the law as he knows places to hide. He further claimed two Negroes threw him off of a train once causing him to have a concussion and causing his inner ear to fill with blood. He expressed a distinct dislike for Negroes. GARCIA advised that during conversation with this individual he asked GARCIA where he was from. When GARCIA told him he was from Tampa he asked if GARCIA knew anything about the Mafia. GARCIA told him that his father, RAMON GARCIA, an Attorney, had done some legal work for the TRAFFICANTS in Tampa. He told GARCIA he was going to Orlando to do some work for the Mafia, for which he would receive a new Mercury and \$7000. He told GARCIA upon arrival in Orlando he was to walk up and down a certain street, name unrecalled, in Orlando until someone contacted him. He further stated that from Orlando he was going to Miami after which he would head north through Tennessee, to Idaho, and would feel better when he had a "few \$'s" in his pocket. He told GARCIA that his job had nothing to do with dope and indicated his job would be done in a week, after when he would be on his way to Idaho. He showed GARCIA a picture which he removed from his billfold of a place where he was going in Idaho. GARCIA recalls this picture showed snow covered mountains and a mountain lake. He claimed he was going to a small camp where he had "laid up" before. GARCIA recalls that he mentioned a waterfall at this place which gave off a spray revealing an image that looked like a reclining woman.

GARCIA advised that this individual appeared to know quite a bit about weaponry and stated that he talked about the AK47, Chinese assault rifle, laser beam, and light anti-tank weapon.

GARCIA advised after arriving in Gainesville he let this individual off on West University Avenue where he claimed he wanted to wash his clothes in a washateria. GARCIA stated that on Sunday, 3/31/68, around noon, he saw this individual hitchhiking on Archer Road toward I-75. He stopped and asked GARCIA if he would give him a ride as far as I-75, but GARCIA was in a hurry and unable to do so. He has not seen this individual since.

JN 44-768

GARCIA stated that he did not give too much thought to the conversation he had with this individual until after the announcement of the assassination of Dr. MARTIN LUTHER KING, JR. on 4/4/68. He stated after this announcement he began to give thought to the conversation mentioned herein that he had with this individual, particularly to his expressed dislike for Negroes and he also mentioned the Communist element among Negroes and he therefore thought he should report this to the proper authorities.

GARCIA reviewed all the pending identification orders but was unable to make an identification. He was asked to study the identification order of ROBERT BOLIVAR DE PUCE, IO #4176, inasmuch as process is outstanding for DE PUCE in Seattle and the description of the hitchhiker somewhat fits DE PUCE. After closely studying DE PUCE, GARCIA stated he could not state whether or not DE PUCE was identical with the hitchhiker, primarily in view of the fact the hitchhiker had such a full bush beard.

The above information is being submitted for the evaluation of the Memphis Division in connection with captioned matter and for evaluation by Seattle in connection with DE PUCE. Any leads to be set forth is being left to the discretion of the office of origin.

Information copies being sent to Atlanta, Miami, and Tampa, in the event it becomes necessary to request investigation by those offices concerning the individual described herein.

On the evening of 4-11-68, MICHAEL GARCIA telephonically contacted the Gainesville RA advising that he had noted in the "Tampa Times" of 4-11-68 an artist sketch of a man wanted for the murder of MARTIN LUTHER KING. GARCIA stated he sketched a beard on this drawing and advised with the beard the drawing is very similar to the hitchhiker he picked up near Columbus, Georgia, on 3-30-68. He further advised that the straight nose in the drawing is very similar to the hitchhiker's nose.

GARCIA stated he would be leaving for Ft. Lewis, Washington, between 4/18 - 20/68 and until time for him to leave, he will be staying at his parents residence, 4802 Woodmere Road, Tampa, Florida.

In an effort to assist in handling administratively the reams of material being submitted to Memphis Division as office of origin, it is requested all offices in submission of messages use caption which will aid in handling paper. For example, should your office have investigation to report in connection with a specific suspect it would aid if, before entering into the body of text, you would utilize sub-heading after reference, such as "SUSPECT - JOHN ALLEN DOE," or another appropriate caption might be "LAUNDRY CHECKS."

Suitable sub-headings on communications will greatly facilitate the handling of material. Please comply.

