MURKIN case 44-657

notified the Richmond Office
The Washington Field Office ~~telephonically advised the Alexandria, Virginia~~
~~Resident Agency~~ on April 11, 1968 that they had received a telephone call from a
MR. JAMES G.L. HOWARD 7115 Leesville Boulevard in Springfield, Virginia on the
night of April 10, 1968 advising that he observed ~~a man~~ the driver of a green
Volkswagen bearing North Carolina license BY-7044 who resembled the artist's sketch
of the assassin of MARTIN LUTHER KING. He advised that this individual was observed
in the vicinity of Gallows Road and Route 50 in Fairfax, Virginia.

The license number was determined to be registered to a JOHN LEWIS CAMPHANE
of 10027 Mosby Woods Drive in Fairfax, Virginia according to the records of the
Division of Motor Vehicles located at Charlotte, North Carolina.

Special Agent ROLAND M. COCKER conducted the following investigation on April 11,
1968: MR. and MRS. BERNARD SEXTON, apartment 321 at 10027 Mosby Woods Drive advised
that JOHN LEWIS and PENELOPE CHAMPAGNE reside in apartment 322 at this address and
are closely acquainted with the SEXTONS. They both advised that MR. and MRS. CHAMPAGNE
have resided here since September 1967 and he is a student at American University work-
ing towards his Master's Degree and they know that neither MR. or MRS. CHAMPAGNE have
left the area during their residence here. When shown the artist's conception of the
assassin, MR. and MRS. SEXTON advised that they did not think there was any resemblance.
They commented that MR. CHAMPAGNE has a conspicuous facial scar extending from his
lip caused from an accident a number of years ago.

MR. JOHN LEWIS CHAMPAGNE and his wife were thereafter interviewed and advised that
they have resided in this apartment since September, 1967 and have not been out of the
State since. CHAMPAGNE was born July 15, 1939 at Springfield, Massachusetts, received
an honorable discharge from the U.S. Army as a Captain, Serial Number 05322368 after
serving from January 3, 1964 through August, 1967. He was employed with the Defense
Intelligence Agency at Arlington Hall, Arlington, Virginia from September 1967 through
February, 1968 when he left to enroll at American University to work toward his Master's
Degree. He obtained his Bachelor's degree at the University of Massachusetts.

Re San Francisco teletype 4/10/68.

Enclosed to Memphis are nine copies of investigative insert reflecting investigation conducted in Dallas, Texas. Also enclosed for Memphis is a Xerox copy concerning passengers who boarded American Airlines flight 296 at 1:20 PM, 3/28/68, in Dallas. It is noted Mr. G. AHRENS, apparently identical with GRANT AHRENS, was a coach passenger and accordingly it appears passengers who sat in the immediate vicinity of him were also coach passengers. Coach passengers are listed on the enclosed beginning with the name of Mr. AHRENS, those above being first class passengers.

Investigation disclosed no names of military persons appear on the enclosed list, however, two persons were on "stand-by" and did board the flight in Dallas. Both were destined for Louisville. One was Sgt. (illegible possibly REYNOLDS or REVNOERS), the other one FARRIS, rank and service not indicated. It is further observed that the female Captain in the Afghanistan Army is not identifiable from the list enclosed. Agent was informed that the numbers to the immediate rights of the names of the individuals on the list are identifying information in a computer at the Briar Cliff Computer System, New York City. Such information will show in most cases the full data concerning reservations made by the respective persons, including contact telephone numbers and/or addresses.

It is being left to the discretion of Memphis whether this investigative lead is worthy of being pursued further in this regard.

It is suggested with respect to military personnel, that Louisville Office might check records of airlines out of Louisville to Richmond, Virginia, following the arrival of American Airlines flight 296 on 3/28/68, in an effort to identify the Airman who reportedly sat next to AHRENS. It is further suggested that Louisville at Fort Knox, Kentucky, might successfully identify the female Afghanistan Army Captain, perhaps more easily than through information from the airlines.

Memphis note 71 persons reportedly boarded the plane at Memphis.

Dallas Office will not pursue this matter further unless advised by Memphis.

