MARTIN LUTHER KING was at Wausau, Wis. 5/12/67. He gave a speech in the area and then held a news conference at about 4:00 PM that date.

Investigation at Wausau has developed the following in this case.

On the afternoon KING was in Wausau, an anonymous call was received by the PD. The caller said he would "put a bullet through King's head." Call was anonymous; however, PD suspects caller was one THEODORE J. ADANK, who is described by PD as being possible mental case and individual capable of committing violence. Regarding THEODORE J. ADANK, he has a father named HARVEY and both he and his father are employed as chefs at the Lomar Supper Club, 3701 N. 6th St., Wausau. About two or three weeks ago, THEODORE ADANK left his job and whereabouts since that time unknown.

THEODORE has a brother, ALAN PAUL ADANK, who is of similar description and whose current whereabouts are also unknown. He is described by PD as being an individual capable of committing violence.

Following are descriptions:

At KING's news conference on 5/12/67, police sealed area to admit only newsmen. THEODORE ADANK showed up posing as newsman but was evicted when local policeman recognized him. Unverified info has been developed that one or both of the brothers have been in the South.

At 4:55 PM, I telephoned above facts to Chief Section CLEM MC GOWAN at the Bureau and recommended fingerprints in file be checked against latents found on murder weapon. I told MC GOWAN we were currently checking whereabouts of brothers and would conduct appropriate investigation to either eliminate them or tie them in with this case.

On the night of 4/7/68, Roger Priest, Federal Conservation Warden, Eau Claire, Wis. telephonically contacted SA Graham and advised as follows.

Priest was at Nelson, Wis. on 4/7/68 observing individuals in that area near the Mississippi River. He said that he was watching several individuals whom he thought might try to hunt ducks, which is prohibited at this time. He stated that shortly after noon he noted a man standing near the Railroad tracks as though he was waiting for someone. He advised that this person was dressed in heavy outdoor clothing and was using field glasses. He could not determine what he was watching.

Priest said that this person remained at this same location for about one and one half hours before he left in a 1966 Ford automobile with 1968 Wisconsin License E32789. He advised that he had determined that this license was issued to Alvin P. Leque of Wausau, Wis.

Priest described this individual as follows.

Priest said that this person seemed to be looking down the tracks in a southerly direction with his field glasses as though expecting someone or something.

Priest advised that the only reason that he brought this to the attention of this office was because of the recent killing of Martin Luther King. However, he furnished nothing to indicate any possible connection with that incident.

The above information was furnished telephonically to SA Kenna, who will submit information on Leque. No further action is contemplated.

In connection with investigation in instant matter, it was ascertained from file reviews that MARTIN LUTHER KING, JR. appeared at Wausau, Wis. on 3/12/67 in connection with a speech in that area. Subsequent to his talk, he held a press conference that same date. Investigation in Wausau developed that on the occasion of KING's appearance in that city, an anonymous call was received by Wausau PD from a male caller who said he would "put a bullet through KING's head." The Wausau police at the time suspected that the caller may have been THEODORE J. ABRAHAM, described by the PD as a possible mental case who could have capabilities of committing violence.

The father of THEODORE is named HARVEY. The father at one time was employed as chef at the Lauer Supper Club, 3701 E. 6th, Wausau. THEODORE ABRAHAM has in the past been employed as a chef at Ponderosa Restaurant in Wausau. It was ascertained on 4/8/68 that THEODORE ABRAHAM left his employment and his whereabouts were unknown.

Investigation also developed in instant matter that THEODORE has a brother named ALAN PAUL ABRAHAM whose current whereabouts are also unknown. He was also described by the PD as being an individual capable of committing violence and also believed to be mentally incompetent.

At the news conference held by KING on 3/12/67 the area was sealed off by police to insure that only newsmen were admitted. THEODORE ADAMK showed up on that occasion posing as a newsmen, but was evicted by local police.

Above facts were telephoned to Bureau on 4/8/68 with the recommendation that fingerprints in the file on THEODORE and ALLAN ADAMK be checked against latents found on the murder weapon in instant matter. Reply was subsequently received from Bureau on 4/8/68 that check of ADAMK brothers prints against those taken from the murder weapon negative.

