Wood, Wisconsin. He remained there three days and left without permission. GAWRON carried at that time in an absconder status until November 16, 1961, when he was returned to Menard Penitentiary. He was paroled on April 11, 1963, to the Soldiers and Sailors Home, Quincy, Illinois, but was never received at this home. GAWRON's address as of April, 1968, was shown as 1807 South 11th, St. Louis, Missouri.

The following individuals were listed as correspondents in GAWRON's file:

Questionnaires were filled out by the following individuals:

Date of questionnaire not shown on file. LUCILLE MARY RYAN (friend), who lists an address of 701½ Washington (date not shown) and 527 York, Quincy, Illinois, in July, 1967.

RECLASSIFICATION

1. Stateville Division.
2. Group III: Without psychosis or mental defect. Doubtfully improvable. Inadequate personality. High average intelligence (C plus 104, Army Alpha score - 1934). Alcoholic tendency. Partial deafness.

This inmate was classified as a doubtfully improvable offender with delinquent attitudes and lack of initiative and ambition. His criminality appeared to be related to his alcoholic tendency. He was recently examined when he wrote a request for transfer to Stateville because of problems of ill health. He claimed that he was disabled in the World War and that his ear drums were ruptured. He now complains of head pains and discharging ears. He feels, rather vaguely, that larger, dryer cells at Stateville would be more conducive to good health. His conduct within the Old Prison has been satisfactory. He has been punished on only two or three occasions. He has a fairly good attitude toward his employment. He shows no evidence of mental disease. Under the new policy he should be classified for Stateville since it is likely he will have to serve a number of years within the institution. In the interests of his general health and to further the present classification policy, resegregation is recommended.

3. Continued medical treatment for the ear condition and work in a dry, inside place is suggested.

RECLASSIFICATION REPORT

BEHAVIOR ON PAROLE

This 62 year old white man was paroled from Menard on 3-21-59 to a Veteran's Administration Hospital at Wood, Wisconsin, but remained there only three days and then left without permission. He now says, "I got loaded up on liquor and goof balls, and when I came to I was in the Union Station at Chicago and found I had a ticket to St. Louis so I just went on to St. Louis and stayed there." He says he lived in St. Louis during the entire time he was at large as an absconder, and lived with a cousin at a rooming house at 1913 Hickory Street, St. Louis. He says he obtained employment, usually casual and part-time in nature, through an employment agency, and also received a V.A. compensation check amounting to \$61.00 monthly. During his last few months of liberty he also received public aid assistance. He states that on two occasions, from July to September, 1959 and again from October, 1960 to January, 1961, he was a patient at the Cochran V.A. Hospital in St. Louis because of a heart condition. Inmate says he was not arrested at any time while in St. Louis, but about 11-9-61 he and an acquaintance were picked up at Louisiana, Missouri, his identity as an Illinois violator was then discovered, and he waived extradition for return. He says this acquaintance left St. Louis to drive to Quincy, Illinois, asked inmate to go along, and he accepted. He says they stopped at Louisiana, Missouri and were questioned by police about the burglary of a supermarket in that area, but he knew nothing about that offense. Enclosed with reports from the Division of Supervision concerning this inmate is a detailed report of investigation by the Missouri Highway Patrol of the burglary, but we find nothing in this which would suggest that inmate and his companion were suspected of having any connection with the crime, and it seems evident that no charge was filed in Missouri. However, it will be noted that this episode seems to have at least some points of resemblance to the behavior which led to his return as a parole violator in July, 1956.

REVIEW OF SOCIAL FACTORS:

The Reclassification Report of 9-2-56 offers a summary of inmate's background and we would refer to that report. As indicated above, he assertedly lived with a cousin who operates a rooming house in St. Louis after he absconded from his most recent parole. Although he says he was under the influence of liquor and "goof balls" at the time he absconded from parole, he claims that thereafter he indulged only in moderate drinking. He says he worked at various part-time jobs as a janitor, etc., while in St. Louis until he was placed on public relief following his release from the Cochran V.A. Hospital in January, 1961 following a heart attack. He now corresponds with his cousin in St. Louis.

PERSONALITY:

Physically, inmate's appearance suggests his advancing age, and he gives a history of two fairly severe heart attacks in recent years. He has also been hard of hearing for a number of years, and receives V.A. disability compensation. We would refer to the current medical report for further information as to his condition. Recent psychometric test indicates superior intelligence, with a score approximating that previously obtained. Temperamentally, he is a rather beaten, prisonized individual who has in the past had a history of heavy drinking during the occasional interludes when he is not incarcerated, but who claims only moderate indulgence following the binge which led to his prompt absconding from his V.A. Hospital placement. We regard him as a rather dependent institutionalized

- 2 -

person who has long been an outcast from conventional society and who tends to submerge himself into anonymity whenever he is confronted with the demands of a free community adjustment.

