CC98 #01	Coordinates in vicinity of "C" shaped bldg. described in session CC96.	Interviewer instructed to direct the source to describe the area of the "C" shaped bldg again at coordinates:	It was realized after the fact that the interviewer provided feedback of session CC96 by identifying the "C" shaped bldg with the coordinates.	19 Feb 80	The source describe a dock-like structure with white sand or rock nearby. He made drawings which showed a fence smiliar to the one around the target area around the "C" shaped bldg. He made a drawing of a "bldg" which looked like an overhead view of the square pair radar. In response to a request for info on the area 300 yds. on the oppo-site side of bldg "C" he described a large circular track shaped complex.	[REDACTED]
	This is 2nd session for this viewer.	Then direct him to describe the area located 300 yds. due north. Interviewer was not aware of what was located due north of this bldg.