RE: ERIC STARVO GALT

By teletype to all continental offices on April 14, 1968, the Bureau advised that GALT, the principal suspect, has been reported as having attended dancing schools in Birmingham, New Orleans, and California.

GALT reportedly signed up for a one-year dancing course in New Orleans in 1964; took dancing lessons for several weeks at Birmingham, beginning in September, 1967; and took a \$499 dancing course from December, 1967, to February, 1968, at Long Beach, California.

One dance instructor has advised that GALT is "crazy" about dancing but a poor dancer and difficult to teach because he does not remember instructions. He was described as an introvert who volunteers no information and replies with yes and no answers when questioned; did not mingle with other students; and made no effort to make friends or converse with anyone else.

Another dance instructor stated GALT is a good dancer, displayed a slight southern accent; rural characteristics of language and diction; teeth straight and clean; finger-nails clean and neatly trimmed; wore gold ring with dark stone; always neatly dressed with suit and shiny slip-on type black alligator shoes with thin soles; black hose; wore tie tack and cuff links; smoked filter cigarettes; had nervous habit of occasionally pulling his ear lobe.

The owner of a dance studio states GALT spoke of Alabama; stated he was a merchant seaman, spoke of being to Mexico but did not speak Spanish and spoke English badly; was socially inept; an introvert and a poor dancer because he did not loosen up. GALT reportedly smiled rarely and when he did, it was a nervous crooked smile. GALT paid cash for lessons, taking a wad of bills from his pocket.

ERIC STARVO GALT is described as follows:

Height	5'11"
Weight	175
Eyes	Blue
Hair	Brown
DOB	
POB	Not given

The Bureau points out that GALT may have used the name HARVEY LOWMYER or JOHN WILLARD or any variation of these two names or any other names.

On April 10, 1968, Mr. RAY HORN, Plant Manager, American Linen Supply Company, 771 Valley Street, Seattle, advised that he had a Thermo Seal Marking Machine but that he used 7 to 9 characters in the sequence: Letter, number, letter - space - number, number, number, and that the character 02B-6 would not fit his machine.

On April 10, 1968, Mr. JAMES HART, manager, Lakeside Cleaners, Bellevue, Washington, advised that he had a Thermo Seal Marking Machine but that his machine would not use "O" or "D" as the first digit. He further advised that the first number in such a marking denoted the lot number, the letter was the week of delivery and the number after the dash was the bundle number.

Thus:

<u>Lot #</u>	<u>Week</u>	<u>Bundle #</u>
02	B -	6

Mr. HART stated that some cleaners use the lot sequence 01, 02, 03 etc., but that he used 1, 2, 3. The same sequence of characters (such as 02 B-6) would only appear twice a year in any cleaning establishment since there are 26 alphabet letters distributed on the basis of one letter per week.

AL 44-493

For the information of San Juan, the following is furnished:

Search of premises believed occupied by UNSUB who assassinated Dr. MARTIN LUTHER KING on 4/4/68, disclosed suitcase in which was located tee-shirt and undershorts bearing laundry mark on red tape with black lettering believed to be Thermo-Seal type, manufactured by Textile Marking Machine Co., Inc., Syracuse, N.Y. The tape is $\frac{1}{4}$ " wide and 1 $\frac{1}{16}$ " long and bears letters and numbers C2B-6.

Experts at Textile Marking Machine Company advise type on this machine is unusual in that the first two characters are 15 point type and the last three characters are eighteen point type, with the middle character, the letter B, probably being narrow rather than regular type. The usual machine carries 15 point type for the first three characters and 18 point type for the last two characters.

Textile Marking Machine experts also stated this machine is defective in that it is producing a tape 1 $\frac{1}{16}$ " long instead of 1 $\frac{1}{8}$ " long and is not projecting the tape far enough resulting in cutting off a portion of the first letter. The code used in the Northeast part of the U. S. is as follows:

The first letter O stands for lot number; the first number 2 indicates the day of the week, two being Tuesday; the second letter indicates the first letter of the store name, this is the letter B; the last number is the bundle number, this is 6. Color coding of the tag may designate various things such as a different month or the identity of a store in a chain. Experts also state the use of this system on laundry items is unusual in that the system is normally used on garments being dry cleaned.

The Bureau has instructed that all textile machines using this type tape be located and machines using this code be identified.