CLASSIFICATION:

Group III: Without evident mental disorder or mental defect. Adult unimprovable offender.

Superior intelligence (AGCT 115). Inadequate personality makeup. High guarded prognosis.

RECOMMENDATIONS:

Menard general division. Medium or maximum security. Light routine work assignment.

BEHAVIOR ON PAROLE:

This 57 year old white man was paroled from Joliet for the second time on 9-21-54 to placement at the Soldier's and Sailor's Home in Quincy. He remained there until March 1956, then left because he learned the police were looking for him in connection with investigation of an Armed Robbery at LaGrange, Missouri. Reports indicate that inmate had been drinking considerably while at the Soldier's and Sailor's Home, and had also been keeping company with a Mrs. Lucille Ryan, the mother of a Menard parolee, #23737 Ryan. This parolee was also arrested in connection with the armed robbery at LaGrange, Missouri, and is apparently now incarcerated in that state. Records indicate that another parolee, Menard #23686 Cain, was also arrested for questioning in connection with that investigation, but was released. Inmate says he left the home when he learned that police were looking for him, moved to a room in Quincy, and he evidently eluded investigation at that time. Although he refused to reveal where he was living, other information indicates that he was later living with Mrs. Ryan. According to his own story, he obtained employment with a road construction company after he left the home, and it would appear that his whereabouts might have been traced in this manner, had there been sufficient interest. Records indicate that a violation warrant was issued late in March 1956, and that he was then arrested by Quincy police on 6-28-56 as a burglary suspect. Cain, Menard #23686, had been arrested a few days earlier in connection with two burglaries in which inmate does not appear to have been directly implicated, although the loot was apparently taken to Mrs. Ryan's home, where inmate was staying. Cain then admitted some earlier burglaries, and implicated inmate as an associate in at least one of them. Inmate now professes rather naive innocence of any knowledge of these offenses, professes that he did not understand much of the questioning to which he was subjected following his arrest, and is evidently decided on a policy of admitting as little as possible. He does admit considerable drinking while on parole, and his technical violation in failure to send in a few reports. From present information, it would appear that there was a concerted and calculated series of criminal episodes in which two Menard parolees, Cain and Ryan, as well as at least one other associate were involved, and in which inmate was also implicated on the basis of Cain's statements.

REVIEW OF SOCIAL FACTORS:

Subject was born in Chicago on  as the sixth of seven children of a native-born mother of Polish descent and a German immigrant father. During inmate's youth the family lived in a disorderly and delinquent area on the near northwest side in Chicago. He says his father "had a political job" with the Chicago street department, and the family was evidently of limited socio-economic status. He now says his father died in 1930 and his mother

also died in 1951. Inmate says he now has two living brothers, but has had no contact with either of them for a considerable time. He claims to have completed eighth grade in public school. In February 1915 he was committed to St. Charles for stealing auto tires, apparently escaped twice, and it seems to have been during an escape from that institution that he enlisted in the Marines in May 1916. He was medically discharged from the Marines in May 1917. In April 1918 he was committed to Pontiac under one year sentence for larceny. In June 1921 he was committed to Leavenworth under 5 year sentence for altering and passing government obligations. In September 1927 he was sentenced to a six month term in the Chicago House of Correction for burglary. In June 1929 he was sentenced to a 1-15 year term at Folsom for burglary, and was paroled in December 1931. As records indicate, it was in November 1934 that he was originally committed to Joliet under his present 1-Life sentence, and his only period in the free community since have been his recent parole period and one earlier parole from December 1944 until June 1946, during which he worked at the Hines VA Hospital part of the time and was eventually involved in another burglary. His civilian work history has thus been extremely irregular and casual. In previous interviews inmate has stated that he was married in 1932 and was later divorced, but he now denies that he was ever married and says this was a common-law attachment. Leisure activities have centered primarily around drinking. Inmate now has no effective community attachments.

PERSONALITY:

Physically inmate is an aging individual who is apparently somewhat hard of hearing, and he gives a history of chronic ear trouble dating from his Marine service in 1916-17. He has received partial disability compensation for a considerable number of years, and apparently is fearful of giving a history of too satisfactory health because he feels that this might possible be reduced or cut off. Previous psychometric tests have indicated superior intelligence, but his present reactions suggest that he is functioning on a considerably lower level. Temperamentally he is a rather beaten, prisonized individual who has been incarcerated much of his life and who has no goals or constructive motivations. He has been inclined toward heavy drinking when not incarcerated, and apparently this was a problem during his recent parole period even before he became involved in more serious violations. In present interview he attempts to create as much sympathy for himself as possible, professes innocence of any serious wrong-doing, and claims to know nothing of the various new criminal charges for which he was under investigation. He now impresses us as an essentially dependent, institutionalized person who is unable to avoid involvement in criminal activity in the free community, and for whom any hope of satisfactory adjustment now seems remote.

