Re Phoenix tel 5/7/68 and Omaha tel Memphis 5/8/68.

The following investigation was the basis for tel to Memphis 5/8/68.

Margaret Hayen, Clerk PO, Cambridge, Nebr. stated mail came for a Richard S. Snyder and was picked up only about twice by a person presumably Snyder. This was in 1967 in late summer perhaps August. All mail came to general delivery. The mail then accumulated and was returned to sender after no one called for it for about a month. She stated Snyder left no forwarding address; she had no idea whether or not he was employed; or where Snyder might have resided. She stated Snyder as she recalls him in no way resembles subject this matter. An IO of Ray is in the Cambridge PO.

The same information was obtained from Earl D. Ommert, Post Master, Cambridge as was obtained from Hayen.

Chief of Police, John Robert Wright and County Attorney, Eric B. Eisenhart, both Cambridge, Nebr. 5/8/68 checked their respective sources and were unable to develop any information relative to Snyder. Both stated they had never observed anyone resembling Ray around Cambridge and commented that it is most unusual that if anyone had resembled him at Cambridge that such information had not been brought to their attention. Both suggested that if Snyder in fact had stayed around Cambridge that he would have stayed at Gussies Court the most noted transient hangout in the area.

Augusta Menze, owner and operator of Gussies Court, Cambridge, Nebr. 5/8/68 reviewed her records and found that she had had no Richard S. Snyder or in fact a Snyder with other variations in spelling at her court. She further viewed photo on IO of subject and stated she has never observed anyone resembling him.

In order to cover the possibility that subject may have died since commission of the crime, the U. S. Census Bureau and Department of Health, Education and Welfare were contacted and they advised that no central records of unidentified deceased are maintained by those agencies. It was suggested that each state may maintain such a record in their Bureau of Vital Statistics or similar agency.

There is no known Federal law requiring the maintenance of such information; and it is possible that if any record of unidentified dead is maintained, it would only be maintained at local police departments, morgues, medical facilities, or the like.

Each office covering state capitals should check to ascertain if such records are maintained, and if so, should check records for the period from 4-5-68, to date, for any information which might possibly identify subject Ray with unidentified deceased person over that period.

If there is no central record repository maintained in the various states or nationally in the case of Mexico and Canada, you should, in connection with your contacts with law enforcement agencies on this case or other Bureau matters, make appropriate inquiries relative to

ON 4/29/68 JUNE ELDRED, waitress, Office Bar, North Platte, Nebraska advised the writer that she had seen a man in the above bar on 4/18/68 which she thought resembled the man GALT that the FBI was looking for. She described this man as a white male, 35-40 years of age, 5'11", medium weight, medium cut dark hair, with old looking tattoos on each finger of his right hand (letters unrecalled), and a tattoo on on his right arm, which she could not describe.

This man said he was going to the Arnold, Nebraska, school to inspect it. She said this man was in the Bar all afternoon and seemed to have plenty of money. She said the only other thing that she could recall about the man or his conversation was that he mentioned he was living in Omaha in an apartment. She was unable to furnish any additional information.

It is noted that subject JAMES EARL RAY has no reported tattoos, and those noted on the man by Eldred were old according to her.

John Eugene Gawron was interviewed by St. Louis Office and advised he taught Ray to be a burglar. He stated that on or about 6/23-24/67, he read in the Chicago "Tribune" of a \$50,000 bank burglary in a southern state and recalled that he and Ray cased the same bank in 1958 or 1959, but did not rob the bank at that time because he injured his leg. A few days after reading this article Gawron claims he was visited by a man whom he refuses to identify and whom he believes he introduced to Ray in 1959. This man told Gawron he and others had robbed the bank, displayed a valise full of money and gave Gawron \$250. About six weeks ago this man again visited Gawron and allegedly indicated to him that Ray and one or more other persons had been involved with him in the bank robbery.

RE: MURKIN

During this interview Gawron refused to identify the bank or the man who visited him. He did say that the bank was in the deep South in a State like Mississippi, but not in Mississippi, in a city that is not small and is near a river. The robbers were out of state in five minutes and the loot amounted to \$50,000, plus or minus two thousand.

Based upon available information, the Chicago "Tribune" and the Bureau's bank robbery files have been reviewed without finding any reference to a robbery such as Gawron described.

Gawron has now been reinterviewed and he denies having any contact with Ray since Ray's escape. Regarding the southern bank robbery Gawron previously alleged Ray was involved in, Gawron now states that this could have occurred in July, 1967, instead of June, and was in a city on the east bank of the Mississippi River.

Each office receiving this communication should make a review of their records to determine if such bank robbery or any other robbery coming within the jurisdiction of the Bureau occurred. You should make inquiry at appropriate police departments to determine if a robbery of this magnitude exists in their files.

Denies Reports Hoover, FBI Lax in Search for Ray

Convinced Manhunt Is Exhaustive

By DREW PEARSON
and JACK ANDERSON

WASHINGTON — The FBI's failure to apprehend the assassin of Dr. Martin Luther King has led to reports that J. Edgar Hoover is not interested in catching the murderer. The reports are based partly on the fact that Hoover and King were not on good terms, Hoover having publicly branded King as "The most notorious liar in the world."