ALL OFFICES PLEASE NOTE: Bureau teletype to All Continental Offices, 4/9/68, stated that all laundries should be contacted in an effort to identify the tape on the shorts and tee-shirt believed to have been abandoned by UNSUB. The Textile Marking Machine Co. has advised that the above are the only machines known by that company to be in the above listed states which would be capable of producing the laundry mark on the garments. This company advised that the tapes on the garments are their tapes exclusively and that there is no other marking machines in the world which could have produced the tapes.

44-371-79

AL 44-493

ALL OFFICES should index the names of these locations in their territories for future use in other type cases.

The Bureau has been requested to supply to all of the offices covering the above states copies of color photographs of the tapes attached to the garments recovered. The Bureau has advised that this is being done.

ALL OFFICES

It is suggested in contacts with above establishments the actual operators of Thermo-Seal machines rather than supervisory personnel be contacted. It is further suggested, on the basis of consultation with Textile Marking Machine Co. personnel that the letter "O" in instant tape may have been used rather than a dash for first character. If the code is recognizable by insertion of a dash instead of letter "O", or if the code is recognizable as it appears on instant tape, obtain sample of tape and immediately submit to FBI Laboratory for examination. ///

Hunt For Dr. King's Slayer Becomes Grueling Routine

By BILL JOHNSON
Associated Press Writer

MEMPHIS, Tenn. (AP) — The task of finding the person who killed Dr. Martin Luther King Jr. apparently has settled down to the grueling police routine of sifting every clue and checking every lead.

There was no talk of an early arrest, as there had been shortly after King was assassinated last Thursday night. Robert G. Drewry and John C. Moore, the two U.S. commissioners here, said they had not been approached to issue a fugitive warrant by either the FBI or the U.S. attorney.

The Memphis Commercial Appeal reported today that the city's fire and police director is investigating the possibility that someone used the police radio frequency to draw officers off the trail of the fleeing assassin.

The paper said in a copyright story that Frank C. Holloman, Memphis fire and police director, "would only say last night that such a possibility is under investigation."

The paper said radio transmissions indicated Lt. R. W. Bradshaw in police car 160 was speeding after a white Mustang, suspected as a possible getaway car, following the shooting.

Holloman "did confirm that Lt. Bradshaw in car 160 was 'in the area' of the reported chase, but not involved in the case" the paper said.

"I was not chasing a white Mustang," the paper quoted Bradshaw as saying. "Any other information will have to come from the chief."

"The police dispatcher relayed seven transmissions—supposedly from Lt. Bradshaw in car 160—between 6:35 p.m. and 6:47 p.m. last Thursday," the paper said, "little more

than a half-hour after Dr. King was shot by a sniper outside the Lorraine Motel."

The paper said the messages described the route of the chase, said that a blue Pontiac was also chasing the Mustang and said shots were fired from the Mustang at the Pontiac.

As federal officials pressed their manhunt, there were reports of arrests in various parts of the country and of a widespread search in Mexico.

The Mexican rumor started after Rolando Veloz, the Mexican counsel here, told authorities there was a resemblance between a composite sketch carried in a local newspaper and a young man who applied for a tourist card the day before King was shot.

The young man turned out to be a 19-year-old student at Memphis State University, Memphis police said. They said what was thought to be a false address and phone number were those of his father in Park Ridge, Ill. They dismissed the possibility that he was connected with the case.

In Washington, the Justice Department denied that the investigation had extended into Mexico. The Memphis Commercial Appeal said however it had learned that the FBI had contacted the central police office in Mexico City.

It was learned that the gun found abandoned in a doorway next to the building from which police say the shot was fired was not among those stolen from a sporting goods store two days before the slaying.

B.C. Dowdle, proprietor of the store, said a police detective telephoned him the serial number of the Remington pump action rifle that was found and asked him to check it against the numbers of the stolen guns.

FBI Issues, Then Withdraws 'Locate Request' For Man

Message Names Eric Galt; Agents Grab Car In Atlanta

MEMPHIS, Tenn. (AP) — The FBI issued, then withdrew, a request that Florida police help locate Eric Starvo Galt, a white man, as the investigation of the assassination of Dr. Martin Luther King Jr. entered its second week.

Federal agents refused to say why they were seeking Galt, whose last known address was Birmingham, Ala.

