On August 21, 1968, a confidential source abroad advised that he had verified that ANTONIO ALBIZO ORTIZ is known at Avenida Emilio Carranza 87, Mexico 13, DF. He said he learned from individuals at this address that ALBIZO is a Mexican of humble origin and, apparently, limited talents who is the leader of the members of the Federacion de Organizaciones Populares (FOP) in the 16th Electoral District. In this work, he deals with those who need some social service and participation in conferences which are given to aid the members regarding problems of their work, health, education, and welfare. The source learned that meetings of this type are held twice a week at this address. The source was not able to determine the exact residence of ANTONIO ALBIZO ORTIZ, and the persons interviewed stated that they had not noticed anything obviously lacking in his mental faculties. (c)

On September 27, 1968, a second confidential source abroad advised that he had spoken with more than twenty individuals concerning ANTONIO ALBIZO ORTIZ and had learned that he is also known as ANTONIO ARBIZU ORTIZ. He is single and those interviewed agreed that he is about thirty-two years old but has some gray hair. (c)

The second source found the offices of the FOP of the Federal District at Lucerna 55, Colonia Juarez, Mexico, DF. Another organization at this same address is La Confederacion Nacional de Organizaciones Populares (CNOP) which operates on a nationwide basis. The head of CNOP, Lic. JIMENEZ DEL PRADO, stated that he did not know ANTONIO ALBIZO. (C)

The top official of FOP, Prof. CARLOS ALEMAN, stated that he did not know ALBIZO. (C)

More than twelve employees were questioned in the FOP office and, finally, one of them said that he did know ALBIZO but that ALBIZO was not one of the office personnel and not a regular employee but was one of the many thousands who work at infrequent intervals for this organization. (C)

The second source conducted inquiry in the neighborhood of Avenida Emilio Carranza 87, Mexico 13, DF, and determined that ALBIZO works two days each week for a Mr. SANCHEZ who maintains an office at this address and lives at Emilio Carranza 91. The source stated that SANCHEZ is in the business of handling land sales and that the office is very unkempt. It has a crude, unpainted, wooden table for a desk and benches of unpainted wood where working people wait while trying to buy land. (C)

Both SANCHEZ and his daughter stated that they did not know the address of ALBIZO and described him as a Bohemian who has no fixed residence and stays part of the time in the home of one friend and other times with other friends. They said he is a personable young man who is trustworthy and a good worker but that he has ideas which are somewhat strange. They said he has the habit of always telling things which originate in his own fantasy and they consider him a little unbalanced mentally but not to the extent that he would be harmful to others. They said it is exactly because of the fantastic tales which he relates and invents that he is useful to SANCHEZ in the business because he can easily convince people of limited education that they ought to try to buy lands which are actually not completely free of other claims. The source pointed out that the newspapers are full of stories of people who have been victimized by buying lands fraudulently offered for sale

and that these sales are not handled in an official manner before a notary public but only carried out by private agreements. (c)

The second source spoke with workers in a shoe repair shop which is next door to Emilio Carranza 91, and these people also stated that ALBIZO is a very likable person but "half crazy," although he represents no danger to others. The source stated that each and every person who knows ALBIZO in this neighborhood spoke about him in the same manner. (c)

The records of the Judicial Police for the Federal District and Territories, Mexico City, contained the following information: (c)

Antonio Albizo  
ANTONIO ALBIZO ORTIZ, Avenida Rio Churubusco 19, San Andres Tetepilco, Mexico, DF, was arrested on February 27, 1960, for malicious damage and was assigned to the 12th Ministerio Publico under Act 39305/60. The only descriptive information in the record indicated he was a Mexican residing at the above address. On March 1, 1960, ALBIZO was referred to the Judge of the 14th Instance, 5th Section, and was released subject to further proceedings. No indication of further action appeared in the file. (c)

On August 30, 1968, a check of the records of the Identification Section of the Metropolitan Police, Mexico City, revealed the following information: (c)

RE: REBECCA FOGEL

Mr. Deriek Chase, Radio Station CFRA, Ottawa, Canada, on 10/14/68 advised that the captioned individual, a retired United States Post Office employee, has alleged that she has been denied proper hospital treatment while in Canada because of undue influence and pressure from American authorities.

