Since the information in possession of this office does not indicate whether the telephone call made from Quincy, Illinois, was actually made by subject's sister, MELBA MARIE RYAN, or from a public phone in the Virginia Hotel, available to anyone, Denver is not in a position to determine whether it would be logical to have all of the above guests located and interviewed. If it appears to Springfield that there might be some relationship or connection between any of these guests and MELBA MARIE RYAN, Springfield should set out appropriate leads.

Re Springfield teletype dated 5/3/68.

Re full coverage of relatives.

On 5/3/68, it was determined from a confidential source, Mountain States Telephone and Telegraph Company, that Denver telephone number 333-5486 is listed to the El Patio Motel, 8400 East Colfax Avenue, Denver. It was also ascertained that this motel is approved by the American Automobile Association and that it is a reputable motel.

On 5/4/68, SA EUGENE J. COBLE was advised by Mr. ORACE BRUNER that he and his wife, VIVIAN, are the only desk clerks at the El Patio Motel and that they work a 7:00 a.m. to 11:00 p.m. shift. He also stated that they reside at the motel and since the motel doors are locked at 11:00 p.m., they handle any guests who use the night bell or any possible telephone calls during the remainder of the night. He further advised that the number 333-5486 is the listed number for the motel switchboard, which switchboard they handle. He further advised that he and Mrs. BRUNER were on duty on 4/3/68. He also advised that Mr. W. F. MC MURRAY, proprietor of the motel, occasionally assists them on the desk.

He advised that he has not received any long distance calls from Quincy, Illinois, that he is not acquainted with anyone in Quincy, Illinois, or vicinity and does not recall any guest at the motel since he has been there who resembles the photograph or description of subject. Mr. VELEZ stated he spends a great deal of his free time in the lobby of the motel and has had an opportunity to observe many of the guests.

Since the information in possession of this office does not indicate whether the telephone call made from Quincy, Illinois, was actually made by subject's sister, MELBA MARIE RYAN, or from a public phone in the Virginia Hotel, available to anyone, Denver is not in a position to determine whether it would be logical to have all of the above guests located and interviewed. Wood, Wisconsin. He remained there three days and left without permission. GAVRON carried at that time in an absconder status until November 16, 1961, when he was returned to Menard Penitentiary. He was paroled on April 11, 1963, to the Soldiers and Sailors Home, Quincy, Illinois, but was never received at this home. GAVRON's address as of April, 1966, was shown as 1807 South 11th, St. Louis, Missouri.

The following individuals were listed as correspondents in GAVRON's file:

Miss MARY MCNICHOLS, cousin, 1616 Park Avenue, St. Louis, Missouri

RECLASSIFICATION

1. Stateville Division.
2. Group III: Without psychosis or mental defect. Doubtfully improvable. Inadequate personality. High average intelligence (C plus 104, Army Alpha score - 1934). Alcoholic tendency. Partial deafness.

This inmate was classified as a doubtfully improvable offender with delinquent attitudes and lack of initiative and ambition. His criminality appeared to be related to his alcoholic tendency. He was recently examined when he wrote a request for transfer to Stateville because of problems of ill health. He claimed that he was disabled in the World War and that his ear drums were ruptured. He now complains of head pains and discharging ears. He feels, rather vaguely, that larger, dryer cells at Stateville would be more conducive to good health. His conduct within the Old Prison has been satisfactory. He has been punished on only two or three occasions. He has a fairly good attitude toward his employment. He shows no evidence of mental disease. Under the new policy he should be classified for Stateville since it is likely he will have to serve a number of years within the institution. In the interests of his general health and to further the present classification policy, resegregation is recommended.