A source in the Dade County Public Safety Department in Miami said the FBI bulletin began: "Reference locate and notify no warrant issued Eric Starvo Galt," then described Galt and the Mustang. The message concluded: "If located notify Agent Charles Bell FBI Miami."

"This meant they wanted him spotted, not picked up," the Miami source said. It was reported originally that a pickup order had been issued.

The bulletin distributed on the statewide police teletype network in Florida said Galt was driving a white Mustang. Witnesses in Memphis told investigators earlier they saw a man in a white Mustang drive away from the rooming house from which King was shot last Thursday night.

At about the same time the pickup order was sent in Florida, federal agents in Atlanta impounded a white Mustang that had been parked since last Friday at a public housing project near the Georgia state Capitol.

The message, withdrawn with the explanation that it was released by mistake, described Galt as a white male, 36 years old, about 5-foot-11 and 175 pounds with blue eyes and brown hair.

This roughly matched the description circulated by federal

authorities the night of King's slaying.

Special Agent John Hanlon of the Miami FBI office, who withdrew the pickup order about four hours after it was issued, said, "I cannot comment," when asked for further details.

The Florida teletype message said Galt was last seen driving a white 1966 Mustang hardtop, Alabama license 1-38993. Birmingham police said this tag had been issued to Eric S. Galt, 2608 Highland Ave., Birmingham.

State records in Montgomery, capital of Alabama, show that Galt listed his occupation as "merchant seaman, unemployed," when he applied for a driver's license in Birmingham in September 1967. The application showed Galt noted he had had a 1962 Louisiana driver's license but that it had expired.

Records showed Galt requested a duplicate driver's license and that it was mailed to him last month at the rooming house address.

Peter Cherpes, who has managed the rooming house for the past eight months, declined to discuss the matter.

"I won't comment on whether he was here—if he was here," Cherpes said. He added that he had turned over his books to the FBI.

Residents of the rooming house said they had been questioned by the FBI, but said they had not seen Galt in about three months.

Records show that Galt bought a 1966 Mustang in August 1967 from William D. Paisley of Birmingham. Paisley declined to elaborate.

Checks with maritime sources in New Orleans, Mobile, Ala., New York and Washington have failed to turn up any seaman

papers issued to an Eric Starvo Galt.

In Atlanta, the residents who first told police about the abandoned white Mustang said the car bore the same Alabama license as given out by the FBI and bore two stickers which said "turista." Earlier reports indicated the investigation had spread to Mexico.

"The FBI was all over the place," before the car was impounded, an Atlanta witness said. He said the vehicle was towed away between 5:15 p.m. and 5:30 p.m. Thursday—about the time the Florida teletype message was sent.

Witnesses in Memphis who reported seeing a white Mustang pull away from the rooming house said the car had a red and white license plate. Alabama tags are red and white.

WHEN HE BECAME A MEMBER OF NATIONAL HEADQUARTERS, WHICH WAS AFTER THE PATRIOTIC PARTY CONVENTION IN JULY, NINETEEN SIXTY SEVEN, HE HEARD FROM A NUMBER OF MINUTEMEN IN THE HIGHER ECHELON, INCLUDING ROBERT DE PUGH, WALTER PEYSON, ROBERT BAGWELL, JERRY MILTON BROOKS, AND OTHERS THAT THE MINUTEMEN HAD A PLAN TO PLACE CYANIDE GAS INTO THE AIR CONDITIONING SYSTEM AT THE UNITED NATIONS BUILDING IN NEW YORK CITY. DE PALMA STATED THAT DE PUGH TOLD HIM THAT IN THE EVENT THERE IS NOT A SUFFICIENT RACIAL RIOT CONDITION IN THE UNITED STATES TO START A REVOLUTION, THE MINUTEMEN WOULD CREATE A REVOLUTIONARY CONDITION BY ASSASSINATING RAP BROWN, MARTIN LUTHER KING AND STOKELY CARMICHAEL. THEY FIGURED THAT THE REVOLUTION WOULD START WITH THE COMING SUMMER, NINETEEN SIXTY EIGHT, RIOTS AND THIS IS THE TIME THE MINUTEMEN WOULD TAKE ACTION WITH THE ULTIMATE GOAL OF TAKING OVER THE GOVERNMENT.
