A search of the subject's room, located a .765 caliber Belguim Browning Automatic, Serial Number 57195 which contained one live cartridge in the chamber and five live cartridges in the clip. A second .38 caliber revolver, "American Double Action," five shot revolver, Serial Number 249, was also located and found to contain three live cartridges in the cylinder.

Upon questioning, JAMES EARL RAY admitted that he was the owner of these weapons and made the statement to the officers, "I guess you want me for that Kroger Store stick-up." RAY was thereafter conveyed to City Hospital for examination and found to be suffering from a laceration of the scalp, which was not considered to be serious, and with no other apparent injuries. He was thereafter conveyed to the Police Station where he was charged.

The second individual involved in the burglary, JAMES OWENS, was conveyed directly from the place of apprehension to the St. Louis Police.

The 1958 Plymouth sedan used in the commission of the robbery was determined to be the property of JAMES L. OWENS and was towed away from in front of the Park Avenue address and held in custody by local police.

When questioned further at the District Station, OWENS stated he had first become acquainted with JAMES EARL RAY about three months prior to the offense, having met him at the St. Louis Rescue Mission located at 4023 Olive Street. Both eventually began speaking to each other of financial difficulty and eventually came to an agreement to pull a hold-up.

OWENS advised that in the early p.m. of October 9, 1959, he and RAY "cased" the store, which they eventually robbed on the following day. OWENS admitted that JAMES EARL RAY had given him the snub-nose revolver which he had used in the hold-up and that he had driven RAY to a place where he let RAY out of his 1958 Plymouth automobile for the purpose of stealing a second automobile to use in the hold-up.

SL: 44-775

Both automobiles were then driven to the intersection of Indiana and Potomac Streets in St. Louis. The stolen car, the previously mentioned Ford, was then driven to the scene of the crime, and the store was entered by both men.

RAY proceeded to a small office located in the front of the store, where he pointed the automatic pistol he was carrying at the man in the office, commanding him to open the safe. OWENS remained close to the front door where he acted as a look-out and, according to OWENS, left his revolver in his coat pocket. OWENS stated after RAY failed to get the man in the office to open the safe, he pointed the automatic pistol at a woman cashier, ordered her to step aside, and then reached into the open cash drawer, removing an unknown sum of currency. Both men then left the store and departed in the stolen Ford automobile.

A switch was thereafter made and both men then drove to RAY's home in OWENS' 1958 Plymouth.

Upon arrival, they proceeded to the bathroom of RAY's home where OWENS returned RAY's revolver and RAY gave OWENS \$60.00 in six \$10.00 bills, which constituted OWENS' share of the money taken in the robbery. OWENS then left RAY's residence and proceeded to his automobile where he was placed under arrest.

RAY, when interviewed, refused to make any statement, but OWENS later viewed RAY and positively identified him as the man who had accompanied him to the Kroger Store and assisted him in the commission of the hold-up.

Both individuals were thereafter charged with robbery with a deadly weapon and operating an automobile without the owner's consent. An additional charge of resisting arrest was placed against RAY.

The St. Louis Police Department, Bureau of Records, had no information on JAMES EARL RAY, but the report reflects

5

SL: 44-775

that RAY acknowledged a 1951 robbery at Chicago, Illinois, for which he was sentenced to twenty-one months in the Pontiac Reformatory and a 1955 arrest for transportation of forged documents, for which he received a sentence of thirty-four months to the Federal Penitentiary at Fort Leavenworth.

RE: RESIDENCE, 2023 PARK AVENUE

AT ST. LOUIS, MISSOURI:

The following investigation was conducted by SA JOHN O. TRETHEWEY, JR. on May 7, 1968:

Mr. EDMOND HATTON, 2023 Park Avenue, advised he had purchased the building at that address in August of 1960. He has never seen JAMES EARL RAY and was not aware of his existence until recent publicity.

He stated Mr. E. C. COWLEY who lives in an upstairs room at that address was living in the building at the time RAY was arrested there in 1959. A Miss JONES, present address unknown, also resided in the building at that time. The building was previously owned by a Mrs. G. MC LAUGHLIN who still resides in the St. Louis area but whose exact address was unknown to him.

