2 new photos of Ray issued

WASHINGTON (UPI) — The FBI distributed Tuesday two more photographs of the accused killer of Dr. Martin Luther King — one of them “an extremely good likeness.”

Both were snapshots of James Earl Ray, alias Eric Starvo Galt, an escaped convict accused of shooting King to death in Memphis April 4.

The “extremely good likeness” is a candid photograph of Ray in a business suit and tie and shows almost his full face, taken in late January or early February somewhere in California.

The other, which the FBI said was taken last November somewhere in Mexico, shows him wearing sun glasses and what appears to be a white sports shirt. The FBI said Ray is known to wear sun glasses frequently.

The two new photographs—the FBI refused to say where or how they were obtained—will be displayed throughout the country along with three other pictures of Ray which now appear on FBI’s wanted posters.

Memorandum

TO : SAC, WFO (44-703)

DATE: 5/10/68

FROM : SA JOHN L. PATTERSON

SUBJECT: MURKIN

On 5/9/68 HENRY GRADY LOWERY telephonically contacted WFO and advised he would like to talk to an agent about JAMES EARL RAY.

LOWERY was contacted by SAs JOHN L. PATTERSON and ROBERT W. DAWSON at the Greyhound Bus Terminal, 1110 New York Ave. N.W. He advised that his permanent home is in Athens, Ga but he is temporarily residing at 908 I St. N.W. He has taken a job as a security man at the Washington Hilton Hotel.

While on duty at the hotel he observed two men check into the hotel. The first man did all the talking and introduced the second man as his brother. The second man had bandages on his face and was said to have been involved in an automobile accident. LOWERY believed the second man resembled RAY, although much of this man's face was covered with bandages. LOWERY described the first man as 6-1, 200-225 lbs, white, about 40 years old with blond hair and a Swedish accent. The men checked in on 5/4 or 5/5/68.

LOWERY believed the men were staying in separate rooms on different floors. LOWERY thought a woman was staying with the Swede on the ninth floor. While walking past the room where Swede was staying LOWERY thought he heard the name RAY mentioned along with the amount of a million dollars. LOWERY was unable to recall the room number where the Swede was staying.

LOWERY thought that a Negro male who worked in the kitchen was connected with the two men who had checked in. This person, named JIMMY and who had a large scar on his cheek, had a gun and several \$100 bills while at work and he mentioned that he had some friends upstairs.

LOWERY advised that he had read in a newspaper that RAY was traveling with a Swede and a girl and because of this he thought the above people must be RAY and his associates.

ON 5/9/68 ~~LARREA~~ ARMANDO, Credit Manager of the Washington Hilton Hotel advised that there were no persons staying on the ninth floor who would fit the description furnished by Lowery. He checked with all the room clerks, bellboys, and room service personal and none of them remembered checking in a person who had a banadged face. They werex all to be on the lookout for such a person.

ARMANDO advised that a person named JIMMY JOHNSON who has a large scar on his cheek works in the kitchen. He said JIMMY lives at 1352 Columbia Rd. N.W. JOHNSON has been suspected by the hotel of stealing hotel property and was not to be employed much longer. JOHNSON was first employed 1/30/68. He is very hostile towards white people. ARMANDO knew nothing about JOHNSON knowing any guests of the hotel.

RE: JAMES EARL RAY, aka- FUGITIVE

An anonymous male, who mentioned during the conversation he is a newspaperman, called WFO at 5:27pm, this date, and advised as follows:

He was recently in conversation with some people who believe they observed an individual who resembles the published photographs of JAMES EARL RAY in Geneva, Switzerland, about three weeks ago. The caller said the people who furnished him this information did not want their identities revealed, nor did they want him to identify himself. They advised him as follows:

During a Saturday night about three weeks ago they were at the Landoldt Restaurant, Geneva, Switzerland, where they observed an American male enter with a man and woman who appeared to be Swiss. The American was well-dressed and has a mid-western accent. He had the sharp nose and cleft chin depicted in the photographs of JAMES EARL RAY, and he matched the other descriptive characteristics of RAY. Although he was well-dressed, he was observed to use crude language which was mixed with vulgarities.

The woman in the group was a blond (hair appeared dyed) and appeared to be in her forties. She was known to the head waiter of the restaurant, and kissed him when the two men and her left.

The conversation of these three people was loud. The American was interested in obtaining the services of a prostitute. His talk frequently concerned matters of sex. The woman offered to furnish him a transvestite, but he said he wanted a female.

The people in the restaurant seemed to be making a great effort to please the American. The impression was gained, however, that they knew nothing of his background. He was overheard ordering several expensive and exotic kinds of food, some of which the restaurant had to send out for.