According to Mr. Chase, Mrs. Fogel states that although she has been admitted to Canadian hospitals for medical treatment which she desperately needs she is very soon forced from those hospitals because of United States pressure possibly from the FBI, CIA or other such agency. Mrs. Fogel apparently claims she has vital information concerning certain investigations of criminal activity in the United States including the case of Sirhan Sirhan, the alleged murderer of Robert F. Kennedy, and that she is being denied proper treatment in order to keep her quiet concerning such matters.

Mr. Chase was advised that certainly the FBI was not involved in any investigative activity in Canada and would certainly not deprive a person from proper hospital care. He stated that he fully understood that this would be true. Bureau files show that Mrs. Fogel is an obvious mental case, a self-admitted homosexual, has claimed to have applied for and been refused political asylum in Israel, Canada, and Australia and has made numerous unfounded allegations against various Government agencies and individuals. Above is for information.

Los Angeles authorities have provided our Los Angeles Office with the photographs of the autopsy of the late Senator Robert F. Kennedy as well as the neuropathology report pertaining to the post-mortem examination. This material has been forwarded the Bureau. See LA airtel 10/17/68. (12-587-989)

Legislation is currently pending in the State of California which would restrict this material from the general public.

## ACTION:

In view of the sensitive nature of this material it is recommended that it should be maintained in the Special File Room of the Records Branch and should be charged out only upon the special authority of the Assistant Director, General Investigative Division. Los Angeles has a set of these photographs and report which they are affording top security. Upon conclusion of Sirhan's trial set for 12/9/68, at which time it would appear Los Angeles would have no need for such material, all photographs and related material will be forwarded to the Bureau for safe keeping.

There is enclosed an LHM setting forth information furnished by telephone from a female describing herself as Miss SUBRINA DUBLE. When calling the Jackson Office, she spoke with SPC J. BENNY CROSBY. The Agent whom she talked with at Biloxi, Miss., is SA JAMES J. FIEES.

During all of these calls, the caller did not seem normal and made vague rambling remarks about being fearful of injury from unknown persons. She failed to make an appearance which she made only after extensive urging.

Mobile and Birmingham should search their files for the name SUBRINA DUBLE and furnish any positive information to Los Angeles. If opportunity presents itself, Jackson will interview DUBLE.

ASSASSINATION OF  
SENATOR ROBERT F. KENNEDY  
JUNE 5, 1968

B. APPROX 1951

Miss

On October 10, 1968, a young female telephonically contacted the Jackson Office of the FBI and identified herself as Miss Subrina Duble, white female, age 17. She refused to give her home address or telephone number but stated the nature of her call was to furnish the FBI with important information concerning the assassination of Robert F. Kennedy. Miss Duble related a very rambling episode of how she had met an individual in California, whom she had cause to believe was involved in the assassination of Senator Robert F. Kennedy. She stated she has had knowledge of this since May, 1968, but declined to report this information due to threatening phone calls and letters warning her to keep anything she might know to herself.

She stated she is a resident of Alabama but did not wish to be contacted at home due to her father's condition, as she is afraid that any upsetting incident might cause him to have another stroke. She did state, however, that she could be reached at telephone number 762-9920, a pay phone in Pascagoula, Mississippi, anytime between 9:00 and 11:00 p.m. any night.

During this call she seemed very emotional and upset over something that had happened just prior to the call and she seemed out of breath and either crying or under the influence of drugs or alcohol.

ENCLOSURE

**ASSASSINATION OF  
SENATOR ROBERT F. KENNEDY  
JUNE 5, 1968**

Attempts were made to recontact her on the night of October 11 and 13, 1968, with negative results.

On October 14, 1968, investigation revealed that telephone number 762-9920 is located in an outdoor telephone booth on the premises of Larry's Standard Service Station located at Market Street and Highway U. S. 90 in Pascagoula. The proprietor of this station advised that the name Subrina Duble is unknown to him and that he closes at 8:00 p.m. Inquiry among people who live in the immediate vicinity of this telephone revealed that this is a Negro community and the name Subrina Duble is not known there. A review of Pascagoula City Directory and telephone directory revealed no listing for anyone named Duble.

G. R. Thompson, Identification Officer, Pascagoula, Mississippi Police Department, advised on October 14, 1968, that he has no record of anyone named Duble.

