Memorandum

TO : SAC, LOS ANGELES (56-156)

DATE: 11/4/68

FROM : SA JOSEPH DOYLE POWELL

SUBJECT: KEMSALT

On 11/4/68 MRS. TILLENA ADAMEK, 3313 Burritt Way, La Crescenta, California, appeared at the Pasadena RA and advised SA POWELL of the following:

At the time of and immediately after the assassination of Senator ROBERT F. KENNEDY, Mrs. ADAMEK was suffering from and recovering from a nervous breakdown.

Some few weeks after the assassination Mrs. ADAMEK sent an unsigned, anonymous letter to the office of the Attorney General of the State of California in which she wrote that EDWARD ADAMEK and JOHN EARHART, both identified as living in Tucson, Arizona, were involved in the murder of Sen. KENNEDY.

EDWARD ADAMEK is Mrs. ADAMEK's former husband. JOHN EARHART is married to EDWARD ADAMEK's sister. Mrs. ADAMEK does not know their addresses beyond their being in Tucson.

The information Mrs. ADAMEK put in the letter was based entirely on delusions and there is no basis in fact whatsoever for the information that they had some connection with the murder. Mrs. ADAMEK has recently heard that Mr. ADAMEK and Mr. EARHART were in the Los Angeles area in response to some form of request or summons dealing with the KENNEDY matter. She expressed her deep concern that they might be subject to some abuse, prosecution or at the least inconvenience due to her irrational act when she was suffering from a mental illness.

Mrs. ADAMEK advised she lives with her daughter at the above address. The residence phone there is 248-7493. She requested any contact with her be circumspect in that her daughter would be greatly alarmed if she knew what Mrs. ADAMEK had done as indicated above. Mrs. ADAMEK works at a telephone answering service, phone 796-8111 from 11:00 PM to 7:00 AM, and could be reached through that number.

Arab Told Of Shooting in May

By PHILIP GALEY

A Cornelia, Ga., woman has told the Federal Bureau of Investigation of an Arab tour guide telling her and other American tourists in Israel that Sen. Robert F. Kennedy had been shot more than two weeks before his assassination on June 5.

Mrs. Hubert Ritchie, who toured Israel from May 15-18, said that as she and 11 other American tourists boarded a bus near Jerusalem, the tour guide, whom she described as an Arab in his early 40s, told them that Sen. Kennedy had been shot. He told them he didn't know any details.

The FBI in Atlanta had no comment.

STORY FORWARDED

However, it was learned that the information has been forwarded to the FBI in Los Angeles and Washington.

Mrs. Ritchie, who is the wife of Cornelia's mayor, said the group was upset but could not get additional information on the report until they returned to the United States.

Mrs. Ritchie said she and others tried unsuccessfully for two days to confirm the report. "We couldn't get any news on it so we had to drop it until we could get back home," she said.

Before learning that the guide's report was untrue, Mrs. Ritchie said she thought it possible that the New York senator might have been slightly wounded.

ASK ABOUT IT

"When my husband met me at the Atlanta airport," Mrs. Ritchie told the Atlanta Constitution Friday night, "the first thing I asked him was if he had heard about Sen. Kennedy being shot."

She said she could not remember all the details of the experience. "I never thought I'd have to repeat it," she said.

MADE NO NOTE

"I didn't make any notes,"

Mrs. Ritchie said. "It was one of those things we heard with the tour lectures."

Mrs. Ritchie said her bus was en route from Tel Aviv to Jerusalem when the guide told them. She could not remember the exact day, but thinks it was May 18.

Sen. Kennedy, who was running for the Democratic presidential nomination this year, was mortally wounded by an assassin's bullet in the brain last Wednesday morning shortly after his victory speech in California's Democratic primary.

The accused assassin, Sirhan Bishara Sirhan, is a Jordanian immigrant who reportedly hated Kennedy because of the senator's support of Israel.

SUBJECT: Polygraph Examination of Mrs. Donna Herrick
9436 Pentland, Temple City, Calif. Ph# AT 67877

Mrs. Herrick was administered a polygraph examination on August 6, 1968 at the Polygraph Facilities of Scientific Investigation Division.

Mrs. Herrick informed that she was the wife of Benjamin J. Herrick and that they owned the Lock, Stock N' Barrel Gun Shop at 8972 East Huntington Drive, San Gabriel, Calif.

The purpose of this examination was to determine if Donna Herrick had been truthful to agents of the F.B.I. when she told them that on or about April 3, 1968 she had observed Sirhan Sirhan in company of two Males of foreign decent at her place of business.

On that day, June 16, 1968, she informed the F.B.I. that she was positive Sirhan had attempted to purchase some 357 Magnum Tank Piercing ammunition, and she selected photographs of Adel and Munir Sirhan as bearing a strong resemblance to the men that were with Sirhan. Further, Herrick stated that she remembered Sirhan had such a heavy accent that she was unable to understand him. In fact, she asked her husband for assistance to help interpret what Sirhan was saying.

During the pre-test interview, Donna Herrick was questioned regarding the statement she had given to the F.B.I. on June 16, 1968, and she maintained that the statement was true.

Additional questions were asked relative to the date that she observed Sirhan (on or about April 3, 1968). She then modified her statement, and then changed it again ultimately saying that Sirhan could have been in the store during the week of March 27 or during the week of April 10, 1968. However, she definitely remembered Sirhan having a very heavy accent.

When Mrs. Herrick was informed that as a matter of fact, suspect Sirhan speaks English very well and has no trace of any accent what so ever, Mrs. Herrick stated "Well, maybe he was mumbling."

At this point of the pre-test interview, Mrs. Herrick was asked if she would voluntarily submit to a polygraph examination, she considered for a few moments and then agreed to take the test. MOA J 1968

Continued

The instrument and its functions were discussed with Mrs. Herrick and she was explained the theory and the procedures that would be followed during the course of the examination.

