UNITED STATES GOVERNMENT

Memorandum

TO : SAC, Albany

DATE: May 20, 1968

JW
FROM : Director, FBI

SUBJECT: MURKIN
PUBLICITY ON REWARDS OFFERED

Each Special Agent in Charge and Legal Attache is instructed to promptly remind their established cooperative news sources, in a discreet and tactful manner, of the existence of substantial reward money for information leading to the arrest and conviction of the killer of Dr. Martin Luther King. This money now totals at least \$100,000. The FBI should not, however, be publicized as the source of this reminder.

While the Bureau's continuing policy is to encourage the public to furnish information to law enforcement authorities as a matter of good citizenship, without expectation of financial reward, it is fully recognized that monetary rewards are often necessary to motivate some individuals. The knowledge of the existence of the substantial rewards available in the Murkin case could possibly prove of value in the solution of this major investigation.

Memorandum

TO : SAC, SPRINGFIELD (44-561)

DATE: 5/23/68

FROM : SAS ARTHUR LEE WOODS AND FRANK J. HABERSHAW

SUBJECT: MURKIN

Re Springfield teletype to Chicago dated 4/26/68.

On May 17, 1968, STOW E. SYMON, Supervising Sociologist, Illinois State Penitentiary, Pontiac, Illinois, advised SA FRANK J. HABERSHAW that the prison has approximately 25 record books, each containing approximately 500 pages for names of prison inmates. He said that in order to determine the identity of those inmates assigned to the Honor Farm during the period which JAMES EARL RAY was incarcerated, a search of those record books must be made before a review of each inmate's file could be instituted. He said that such would be a voluminous amount of work and time consuming.

The above information was brought to the attention of ASAC SULLIVAN and SA ROBERTS and it was decided that, in view of the negative results of interviews with several former inmates, whose identity had already been established, and since the institution of a record search was based on information that RAY was being financially provided for by a former cellmate at Menard Penitentiary and not at the Illinois State Penitentiary, Pontiac, Illinois, such a project would not be undertaken at this time.

Inquiry at the Illinois State Prison, Pontiac, Illinois, on April 26, 1968, revealed the only known living former employee of the Prison Honor Farm who would have been at the Farm at the time of RAY was D. LANCE JONES, 615 Payson Street, Pontiac, Illinois. It was learned Mr. JONES is elderly and of ill health.

JONES was contacted on April 26, 1968, by SA WOODS. JONES advised he recalls RAY as being a kitchen helper-cook at the Honor Farm. JONES was unable to recall any known associate of RAY. He stated he is unable to

RE ST. LOUIS SUMMARY TELETYPE MAY TWENTY THREE LAST.

SINCE JAMES H. CARPENTER, FBI NO. TWO THREE ZERO TWO FOUR THREE, WAS IN ST. LOUIS CITY JAIL FROM JUNE FIVE, SIXTY SEVEN TO MARCH ONE LAST HE COULD NOT POSSIBLY HAVE BEEN INVOLVED IN BANK ROBBERY AT ALTON, ILL., REFERRED TO BY JOHN EUGENE GAWRON; HOWEVER, IT IS CONCEIVABLE THAT GAWRON POSSIBLY INTENDED TO IDENTIFY JOHN PAUL VELANTI AS PERSON PERPETRATING THE ROBBERY AT ALTON WITH SUBJECT RAY.

IN VIEW OF THE ABOVE, UNLESS RECORDS IN POSSESSION OF ST. LOUIS INDICATE THAT VELANTI WAS IN JAIL DURING THE PERIOD OF THE ALTON BANK ROBBERY ON JULY THIRTEEN, SIXTY SEVEN, VELANTI SHOULD BE REINTERVIEWED REGARDING HIS POSSIBLE PARTICIPATION IN THIS ROBBERY WITH SUBJECT RAY.

With further reference to the tracing of Sears
Roebuck All-State Battery located in 1966 Mustang recovered
at Atlanta, Ga., on 4/5/68, and with particular reference
to telephonic conversation between Supervisor CHARLES HARDING,
Atlanta Office, and SA C. ADDISON KINCAID of the Louisville

On 5/22/68, Mr. JOHN DARNELL, Globe Union Company,
Louisville, Ky., manufacturers of All-State Automobile
Batteries of the type recovered in instant 1966 Mustang,
stated that this battery is a Model 52 which carries a
stock number of 22-F. Mr. DARNELL informed that in a 1966
Mustang the battery normally installed would be a Model
25, 35 or 36 or Stock No. 24-F. He stated that this battery

could be purchased in any of the Sears Roebuck retail automobile store outlets located in Eastern Missouri, Southern Illinois, all of the State of Indiana, all of the State of Ohio, all of the State of West Virginia, or all of the State of Kentucky. He stated that as of the present time, there are 133 retail Sears Roebuck automobile stores which stock and sell this battery.

With reference to the possibility of obtaining this battery through mail order, Mr. DARNELL stated that this could be possible but only upon referral of the mail order to the Louisville plant of Globe by Sears Roebuck in Chicago, Illinois, for delivery direct from the Louisville plant. It is to be noted that the central distributing point and warehouse of Sears Roebuck in Chicago would not stock a 22-F battery manufactured at the Louisville plant inasmuch as Chicago is served by the Milwaukee plant of Globe Union.