Mr. HATTON also owns an apartment building at 2021 Park Avenue. He stated that all present tenants took up residence there subsequent to 1960.

Mr. E. C. COWLEY, Room 8, 2023 Park Avenue, advised he had occupied Room 5 at that address which was adjacent to Room 6 which was occupied by RAY at the time of his 1959 Kroger robbery arrest. Mr. COWLEY had no contact with RAY. RAY had only been in the room for approximately three days at the time of the arrest. Mr. COWLEY recalled that on the morning of RAY's arrest he had observed two young men, one of whom was probably RAY, go into RAY's room just before he left for work that morning at approximately 9:00 a.m. That was the last he ever saw of RAY as he, COWLEY, had been at work at the time of the arrest.

He was unable to recall the identities of any other tenants who had resided there at the time of the arrest except for a Mrs. G. MC LAUGHLIN who was owner of the building at that time and a Miss JONES who currently resides in the neighborhood but whose address is unknown.

2

SL 44-775

Mr. W. M. HOOD, 2031 Park Avenue, advised he and his wife had witnessed the policemen in the yard at the house next door at the time of RAY's arrest in 1959, although they never saw RAY. He was unable to recall the identities of any other residents of the building at that time. He never saw RAY and had no information concerning him.

Mrs. REUBEN CRAFT, 2015 Park Avenue, advised she had resided in that area for approximately the past four years; that she had never seen subject and never heard of him until recently; and that she had no information concerning him.

The current residence of Miss LORETTA JONES, who formerly resided at 2023 Park, was determined to be 2335 Park Avenue, however, repeated attempts to contact her at that address proved fruitless.

Mrs. G. MC LAUGHLIN, 3020 Hawthorn, advised she had formerly owned the building at 2023 Park Avenue. She said that RAY had resided there less than a week prior to his arrest in 1959, and that she had no prior or subsequent knowledge or information concerning him.

RE: LAUNDRY MARKS

AT ST. LOUIS, MISSOURI

The following investigation was conducted by SA  
JACK A. FRENCH:

On April 17, 1968, MC CAWLEY SUITS, Assistant Manager, Suits Laundry, 1400 Russell (TO 5-1494), displayed to the agent their two Thermo-seal marking machines, Serial Numbers 32760 and 32759. They utilize the first machine with three digit marks; alternating A through Z for the first character and 1 through 99 consecutively for the last two characters.

The other machine uses three numbers only, 100 through 999. They do not have machine with Serial Number 30979.

On April 17, 1968, a check of 2323 Rutger Street reflected Sunshine Laundry has been out of business for several years and all machinery and furniture in the interior has been removed.

In view of the above neither of these laundries would ever be utilizing the codes "O2B-6", "D2B-6", or "20R-3."

RE: TWA AIRLINE CHECK

The following investigation was conducted by  
SA THOMAS L. BUCKLEY at St. Louis, Missouri, on April 30,  
1968:

Mr. RAS NEWSOME, Supervisor, Reservations Sales, Trans World Airlines, Inc., 440 Mansion House Center, Fourth Street and Washington Avenue, caused a search of his company's records to be made regarding TWA flights 489, 529, and 537 which departed Atlanta, Georgia, on April 5, 6, 11, and 12, 1968. This search failed to reveal that any passenger giving a name W. C. HERRON, JAMES MC BRIDE, JAMES O'CONNER, JAMES WALTON or JAMES WALYU rode any of these flights. An additional search regarding persons who made reservations and cancelled them was also made for the above names on the above flights without effecting an identification. All of the above flights departed as scheduled except flight 489 on April 11, 1968, which was cancelled because no equipment was available.

Mr. IRVIN STRICKLAND, Supervisor, Reservations Sales, TWA, placed stops for the names JAMES EARL RAY, ERIC STARVO GALT, W. C. HERRON, HARVEY LOWMYER, JAMES MC BRIDE, JAMES O'CONNER, JAMES WALTON, JAMES WALYU, and JOHN WILLARD with all reservations agents employed by TWA at St. Louis, Missouri.