3. Continued medical treatment for the ear condition and work in a dry, inside place is suggested.

RECLASSIFICATION REPORT

BEHAVIOR ON PAROLE

This 62 year old white man was paroled from Menard on 3-21-59 to a Veteran's Administration Hospital at Wood, Wisconsin, but remained there only three days and then left without permission. He now says, "I got loaded up on liquor and goof balls, and when I came to I was in the Union Station at Chicago and found I had a ticket to St. Louis so I just went on to St. Louis and stayed there." He says he lived in St. Louis during the entire time he was at large as an absconder, and lived with a cousin at a rooming house at 1913 Hickory Street, St. Louis. He says he obtained employment, usually casual and part-time in nature, through an employment agency, and also received a V.A. compensation check amounting to \$61.00 monthly. During his last few months of liberty he also received public aid assistance. He states that on two occasions, from July to September, 1959 and again from October, 1960 to January, 1961, he was a patient at the Cochran V.A. Hospital in St. Louis because of a heart condition. Inmate says he was not arrested at any time while in St. Louis, but about 11-9-61 he and an acquaintance were picked up at Louisiana, Missouri, his identity as an Illinois violator was then discovered, and he waived extradition for return. He says this acquaintance left St. Louis to drive to Quincy, Illinois, asked inmate to go along, and he accepted. He says they stopped at Louisiana, Missouri and were questioned by police about the burglary of a supermarket in that area, but he knew nothing about that offense. Enclosed with reports from the Division of Supervision concerning this inmate is a detailed report of investigation by the Missouri Highway Patrol of the burglary, but we find nothing in this which would suggest that inmate and his companion were suspected of having any connection with the crime, and it seems evident that no charge was filed in Missouri. However, it will be noted that this episode seems to have at least some points of resemblance to the behavior which led to his return as a parole violator in July, 1956.

REVIEW OF SOCIAL FACTORS:

The Reclassification Report of 9-2-56 offers a summary of inmate's background and we would refer to that report. As indicated above, he assertedly lived with a cousin who operates a rooming house in St. Louis after he absconded from his most recent parole. Although he says he was under the influence of liquor and "goof balls" at the time he absconded from parole, he claims that thereafter he indulged only in moderate drinking. He says he worked at various part-time jobs as a janitor, etc., while in St. Louis until he was placed on public relief following his release from the Cochran V.A. Hospital in January, 1961 following a heart attack. He now corresponds with his cousin in St. Louis.

PERSONALITY:

Physically, inmate's appearance suggests his advancing age, and he gives a history of two fairly severe heart attacks in recent years. He has also been hard of hearing for a number of years, and receives V.A. disability compensation. We would refer to the current medical report for further information as to his condition. Recent psychometric test indicates superior intelligence, with a score approximating that previously obtained. Temperamentally, he is a rather beaten, prisonized individual who has in the past had a history of heavy drinking during the occasional interludes when he is not incarcerated, but who claims only moderate indulgence following the binge which led to his prompt absconding from his V.A. Hospital placement. We regard him as a rather dependent institutionalized

person who has long been an outcast from conventional society and who tends to submerge himself into anonymity whenever he is confronted with the demands of a free community adjustment.

CLASSIFICATION:

Group III: Without evident mental disorder or mental defect. Adult unimprovable offender. Superior intelligence (AGCT 115). Inadequate personality makeup. High guarded prognosis.

RECOMMENDATIONS:

Menard general division. Medium or maximum security. Light routine work assignment.

