(At the beginning of these proceedings 22 Grand Jurors are present.)

19 THE FOREMAN: May we come to order, please? 20 Ladies and gentlemen, the name of the 21 possible defendant, Sirhan Bishara Sirhan.

22 Matters to be considered in connection with 23 the above-named possible defendant:

On June the 5th, 1963, at approximately 12:20 a.m., the suspect, Sirhan Bishara Sirhan, shot Senator Robert F. Kennedy and five other individuals,

Paul Schrade, , William Weisel, Elizabeth Evans, 1 and Ira Goldstein, at a gathering at the Ambassador Hotel 2 following the primary elections. 3 Senator Kennedy had just completed his statement proclaiming his victory in the Democratic 5 Primary when the shooting began. 6 The suspect, Sirhan Bishara Sirhan, was 8 disarmed at the scene and taken into custody. Senator Kennedy died at 1:44 a.m. the 9 10 following morning. Any member of the Grand Jury who has a 11 12 state of mind in reference to this case or to any of the parties involved which will prevent him from acting 13 impartially and without prejudice to the substantial 14 15 rights of any of the said parties will now retire from 16 the Jury Room. Do we have anyone who wishes to disqualify 17 himself? 18 (There being no response, all 22 Grand 19 Jurors remain.) 20 THE FOREMAN: There being none, I will sign it. 21 We are ready, Mr. Howard. 22 MR. HOWARD: May we call as our first witness --23 $\mathbf{24}$ may I get him -- Paul Ziffren. 25 26

MINER: Doctor, I show you Grand Jury Exhibit 4 for identification and ask whether or not you 6 recognize the person depicted in that photograph? А Yes, I do. 8 Q And will you tell us who he is, please? 9 10 Α Senator Robert F. Kennedy. Doctor, was Senator Kennedy a patient of Q 11 12 yours? А Yes, he was. 13 And at what place was he your patient? Q 14 The Good Samaritan Hospital. А 15 That's here in Los Angeles County? Q 16 That's right. 17 Α And would you tell us, please, when you 18 Q first came in contact with the Senator as your patient? 19 I'm not certain; I think it was somewhere 20 Α 21 around about 1:30 in the morning. I may be mistaken because I wasn't paying 22 any attention to the time. 23 And that would be the morning of what date, 24 Doctor? $\mathbf{25}$ Well, I think June the 5th -- would be A 26

Tuesday -- no, it was Wednesday morning. 1 I only had two hours' sleep in about fortyeight hours -- but it was Wednesday morning. з I think it was the 5th, wasn't it? Q It would be June 5 then, 1968, is that right? 6 Yes, that's right. 7 А Where did you first see the Senator, 0 8 Doctor? 9 In the Intensive Care Unit at the Good 10 Samaritan Hospital. 11 12 What was his condition at the time you .Q first saw him? 13 14 Very critical. А And what was the cause of the criticalness 15 0 16 of his condition, sir? One, of course, was the intracranial 17 18 injury; and the other was respiratory difficulty. 19 And what procedures, if any, did you 20 undertake at that time, sir? 21 The Cardiac Service and the Chest Service 22 were doing a tracheostomy at the time I arrived to improve 23 his airway. Explain to the Grand Jury what you mean by 24 the tracheostomy. 25 The tracheostomy is -- an incision is made A 26

8

in the anterior part of the neck that enters the trachea and it's -- the tracheostomy tube is then placed into the trachea so it bypasses any possible obstruction that there might be above that level from drainage of blood into the nasal pharynx and obstructing the airway.

Q The trachea, I take it -- would we say "windpipe"? Would laymen mean the windpipe, the tube that goes into the lung?

9 A Yes. It's the main air stem way that 10 goes to the lungs.

Q And could you indicate upon yourself the level at which that operation was performed?

A It would be right here, above -- just
below what you might call the Adam's apple.

Q After that procedure was accomplished, Doctor, what next happened?

A Well, of course, his condition markedly
improved immediately following that.

There was considerable amount of blood and mucus that was aspirated through the wound and an adequate airway was maintained following that with no more respiratory difficulty.