Re: HIPPIE ROOMING HOUSES

AT ST. LOUIS, MISSOURI

On April 25, 1968, Mr. PAUL PICK, formerly employed as Director of the Exit, a so-called Christian coffee house, located in Gaslight Square, St. Louis, Missouri, at Boyle and Olive Streets, now employed as a teacher, University of Missouri at St. Louis, was contacted by SAA HOWARD C. KENNEDY at the YMCA, Fifteenth and Locust Streets, St. Louis, where he was then teaching. He furnished the following information:

He is very well acquainted with many persons frequenting the Gaslight Square area having been employed as Director of the Exit for several years. He resided in that area during the entire time. In his opinion there are no hippie rooming houses located outside the area of McPherson Street between Boyle and Taylor. Almost all of the rooming houses located in that area are at times occupied by hippies. He estimated that there are about 100 "hardcore hippies" living in the St. Louis area, and all of them are located on McPherson Street. There are perhaps several hundred young persons who are generally known as weekend hippies or "plastic hippies"; but in his opinion, these persons are attending school as students or employed in industry in this area and are not to be confused with bona fide hippies. Mr. PICK was unable to furnish any information concerning JAMES EARL RAY, whose photograph was exhibited to him as was descriptive information concerning RAY.

The following persons were contacted concerning this matter by Agents identified below on April 26, 1968, in the course of investigation to contact all hippie rooming houses located on McPherson Street, St. Louis, Missouri; none of these individuals, however, furnished any information concerning JAMES EARL RAY whose photograph was exhibited and descriptive information furnished to each of them:

POLICE DEPARTMENTS UNIDENTIFIED LATENT COMPARISON

AT ST. LOUIS, MISSOURI

On April 23, 1968, MICHAEL FITZPATRICK, Identification Division, St. Louis Police Department, advised SA GEORGE M. PEET that he had compared unidentified latent fingerprints in robberies, burglaries, etc., in St. Louis against the fingerprints of JAMES EARL RAY, FBI Number 405 942 G, without effecting an identification.

AT ST. LOUIS COUNTY, MISSOURI

On April 24, 1968, ED BRIGHT, St. Louis County Police Department, Identification Division, conducted a similar examination with negative results.

It should be noted that the Missouri State Highway Patrol, with headquarters at Jefferson City, Missouri, handles latent fingerprint work for most smaller police departments and in rural areas of the state.

As a result of this contact, the following departments were contacted on May 2, 1968. They advised that a comparison would be made of their unidentified latent fingerprints with the fingerprints of JAMES RAY. In the event an identification is effected by any department, that department will telephonically contact the St. Louis Office.

RE: PRISON ASSOCIATE WALTER E. NOLAN

The following investigation was conducted by SAs ROBERT A. HESS and PATRICK W. BRADLEY on April 24, 1968, at St. Louis, Missouri:

Mr. ~~SAM KRAMER~~ was contacted at his place of business, the Plaza Buffet, 18th and Chestnut Street, St. Louis, Missouri, at which time he advised that he is not in fact an uncle of former Missouri prison inmate, WALTER E. NOLAN, however, is commonly referred to as an uncle by NOLAN because in the past he and his wife have made efforts to rehabilitate and befriend NOLAN.

He stated that last fall (1967) NOLAN was again released from the state penitentiary, however, since that time he (KRAMER) has made no further attempt at rehabilitation of NOLAN. He stated that occasionally NOLAN comes by his place of business, the last time being Saturday, April 20, 1968, at which time he cashed a \$10 check drawn on the State Bank and Trust Company of Wellston, Missouri.

He stated that it is his understanding since NOLAN's release he has worked as a baker at Hulings Restaurant, 8th and Olive, and worked subsequent to that for a few weeks on a part-time basis as a cook on a river boat, barge line name unknown. Mr. KRAMER stated that he has no knowledge as to his current employment or current residence address.

Mr. KRAMER stated that his residence may be known to newscaster LES CARMICHAEL, KMOX Television Station. Mr. KRAMER pointed out that CARMICHAEL was in touch with NOLAN obtaining historical data regarding his lengthy imprisonment primarily for a human interest news-type story.