Re Bureau airtel to Indianapolis, Birmingham, and Mobile, 4/30/68, copy to Memphis, regarding Mrs. **RUTH HANNEY - COMPLAINTS**

The following investigation was conducted by SAs **HERBERT T. BRADSHAW** and **WILLIAM R. LISTON**:

On May 6, 1968, Mrs. **RUTH HANNEY**, 601 East Adams Street, Muncie, Indiana, advised as follows:

All the information which she has furnished by letter to FBI Headquarters, Washington, D.C., was obtained by her and her daughter, Mrs. **BARBARA WALLIN**, St. Johns Street, at Daleville Road, Daleville, Indiana, by use of a ouija board, a device which mystically spells out words when questions are asked of it. Also, she stated that at about the time of the Pueblo incident, she began hearing signals over her television set which sounded like Morse Code being transmitted, and she thought the Russians were doing this.

Mrs. **HANNEY**'s letter to the Bureau was orally acknowledged and she was asked not to furnish additional letters to the Bureau based on information she obtains from her ouija board.

In view of the foregoing, no further investigation should be conducted concerning information furnished by Mrs. **HANNEY**.

MATCH BOOK FROM REID MOTEL,  
GREENVILLE, ALABAMA, FOUND BEHIND  
107-113 14TH STREET, N.E., ATLANTA, GEORGIA

The following investigation was conducted on  
May 3, 1968 by SA DANIEL W. MC ALLEN, III, at Greenville,  
Alabama:

Mr. LONNIE DANIELS, SR., Manager, Reid Motel,  
Highway 31, advised that he has been working at this motel  
for the past two years, and presently is managing same in  
the absence of the owner, Mrs. ETHEL B. DYKES. He said that  
he normally checks guests in and out of the motel and feels  
certain he would recognize individual guests from photographs.  
DANIELS said he was a law enforcement officer for 16 years  
and has had experience in identifying people from photographs.

DANIELS was shown photographs of JAMES EARL RAY and  
could not identify any of the photographs as anyone having  
stayed at this motel in the past. In addition he made avail-  
able records of the motel which were examined by SA DANIEL W.  
MC ALLEN, III, but no registration for Subject RAY, under his  
true name or aliases, was found. This check covered the  
period from April, 1967 to date.

DANIELS stated that match books at this motel are  
not kept out in the open where anyone could pick them up, but  
are given out to persons only on request. He said that the  
motel has used several different colored match books, and  
the printing on the match books have differed at times. He  
stated that if the color of any particular match book and the  
writing thereon were made known to him, he would possibly be  
able to pinpoint the approximate time the match book was  
dispensed at that motel. DANIELS advised that numerous persons  
from the Atlanta, Georgia, area frequent this motel.

Mrs. MARY OWENS, maid, Reid Motel, was shown photo-  
graphs of RAY, but could not identify the photographs as anyone  
having stayed at that motel in the past.

Re NICHOLAS NATHANIEL CAULDER

By teletype dated 4/26/68, the Columbia Office advised as follows:

For information of Charlotte, NICHOLAS NATHANIEL CAULDER, who resided at Camden, South Carolina, in 1966, was formerly SV 472-R (PROB), CO 48M-4, and RH 294-R. In 1965 he was described as Imperial Klexter of UKA, Inc., KKKK, and was dropped as an informant when he left the Klan. He told a Special Agent in 1965 that he hated Negroes and would gladly take part in the assassination of MARTIN LUTHER KING, JR., which information was reported to the Bureau.

CAULDER's last known address in February, 1967, was Route 1, Laurel Hill, North Carolina. Charlotte was instructed to conduct investigation to determine if CAULDER might be indicated as a conspirator in the assassination of KING.

The following investigation was conducted at Charlotte, North Carolina:

On April 24, 1968, Lieutenant C. Y. ROSS, Charlotte Police Department, advised that NICHOLAS NATHANIEL CAULDER had been arrested by the Charlotte police earlier on that date while in the process of burglarizing Lowe's Hardware Store. He gave his address as Route 1, Laurel Hill, North Carolina, and was driving a 1966 Dodge convertible.

The following investigation was conducted by SA EMANUEL R. JOHNSON at Charlotte, North Carolina:

On April 28, 1968, CAULDER was interviewed at the Mecklenburg County Jail, at which time he stated that on April 4, 1968, he was at his mother's residence in Laurel Hill, North Carolina. He said his mother, ELOISE CAULDER, can verify the fact that he was there on that date. He stated he could not recall where he was on March 29 and 30, 1968. He denied killing MARTIN LUTHER KING, JR. or being

a participant in connection with the shooting. He denied purchasing a rifle at Birmingham, Alabama. CAULDER also denied ever making a statement indicating that he would gladly take part in the killing of KING.