Q By "aspirated," you mean the suction process that was going on, I take it?

Q Then what next was done, Doctor?

Yes.

Well, the patient was being given a fluid; A 1 he had a blood transfusion that was being started. And after examining the Senator, he began to have some cardiac difficulties, irregularity of the heart rate. And just before the tracheostomy had been performed, his blood pressure went up to 280, which 7 signified increasing intracranial pressure. 8 Did you then -- or was surgery performed 0 upon Senator Kennedy? 10 Å. Yes. 11 And how long after his admission to the 12 hospital did you take him to surgery, sir? 13 As I recall, we took him up on the Α 14 surgical floor, I would estimate, around -- about a 15 quarter to 3:00 in the morning. 16 And what was the nature of the surgery you 17 performed upon the Senator, Doctor? 18 Well, the procedure was what we call a 19 It was an opening into the right posterior 20 craniotomy. aspect of the skull and the removal of an adequate amount 21 of bone to explore the area where the bullet had entered. 22 Could you point to yourself, Doctor, 23 showing the Grand Jury where the bullet did enter? 24 The bullet entered approximately in the А 25 midportion of the right mastoid process, right -- just 26

in back of the right ear. 1 And for how long did you have Senator, Kennedy in the surgical theater? 3 Approximately three hours. You were assisted by other physicians, Q 5 were you? 6 Yes, my associate, Dr. Nat Downs Reid --A R-e-i-d -- and Dr. Maxwell Andler -- A-n-d-1-e-r. 8 What was the Senator's condition following Q the surgery, Doctor? 10 Well, he began markedly to improve, about Α 11 a third of the way through surgery, after some of the 12 blood had been removed; and he was able then to start 13 breathing on his own. 14 And although his respiratory excursions 15 weren't maximum, he was continued to be assisted with a 16 positive pressure machine so that he would have --17 continue to have good, adequate airway, which, of course, 18 had been maintained since the tracheostomy when he had 19 20 been placed in the Intensive Care Unit. Subsequent to the operation, did Senator 21 Q 22Kennedy die? Yes, he did. A 23 Were you present at the time of his death, Q 24 Doctor? 25 Yes, I was. A 26

Q Did you pronounce him dead? ٦ Α Yes. 2 And at what hour did you pronounce him Q 3 dead? Α 1:44 a.m., 'yesterday morning. That would be the morning of June 6th, 1968? Q 6 7 A Yes. MR. MINER: Thank you, unless the Grand Jury has 8 any questions, Mr. Foreman? 9 THE FOREMAN: Does anyone have any questions he d 10 like to ask the doctor before he is excused? 11 12 Doctor, it's my duty to caution you and 13 also to warn you not to discuss with anyone -- not to impart to anyone any of the proceedings that were carried 14 15 on in this room this morning. 16 THE WITNESS: Yes THE FOREMAN: We want to thank you very much for 17 18 taking time out from your busy schedule to come down and 19 visit us. 2025 RELEASE UNDER E.O. 14176

I am the Chief Medical Examiner and County A 1 Coroner for the County of Los'Angeles, sir. 2 Doctor, would you give us, briefly, a 0 3 description of your experience and history as a physician? I was graduated from Nippon -- N-i-p-p-o-n --A Medical School in 1951. I served two-year internship; the 6 first year was in Tokyo Imperial University Hospital and 7 the second internship was in Orange County General 8 Hospital. 9 I completed lengthy postgraduate training 10 in Pathology, and I was appointed in 1960 as Assistant 11 Professor of Pathology at Loma Linda University, School 12 of Medicine, and became the Chief of the Autopsy Service, 13 for the White Memorial Medical Center. 14 And I continued training in the field of 15 forensic medicine, and I taught -- I have been teaching 16 for many schools, including the University of Southern 17 California, School of Medicine, as well as Loma Linda 18 University. 19 And I have been engaged in medico-legal 20 investigation for the County of Los Angeles since 1961, 21 sir. 22 Doctor, are you certified by any specialty Q 23 boards in your specialty of Pathology? 24 Yes, sir. 25 А What certifications do you hold, Doctor? Q 26