LES CARMICHAEL, KMOX TV, 1215 Cole Street, St. Louis, Missouri, advised that last fall he noticed an article in the newspaper regarding a prisoner writing his own brief and getting a release from prison and this article slanted the version to the point where it appeared the man might have been unjustly imprisoned. As a result of this he contacted

WALTER E. NOLAN, the ex-convict in question, in an effort to obtain some human interest story for a news item. He noted that he contacted NOLAN through a well-known St. Louis attorney whose name he could not immediately recall but whose name was either in the newspaper article or came to his attention as NOLAN's representative from some other source. Mr. CARMICHAEL also related that the reason why he followed up this was because when he contacted the attorney, the attorney spoke highly of NOLAN's intelligence and his legal ability in the preparation of legal briefs.

Mr. CARMICHAEL stated that after a number of contacts with NOLAN he did not feel that there was sufficient human interest in the matter to follow it any further and just left it drop. Mr. CARMICHAEL stated that in his conversations with NOLAN as he recalls NOLAN was a highly intelligent individual, was not radical or an extremist in any manner with the exception of having an extremely hostile attitude toward the authorities at the various penitentiaries he has been in. Mr. CARMICHAEL reiterated that NOLAN never displayed any racial extremism emotion. Mr. CARMICHAEL advised that at no time does he ever recall NOLAN mentioning JAMES EARL RAY as an associate or friend in prison.

The following information is confidential and can only be obtained by the issuance of a subpoena duces tecum issued to HENRY E. CLABOUGH, Manager, Bookkeeping Department, State Bank and Trust Company of Wellston, Wellston, Missouri:

Mr. HENRY E. CLABOUGH, Manager, Bookkeeping Department, advised that they have an account [REDACTED] in the name of WALTER E. NOLAN, giving an address in care of Mrs. CARMEN PATTON, 5206 Washington Boulevard, St. Louis, Missouri, 63108. Mr. CLABOUGH stated that this checking account has a current balance of \$18.34 and was opened in November, 1967. Since November, 1967, the average monthly balance has been \$17. Mr. CLABOUGH stated there are no major deposits nor withdrawals, the last deposit being made on April 16, 1968, in the amount of \$113.26.

Mr. CLABOUGH stated that their central indices do not reflect any other accounts nor do they reflect that this individual has a safety deposit box at this bank.

3

SL 44-775

Mrs. CARMEN PATTON, 5206 Washington Boulevard, St. Louis, Missouri, telephone #FO 1-5462, advised that WALTER E. NOLAN resides as a roomer at this address. Mrs. PATTON stated that because of the newspaper publicity at the time of Mr. NOLAN's release from prison she is aware of his background as an ex-convict. She pointed out, however, that he is extremely quiet, mannerly, and appears to be a regular working individual. He does not have associates frequenting the rooming house and although she has no knowledge of his current employment he is employed somewhere as a cook and usually arrives home around 5:00 p.m.

Mrs. PATTON pointed out that he has been attempting to get some type of job with the Anti-Poverty Program and she displayed a note that had been left earlier this date to Mr. NOLAN which indicated that he should report ready for work in connection with the poverty program at 2420 Cass Avenue at 9:00 a.m. on April 29, 1968.

On April 24, 1968, IC JOHN D. DYER, JR. checked the records of the St. Louis Police Department and determined that under their #18295 and FBI #41847, WALTER ELLSWORTH NOLAN has the following record:

## FEDERAL BUREAU OF INVESTIGATION

1

Date 4-26-68

At the onset of the interview SAs PATRICK W. BRADLEY and ROBERT A. HESS identified themselves to WALTER E. NOLAN in the lobby of the rooming house where he resides. After being advised of the identity of the interviewing agents he stated, "I want nothing to do with you people.", and then said, "What do you want with me? I haven't done anything since I've been out."

