TO : File (44-1987)

DATE: 6/10/69

FROM : SAC JENSEN

SUBJECT: MURKIN

During the course of this investigation, several long distance telephone calls were received from an individual in Port Arthur, Ontario. In fact, Inspector JOE SULLIVAN during the short period he was here did receive telephone calls from PAUL DANYLYSHYN. This individual offered assistance in this case because of extrasensory perception which he claimed to have.

He has contacted me on at least four or five occasions by telephone. He has always been friendly, affable, and has offered various type suggestions based on his extrasensory perceptive powers. He has always been handled courteously and has been thanked for his observations. None of the observations which he has furnished were ever considered worthy of additional investigation and none were investigated.

In April of this year, he did contact the SAC again telephonically and requested information as to whom he could write regarding this case. It was suggested to him that if he wanted to have correspondence concerning this case, the appropriate person to write would be the Attorney General in Shelby County, Mr. PHIL CANALE.

By letter dated May 4, 1969, a copy of which is attached, he again requested this address since he was not certain that he had it written down correctly.

On 6/10/69, JOHN CARLISLE, Investigator in the Attorney General's Office, advised he had received a letter from attorneys in Canada who claimed to be representing P. DANYLYSHYN who made inquiry regarding the possibility of the reward in the JAMES EARL RAY matter. I told CARLISLE that DANYLYSHYN had been in

telephonic contact with this office in the past and had furnished information regarding his extrasensory perceptive powers but that at no time had any investigation been conducted on the basis of his observations whatsoever.

CARLISLE advised that they were unable to locate any information indicating that any pertinent information had been received from this person also.

Re: Paul Danylyshyn ✓ Reward Money

Dear Mr. Dubinsky:

In reply to your letter of June 4 regarding the above matter, this is to advise that there are no standard application forms in this jurisdiction wherein you might apply for a reward on behalf of Mr. Danylyshyn. I would assume that the claim for any reward would be made to the persons who proposed such reward. To my knowledge a reward was offered by: City of Memphis, Honorable Henry Loeb, Mayor; State of Tennessee, Honorable Buford Ellington, Governor, Nashville, Tennessee; and Memphis Publishing Company, 495 Union Avenue, Memphis, Tennessee.

There may have been other offers of reward, but these are the only ones that come to my mind at this time. I might add that as far as I know there is no mention in our files of any information given by Mr. Danylyshyn to any law enforcement or investigative body that led to the arrest and conviction of the murderer of Dr. Martin Luther King, Jr.

Sincerely yours,

PHIL M. CANALE, JR.
District Attorney General

E-1111

At about 10:20 a.m. this date, PAUL DANLYSMYN called from Port Arthur, Ontario. He advised he had received a letter from Attorney General CANALE indicating that CANALE's Office had no information reflecting that he had furnished information of pertinence in this case. DANLYSMYN was quite disturbed over this, since he advised that he felt he had furnished pertinent information which assisted in the solution of this matter. He advised that he had an attorney represent him in an effort to present a claim for the rewards.

DANLYSMYN has been in contact on various occasions with this office during the MURKIN case. He spoke in the past of having E.S.P. sessions and having psychic knowledge regarding various and sundry people who may or may not have been involved in this case. He wondered what he could do to further his claim for a possible reward. He was told that, of course, I was in no position to assist him in so far as a reward, and that this organization, the FBI, had nothing to do with the rewards offered. He said that he had, of course, furnished pertinent information to Inspector SULLIVAN in the early stages of this case. There is no record in our indices of any information of pertinence having been furnished to Inspector SULLIVAN or anyone else. DANLYSMYN appeared somewhat upset over the possibility that people might consider him a "kook" or a "nut" because of his stories of E.S.P. powers and other psychic knowledge. He also spoke of a "ROBERT CALHOUN who murdered the doctor here," which he said was a local case he felt he could solve with E.S.P. powers. He was again told that there was no way that I could be of any assistance in so far as any claim he might present. He then said that perhaps he would get in touch with one of the national magazines or possibly even write the Southern Cristian Leadership Conference and furnish the information he had based on his E.S.P. and psychic powers. He was, of course, told that we were in no position to furnish him advice or to place any restrictions on what he did.

I then told him that there was nothing that I could do. He concluded the long distance telephone call by saying that based on this information he just wouldn't help the Police any more in any way, shape, or fashion.