I am certified by the American Board of. A 1 Pathology in the field of anatomical pathology. 2 Certification was given to me in 1960. And then additional experience and training. and I was qualified to receive a certification in the field 5 of clinical pathology, which was given to me in 1962; and 6 it continues, the study in the area of medico-legal 7 investigations and emphasis' in the interpretation of the 8 wounds and the position of the persons at the time of a 9 shooting, and a number of medico-legal questions. 10 These are the sciences known as forensic 11 12 medicine, and I was qualified to take the examination, and I successfully passed the examinations, and the certificate 13 was given to me in 1963, sir. 14 MR. MINER: Is the Grand Jury Exhibit 4 in the 15 16 hands of one of the Grand Jury members? (Whereupon said document was handed to 17 18 Mr. Miner by Mr. Howard.) BY MR. MINER: Dr. Noguchi, I show you 19 Q 20 Grand Jury Exhibit Number 4, and ask you whether or not 21 you performed an autopsy on the person depicted in that 22 photograph? Yes, I did. 23 Α Would you tell the Grand Jury, please, Q 24 when and where you performed that autopsy? 25 The autopsy was conducted at the specially A 26

15

designated autopsy room at the Hospital of the Good 1 Samaritan, Los Angeles, and this examination was conducted on the date of June the 6th, 1968, and the 3 examination began at 3:00 a.m. and completed at 9:15 of the same date. 5 Q And in the post-mortem examination of the person depicted in this photograph, would you tell us, 7 if you know, how this man was identified to you --8 that is, his name? 9 By his name and also that ----10 A What was his name, Doctor? Q 11 Robert Francis Kennedy, sir. 12 A And did anyone assist you? Did you have Q 13 any other physicians on the team assisting you with this 14 autopsy examination? 15 16 Yes, sir Α And would you tell us who they were, 17 Q please, spelling their names for the reporter, if you can? 18 Yes, sir. 19 Á The assisting pathologists were John E. 20 Holloway, M.D., Deputy Medical Examiner for the County 21 of Los Angeles -- he is on my staff --**Ż**2 Would you spell Dr. Holloway's last name? 23 Q H-o-1-1-a -- just a moment, please 24 А H-o-1-1-o-w-a-y -- and another pathologist was 25 Dr. Abraham T. Lu, last name spelled L-u. 26

He is also deputized medical examiner for 1 the County of Los Angeles and he is in charge of 2 neuropathology. 2 And Doctor, the autopsy itself was at all Q times under your direct supervision and control, is that 5 correct? 6 Absolutely, sir. А And referring you to Grand Jury Exhibit Q 8 Number 4, is that a picture that was taken at your 9 direction and under your control? 10 Yes, sir. A 11 That's the exhibit I heretofore showed you? 12 Q That is true, sir. 13 Α Thank you, Doctor. Doctor, as a result 14 0 of your examination, did you come to an opinion as to the 15 cause of the death of Senator Kennedy? 16 17 A Yes. And would you state your opinion, please? 18 Q The cause of death was gunshot wound of the 19 A right mastoid, penetrating the brain. 20 And in your examination, Doctor, did you 21 Q determine if there was more than one wound on the body of 22 23 the Senator? Yes. Α 24 And would you tell us how many wounds there Q 25 were? 26

DONALD L. OSTROV, C.S.R., OFFICIAL REPORTER

17

18

А A total of three gunshot wounds, sir. 1 Do you mean caused by three separate Q 2 bullets, Doctor? 3 Yes. 4 Δ And would you describe the location of 5 6 the two, other than the one in the head? 7 I'll be glad to. A May I at this time designate three gunshot wounds as following, based on the standard 9 procedure, may I call this, the gunshot wound in the right 10 11 mastoid, to be Gunshot Wound Number 1, and the other two 12 gunshot wounds will be Gunshot Wound Number 2 and 3. 13 These two gunshot wounds -- before this, 14 may I also -- the number given, purely for the purpose 15 of identification; it does not intend to designate the 16 time or sequence of events. 17 And Gunshot Wound 2 was found in the back 18 of the right armpit, known as the right axilla; and the 19 Gunshot Wound 2 was also found very close, approximately ---20 it's about half inch below the Gunshot Wound Number 2. 21 Wait a minute, I think --Q 22 He said "2" twice. THE FOREMAN: 23 BY MR. MINER: Just rapidly, Doctor, so Q 24 that the Grand Jury will understand that, there were two 25gunshot wounds in the region of the armpit, so to speak, 26 is that right? DONALD L. OSTROV, C.S.R., OFFICIAL REPORTER