The caller advised WFO he had no further information about this incident. He said he was careful to obtain complete details from his source. He added that he felt that he had secured all information his source had.

Says King's killer is alive

Atty. Gen. Ramsey Clark expressed the belief Sunday that escaped James Earl Ray, accused of slaying Dr. Martin Luther King, remains alive. He said he was "very optimistic" that Ray would be captured.

Clark said he found no evidence to support theories that Ray had been hired by conspirators to kill King and then himself was killed. "We have no evidence to believe that he is not still alive," he said.

"I believe we will find him," Clark said. Citing the "massive manhunt" under way for Ray, he said, "it is awfully difficult for an individual, and particularly an individual about who so much is known, to remain at large in the United States under these circumstances."

King Killer Eludes Wide FBI Hunt

By Drew Pearson
and Jack Anderson

The FBI's failure to apprehend the assassin of Dr. Martin Luther King has led to reports that J. Edgar Hoover is not interested in catching the murderer. The reports are based partly on the fact that Hoover and King were not on good terms, Hoover having publicly branded King as "the most notorious liar in the world."

We have checked into the operations of the FBI in this respect and are convinced that it is conducting perhaps the most painstaking exhaustive manhunt ever before undertaken in the United States. Its G-men have checked every bar ever patronized by James Earl Ray, every flophouse he ever stopped at, every cantina in Mexico he ever visited. It has collected an amazing array of evidence, all linking Ray with the murder.

That he has not been found may be due, first, to the possibility that he himself was murdered by those who hired him to kill Dr. King; or, second, that he is hiding in some remote Mexican village.

If he has money — and apparently he had — Ray might be able to live in a distant part of Mexico indefinitely. The Mexico City police are efficient and co-operative, but police in the remote areas are not. In some villages few Mexicans can read or write

radio news "of the outside world does not penetrate.

Studied Crime Fiction

What the FBI has established about King's assassin was that he was a professional killer who had studied the suspense writing of Ian Fleming and Ayn Rand. His pseudonym, Eric Starvo Galt, for instance, was taken from both authors.

Yet, while a student of crime he was also a bungler. For he left behind the murder rifle with his fingerprints on it and, wrapped around the rifle, a bedspread which contained strands of his hair. He also left behind a blue zipper bag containing a brush with hair matching those on the bedspread.

All the evidence we have been able to gather points to the probability that Ray was hired to kill Dr. King. He broke out of the Missouri State Penitentiary on April 23, 1967, after boasting to fellow prisoners that he intended to make a big "score" on the outside. He remarked to one inmate that he might try to collect a rumored \$1 million bounty that supposedly had been offered by "a businessmen's group" for the death of Dr. King.

Four months later, on Aug. 30, 1967, he opened a safe deposit box in the Birmingham Trust National Bank and suddenly began passing out crisp \$20 bills like a big spender.

He paid \$499 for dancing instruction, then quit after a few lessons. He spent \$395 for mail-order photographic equipment that he didn't know how to operate.

He shelled out money for a bartending course, but showed no interest in working behind any bar. He also took a course in lock-picking from a correspondence school in Michigan. His white Mustang cost \$1995, which he paid in cash. He drove it from Mexico to Montreal, from Los Angeles to New Orleans.

Occasionally he slipped \$20 to bar girls and prostitutes. In Mexico he lived with a prostitute in small towns like Jalisco and Puerto Vallarta where prices were cheap. Once he posed in sun glasses for a picture with his Mexican prostitute. In Los Angeles, he advertised in the hippie newspaper that he would like to meet "a passionate married woman." He also paid \$1 to the Swinger's Club for the names and addresses of five girls.

All told, Ray spent an estimated \$10,000 in seven months. Yet he never held a job, and committed no crimes following his escape from the Missouri penitentiary that the FBI has discovered. Previously he had been involved in a long list of filling station and other robberies. But after his escape he became a loner, in some respects became another Lee Harvey Oswald. Meanwhile, he sought to establish

a new identity as Eric Starvo Galt.

Careful Plans

It seems likely that Ray planned the murder of Dr. King for several months. He finally purchased the Remington rifle in Birmingham on March 30, then moved to a boarding house in Atlanta. In his room, agents found a map of Atlanta with four locations circled.

They were Dr. King's residence, his headquarters at the Southern Christian Leadership Conference, Ray's boarding house, and the spot where he abandoned his Mustang after the murder. In the middle of the map was also a clear thumbprint from Ray's right thumb.