BEHAVIOR ON PAROLE: This 57 year old white man was paroled from Joliet for the second time on 9-21-54 to placement at the Soldier's and Sailor's Home in Quincy. He remained there until March 1956, then left because he learned the police were looking for him in connection with investigation of an Armed Robbery at LaGrange, Missouri. Reports indicate that inmate had been drinking considerably while at the Soldier's and Sailor's Home, and had also been keeping company with a Mrs. Lucille Ryan, the mother of a Menard parolee, #23737 Ryan. This parolee was also arrested in connection with the armed robbery at LaGrange, Missouri, and is apparently now incarcerated in that state. Records indicate that another parolee, Menard #23686 Cain, was also arrested for questioning in connection with that investigation, but was released. Inmate says he left the home when he learned that police were looking for him, moved to a room in Quincy, and he evidently eluded investigation at that time. Although he refused to reveal where he was living, other information indicates that he was later living with Mrs. Ryan. According to his own story, he obtained employment with a road construction company after he left the home, and it would appear that his whereabouts might have been traced in this manner, had there been sufficient interest. Records indicate that a violation warrant was issued late in March 1956, and that he was then arrested by Quincy police on 6-28-56 as a burglary suspect. Cain, Menard #23686, had been arrested a few days earlier in connection with two burglaries in which inmate does not appear to have been directly implicated, although the loot was apparently taken to Mrs. Ryan's home, where inmate was staying. Cain then admitted some earlier burglaries, and implicated inmate as an associate in at least one of them. Inmate now professes rather naive innocence of any knowledge of these offenses, professes that he did not understand much of the questioning to which he was subjected following his arrest, and is evidently decided on a policy of admitting as little as possible. He does admit considerable drinking while on parole, and his technical violation in failure to send in a few reports. From present information, it would appear that there was a concerted and calculated series of criminal episodes in which two Menard parolees, Cain and Ryan, as well as at least one other associate were involved, and in which inmate was also implicated on the basis of Cain's statements.

REVIEW OF SOCIAL FACTORS:

Subject was born in Chicago on 7-12-99 as the sixth of seven children of a native-born mother of Polish descent and a German immigrant father. During inmate's youth the family lived in a disorderly and delinquent area on the near northwest side in Chicago. He says his father "had a political job" with the Chicago street department, and the family was evidently of limited socio-economic status. He now says his father died in 1930 and his mother

also died in 1951. Inmate says he now has two living brothers, but has had no contact with either of them for a considerable time. He claims to have completed eighth grade in public school. In February 1915 he was committed to St. Charles for stealing auto tires, apparently escaped twice, and it seems to have been during an escape from that institution that he enlisted in the Marines in May 1916. He was medically discharged from the Marines in May 1917. In April 1918 he was committed to Pontiac under one year sentence for larceny. In June 1921 he was committed to Leavenworth under 5 year sentence for altering and passing government obligations. In September 1927 he was sentenced to a six month term in the Chicago House of Correction for burglary. In June 1929 he was sentenced to a 1-15 year term at Folsom for burglary, and was paroled in December 1931. As records indicate, it was in November 1934 that he was originally committed to Joliet under his present 1-Life sentence, and his only period in the free community since have been his recent parole period and one earlier parole from December 1944 until June 1946, during which he worked at the Hines VA Hospital part of the time and was eventually involved in another burglary. His civilian work history has thus been extremely irregular and casual. In previous interviews inmate has stated that he was married in 1932 and was later divorced, but he now denies that he was ever married and says this was a common-law attachment. Leisure activities have centered primarily around drinking. Inmate now has no effective community attachments.

PERSONALITY:

Physically inmate is an aging individual who is apparently somewhat hard of hearing, and he gives a history of chronic ear trouble dating from his Marine service in 1916-17. He has received partial disability compensation for a considerable number of years, and apparently is fearful of giving a history of too satisfactory health because he feels that this might possible be reduced or cut off. Previous psychometric tests have indicated superior intelligence, but his present reactions suggest that he is functioning on a considerably lower level. Temperamentally he is a rather beaten, prisonized individual who has been incarcerated much of his life and who has no goals or constructive motivations. He has been inclined toward heavy drinking when not incarcerated, and apparently this was a problem during his recent parole period even before he became involved in more serious violations. In present interview he attempts to create as much sympathy for himself as possible, professes innocence of any serious wrong-doing, and claims to know nothing of the various new criminal charges for which he was under investigation. He now impresses us as an essentially dependent, institutionalized person who is unable to avoid involvement in criminal activity in the free community, and for whom any hope of satisfactory adjustment now seems remote.

Re Chicago teletypes to Bureau dated 4/23 and 5/2/68, Dallas teletype to Bureau dated 4/25/68, and Springfield teletype to Chicago and Dallas dated 5/3/68.