1	A Yes.
2	Q And that was the left or right armpit?
3	A Right armpit.
4	Q In designating them, you have arbitrarily
5	called these gunshot wounds Number 2 and 3 as distinguished
6	from Gunshot Wound Number 1, which was the one in the head,
7	I take it, is that correct?
8	A That's correct.
9	Q All right. Now, as to 2 and 3, could you
10	again tell us, they were both in the armpit and they were
11	within half inch of each other, is that correct?
12	A Yes, sir.
13	Q Now, as to the characteristics of Gunshot
14	Wound Number 2, could you tell us, please, what
15	characteristics that gimshot wound had?
16	What was it; how did the bullet traverse
17	in the body, if it did?
18	A Yes, sir. Referring to the Gunshot Wound
19	Number 2, the entrance wound was found, as I mentioned,
20	in the right axilla, and it penetrated subcutaneous
21	tissue and muscle structure from right to left direction,
22	and upward, and back to front direction.
23	And the exit wound was found, the front of
24	right shoulder.
25	The total body x-ray disclosed there was
26	no injury to bony structure norfragments of lead remained

MINER: -- that Gunshot Wound Q 8 Number 2 entered the body and exited from the body, and 9 there was no part of it in the body, is that correct? 10 That's correct, sir. Α 11 12 Q Referring you now, Doctor, to Gunshot Wound Number 3, that entrance wound was, as you told us, 13 within half an inch of entrance wound Number 2? 14 15 A Yes. 16 Would you describe what happened to that Q 17 bullet in the body? Excuse me a moment, Doctor. Go ahead, 18 19 Doctor. The Gunshot Wound Number 3 track was А 20 traced and it indicated the direction to be from the right. 21 to left and almost parallel to the wound, to the Gunshot 22 Wound Number 2 pathway. 23 However, the wound track did not penetrate 24 or did not penetrate the chest cavity but the bullet 25 continued to travel the muscle structure of the back and 26

the bullet was found lodged in the area called the sixth 1 cervical vertebra and slightly to the right. 2 I wonder, Doctor, if you could designate, Q perhaps on me, so that the Jury could see, just where that would be? 5 Gunshot Wound Number; 2 track was here Δ. (indicating). It was -- only it was impossible for me to trace the gunshot wound track straight unless I could place 8 the Senator's right arm forward (witness indicating on 9 10 Mr. Miner). The Gunshot Wound Track Number 3 was about 11 12 this area and the bullet was lodged at midline, the lower portion of the back of the neck. 13 MR. MINER: Thank you. 14 15 (Whereupon the witness resumed his place 16 on the witness stand.) BY MR. MINER: 'I take it then there was no 17 18 exit wound for bullet wound Number 3? 19 No, sir. A 20 Did you in fact recover the bullet from Q 21 the location you just told us about? 22 A Yes. 23 And how did you recover the bullet, sir? Q 24 I recovered the bullet by making a small. A. 25 standard incision from the back of the neck and gently 26 retrived it and by my index finger.

