Re Chicago airtel to Springfield, dated 6/25/68.

Re laundry marks on clothing related to Alton, Illinois bank robbery.

On 6/27/68, Mr. WILLIAM S. GECKS, Sales Administrator, National Marking Machine Co., (NATMAR, Inc.), 4026-30 Cherry St., Cincinnati, Ohio, was contacted relative to type of specific information needed concerning the laundry marks found on the clothing related to the Alton, Illinois bank robbery on 7/13/67.

Mr. GECKS advised it would be best to have color photos of the laundry markings taken alongside a ruler or other fine measuring device. GECKS stated from the information furnished him from Chicago airtel that the markings appear to have been made by a 16 digit machine which can be coded by the user for his own specific purposes. With the use of color photos, GECKS may be able to identify the size of the type used by the machine and other details which would possibly identify the model of the machine used to make the markings. NATMAR can then furnish a list of laundries or dry cleaners in a specific area that are utilizing NATMAR machines that could possibly have made these markings. GECKS stated it would not be possible to identify the markings with a specific location around the country.
