and the people
I work for has got me living here
in Lake Forest Illinois, in w hich is
about ten miles from w here I work.

I still get my mail where I work at
as actually I am not listed here, the
Club I work for pays my rent plus I am
~~not listed here~~, thats so the Newspaper
reporters dont find out w here I am at.
I'll continue to live here for a month and
if the Newspaper lit up then I'll move
back into the Club.

Love
10/11/61

3

if they keep the publicity on then I'll
just leave my job and move to
London. Even if everything goes along
okay here I might eventually move up
there, that was the main reason I
wanted you to fly down for a visit
because if you found you preferred living
down here or vice versa then that
would be where we lived in case we
decided to get married. as I also
believe it's the woman who decides
where to live, a man can adjust to
any city or state and he should live
where she prefers. I'll pick your letter
up tonight and we'll answer it over
the week-end, I didn't get it last
night as I got in too late.

Margie I don't know what your
feelings are concerning my Brother being
accused of killing Martin Luther King.

[OVER]

4.

As I told you in one of my previous letters, I don't hate colored men for there being superior to us in many fields. But I guess down deep without knowing it I do a little. Its kind of hard to take at times when they shame you up in front of other people. for instance when I go into Chicago in which is only 20 miles away. everyone in awhile one will bump into you on purpose and automatically you apologize to him because if you don't you know he will beat you silly. once in awhile I used to go into a few different nightclubs everyone in awhile a negro man would walk in and usually he would pick out whatever girl appealed to him the most and tell the person she was with to get lost, whether it would be Bay Friend or Rushon I don't know
James

5.

But whoever it was they would leave the place and fast

The negro man and the girl would usually dance until closing time then leave together most of the time you could tell she didn't want to leave with him but she didn't have any choice

Enough for that as I think we can find more pleasant things to talk about. I'll call you on the phone tomorrow or Sunday.

Let me know in your answer if you like to live in Camden or prefer to live somewhere else. also don't forget to tell me how much it costs for you and the Baby to live on comfortably. and tell me all about him. answer when you get time.

as always
Jen.