MR. MINER: Mr. Foreman, I have here an envelope 1 marked 5-A. May this be Grand Jury Exhibit 5-A? 2 THE FOREMAN: Permission granted. 3 BY MR. MINER: Doctor, I show you Grand 0 Jury Exhibit 5-A, and I ask whether or not that --5 MR', MINER: In marking that, Mr. Foreman, may the 6 envelope and its contents be marked 5-A? 7 THE FOREMAN: So ordered. 8 BY MR. MINER: Is the contents of 5-A the Q 9 bullet that you retrieved from Senator Kennedy's back? 10 Would you examine the contents, please? 11 This is the bullet which I Yes. 12 A personally retrieved from the Senator Kennedy. 13 And how do you know that that is the bullet 14 0 that you retrieved? 15 Well, I placed my identifying mark, T.N., 16 Α my initials, and last number of a Medical Examiner 17 Coroner's Case Number 68-5731; so I placed "31," -- it is 18 very clearly visible on the base of this bullet. 19 After you retrieved Grand Jury Exhibit 5-A 20 from Senator Kennedy's back and you marked it as you have 21 described, what did you do with Grand Jury Exhibit 5-A, 22 23 the bullet? After documented, I handed it to the $\mathbf{24}$ Α authorized detective who was present at the special 25 autopsy room and the person representing was from the 26

Los Angeles Police Department. 1 Would you give us the name of that officer, 2 please, or may I ask you, was that Officer or Sergeant 3 Bill Jordan of Rampart Detectives, Los Angeles Police Department; is that correct? Б Α That's correct, sir. 6 Q At what time did you hand Grand Jury 7 Exhibit 5-A to Sergeant Jordan? 8 The bullet was recovered 8:45 a.m. on 9 June the 6th, 1968, and I hand this bullet to Sergeant 10 Jordan at 8:49 a.m. of the same date, sir. 11 12 Doctor, I take it then -- or would your tell us, do you have an opinion as to whether or not the 13 14 wounds you have designated, 2 and 3, contributed to the Senator's death? 15 16 As far as how significant they contributed, Α 17 this will depend entirely upon evaluation of fatal gunshot 18 wound. Let me withdraw the question as phrased. 19 I think it wasn't too eloquently put. I will try it this 20 way, if I may, Doctor. 21 Do you have an opinion as to whether or 22 not Wound 2 would, by itself, have been fatal? 23 Unlikely. 24 A And do you have an opinion as to whether 25 Wound 3 by itself would have been fatal? 26

Unlikely. The term I use, "unlikely," Α 1 because it causes hemorrhage and the infections and so on, 2 and without proper medical treatment, this could cause fatal outcome. But in the ordinary or usual course of events, in the treatment, proper medical treatment, you 6 would not regard either wound as being fatal, is that 7 correct? 8 . That's correct, sir. Α 9 10 Q Or either or both wounds in combination as 11 likely to cause death if he was properly treated, is that 12 correct? That is correct. A 13 So that you would regard Wound Number 1 Q 14 then as being the wound that did cause death, is that 15 right? 16 That's correct, sir. 17 A And would you tell us what you found Q 18 19 physiologically and anatomically with respect to Wound Number 1? 20 А The Wound Number 1 was found behind the 21 right ear. 22 And the hair -- a portion of the head was 23 previously shaven for the purpose of surgery; and there $\mathbf{24}$ was -- a closed surgical suture was -- suture or an 25 incision was found on the right back portion of the head. 26

24

And the entrance wound of the Gunshot 1 Wound Number 1 was indeed incorporated in the area of 2 incision. 3 However, Dr. Cunéo -- I believe I have a name of the -- he was a Chief Neurosurgeon and was 5 invited to point out area that prior surgical incision was made so that I would be absolutely certain that was the 7 entrance wound. 8 I take it that Dr. Cuneo then was present 0 9 at a portion of the autopsy procedure, at any rate, was 10 he? 11 Yes, sir. 12 All right. Go ahead, Doctor, please. 0 13 Sorry to have interrupted. 14 The exact location of the gunshot wound 15 as follows: 16 Three-quarter inches from the medical --17 medical standard landmark, which is called biauricular 18 line, that is, line starts from right ear canal to the 19 top of the head to the left ear canal, and different to 20 21 this line. The entrance wound was found three-quarter 22 inch back of this line and also three-quarter inch above 23 the ear canal, the line or horizontal line passing through 2425the ear canal. Then this -- the gunshot wound was also 26