Prior to instrumental testing, a polygraph was obtained to determine whether she was a proper subject and capable of producing patterns adequate for interpretation. Responses were provoked, which indicated that Mrs. Herrick was a proper subject.

During the course of the examination, physiological tracings at points where crucial key questions were asked, indicate quite strongly that Mrs. Herrick was being untruthful.

After the initial tests, two additional series of questions were asked and each of these contained questions relative to four key issues which had been previously asked and to which Mrs. Herrick had responded strongly with indications of deception.

- (1) Was there anything that Mrs. Herrick had told the polygraph examiner about Sirhan that was not true?
- (2) Did Mrs. Herrick honestly remember ever seeing Sirhan inside her store in person?
- (3) Did Sirhan ever try to buy ammunition from Mrs. Herrick in person?
- (4) Did Mrs. Herrick honestly believe that the person she had told the examiner about was not Sirhan?

Upon conclusion of the polygraph examination, Mrs. Herrick was informed that her responses clearly indicated that she was either mistaken or that she was deliberately being untruthful, but that she could not honestly say that she remembered seeing Sirhan or talking to him in person. Further, she was informed that her answers to the above questions were clearly indicative of deception. To this, Mrs. Herrick stated that she admitted she was confused, but she did believe Sirhan had been at her store, and again she was informed that the results of the polygraph examination did not show this. (Complete statement recorded in tapes #29328 & 29329. These tapes in file in S.U.S)

TRA-DEPARTMENTAL CORRESPONDENCE

August 7, 1968

TO: Lt. Manual Pena, OIC Background Conspiracy Section S.U.S

FROM: Lt. E. Hernandez, Investigator Background Conspiracy Team

SUBJECT: Polygraph Examination of Mr. Larry Arnot

On August 5, 1968 a polygraph examination was administered to Mr. Larry Arnot, 517 Melcanyon Rd., Duarte, California, Ph#358-8787.

The examination was administered by Lt. Hernandez in the polygraph facilities of Scientific Investigation Division Room 432A, Parker Center.

The purpose of this examination was to determine the truthfulness in Mr. Arnot's statements given to the F.B.I. on June 16, 1968. When he informed them that he had sold (4) four boxes of ammunition to suspect Sirhan Sirhan and two other dark foreign-looking Males who were present with Sirhan at the time of the ammunition purchase on June 1, 1968.

On that day, June 16, 1968, F.B.I. Agents Bruce Bradford and Norbert Linker showed Arnot (5) five photographs of Sirhan and his (4) four brothers. Arnot identified Sirhan as being the person that purchased the ammunition, and also selected a photograph of Shariff Sirhan, as "Bearing a strong resemblance to the individual that was present with him." Arnot said that he would be unable to identify the third person that was present in the store on that day.

Prior to instrumental testing on the polygraph, Arnot was questioned regarding the statement given by him to the F.B.I. on June 16, 1968. He maintained that his original story as given to the F.B.I. was true to the best of his recollection.

Arnot was shown a total of 17 look-alike photographs by Lt. Hernandez. These included four of the Sirhan brothers. Arnot looked over each of these photographs carefully and selected the following three photographs:

- (1) Photograph of Munir Sirhan
- (2) Photograph of look-alike - Bk No. 63481-1965
- (3) Photograph of another look-alike - Bk No. 102661-1966

After selecting Munir Sirhan's photograph, Arnot commented that he felt he had been brain-washed because he had observed Munir's photograph on a number of previous occasions and therefore he felt that this was influencing his opinion. As to the other two look-alike

photographs that he selected, Arnot stated that he believed he remembered the two people depicted on the photographs as being present with Sirhan on June 1, but was not positive.

The instrument and its functions were discussed with Mr. Arnot, as were the theory and procedures of the polygraph examination. He was given an opportunity to ask questions concerning any phase of the examination. The questions which were to be asked instrumentally were reviewed with Mr. Arnot before any instrumental testing began.

A polygraph was obtained prior to the examination, which established that patterns capable of interpretation could be obtained. Responses were provoked. This indicated that Mr. Arnot would be a proper subject for polygraph testing.

During the course of the examination, physiological tracings at points where crucial questions were asked suggest very strongly that Mr. Arnot was being untruthful. He was specifically asked if he honestly remembered seeing any person with Sirhan inside the Lock, Stock N' Barrel Gun Shop on June 1, 1968, and his responses at this salient point indicate that he does not remember seeing anyone with Sirhan on that day. Further, after carefully evaluating the examination charts, it is the opinion of this examiner that Larry Arnot does not in fact remember Sirhan or the business transaction that took place on June 1, 1968 when the ammunition was purchased by Sirhan.

Larry Arnot was informed of the results of the examination and the conclusions that were arrived.

After a short period of interrogation, Arnot ultimately admitted that the only logical explanation for his failing the test was because he had lied.

He explained that the truth was that he was confusing the sale of ammunition to three other dark complexion men, and in his mind he was trying to convince himself that this was the Sirhan incident. However, he said that he could not truthfully remember Sirhan being in the store on June 1. He knows that he sold Sirhan the ammunition because of a sales receipt which he made out, but he just cannot remember Sirhan or the sale.

As to the two men that he had described as being with Sirhan, he stated that he had probably been misled by Mrs. Donna Harrick. She had told him that Sirhan and two other men had been in the store on a day previous to June 1. Therefore, he had assumed that these two men could have been with Sirhan on June 1.

Again Arnot was reminded that he had no sound basis to form this assumption, and he admitted that he did not.

Arnot requested that the previous reports as given to the F.B.I. be corrected. (Statements of Larry Arnot in file S.U.S Tape #29325)