Evidently, Ray changed his mind about waylaying King in Atlanta and followed him to Memphis instead.

If white extremists put up the blood money it was probably not the Ku Klux Klan or the Minute Men, for they are an impatient lot who would not have waited for several months for Ray to get results.

Black extremists have also not been ruled out. They might have sought to get rid of King in order to remove the prophet of nonviolence.

CREEK was subsequently interviewed, at which time he disclosed that he resides in apartment 302 of the above address and that he is employed as a cook at the Three Thieves. He said that the person resembling RAY (middle picture on W.F. #442A) has been employed at the restaurant for 4-5 weeks and that this individual acts "suspicious". He could not elaborate on the "suspicious" actions of the person.

On 5/18/68 contact was made with Mr. NATHAN SCHNALL, Manager, Three Thieves Restaurant, supra. SCHNALL advised that his dishwasher, JOHN GAUNT, resembled the first artist conceptions of KING's killer, but stated that he does not look like photographs which have subsequently been released in this matter.

SUBJECT: MURKIN

Re: JOHN M. DOWNEY--Complainant
2745 29th Street, NW, WDC, Tel# AD 2-7945; and
Suspect FRED GABLE (ph)

DOWNEY telephoned Director's office at 6:06PM, 5/16/68 and advised that he is personal friend of Director and also Mr. TOLSON. He said he was in the Town and Country Lounge of Mayflower Hotel, WDC, about 5 or 6 months ago and met a man who gave his name as FRED GABLE (ph). After a couple of drinks and during the course of the conversation, GABLE mentioned he had been just released from prison. DOWNEY asked GABLE how much money he had; GABLE replied that he had \$20.00. DOWNEY asked why he was then spending a dollar for a drink, if he had so little money on his person. GABLE replied that he wanted to know how bartenders mix drinks in high class bars. DOWNEY felt GABLE had paid his debt to society and offered to buy him a meal. GABLE Accepted this offer. After leaving the Mayflower Hotel, they stopped on 16th and M Sts., NW, and bought two cups of coffee. For no reason at all, GABLE told DOWNEY: "You are a copper" and said that he had a gun in his pocket and if DOWNEY followed him, GABLE would shoot him.

DOWNEY did not report the above incident to the PD. DOWNEY explained that he was thankful he was not shot, and hesitated to tell anyone about the above incident, thinking that no one would believe him. DOWNEY now believes that GABLE is identical to photograph of Fugitive JAMES EARL RAY, and feels that GABLE may return to WDC. DOWNEY said he is willing to review photos and discuss this matter further with FBI.

Above facts related to SA CRESCIOLI at 8:35PM, 5/16/68 by SOG DIV 6 Night Supvr OSBORN LEON DOBBS, who requested that WFO have an agent contact DOWNEY on evening of 5/16/68 re captioned matter.

Re telephone call of JOHN M. DOWNEY to Director's Office, 6:06 p.m., 5/16/68.

JOHN M. DOWNEY, 2745 29th Street, N. W., WDC, advised SA ROGER D. ASHLAND on 5/17/68 photographs of JAMES EARL RAY resemble an individual he met in the Town and Country Lounge of Mayflower Hotel, WDC on about April or May, 1967. DOWNEY offered to buy him a meal. Instead, DOWNEY bought him two cups of coffee and this person turned on him and said, "You are a copper." He also said he had a gun in his pocket and if DOWNEY followed him, he would shoot him.

DOWNEY described FRED GABLE or GABO as follows:

PUBLICITY ON REWARDS OFFERED

Each Special Agent in Charge and Legal Attache is instructed to promptly remind their established cooperative news sources, in a discreet and tactful manner, of the existence of substantial reward money for information leading to the arrest and conviction of the killer of Dr. Martin Luther King. This money now totals at least \$100,000. The FBI should not, however, be publicized as the source of this reminder.

While the Bureau's continuing policy is to encourage the public to furnish information to law enforcement authorities as a matter of good citizenship, without expectation of financial reward, it is fully recognized that monetary rewards are often necessary to motivate some individuals. The knowledge of the existence of the substantial rewards available in the Murkin case could possibly prove of value in the solution of this major investigation.

In the event of inquiries regarding the identity of the sources of the reward money offered in the Murkin case, you may confidentially advise established sources that according to a compilation set forth in the April 27th edition of the "Commercial Appeal," Memphis, Tennessee, \$25,000 each has been offered by the "Commercial Appeal" and Scripps-Howard newspapers and that in addition, businessmen and citizens in Memphis have offered several thousands more and the Memphis City Council has under-written the reward up to a total of \$100,000.