Exhaustive Manhunt

We have checked into the operations of the FBI in this respect and are convinced that it is conducting perhaps the most painstaking, exhaustive manhunt ever before undertaken in the United States. Its G-men have checked every bar ever patronized by James Earl Ray, every flophouse he ever stopped at, every cantina in Mexico he ever visited. It has collected an amazing array of

RAY

... Hiding in Mexico?

evidence, all linking Ray with the murder.

That he has not been found may be due, first, to the possibility that he himself was murdered by those who hired him to kill King; or, second, that he is hiding in some remote Mexican village.

Hide Out Indefinitely

If he has money — and apparently he had — Ray might be able to live in a distant part of Mexico indefinitely. The Mexico City police are efficient and cooperative, but police in the remote areas are not. In some villages few Mexicans can read or write, and radio news of the outside world does not penetrate.

What the FBI has established about King's assassin was that he was a professional killer who had studied the suspense writing of Ian Fleming and Ayn Rand. His pseudonym, Eric Starvo Galt, for instance, was taken from both authors.

Also Bungler

Yet, while a student of crime he was also a bungler. For he left behind the murder rifle with his fingerprints on it and, wrapped around the rifle a bedspread which contained strands of his hair. He also left behind a blue zipper bag containing a brush with hair matching those on the bedspread.

All the evidence we have been able to gather points to the probability that Ray was hired to kill Dr. King. He broke out of the Missouri State Penitentiary on April 23, 1967, after boasting to fellow prisoners that he intended to make a big "score" on the outside. He remarked to one inmate that he might try to collect a rumored \$1 million bounty that supposedly had been offered by a "businessmen's group" for the death of Dr. King.

Four months later, Aug. 30, 1967, he opened a safe deposit box in the Birmingham Trust National Bank and suddenly began passing out crisp \$20 bills like a big spender. He paid \$499 for dancing instruction, then quit after only a few lessons. He spent \$395 for mail-order photographic equipment that he didn't know how to operate.

He shelled out money for a bartending course, but showed no interest in working behind any bar. He also took a course in lock-picking from a correspondence school in Michigan. His white Mustang cost \$1,995, which he paid in cash. He drove it from Mexico to Montreal, from Los Angeles to New Orleans.

Spent \$10,000

Occasionally he slipped \$20 to bar girls and prostitutes. In Mexico he lived with a prostitute in small towns like Jalisco and Puerto Vallarta where prices were cheap. Once he posed in sun glasses for a picture with his Mexican prostitute. In Los Angeles, he advertised in the hippie newspaper that he would like to meet "a passionate married woman." He also paid \$1 to the Swinger's Club for the names and addresses of five girls.

All told, Ray spent an estimated \$10,000 in seven months. Yet he never held a job, and committed no crimes following his escape from the Missouri penitentiary that the FBI has discovered. Previously he had been involved in a long list of filling station and other robberies. But after his escape he became a loner, in some respects became another Lee Harvey Oswald. Meanwhile, he sought to establish a new identity as Eric Starvo Galt.

Circled Map

It seems likely that Ray planned the murder of Dr. King for several months. He finally purchased the Remington rifle in Birmingham on March 30, then moved to a boarding house in Atlanta. In his room, agents found a map of Atlanta with four locations circled.

They were Dr. King's residence, his headquarters at the Southern Christian Leadership Conference, Ray's boarding house and the spot where he abandoned his Mustang after the murder. In the middle of the map was also a clear thumbprint from Ray's right thumb.

Changed Mind

Evidently Ray changed his mind about waylaying King in

Atlanta and followed him to Memphis. After all the elaborate planning and the careful creation of a new identity, Ray left behind in Memphis the murder rifle, binoculars and a bag full of toilet articles.

If white extremists put up the blood money it was probably not the Ku Klux Klan or the Minute Men, for they are an impatient lot who would not have waited for several months for Ray to get results.

FROM : Director, FBI

SUBJECT: MURKIN
PUBLICITY ON REWARDS OFFERED

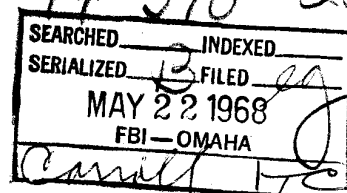

Each Special Agent in Charge and Legal Attache is instructed to promptly remind their established cooperative news sources, in a discreet and tactful manner, of the existence of substantial reward money for information leading to the arrest and conviction of the killer of Dr. Martin Luther King. This money now totals at least \$100,000. The FBI should not, however, be publicized as the source of this reminder.

While the Bureau's continuing policy is to encourage the public to furnish information to law enforcement authorities as a matter of good citizenship, without expectation of financial reward, it is fully recognized that monetary rewards are often necessary to motivate some individuals. The knowledge of the existence of the substantial rewards available in the Murkin case could possibly prove of value in the solution of this major investigation.