On October 16, 1968, this individual again called the Jackson Office and was connected with an Agent in Biloxi, Mississippi. She stated she had called to say that she wanted to drop the matter and did not want to meet with an Agent. She persistently declined to further identify herself or to agree to meet the Agent. She finally did agree to call him again after she had spoken to her father. Throughout the conversation with her, her conversation appeared to be rambling and disconnected.

On October 19, 1968, she telephonically contacted an Agent of the FBI at Biloxi, Mississippi, and at that time

**ASSASSINATION OF  
SENATOR ROBERT F. KENNEDY  
JUNE 5, 1968**

agreed to meet him in the lobby of the LaFont Inn, a motel on Highway U. S. 90 in Pascagoula at 9:00 on the evening of October 20, 1968. She again refused to further identify herself except to say that she is tall, has white blonde hair and a mole on her face.

On the evening of October 20, 1968, an Agent of the FBI remained in the vicinity of the lobby of the LaFont Inn from 9:00 p.m., until after 10:00 p.m., but Miss Duble did not appear.

On 10/28/68, representatives of Secret Service Headquarters furnished a copy of a communication addressed to Richard Nixon and Hubert Humphrey, National Headquarters, Willard Hotel, Washington, D. C. This communication was allegedly signed by Sharif Bishara Sirhan and was postmarked Pasadena, California, October 22, 1968. The return address was given as Sharif B. Sirhan, 696 East Howard Street, Pasadena, California, and the envelope was addressed to Nixon.

Copies of the attached are forwarded for the information and assistance of Los Angeles. An effort is being made through Bureau liaison to obtain the original or a more detailed copy. The Laboratory is conducting examination of the signature in order to determine if it was, in fact, that of Sharif Bishara Sirhan.

Inasmuch as the communication may constitute a possible violation of the Extortion Statute Los Angeles should initiate immediate investigation in order to determine whether it was in fact prepared by Sharif Sirhan. Consideration should be given to conducting an immediate interview of the suspect.

Expedite and advise Bureau of results.

**NOTE:**

The questioned communication allegedly signed by Sirhan Sirhan's brother is extremely pro-Arab and anti-Semitic in nature and is generally critical of positions allegedly taken by Nixon and Humphrey in support of Palestine. The writer pleads "do not force us to believe in political assassination which is against our heritage and culture unless we are pressed from you." The letter contains implied threats to destroy every American politician who supports or negotiates any kind of help to the Zionist State. Of even more significance is the fact that the writer's strong language would seem to imply at least endorsement and possible complicity in the assassination of the late Senator Kennedy. It is possible that if Sirhan's brother be identified as the writer, the allegation could be raised that he may have acted in conspiracy with the alleged assassin in the shooting of Kennedy. Accordingly, it is necessary that we obtain full details.

**ATTENTION FBI LABORATORY:**

Attempt through known specimens of Sharif Bishara Shirhan's handwriting to determine whether he did in fact prepare this communication. Bureau liaison is attempting to obtain either the original or more clearly defined copies.

1. How do you justify taking one land from one people (Palestinians) and giving it to another (Zionist Jews)?
2. In the name of what justice do you justify the Palestinian refugees living in the desert in tents and suffering from hunger, disease, and dying away from their homeland after being the owners of the land in Palestine?
3. How do you justify the Zionist Jews coming from other countries and taking the place of the real owners (Palestinians) who have fled to different parts of the world from Zionist terrorism and aggression?
4. How do you justify the killing and murders that take place and are still taking place in Palestine?
5. How do you justify giving and supporting the Zionist state with military aid as phantom jets so that they kill more innocent and peaceful people (Palestinians)?
6. How would you like someone forcing you out of your house and throwing you in the backyard and giving it to someone else that is not the owner?
7. How would like someone to strip you from your country and consider you as a second class citizen after you were a first class citizen? This is what happened in Palestine.

Palestine belongs to Palestinians just as America belongs to the Americans whether you like it or not (it depends on your conscience whether you believe in justice or not). We as Palestinians are ready to die for our beloved country (Palestine) and the only peaceful solution for our people is that Palestinians should go back to their homes and the Zionist Jews should go back to their original countries where they come from. If the Zionist Jews come from paradise, let them go back to paradise and if they came from hell let them go back to hell and the Palestinian refugees should go back to their homes and land.