A summary of investigation conducted at Dallas is set out as follows:

On 5/6/68, JOHN C. MURKIN was located at his place of employment, the Texas Enamplate Company, 1900 E. Ervay Street, Dallas. Records of that company as furnished by Mrs. MARGARET ROSE, Personnel Department, reflected that MURKIN had been employed by that company as a printer since 4/18/68, with his residence shown as 3008 East H.L. Thornton Expressway, Dallas. Personnel records of the above company also reflected that MURKIN sustained an injury while on duty on 4/22/68, and at that time he gave the above address.

On 5/6/68, MURKIN was interviewed at the Texas Enamplate Company and stated that he left Chicago, Illinois, on 3/31/68, by way of Greyhound Bus, directly to Dallas, Texas, with an approximate 2-hour layover at St. Louis, Missouri, on the same date. He stated that he arrived Dallas early on the morning of 4/1/68, and immediately contacted a friend of his

by the name of EDDIE CHAMFIELD, who lives at 2806 East E. L. Thornton Freeway. REEDER stated that before leaving Chicago he lived at 4801 Belmont and worked for the Best-Print Company. He stated that while in Chicago he was a member of the American Nazi Party (ANP) and plans to continue his membership with the ANP by paying his dues to the ANP headquarters in Arlington, Virginia. REEDER further stated that he does not plan to contact any of the ANP members in Dallas, Texas, since he is becoming inactive in the ANP inasmuch as he is getting married shortly to a Dallas girl by the name of CHARLENE MARTIN, who works at the Coca Cola Bottling Company, Dallas, Texas.

REEDER then stated that on 4/1/68, he obtained a construction job through his friend, EDDIE CHAMFIELD, with the Leroy Roberts Construction Company, 4831 Mission Street, Dallas, Texas. He stated that he worked continuously at this construction company with EDDIE CHAMFIELD until approximately 4/12/68, at which time he left that company because he did not like construction work. REEDER stated that he then began working for the Texas Newspaper Company on 4/14/68, and has been so employed to the present date.

REEDER then stated that in regard to the murder of MARTIN LUTHER KING, JR., he does not recall ever making any threats against the life of KING, however, since he is a member of the ANP, he does not agree at all with the policies followed by KING or his successors. He stated, however, that as a member of the ANP he does not believe in violence and the present policy of the ANP is against physical violence.

REEDER is described as white male; born 3/6/46, at Chicago, Illinois; 5'10"; 145 pounds, Selective Service No. 11-128-40-68 (Classified as 1-A with the Boston, Illinois Selective Service Board); blue eyes, blond hair.

REEDER stated that since he is getting married in the near future, he plans to stay in the Dallas area and purchase a home and become inactive in the ANP.

He further stated that Mr. LEROY ROBERTS or his foreman, BILL DAVIDSON, could vouch for his whereabouts from 4/1 to 12/68.

On 5/6/68, Mr. BILL DAVIDSON, Foreman with the Leroy Roberts Construction Company (supra), advised SA JAMES W. ANDERTON that his payroll records reflect that JOHN C. REEDER was employed

DL 44-3849

by that company as a fork lift operator (assistant) from 4/1/68 through 4/12/68. Mr. RAYMOND stated that in addition to his pay roll records he recalls MURKIN working during that period with his friend, ERNIE CHERRYMAN.

FD-302s regarding above interviews follow to Memphis.

husband with nonsupport of the 4 children which she has.
JUDITH RAY stated that it is her understanding from the
States Attorney's Office At Edwardsville, Illinois, that her
husband may have recently moved to Wisconsin, in order to
escape the warrant outstanding against him in the State of
Illinois.

has moved to Wisconsin, is unknown to her. She further
stated that it is her belief that her husband CECIL RAY
has not moved to Wisconsin, but is instead living in Vandalia,
Illinois, with some of his relatives. She stated that she

issued against him.

Mrs. RAY stated that she does not know of any
association which her husband may have had with the subject
but said he could have associated with him before their marriage
in 1955 and may have associated sometime since then with
