MEMORANDUM FOR THE RECORD

SG1A SG1A

SUBJECT: Assessment of Unconfirmed Information Pertinent to [REDACTED]

(C)

ITAC ASSESSMENT

SG1A

1. (U) The following information applies:

a. (S) Source reported the first road junction which is located at [REDACTED] as being in a wide clearing area, bordered by heavy trees. No specific mention was made by the source of either the road junction or any vehicular traffic. Source did state that the area was under direct military observation.

b. (S) Source reported on a second road junction located at UTM [REDACTED]. He stated that there was a tank guarding the entrance to an L-shaped building, which he believed was a factory type of building. He also reported fully loaded tracked vehicles proceeding through this area.

2. (S) Request the above information be evaluated and comments be provided to the undersigned no later than 30 May 1980, this will permit an evaluation of the source for accuracy and information value provided.