EX-105 REC 27 62-587-994

I am not a communist and I hate communism. You know and it is very clear that there is no communist practices or organizations in the Arab World. If there is communism in the Arab World, they were forced to accept and ask for help from Russia in order to liberate Palestine from Zionism because the United States has turned against them and if there is communism in the Middle East, American politicians are to blame because they are using good hearted American people for their own glory and fame. It is a shame to mention this but it is the truth. American politicians should look for America's greatness, fame and glory and not for themselves. It is also a shame to see American Presidential candidates bow and kneel to Zionism to get in the white house.

Communism is using new techniques in modern warfare which is (kill yourselves) as for example what happened in Viet Nam where American soldiers were killed and not one Russian soldier's blood was shed.

Zionism is using America and taking advantage by claiming that America should fight communism for their aim which is the destruction not only for America but for the whole world. For example, the killings, murdering, and robbing, and inhuman barbarian and animalistic and criminalistic acts and behavior that they committed against the innocent peace-loving Palestinians is illegal. Also, Zionism in America is blurring the vision of good hearted Americans so that they cannot see black from white and keeping them away from the truth. The disorder and violence, crime, hunger in America is caused by Zionism through their propaganda and by sending millions of American dollars to the Zionist State. I wonder how they can be loyal to two countries, America and Israel? Is America their country or the Zionist State which is called Israel?

I not only love America but I am ready to die for America. I hate to see America being used by Communism and Zionism. Communism is destroying America on the outside, and Zionism is destroying America on the inside.

I have asked these questions to Senator Robert Kennedy in May 1968 but he ignored us and went on promising the Zionists with jets so that he gets more votes to get to the White House, here I find myself asking the same questions to you again. Please do not force us to believe in political assassination which is against our heritage and culture unless we are pressed from you. Let it be clearly known that I have ordered and directed by Palestinian Commandos to destroy every American politician who supports or negotiates any kind of help to the Zionist State. We are aware of Dayan's visit to the United States in December 1968. This will be his last visit.

I further more beg and ask again and again please do not make us believe in political assassinations. And as I mentioned above, I am willing to die for America as for Palestine. I hate to see America destroyed by Zionism and Communism. We think in America that we are above Communism and Zionism. The truth is not that, but we are lost in between.

We thank you for giving this matter the greatest consideration hoping that you will be against the aggressors (Zionists) for the sake of justice and the world peace, thank you.

Sincerely Yours,

Enclosed herewith are six negatives obtained from JOHN V. KENNY, a Providence College student, who was in the Embassy Room of the Ambassador Hotel at Los Angeles, California, and who was in his own words approximately twenty-five feet from the location where Senator ROBERT F. KENNEDY was shot on 6/4/68.

Mr. KENNY advised that he had in his possession a camera which he held over his head and continued to snap pictures of Senator ROBERT F. KENNEDY as he passed through the kitchen corridor immediately prior to the shooting.

Mr. KENNY stated that the pictures taken in the corridor apparently were not clear enough to be developed, but he did have them in his possession when interviewed on October 17, 1968.

Mr. KENNY stated that he believed that the negatives number 18A through 20A were the shots taken by him immediately prior to the shooting of Senator KENNEDY.

1. An official Spanish service informed this office in a report dated 24 September 1968 that it had taken a statement from Spanish national Agustin CORREA Rafael, DPOB: 2 August 1947, Herrera de Alcantara (Caceres), Spain, after he had been arrested on 20 June 1968 by the Civil Guard for driving without a license. He had been arrested twice before for having crossed international borders (not further identified) clandestinely.

2. CORREA stated that he had become involved in smuggling activities in Portuguese territory about three years ago through a Portuguese count (not further identified). The count is about 45 years old, owns a castle in Castel de Vide, Portugal, which is about eight kilometers from the Spanish-Portuguese border, and has ten children.

3. The above-mentioned count is in contact with a United States national whose name is believed to be Jose CAR(R) from Dallas, Texas. CAR owns twelve launches on which he transports merchandise, liquor, and tobacco to different places on the Portuguese coast mostly in the Lisbon and southern areas. CAR comes to Portugal about every 20 days and stays at an unidentified hotel in Lisbon. The count is always informed of CAR's arrival in Portugal.

4. On 12 June 1968, CORREA overheard a conversation between CAR and an unidentified person during which CAR said, "We have already taken care of Robert Kennedy, his brother will fall soon." The conversation took place on the launch "Fatima".