The following are descriptions of individuals in question:

Investigation conducted at Wausau, Wis. by SAs GERRARD J. KENNA and JOSEPH S. It was developed that he has a girl friend named MARILEN LAVOYE, 703 1/2 Jackson, Wausau. She advised upon interview that she has seen or been in contact with THEODORE ADANK regularly, mentioning that she has had dinner with him each Friday evening during past several weeks. It is noted this would include 3/29/68. She mentioned that on 3/31/68 she also had dinner with ADANK at Stevens Point, Wis., as well as on 4/2 and 8/68, in Wausau.

JOE HILKINSKI, who was interviewed at Little Joe's Tavern, 1st St., Wausau, advised 4/8/68 that he was in company of THEODORE ADANK on two occasions the weekend of 3/29-31/68. He could furnish no exact specifics as to where he may have been in THEODORE ADANK's company.

THEODORE ADANK was interviewed by SAs KENNA and WALKER on 4/8/68 and impressed interviewing agents as being somewhat of a mental case. ADANK advised he has been in Wausau during the entire recent 2-week period except for one occasion when he traveled to Milwaukee, Wis. for treatment at Wood, Wis. VA Center in connection with his medical disability pension. His only income appears to be the pension he receives from the Government. He said he returned from Milwaukee that same day, which was 3/25/68. He furnished the identities of another acquaintance and bartender in Wausau who could account for his presence in Wausau on 4/4/68. These individuals will be interviewed on 4/9/68 to further corroborate the opinion that THEODORE ADANK was apparently in Wausau during pertinent periods concerned in instant matter.

Investigation concerning ALLAN ADANK developed he has been absent from Wausau for the past 4 or 5 weeks. His whereabouts are unknown, although THEODORE advised his brother may be working for some construction firm in Chicago. He said

Bureau instructs that indices, all city directories and all telephone directories in the Division territory be checked for the names LOWMEYER and LOWMYER. Additionally, all drivers license records, auto registration records, voter registration records, credit and arrest records be similarly searched. Checks should not be confined only to the given name of HARVEY. Any individuals identified as having the aforementioned surnames should be immediately checked out covering the pertinent periods.

All bombing suspects are to be checked out also. Leads are to be handled immediately and given TOP PRIORITY ATTENTION.

Bureau also directs that all Klan members, Minutemen, Rabble Rousers, Hate group members and any other individuals known to have violent proclivities be identified and their whereabouts during pertinent periods be ascertained through informants, sources and indices. With regard to those who cannot be immediately eliminated, you should submit, attention Identification Division, name, description, FBI number, military serial number or other identifying numbers so appropriate fingerprint examinations can be made. (Excellent latents were obtained from the recovered gun.)

Where suspects may be developed, they may be eliminated on the basis of established whereabouts on dates in question. If this cannot be done, efforts should be made to secure photos and forward same, with descriptive data, to Birmingham and Memphis for examination. If unable to eliminate on basis of whereabouts, efforts should be made to secure fingerprints of suspect in question and submit same to Bureau for elimination or identification.

Bureau also directs that all racial, security and criminal informants and sources be canvassed, with emphasis directed toward informants and sources in known hate groups.

Check of Operators License Division, Madison, Wis., was negative. Milwaukee indices negative.

Checks should be conducted of auto registration records in all county seats where such records are maintained. There is no state-wide alphabetical listing of registered car owners in Madison.

MI 44-388

Checks have been made of all telephone subscribers in the State of Wis. with no "on the nose" discovery of HARVEY LOWMEYER (LOWMYER) made.

Logic and sound judgment must be exercised in connection with investigation in this matter.

\* \* \* \* \*

Recovered at scene of shooting, apparently abandoned by Unsub, were pair of brownish checked print undershorts and white jockey T-shirt bearing cloth laundry tags. These tags were made by a Thermoseal marking machine manufactured by Textile Marking Machine Co., Syracuse, N. Y. Tags are  $\frac{1}{4}$  in. wide and  $1 \frac{1}{16}$  in. long, red in color, bearing marking which appears to be "02B-6" or "D2B-6." Only a portion of the first character is present on each tag, and this character is cut on slight bias. No other visible laundry marks were found on either garment. Bureau directs all offices immediately telephonically contact all laundries in the division to identify laundry using this code and these tags, and pursue logical leads developed. If pertinent laundry identified, Bureau is to be advised immediately telephonically.