Mr. NOLAN was advised that we were not investigating his activities, however, we were conducting a fugitive investigation to locate one JAMES EARL RAY, a former inmate of the Missouri State Penitentiary. At this point NOLAN stated, "I remember Jim Ray but I don't know anything about him now and if I did know anything about him I wouldn't tell any representative of law enforcement."

It was pointed out to NOLAN that the agents had spoken earlier in the day to acquaintances of NOLAN who spoke very highly of NOLAN's intelligence and ability in legal research and briefs. Therefore, he should have a clear understanding of the possible consequences of harboring a fugitive.

NOLAN stated that he had nothing to do with the escape of RAY and has not seen or heard from RAY since the Saturday before he left from behind the walls of the Missouri State Penitentiary.

At this point NOLAN volunteered that he knew JIM RAY approximately 10 years, the entire acquaintanceship being made and carried on in the Missouri State Penitentiary. He pointed out that he was aware of RAY planning to escape on the three occasions that he attempted to do so, however, was not aware of the details of the plans nor was he aware of the exact time that RAY planned to go. He noted that he resided in the same hall with RAY although both he and RAY were celled individually, not having cellmates. He further noted that RAY was gone approximately 30 days from the penitentiary before his escape was reported and during that 30-day period on a daily basis he was reported present in the hall when he actually had already escaped.

NOLAN stated that he believes that he (NOLAN) was the closest associate that RAY had in the penitentiary and walked in the yard with him daily. He pointed out that RAY in effect was a loner with no one really close to him. NOLAN stated that even though he considered himself the closest friend of RAY, RAY never really told him any personal information other than on one occasion he mentioned that he had an unnamed brother in Chicago, Illinois, and allegedly was raised in a small town in the State of Illinois.

NOLAN stated that RAY was a loner in his opinion because he felt all convicts were potential "stool pigeon material" and he did not trust any of them because he had been "done in a couple of times" by the stool pigeon system that operated in the prison. At this point NOLAN noted that it was his opinion that if RAY saw one of his former fellow-convicts he would immediately leave the area for fear of that individual turning "stool pigeon." He continued indicating that he felt RAY would never contact a former fellow-convict for this reason, including himself.

With regard to RAY's last escape from the penitentiary he stated that it was not as reported that RAY left in a bread box because he knew it to be a fact that RAY walked out the front door of the prison. He would not go into further details regarding this statement. When questioned as to whether or not he meant there was a bribery in connection with this escape he stated that he did not mean it in this manner, however, would not elaborate.

With regard to RAY's prior escape attempts, on one escape attempt charge he pled insanity as his defense and subsequently was sent to Fulton Mental Hospital for observation and after a short period of time was returned to the Missouri State Penitentiary adjudged sane.

With regard to RAY's emotional feelings he stated that JIM RAY was not an extremist, he never knew him to be emotional over anything, and if JIM RAY is responsible for the death of Dr. KING he feels that he was completely out of character with the person he knew as JIM RAY in the Missouri State Penitentiary. He described RAY's demeanor as being

3  
SL 44-775

that of a cynical individual, however, the cynicism always being in a humorous vane. NOLAN pointed out that RAY had the unique ability of being able to laugh at himself and be cynical in a humorous way about his own past mistakes.

NOLAN pointed out that the majority of the conversation between him and RAY had to do with their legal research in regard to preparing briefs for themselves in an attempt to gain freedom from prison. He pointed out RAY was extremely interested in law, especially if it concerned his particular case. This interest was to the extent that RAY spent extra moneys to purchase law books and literature regarding recent court decisions.

NOLAN again reiterated that he felt that RAY would never contact him and doubts that RAY even knows his current location, however, he reluctantly agreed to notify the FBI if he was contacted by RAY because of the possibility of a law violation which would cause him (NOLAN) to return to prison which he does not want to do.

He noted that in the preparation of the brief by which he was released he had obtained the services of Attorney ORVILLE RICHARDSON in St. Louis for arguing the brief through approaching a judge by letter and suggesting the appointment of one or five attorneys by which ORVILLE RICHARDSON was the appointed one.

NOLAN indicated that he is currently employed as a second cook at the Heritage House Restaurant in St. Louis, however, is going to work in connection with the poverty program on April 29, 1968, in St. Louis noting that he is doing this at a reduced salary in an effort to help others rehabilitate themselves.

