I advocate the overthrow of the current president of the fucken United States of America, I have no absolute plans yet - but soon will compose some. I am poor - This country's propoganda says that she is the best country in the world - I have not experienced this yet - The U. S. - says that life in Russia is bad - Why - ~~the~~ supposedly no average American has ever lived in a slavie society so how can he tell if it is good or bad - isn't his govt patting words in his mouth.

Anyway - I believe that the U. S. is ready ~~to start~~ to start declining, not that it hasn't - it began in Nov 23, 63 - but it should decline at a ~~fast~~ faster rate so that the real utopia will not ~~be~~ be too far from being realized during the early 70's in this country.

I firmly support the communist cause and its people - whether Russian, Chinese,

albanians Hungarians rufocuer -

For a person to put his thoughts into words is a difficult task if you were to remember that that person is a troglodyte who is therefore more psychically inclined than his urban contemporary.

America will soon face a downfall so abysmal, that she will never recover from it. This statement is based on several observations and incidents that the writer experienced.

The American politician leads his people through any course that he wants them to - this is possible because the people ~~to~~ lack the initiative, ~~or~~ or are indifferent to the actions of their leaders. Their leaders say: you have the right to speak against your govt, ~~it~~ and support its changes - but remember, - though Democratic means only - if otherwise we will blast the hell out of you - and besides, you wouldn't want to do anything like that, it is stupid, costly and wasteful. Just let us run the country hire our relatives to work for us - and earn fat checks -