With reference to the possibility of purchase of the battery by mail order, Mr. DARNELL checked all mail orders filled by the Louisville plant upon such referral by Sears Roebuck in Chicago and stated that no mail order received was for a Model 22-F battery, thus eliminating the possibility of purchase of instant battery through mail order.

Pursuant to conversation held with Supervisor CHARLES HARDING of the Atlanta Office, Mr. DARNELL was requested to furnish and did furnish copies of the Sears Roebuck retail automobile store outlets in the area surrounding Memphis, consisting of stores in the Greater St. Louis, Missouri, area and Southeastern Missouri, as well as Southern Illinois as far North as Alton, Illinois, as well as stores in Western Kentucky. Next to the name and address of the Sears Roebuck stores so listed in parenthesis are listed the total number of the type 22-F battery furnished these various stores during the pertinent period from 2/22/68, to April 5, 1968. It is to be noted that while instant battery carries a date code of 3/68, Mr. DARNELL explained that the code date is effective on the 21st of each month indicating that this battery was distributed possibly as early as 2/22/68, as a March product.

For the information of offices not previously receiving correspondence regarding tracing of instant

LS 44-947

battery, this battery is described as an All-State high voltage, internal connector battery with the identifying Model 52 contained in white letters in a small circular plastic case on three sides of the battery. It also bears the marking "F-41 B E 8, square 48" located on the top of the lead shield washer on the negative post. The date code "C-8" indicating the battery was manufactured in March, 1968, is contained in a small white decal on the side of the battery.

Enclosed for the Bureau and each receiving office is a copy of the list of Sears Roebuck retail stores carrying this battery and through which retail outlet same may have been purchased during the above period from 2/22 to 4/4/68.

No leads are being set forth herewith by the Louisville Office relative to further tracing of this battery but same is being left to the descretion of the OO as indicated in referenced teletype of the Louisville Office dated 4/26/68.

On 5/24/68 S/Sgt. DAVID JOHN BLACKMAN and Sgt. FRANK SCALES, were interviewed by SA GERALD E. MCDANIEL, JR., at their place of employment, Chanute Air Force Base, Ill., and they furnished the following information:

On 5/21/68 at 5:10AM they were on their way to work at Chanute, and were travelling south on US highway 45 about one mile north of Rantoul, Ill. It was dark and they saw in the headlights a white male walking north on the shoulder of the highway. The man appeared to stagger as if intoxicated and was shabbily dressed. He was described as 5' 7" and having dark bushy hair.

BLACKMAN advised that later that day after he had gotten home he saw a photograph of JAMES EARL RAY in a newspaper, and thought that possibly the unknown individual might be RAY.

The Memphis Division is requested to submit items of clothing bearing laundry marks and hair samples recovered by the Laboratory in the MURKIN investigation for comparison with the above submitted items.

The St. Louis Division is requested to reinterview JOHN EUGENE GAWRON in depth; develop in detail his complete association with JAMES EARL RAY, together with all knowledge he has concerning RAY's movements and plans, particularly with reference to the casing of The Bank of Alton in 1959. Will also determine from GAWRON all known associates of RAY in order that they might be investigated as possible suspects in instant bank robbery. Will submit results to the Springfield Division in order that all future investigation concerning MURKIN and the bank robbery matter might be coordinated.

For information of the Bureau, the Springfield report of SA ROBERT C. HAINES dated 10/10/67 beginning of page 28 sets forth results of Laboratory examination of recovered evidence in this matter. With particular reference to the shotgun recovered, the Laboratory pointed out that there was no physical evidence to indicate the shotgun had ever borne a serial number and that there are some shotguns which do not bear a serial number.

For further information of the Bureau, inquiry of employees and officials at The Bank of Alton has disclosed that no exact figure or breakdown of the bills incorporated in the loot money obtained is available since the bank was robbed near the end of the business day and the tellers had no exact accounting of denominations taken. It is the opinion of employees that a large amount of \$20 bills was obtained and further that one teller specifically recalls she had twenty-one \$100 bills in her teller's cage.

Investigation continuing Springfield Division to develop information concerning information furnished by GAWRON.

The Memphis Division is requested to submit items of clothing bearing laundry marks and hair samples recovered by the Laboratory in the MURKIN investigation for comparison with the above submitted items.

The St. Louis Division is requested to reinterview JOHN EUGENE GAWRON in depth; develop in detail his complete association with JAMES EARL RAY, together with all knowledge he has concerning RAY's movements and plans, particularly with reference to the casing of The Bank of Alton in 1959. Will also determine from GAWRON all known associates of RAY in order that they might be investigated as possible suspects in instant bank robbery. Will submit results to the Springfield Division in order that all future investigation concerning MURKIN and the bank robbery matter might be coordinated.

For information of the Bureau, the Springfield report of SA ROBERT C. HAINES dated 10/10/67 beginning of page 28 sets forth results of Laboratory examination of recovered evidence in this matter. With particular reference to the shotgun recovered, the Laboratory pointed out that there was no physical evidence to indicate the shotgun had ever borne a serial number and that there are some shotguns which do not bear a serial number.

For further information of the Bureau, inquiry of employees and officials at The Bank of Alton has disclosed that no exact figure or breakdown of the bills incorporated in the loot money obtained is available since the bank was robbed near the end of the business day and the tellers had no exact accounting of denominations taken. It is the opinion of employees that a large amount of \$20 bills was obtained and further that one teller specifically recalls she had twenty-one \$100 bills in her teller's cage.

Investigation continuing Springfield Division to develop information concerning information furnished by GAWRON.