He again noted that he never knew of RAY to have any racial extremist emotions or ideas particularly pointing out that during part of the time RAY was in prison he was employed in the kitchen with many members of the Negro race and he always spoke well of anybody who held up their own end of the work regardless of their race. He never expressed any animosity toward anyone because of their color.

On May 7, 1968, PEGGY TAMMY, Clerk, St. Louis Circuit Court, advised SA WALTER C. JOHNSON, that JAMES HUEY CARPENTER was released from St. Louis City Jail on March 1, 1968, after serving nine-months sentence and current whereabouts unknown.

Re: BACKGROUND OF JAMES EARL RAY

AT ST. LOUIS, MISSOURI

On April 29, 1968, CARL BENTON DRAKE, a self-employed contractor, 2934 St. Vincent, St. Louis, Missouri, residence telephone PR6-3540, furnished the following information to SA WALTER C. JOHNSON:

While an inmate in the Missouri State Penitentiary (MSP), DRAKE became acquainted with JAMES EARL RAY and subsequently became good friends until DRAKE's release in June, 1965. Their main association at the prison was when they got together in the prison yard and conversed while walking for exercise. During this association, DRAKE feels that he became as close a friend to RAY as anyone at the prison. He described RAY as a "loner" and "close-mouthed", who kept his own counsel and did not even mention his planned escape which DRAKE later learned was an unsuccessful attempt by him to go over the wall on a ladder. RAY had very few friends, however, he mixed well with other inmates, both black and white, and had never shown any propensity for violence or appeared to be a racist.

DRAKE said there were several instances of racial trouble at the penitentiary, but RAY never seemed to get involved or to express his feelings in the matter one way or another.

RAY often mentioned that he could not do his twenty year sentence, but never indicated any escape plans or any contacts with outside individuals. The only member of RAY's family he referred to was his brother, JACK RAY of St. Louis. DRAKE recalled JACK visited his brother at prison on the average of possibly once a year. DRAKE vaguely recalled RAY mentioning that he had another brother who was killed in an automobile accident in northern Missouri, but did not recall RAY mentioning any other relatives. RAY did not discuss his general background, other than mentioning on several occasions he had previously done time at Menard State Prison, Chester, Illinois.

RAY was not addicted to use of drugs, however, DRAKE said nearly all inmates "fooled around" with anything they could get their hands on and that if RAY used any form of drugs it was unknown to DRAKE.

2  
SL 44-775  
WCJ/ral

DRAKE said about two weeks after his release in June, 1965, he visited JACK RAY in St. Louis upon the request of JIMMY and this was the last time he saw JACK. Their conversation primarily concerned JIM's welfare at the MSP.

DRAKE had no heard of RAY's escape and presumed he was still in prison until the recently publicity about him.

DRAKE regards RAY as a small-time robber, mentally incapable of planning the assassination of Dr. MARTIN LUTHER KING without additional intelligent guidance from some other source. He believes RAY capable of being hired for this but would certainly not be alone in this matter. He is also of the opinion that whoever hired RAY, that person or group has disposed of him. He commented with the "heat" on RAY and rewards advertised, it would be extremely difficult for a fellow like RAY to hide.

DRAKE indicated he would cooperate in any way he could with the FBI in the event any information came to his attention regarding the whereabouts of JAMES EARL RAY.

CARL DRAKE said his brother, JAMES FRANCIS DRAKE, was also an inmate at the MSP and was acquainted with RAY through their association in the exercise yard. DRAKE, his brother JAMES and RAY all walked together on many occasions. JAMES FRANCIS DRAKE was released two years before CARL and later served time at Terre Haute Federal Prison being released in November, 1967. CARL said his brother JAMES resides with his mother, OLA DRAKE, at Modesta, Illinois, and is currently employed at the Valley Steel Company, Jacksonville, Illinois.