Police Alerted On 'Confessed' Slayer of King

Police departments in Virginia were asked by the FBI to be on the lookout last night for a man who admitted that he had slain civil rights leader Dr. Martin Luther King Jr.

Police said that the white man bore a tatoo on his upper right arm that said: "Born to Lose."

The man had told someone in Whiteville, N.C. about midnight Monday that he had slain King and was going to Washington to surrender himself to federal authorities, police said. They added that the man was thought to be hitchhiking along either U.S. 1 or Interstate 95.

In an all - unit broadcast, the man was described as being about 25, with blue eyes, black hair, medium-dark complexion and about 5 feet 10 inches tall.

He was wearing a white shirt with yellow stripes and dungarees when last seen, police said.

A man identifying himself as BOB HUMERSTONE, "Long Island News Day," Long Island, N. Y., telephonically contacted the Memphis Office at 3:30 p.m., 4/11/68, inquiring as to whether the FBI was looking for JAMES GEORGE ROBINSON and/or BOY JAMES in connection with the shooting of MARTIN LUTHER KING, JR.

The caller said he had no reason to believe the two were involved in the shooting of KING but based on both having assaulted KING in the past, he was trying to work up a story as to whether the FBI might be currently looking for them as suspects in the shooting of KING. JURY

He stated the only information available to him was news clippings and based on such news clippings he furnished the following information:

JAMES GEORGE ROBINSON, white male American, born 5/22/38 at Barnum, Texas, 6'1½", 155 lbs., blue eyes, brown hair, slim build, was arrested for assaulting MARTIN LUTHER KING, 1/18/65, at the Alvin Hotel, Selma, Alabama. ROBINSON received a fine and a brief jail term and subsequently returned to Selma and was again arrested at Selma on 3/8/65.

Re Albany teletype dated 4/8/68 and Richmond airtel to Bureau dated 4/8/68.

Enclosed for the FBI Laboratory are two 3" by 5" cards containing six Thermo Seal pieces of marking tape.

On 4/11/68, Mr. JOSEPH A. YOUNG, Manager, Bonnie Bright Laundry (formerly known as Farlington Laundry), 3800 South Four Mile Run Drive, Arlington, Va., advised SA JOHN W. PFAFF, JR. that his company has used white Thermo Seal marking tape exclusively for over two years. Mr. YOUNG made available six samples of Thermo Seal marking tape which were affixed to two 3" by 5" cards.

Mr. YOUNG noted the machine is capable of making six characters at one time and that the first four characters on this machine are slightly smaller than the last four characters. His company uses a coding system consisting of four alphabetic letters, a dash and one number. According to Mr. YOUNG, there is no standard coding process and each individual laundry is free to employ its own individual coding system.

For the information of San Juan, the following is furnished:

Search of premises believed occupied by UNSUB who assassinated Dr. MARTIN LUTHER KING on 4/4/68, disclosed suitcase in which was located tee-shirt and undershorts bearing laundry mark on red tape with black lettering believed to be Thermo-Seal type, manufactured by Textile Marking Machine Co., Inc., Syracuse, N.Y. The tape is $\frac{1}{4}$ " wide and $1\frac{1}{16}$ " long and bears letters and numbers 02B-6.

Experts at Textile Marking Machine Company advise type on this machine is unusual in that the first two characters are 15 point type and the last three characters are eighteen point type, with the middle character, the letter B, probably being narrow rather than regular type. The usual machine carries 15 point type for the first three characters and 18 point type for the last two characters.

Textile Marking Machine experts also stated this machine is defective in that it is producing a tape $1\frac{1}{16}$ " long instead of $1\frac{1}{8}$ " long and is not projecting the tape far enough resulting in cutting off a portion of the first letter. The code used in the Northeast part of the U. S. is as follows:

The first letter O stands for lot number; the first number 2 indicates the day of the week, two being Tuesday; the second letter indicates the first letter of the store name, this is the letter B; the last number is the bundle number, this is 6. Color coding of the tag may designate various things such as a different month or the identity of a store in a chain. Experts also state the use of this system on laundry items is unusual in that the system is normally used on garments being dry cleaned.

The Bureau has instructed that all textile machines using this type tape be located and machines using this code be identified.