25

located, measured from the top of head, which was five 1 inches from the top of head, and at two and a half inches 2 from the most posterior portion of the head. Did the bullet - we are talking about Q bullet wound, or Wound Number 1, aren't we; is that correct? Б Yes. Yes. sir. Α 0 Was there any external evidence of Wound Number 1 hitting the external portion of the ear before 8 entering the skull itself? 9 External ear -- as far as gunshot wound is 10 A concerned, there was no penetration of external ear, or 11 12 ear lobe. However, it was a blackening discoloration, 13 indicating what we call powder tattooing and still grayish 14 black powder deposited on the surface of the edge of the 15 right ear, and this was about one inch in longest 16 dimension. 17 Doctor, what damage to the brain, if any, 0 18 was done by Bullet Wound Number 1? 19 There was an extensive brain damage on the 20 right side of the brain, mainly the brain called 21 cerebellum, and in reference to the right lobe of the 22 cerebellum; I should probably say "right hemisphere of the 23 cerebellum." 24 There also was marked swelling of the brain 25 as well as flattening by the pressures inside of the brain 26

and causing a flattening of the brain stem. 1 And in your opinion, these events 0 resulting from the bullet wound are the ones that caused 3 death, is that correct? 4 A. Yes, sir. MR. MINER: - I have no further questions of this 7 witness, unless any member of the Grand Jury ---THE FOREMAN: 8 Does any Juror have any question of 9 Dr. Noguchi before he is excused? Mrs. Shalhoub? 10 MR. MINER: Before we look at the Grand Juror's 11 question, Mr. Foreman, may I reopen my examination of this 12 witness? 13 THE FOREMAN: Surely. BY MR. MINER: Doctor, from the tattooing 14 Q that you described on the edge of the ear as to bullet 15 16 Wound Number 1, do you have any opinion as to what might 17 have been the distance from which that bullet was fired? 18 Yes, I do have an opinion, sir. A 19 And what is your opinion, Doctor? Q 20 May I -- before I would express my opinion, A 21 I would like to qualify myself that this area may be area 22 called criminalistic or firearm identification, and without 23 having an opportunity to test the suspected firearm, using similar cartridge and a bullet, and it will be very $\mathbf{24}$ difficult for forensic expert to express in a distance by 25 how many inches. 26

However, the position of the tattooing and the powder on the edge of the right ear indicate that gunshot wound was inflicted, and I would say that the muzzle distance was a -- very, very close.

Q Do you believe this was a contact wound, that is, the muzzle was actually up against the body of Senator Kennedy?

A I would like to study further, since there are -- continuous examination must be conducted because the surgeon had removed the fragments of the skull, which may contain the powder. However ---

Q Let me put it this way, can you give - do you have an opinion as to the maximum distance the gun could have been from the Senator and still have left powder burns? How is that? Can you give us an opinion on that? A Well, yes, I think so. I can express an opinion.

Allowing a variation, I don't think it will be more than two or three inches from the edge of the right ear.

MR. MINER: I think that the question -- one question asked by a Grand Juror was answered, and the other one is:

Q Doctor were there any other pathologists present -- and I think you have told us that Drs. Holloway and Lu were present -- and were there some pathologists

that came from the Armed Forces Institute of Pathology 1 in Washington who did arrive at the autopsy before it was 2 completed? 3 That's'true, sir. A Yes. 4 Would you tell us what their names are. FUKUTO: Thank you. 7 Q Sergeant LaVallee, I direct your attention 8 to Grand Jury Exhibit Number 1. Do you recognize that 9 exhibit? 10 Yes, I do. 11 A And did you prepare that exhibit? 12 Q 13 ٠A I did. . Would you describe what it is? 14 Q It is a plot plan view of the serving 15 A 16 kitchen area north of the Embassy Room of the Ambassador 17 Hotel. On what floor of the hotel is that --Q 18 The second floor. A 19 -- area located? On the second floor? Q 20 On the second floor. A 21 It's indicated on the diagram, is that Q 22 correct? 23 A Yes. 24 What is the scale -- strike that. Q 25 Is the diagram drawn to scale? 26