On May 9, 1968, CARL BENTON DRAKE was re-contacted by SA WALTER C. JOHNSON and reiterated information previously furnished regarding background information of RAY at MSP. Fellow Prisoner: JAMES C. FLETCHER

AT MOBERLY, MISSOURI

The following investigation was conducted by  
SA WILLIAM R. DUNCAN on April 26, 1968.

Inmate JAMES C. FLETCHER, Number 72071, Missouri Training School for Men, advised he had been incarcerated at the Missouri State Penitentiary in Jefferson City, Missouri, at the same time as subject and knew subject slightly from going back and forth to the dining room to eat. He stated everyone in the penitentiary knew RAY by his reputation as he had attempted to escape several times. FLETCHER stated he had reported RAY as being missing at the time of his escape on April 23, 1967, to Lieutenant BILLY "BOB" TURNER after he had heard from other inmates that RAY had escaped. FLETCHER stated it was rumored at that time that RAY was going to go to the State of Georgia if his escape was successful. FLETCHER was of the opinion that Major R. J. PORTER, presently at the penitentiary at Jefferson City, would be aware of the inmates who furnished information concerning RAY's intentions to go to Georgia.

FLETCHER stated he had no knowledge or information concerning RAY following RAY's escape, and that he would be unable to make any suggestion as to where RAY might be found at this time.

Date May 8, 1968

ORVILLE ERNEST GANN was interviewed at Dismas House, 901 Cole Street, at which time he advised that his last Missouri State Penitentiary (MSP) number was 69729. GANN stated he first entered the MSP in August, 1926, on a four-year sentence of burglary from Butler County, Missouri. He re-entered the MSP April, 1931, on a 25-year sentence for murder from Butler County and entered a third time in April, 1955, on a 20-year sentence for armed robbery at St. Louis, Missouri. He was released from this institution on parole to Dismas House on April 9, 1968.

GANN is presently employed in maintenance work at the Milner Hotel, 20th and Washington, but is seeking employment as an employee of the Missouri State Hospital on Arsenal Street in the laundry department. GANN expects to be residing soon with his wife, EILEEN MASCHINO, 4040 Laclede in St. Louis.

GANN knew subject RAY casually while they were both inmates in MSP at Jefferson City. During the period of this casual acquaintance, RAY was living in K Hall while GANN was a resident of J Hall. Their association consisted of casual passing in the hallways of the institution, some slight association in the yard and slight association based on the fact that RAY worked on the food detail and sometimes served special dishes to GANN and GANN reciprocated by giving RAY special consideration in connection with his laundry service since GANN was assigned to the laundry in the institution. GANN recalled that RAY was always a neat, clean individual, but he stated he could not picture RAY as a person who would plan and carry out an assassination such as that committed on Doctor MARTIN LUTHER KING.

GANN stated he had never heard RAY or anyone else in the institution discuss any plans concerning the assassination of KING or anyone else for a monetary consideration. He recalled vaguely the name COOLEY (phonetic) among inmates in the MSP but could not place this individual as to race or any associates. When questioned concerning possible close associates of subject RAY while he was in the MSP, GANN named one CARL DRAKE, age about 40, tinner, who has returned to the St. Louis area and was recently ~~shot~~ in South St. Louis in a tavern brawl. He also mentioned one "TED" RICHARDSON employed in a ~~small~~ cleaning establishment in the 1600 block of South Jefferson in St. Louis, Missouri.

When questioned concerning any individuals in the MSP who might be capable of planning a major assassination such as that of

KING he named BOBBY ASH, current inmate of the penitentiary who is doing 30 years for armed robbery in the vicinity of Kansas City, Missouri. He also named JIM BRADLEY, who is serving time in the penitentiary for killing a St. Louis policeman. He described the majority of the MSP inmates as small time hoodlums but advised that ASH and BRADLEY may have connections on the outside that would afford them information such as a planned assassination. He attributed political connections to ASH.

He pointed out at the time of RAY's escape from the penitentiary he, GANN, was not ~~at Jefferson City~~ at Jefferson City but at the honor farm located at Fordland near Springfield, Missouri.