Memorandum

TO : SAC, OMAHA (44-310)

FROM : SA GRANT ALAN JACOBSEN

SUBJECT: MURKIN

DATE: 5/21/68

Re memo of SPC IRA J. STEVENS, 5/8/68.

After several unsuccessful attempts, JERRY M. WARNER, 2220 Chanticler, Grand Island, Nebraska, was contacted at his residence 5/20/68. WARNER stated he is district manager for Central States Insurance Company, and as a result travels much about Nebraska and elsewhere. He related that on 5/7/68 he was in the county court house building, Loup City, Nebraska, about 2:30 PM, when he noticed a man obtaining a driver's license from the Nebraska State Drivers' License examiner. This man looked to be in his early thirties, about 5'8½", stocky build, and he had rusty-colored hair. When WARNER arrived home that night he saw a photograph of JAMES EARL RAY and thought the man he had seen at Loup City resembled the photo of RAY. WARNER was shown Wanted Flyer 442-A, but he was unable to say the photos thereon looked like the man at Loup City.

On 5/21/68 TOM QUALSET, State Of Nebraska Operator ~~License Examiner~~ License Examiner, Loup City, Nebraska, advised that according to his records he only examined one man during the afternoon of 5/7/68, and this was SAMUEL L. ROGERS of Loup City. He said he recalls that he went for a test drive with ROGERS and recalls he drove a car bearing Nebraska license, but does not remember the make or model of the car, nor does he recall the license number. He said he is sure that ROGERS was no more than 5'8" tall and was very stocky. He was shown WF 442-A and stated he did not feel ROGERS resembled the photos of JAMES EARL RAY. QUALSET said whenever he gives a test-drive he writes down the make, year and color of the automobile used, but does not write down the license number. He said that if ROGERS has a vehicle registered to him in Nebraska this information could be obtained from the Department of Motor Vehicles, Lincoln, and the information he recorded as to the description of the car could also be obtained there.

44-310-230

On 5/21/68 records of the Sherman County Treasurer's office, Loup City, Nebraska, were checked with negative results for an auto registration for SAMUEL L. ROGERS. However, a driver's license was found for ROGERS, issued 5/7/68, which reflected his address

as 810 'N' Street, Loup City, Nebraska. He is described as a white male, born [REDACTED], 5'8"; 170 pounds; brown hair and blue eyes.

On 5/21/68 Sherman County Sheriff VIRGIL KAMINSKI, Loup City, ~~said~~ said he did not know anyone by the name of ~~XX~~ SAMUEL L. ROGERS.

On 5/21/68 ~~inquiry~~ inquiry at 810 'N' Street determined this address is a boarding house. However, the residents of this address advised no one by the name of SAMUEL L. ROGERS has lived there and there have been no recent move-ins or visitors.

On 5/21/68 PAUL ZELESKI (Protect), Postmaster, Loup City Nebraska, Post Office, advised no mail has been received for a SAMUEL L. ROGERS and the name is completely unfamiliar to him.

LEADS:

OMAHA AT LINCOLN, NEBRASKA Will check with the Motor Vehicle Department for any record of auto registration for SAMUEL L. ROGERS and thereafter set out leads to have ROGERS located, if such a record is located. Will also endeavor to determine the description of the motor vehicle used by ROGERS when applying for a driver's license at Loup City, Nebraska, on 5/7/68.

He advised that while he and Adler were eating lunch Adler pointed out a man to him and said that he thought the man resembled JAMES EARL RAY. Krueger advised that he saw this man at a distance of about 25 yards and agreed with Adler that the man did resemble Ray. He stated however that he was busy that day and therefore did not pay any more attention to the man that Adler had pointed out to him. Because of this he was unable to provide any more information. FBI Still After James Earl Ray

WASHINGTON (A P) — More than a month and a half after the murder of Dr. Martin Luther King Jr., FBI agents across the nation are reported still actively searching for the man accused of the killing—James Earl Ray.

FBI headquarters has been silent for weeks on the case, except to say that it is still being actively investigated — and that the bureau is not simply waiting for Ray to turn up some place.

Ray, 40, escaped April 23, 1967, from the Missouri State Penitentiary at Jefferson City where he had served eight years of a 20-year sentence for armed robbery.

The last official statement from the FBI on Ray was a one-paragraph description issued May 7 along with two new photographs of him.

One, said to be the best photo yet made public of Ray, shows him wearing a dark-checked sport jacket. It was taken earlier this year in California. The others, showing Ray wearing dark glasses, was taken last November as he sat in a night club in Mexico.

Meanwhile, reports continue to appear that Ray has been spotted at a number of places.

Just Thursday, officials in Pottsville, Pa., asked the FBI to supply a dental chart of Ray to determine if he might be a corpse found there.

Although there have been several reports that Ray may be dead, Justice Department officials have pointed out continually that there is no evidence to support or refute this.

And there have been several cases in which individuals have been questioned by police, who thought the individuals resembled the description of King's accused assassin.

King was shot to death April 4 as he stood on a balcony of a Memphis motel.