\* \* \* \* \*

Subsequent information has been developed indicating that Thermoseal machines which would produce the  $\frac{1}{4}$ " x  $1 \frac{1}{16}$ " laundry mark have been sold to only three laundries in the State of Wisconsin as follows:

The Huebsch Laundry Company,  
101 Dewey Street, Eau Claire, Wisconsin  
(One machine)

Model Laundry and Dry Cleaning Company,  
506 6th Street, Racine, Wisconsin  
(One machine)

Spic and Span Laundry,  
4301 North Richard Street, Milwaukee, Wisconsin  
(Six machines)

While Thermoseal has other machines located in the State of Wisconsin, these are the only machines which are capable of reproducing this specific size tape. Accordingly,

MI 44-388

investigation should be deferred on other than these three locations until further notice.

In the event it is determined in checking with these three companies that these specific machines have been sold to other laundries, the specific machines of course should be traced to their now owners. Thermoseal Company officials have advised that this is a very unusual type of cutting and they are certain that the machine which made the specific tape in question can be identified when located.

Memphis now advises that the best suspect by name at this time is ERIC STARVO GALT. Basis for this thinking is that GALT resided in Birmingham, Alabama, from September through November, 1967, and is known to have purchased a white Mustang for \$2,000 cash in August, 1967. GALT registered in a Memphis flophouse type of motel in the vicinity of the assassination the night before it took place. He checked out the next day. Witnesses in the vicinity immediately after the assassination have stated a white Mustang with red and white license tags (Alabama has red and white license tags) sped away from the scene. Further, binoculars were found in the rooming house from which KING was shot. Fingerprints from the binoculars are identical with fingerprints on the rifle purchased in Birmingham and located at the scene of the shooting. No information is available on GALT's residence or whereabouts since November, 1967, other than his registration in Memphis the night before the assassination. He is described, set forth below and, according to witnesses, is close to that of the individual seen running from the rooming house in Memphis immediately after the assassination. Information has been developed that GALT told people he was a merchant mariner. He is described as possibly born [redacted] white male, 5'11", 175 pounds, possibly with medium dark hair.

Investigation to further identify GALT should be conducted immediately and prior to any other investigation in this matter. Investigation at once should include credit, criminal, birth record, marriage and any other logical records check, as previously set forth in this memo for LOWMEYER, to identify GALT. In connection with the GALT lead any logical possibility on merchant mariner should receive top priority in making these records checks.

# Attorney General Says FBI Trails Suspect on Run

Washington, D. C. - AP - Atty. Gen. Ramsey Clark said Sunday federal investigators were on the trail of "one man on the run" in the assassination of the Rev. Martin Luther King, jr., and they were hoping for an early arrest.

"We have a name we're working on," Clark said. "Whether it proves to be the right name remains to be seen."

Clark said there was no evidence, so far, that more than one individual was involved in the fatal shooting last Thursday in Memphis of Mr. King, leader of the drive to attain civil rights through nonviolent action.

Mr. King, in Memphis to lead demonstrations on behalf of demands by the city's striking sanitation workers, was killed Thursday by a single bullet which struck him in the neck and jaw as he stood on the balcony of his hotel room.

A rifle was found a ban-

doned nearby, and Clark hinted Sunday it may have been identified as the murder weapon.

Asked if ballistic tests had established such a connection, he responded, "ballistic tests have been made and such evidence as they give will be used in court."

Clark discussed progress of the investigation on a radio-television interview program on NBC.

Since Friday, when Clark held a news conference in Memphis, additional evidence has been gathered, and "the trail has lengthened" that leads to Mr. King's killer, the attorney general said.

"We know quite a bit more than we did two days ago," he added. But he declined to specify the places where the trail leads.

"We hope to have an early conclusion to the investiga-

tion, followed by indictment, trial and conviction," he said.

Clark indicated that, as is customary in murder cases, the eventual trial would probably be left to the courts of Tennessee.

The federal government could assume jurisdiction, Clark said, if there were evidence that justice would not be done by state courts. But he added, "I have no doubt that the authorities of Tennessee would prosecute this with all the vigor at their command."

"I think the state of Tennessee wants this case prosecuted more vigorously than perhaps anyone else."