RE: FELLOW PRISONER JAMES LOMA OWENS

The following investigation was conducted by SAs KENNETH A. WILLIAMS and JOHN O. TRETHEWEY, JR. at St. Louis, Missouri

The records of the Missouri State Penitentiary, Jefferson City, Missouri, reflect the last known address listed for JAMES LOMA OWENS as being in care of his wife, BETTY OWENS, 4447 Rosemary, Berkeley, Missouri.

On April 25, 1968, it was observed that Rosemary Lane, Berkeley, Missouri, extends only from 9336 through 9522. A review of the St. Louis City and St. Louis County Directories for the 9300 through the 9500 block of Rosemary Lane listed no one named OWENS living in the area.

On April 24, 1968, IC JOHN D. DYER, JR. ascertained that the Commercial Credit Rating Company has no record of JAMES LOMA OWENS.

The records of the St. Louis Police Department reflect the last known address for OWENS, listed in October, 1959, as 4023 Olive Street, St. Louis, Missouri. This address is now occupied by non-Caucasians.

On May 6, 1968, Mrs. MARY LEVAN, Secretary, Barbers Union #102, 2133 Hampton Avenue, advised a search of the active and inactive members of Union #102 failed to reflect any records to JAMES LOMA OWENS. She also advised that she examined the records of licenses issued to barbers who are non-members of the union and also advised these records were negative concerning OWENS. She stated Barbers Union 102 includes Jefferson, Franklin, St. Charles, and St. Louis Counties as well as the City of St. Louis, Missouri. She also advised that a convicted felon cannot receive a barber's license in the State of Missouri.

On May 7, 1968, Mrs. EMMA MC CLURE, 9447 Rosemary Lane, Berkeley, Missouri, advised her daughter, BETTY, was formerly married to JAMES LOMA OWENS. They were divorced six years ago and BETTY has remarried, living somewhere in the greater St. Louis area. She advised that she was under

2

SL 44-775

the impression that OWENS was still serving a sentence in the Missouri State Penitentiary. She advised she is positive that her daughter, BETTY, does not know the whereabouts of OWENS. Mrs. MC CLURE stated she does not know where her daughter is living since their relationship is very estranged and she, herself, had not seen her daughter in the past 18 months. She advised her daughter married an individual named JESSE SMITH but she did not know any further information concerning him. Mrs. MC CLURE advised that she did not approve of her daughter's marriage to OWENS and actually knew very little concerning him or his background. She stated OWENS' mother reportedly lives in Honolulu, Hawaii, and she would venture a guess that he is most likely to be incarcerated in some penal institution since he was always breaking the law.

On May 6, 1968, Mrs. DAVIDA WILKIN, Secretary, Missouri State Board of Pardon and Parole, 1500 Big Bend Boulevard, advised she possessed no record of JAMES LOMA OWENS as a current parolee. She advised complete records of all current and former state parolees are maintained in Jefferson City, Missouri, and records are returned to Jefferson City after a parolee becomes inactive.

RE: PRISON INMATE, LEO HOLDEN PARKER

AT ST. LOUIS, MISSOURI:

The Kansas City Division advised on April 26, 1968, captioned prisoner at Missouri State Penitentiary claimed he was innocent of the crime of kidnaping for which he was being imprisoned; that the victims had identified a retouched photograph of him; and that victims claimed their kidnaper stated he had broken out of prison and needed a car. He felt he bore such a physical resemblance to subject RAY that RAY might actually have been responsible for the kidnaping.

The following investigation was conducted by SA HAROLD R. DOBSON on April 26, 1968, telephonically:

Detectives JOHN LEPPING and EDWARD ALLERS, 5th District, St. Louis, Missouri, Police Department, advised there is no actual similarity of features or appearance between LEO HOLDEN PARKER and subject RAY. They denies that a retouched photograph had been utilized in the identification of PARKER and stated that a copy of the regular mug photograph which had been used would be available at 5th District Headquarters on the following day. They stated that comparison of that photograph with the photograph of subject RAY failed to disclose any similarities.

They advised further that PARKER is known as a "jail house lawyer" and conducted his own defense at the time of his trial. They ventured the opinion that PARKER is mentally unbalanced.