DONALD L. OSTROV, C.S.R., OFFICIAL REPORTER

It is. А 1 Q, What is the scale as represented on that 2 diagram? з The scale is one inch equals two feet. A Q And I note in the diagram itself you have designated certain rectangles as being certain objects; 6 for instance, the ice machine on the lower part of the 7 diagram, is that correct? 8 That's correct. А 9 Q Are those items that you designated 10 located in fact at that location? 11 They are. At the time I made the drawing, 12 they were located at that location. 13 So the diagram is self-explanatory in that 14 Q respect, is that correct? 15 That is correct. 16 A 17 North is to the top of the diagram? Q 18 Top of the diagram. Α 19 Where is Wilshire Boulevard located with Q 20 respect to that diagram? Wilshire Boulevard would be located north, 21 at the top of the map. 22 Toward the top. And did you yourself make Q 23 all the actual measurements in preparing that diagram? 24 I did. 25 Α That's all I have, Mr. Foreman. MR. FUKUTO: 26

36 Q Would you give us your name, please? 1 А 2 Q Mr. , you are testifying from a 3 wheelchair, is that correct? 4 Α Yes, it is, sir. 5 Will you talk as loud as you can without 0 6 distress? 7 Yes, I am, from a wheelchair. А 8 Q Now, Mr. , I'd like to direct your 9 attention, if I may, to election night, June 4th, 1968, 10 and the early morning of June 5th, 1968 -- that would be 11 12 Wednesday morning. Right. 13 A Do you recall, did you go somewhere election 14 Q night? 15 Well, I went to the Ambassador Hotel, and А 16 I was put in charge in guarding the door to the podium 17 from the kitchen. 18 And I was supposed to follow the Kennedy 19 procession because I had a gift for them, and I was 20 supposed to get a signal to -- following Senator Kennedy 21 and Mrs. Kennedy -- from Stephen Smith, and the signal was 22 a nod of the head. 23 As soon as the Senator passed me to go by 24 the podium, I shook his hand and said, "Congratulations, 25 Senator." He said, "Thank you." 26

DONALD L. OSTROV, C.S.R., OFFICIAL REPORTER

.:

They told me the Senator would only go 1 through like the podium door then leave through the crowd 2 or come through the crowd and come through the podium door. 3 and I didn't know that until ten minutes before the 4 Senator came and we didn't know until -- what time he 5 would come until ten minutes before he came. 6 And he came through, like I said, and I 7 shook his hand, and then I saw the press coming through, 8 after he gave his speech, but he left through the curtains 9 behind the podium. 10 And then there was Jesse Unruh, Pierre 11 12 Salinger, and Senator Kennedy went through the kitchen doors. 13 And then I saw the signal from Stephen Smith, 14 his brother-in-law; it was a nod of the head. He said. 15 16 "Come on. And I went through our door, the podium 17 door, and I started going through the kitchen door when 18 two press people pushed me away. I got in front of Mrs. 19 Kennedy by accident. 20 Then we went through the door and all of a 21 sudden the procession stopped and it was like firectackers, 22 just pop, pop, pop, all over the place -- and smoke -- and, 23 well, I did this, I pushed Mrs. Kennedy -- just a 24 reaction -- and everyone in the front turned around. 25 I turned around and saw Mrs. Kennedy on the 26

floor with Roosevelt Grier covering her. 1 It was like a swarm of people pushing me 2 out of the room. I went out of the podium door. I said. 3 "God, I'm shot," and then my friends carried me off. . I noted I was shot because of the blood, when the shooting started, it felt like a kick in the knee. May I interrupt you at this point. Were 7 Q you in the area of the Embassy Room at the Ambassador 8 Hotel? 9 Yes, I was. A 10 You say you were awaiting the arrival of Q 11 Senator Kennedy? 12 Uh-huh. A 13 Roughly, about what time of night or early Q 14 morning are we speaking? 15 Well, got there about 6:00 o'clock and I А 16 was standing at the door from 6:00 until the assassination, 17 and the Senator didn't come in until about 12:00 o'clock. 18 At 12:00 o'clock you saw the Senator arrive? Q 19 Right. 20 A Where were you located? ٠Q 21 A At --22 There is the pointer right there. THE FOREMAN: 23 BY MR. HOWARD: Just describe it, first, Q 24 can you? 25 It was this door right there (indicating). A 26

