CUING DATA

(S) The facilitator and viewer were both provided with coordinates for the target location and directed that the target area was approximately 500 X 500 meters in size. They were both told that the area was almost entirely covered, and requested to describe the covering as well as what was covered at the target. No other information was provided to either the facilitator or the viewer.

SG1A

Target area is approximately 500 X 500 meters. Almost entire area is covered.