The following physical description of CAULDER was obtained from the records of the Charlotte Police Department and through observation and interview:

Sex	Male
Race	White
Age	29
Born	
Height	5'11"
Weight	220 pounds
Eyes	Blue
Hair	Brown

The following investigation was conducted by SA ROBERT M. STEVENSON at Laurel Hill, North Carolina:

On May 2, 1968, Mr. DAN CAULDER and his wife ELOISE CAULDER, mailing address Route 1, Box 228, residence Springfield Mill Village, were interviewed separately and they both advised substantially the same information, which information is as follows:

Their son, NICHODAS NATHANIEL CAULDER, whom they refer to as "Nick" and "Sonny," had been working as an electrician for the Bryant or Bryan Construction Company on the construction of the Hercules Plant at Wilmington for about one year until he was laid off during the latter part of February or the first part of March, 1968, when he returned to their home to stay and seek employment in the vicinity. He was unsuccessful in getting local employment and he then traveled to an unknown place in the State of Mississippi to get employment at an unknown company. They furnished him sufficient money for his travel to Mississippi, which he performed in his personally owned automobile. He stayed away from home about three days and returned saying that he found

the company employees were on strike and he did not want to cross the picket lines. They could not furnish specific dates on which he made this trip but thought it was during the middle part of March, 1968.

They advised that CAULDER was at their home the evening that MARTIN LUTHER KING, JR. was shot and killed because they specifically recalled that Mr. DAN CAULDER and their son were watching television the evening of April 4, 1968, and shortly after the news broadcast from 6:30 to 7:00 p.m., they saw a special bulletin flash on the screen that KING had been shot and DAN CAULDER and their son called for Mrs. CAULDER to come to watch the television. They said several minutes later they saw on television that KING had died.

Mr. and Mrs. CAULDER were emphatic that their son was at their home the evening of April 4, 1968, and stated that he stayed at their home continuously for at least two weeks prior to April 4, 1968, but could not state definitely as to his specific whereabouts on March 29-30, 1968, other than the fact that he was at their home at night on these dates.

They advised their son has never been in trouble before and they are completely heartbroken to learn that he had been arrested in Charlotte for burglary.

They both advised they work at the Springfield Textile Mill near Laurel Hill. Mrs. CAULDER works on the first shift and her husband works on the third shift.

Chief of Police ROBERT ELLISON, Colonial Heights, Virginia, advised on April 26, 1968, that he had received a telephone call from EARL DAVIS, Route 1, Box 265, Wilson, North Carolina, telephone number 234-5967. He said that DAVIS desired that he (ELLISON) travel to Wilson, North Carolina and take him (DAVIS) into custody for the murder of MARTIN LUTHER KING, JR.

Chief ELLISON described DAVIS as a white male, about 45 years of age, who is employed as a road grader operator, and who is a heavy drinker. ELLISON said some time ago DAVIS was employed in the Colonial Heights, Virginia, area and was arrested several times by the Colonial Heights Police Department during that time.

EARL FREEMAN DAVIS advised that on April 24, 1968, he made a telephone call to an unknown dispatcher at the Colonial Heights, Virginia, Police Department. He explained that on that date it was raining, and for this reason he did not go to work, and as usual when he is not employed, he got drunk. He said he formerly worked for seven years for the city of Colonial Heights, Virginia. He denied recollection of any mention of the MARTIN LUTHER KING assassination and stated to the best of his knowledge he had never killed anyone in his life. He said he could not recall having made any statements regarding killing anyone and does not recall having spoken to Chief of Police ROBERT ELLISON. He advised he has no information which would assist in identifying the assassin of KING.

RE: JOSEPH LUNCEFORD

The individual who furnished the information regarding JOSEPH LUNCEFORD at Darien, Georgia, on April 9, 1968, is BOYD GAULT, Boyd's Hardware Store and Western Union Office, whose identity should be protected.

GAULT advised that LUNCEFORD inquired about a Western Union money order which was to be forwarded to him at New Smyrna, Florida. He asked GAULT if he could contact the appropriate Western Union office in Florida to determine if this money order had been received, and if so to have the money order forwarded to Darien, Georgia. GAULT telephonically contacted New Smyrna, Florida, and ascertained that the money order had not been received by that office.

LUNCEFORD then placed two calls to Clinton, North Carolina, concerning this money order with directions to have it sent elsewhere. GAULT believed the second number LUNCEFORD called may have been 592-9345.