38

We have marked for an exhibit, as Exhibit 1, Q 1 a large diagram. There has been testimony that this is a 2 floor plan of a portion of the Embassy Room at the hotel. 3 Do you recognize it as such? A Yes, it is. 5 Q And by reference to the Exhibit 1, could 6 you locate with this pointer to the Jury where you were? 7 I was standing right at this door. See. 8 the door was all the way back, and Senator Kennedy came 9 through here. 10 I shook his hand. Then he walked up the 11 stairs and went up here. 12 Mrs. Kennedy followed; then the press went. 13 Then after he made his speech, the press 14 came through here. I was still at the door, but Senator 15 Kennedy left through the curtains, through the back, and 16 17 Mrs. Kennedy went with him. Then they went through here, and Jesse Unruh 18 and Pierre Salinger went through with Senator Kennedy --19 went through. 20 Then his brother-in-law, Stephen Smith, was 21 here, and nodded, so I left my post here and I continued 22 to --- went through. 23 But then two press people beat me to the $\mathbf{24}$ door and I went right in front of Mrs. Kennedy. 25We are going a little fast for description. 0 26

First of all, I'll mark the original door 1 that you demonstrated to the Jury as ---2 Right here (indicating). А 3 " or "S-1," right? Q -- as 4 A Right. 5 Have I marked correctly the door where you Q 6 were when the Senator arrived? 7 Right there. A 8 You indicated that after the Senator 0 9 arrived, he walked, and you indicated --- and I will mark 10 with a pen from S-1 the general area -- am I correct --11 over to an area indicating Stage Antercom? 12 Yes, the stage upstairs. 13 A Did you remain at S-1 at that time? Q 14 They toldrine stay there and make sure no one 15 A came through. 16 Q Now, did the Senator make a speech of some 17 18 type? Right, and he was joking with the crowd. А 19 Keep it loud because I am here --Q 20 He joked with the crowd like he usually . А 21 does. 22 You stayed at S-1? Q 23 Right. Α 24 Did the Senator complete his address to the Q 25 crowd? 26

40

A Right. 1 Q٠ He then left the area where he was giving 2 the speech? 3 Uh-huh. A 4 Did you observe where he went at that time? Q 5 He went --- 'cause I remember telling him A 6 that he wouldn't go through the same place twice, so we 7 were watching him, trying to go -- maybe we thought he'd 8 go through the Embassy Door outside. 9 But I noticed that the press came through 10 my door by the Senator -- there was a curtain back there --11 and he went through back here (indicating). 12 And you are indicating then an area marked 0 13 on the Exhibit 1 as Hall Ramp, is that correct? 14 Right. A 15 And a double door with a curtain over it, Q 16 17 correct? Uh-huh. А 18 And the Senator left then at this area 19 above the words "Stage Anteroom," the double door, is that 20 correct? 21 "Right. 22 ... He walked out a hallway and turned and 23 Q. walked to his right; is that a fair statement? 24 25 Right. A And what occurred then? Q 26

A Then the press started coming through, but 1 we wouldn't let them through because they told us not to 2 let any press through. 3 So the Senator was joined by Jesse Unruh. and Pierre Salinger, and they were talking to him. 5 Then they all went through -- all three 6 of them went through the kitchen door, but I remember 7 there was a security guard standing right next to me at 8 this door (indicating). 9 At S-1? Q 10 A Right. 11 I am going to make a mark, continue the 12 0 mark of my pen from S-1 through the curtain double door, 13 is that correct? 14 15 A Right. Down the hallway, and approach another 16 Q 17 Is that your recollection -double door. 18 Right. A 19 -- of the path? Q I remember there was another security guard 20 A 21 blocking this other door because it was one door closed. There was two doors. One door was closed 22 with a security guard right in front of it. 23 I will just mark that S-2, just to $\mathbf{24}$ Q indicate at this point we talked about the door being 25 closed, is that correct? 26