## Authorities on Trail of King's Assassin

Memphis, Tenn. —UPI— Authorities indicated Saturday that they are hot on the trail of a neat, sandy haired man who checked into a flophouse and used it as a sniper post to snuff out the life of Dr. Martin Luther King, jr.

"The investigation at this point is very encouraging," said Memphis Police Chief Frank L. Holloman. He would say no more, explaining:

"The furnishing of any more details at this time might jeopardize either the investigation or the conviction of the individual responsible. As soon as we feel we are in a position to make further announcements, we will do so without delay."

### "Close" to Arrest

Atty. Gen. Ramsey Clark, who flew to Memphis on orders from President Johnson to help with the investigation, said that authorities were "very close" to an arrest in the case and that the investigation had spread several hundred miles beyond the borders of Tennessee.

Apparently some of the best leads to the slayer have been supplied by residents of the run-down apartment building from which the fatal shot came.

The landlady, Mrs. Bessie Brewer, 44, said that less than

five hours before the shooting a neat, sandy haired man, an unlikely prospect for an \$8.50 a week room, checked into the apartment under the name of "John Willard."

"He had a silly smile," said Mrs. Brewer. "I'll never forget that smile."

### Heard Shot

Mrs. Brewer and her husband, Frank, both reported hearing a shot about the time the Rev. King was slain. They said the shot sounded as though it was fired from the building's communal bath, precisely where ballistic experts say the sniper stood.

Another tenant also reported hearing the shot. "I opened my door and saw this sandy haired man in a dark suit running down the stairs with something under his arm wrapped in a newspaper," said Charles Q. Stephens.

## Search for Assassin Goes to Mexico

From Press Dispatches

Memphis, Tenn. — The assassin of the Rev. Martin Luther King, jr., may have fled the country, according to indications Tuesday. The FBI has asked Mexican authorities to aid in the search.

A police spokesman in Mex-

ico City said a drawing of the suspect, a composite of descriptions by persons who saw the white sniper in the Memphis rooming house from where Mr. King was shot, had been distributed throughout Mexico and at border crossing points.

The Mexican spokesman refused to divulge any further information.

There is an investigation

going on, that is all we can say," he said.

United States Atty. Gen. Ramsey Clark, in Washington, said Monday the "trail has lengthened" since Friday, the day after Mr. King died.

The FBI has "one man on the run," Clark said. "We have a name, but whether it is the right name remains to be seen. We hope he'll be under arrest quite soon."

A Chicago newspaper reported Tuesday that the rifle used to kill Mr. King was purchased in a Birmingham, (Ala.) gun store.

The paper said the Browning 30.06 rifle with a telescopic sight was bought by a white man who left his name with the shop owner.

Re phone call from SA Goerge Vopal 4/11/68 instructing that samples of the lettering of the Thermoseal Marking Machine, located at Huebsch Laundry Co., Eau Claire, Wis. be obtained.

On 4/11/68, John Vaudreuil, President, Huebsch Laundry Co., 101 North Dewey St., Eau Claire, Wis. made available samples of the lettering of his machine with the markings 02B-6 and D2B-6 each repeated twice. Vaudreuil said that his concern does not usually use this lettering sequence. He also advised that most customers usually will remove the label from their garments before they wear them or the laundry will remove them when a garment is subsequently laundered so that the numbers will not be confused. He said that the number can be removed easily from the garment.

The samples obtained are being forwarded with this memorandum.

Machines bearing Serial Numbers 32584, 32574, and 32585 are operative and samples were obtained.

Machines bearing Serial Numbers 32582 and 32549 are inoperative, however, samples were obtained from inside the machine when they had fallen during previous operations.

BOSSHARD advises that the numbers on the laundry tags are used to indicate the lot, week and bundle numbers as follows:

The numbers to the left of the letter indicate the lot number and the letter indicates the week in which received and the numbers to the right of the letter indicate the bundle number within the lot.

He stated he does not know whether or not this system is common to all users of this type of machine.

He advised that either D2B-6 or O2B-6 would not be one of Spic and Span's numbers as they did not utilize a zero in front of single numbers and never used a letter as the first digit. He further stated that the last week his firm used B was the week of 17-23 December, 1967, and that these tags were violet colored tape.
