TRANSCRIPT

REMOTE VIEWING (RV) SESSION DCC-2

TIME

#14: This will be a remote viewing session for 20 March 1981.
Mission time is 1300 hours.

SG1A All right #36. The time is now 1300 hours. Your mission
for today is to tell me some things about ██████████ SG1A
I want you to concentrate and focus on ██████████ during the
time frame of last week. Last week, during evening time
at his home. I want you now to focus, concentrate on ██████████ SG1A
and tell me something about his personality. What type of
person is he?

PAUSE

+04 #36: See a.....a man in...conservative dress clothes... Looked
like blue stripe suit, scarf around his neck. Looks to be...
well, there's a taller individual anyway..with him. And he's
got his arm around his shoulder, at such an angle that makes
him seem considerably taller than.. ██████████ who is in the SG1A
suit. They're going out the door....building, dwelling, some-
thing...

Uh, very, very friendly. The two people are very friendly.
Could be, could be relatives..maybe brother, but he seems
slimmer and taller. ██████████ seems...seems...shorter and SG1A
fastidious...quite intelligent. Highly respected by the
other person. Other person, tall person...has leather type
jacket, uh, coat on that...looks like suede, rust side, skin
out.

SG1A ██████████..very intelligent, but...more like a spoiled kid.
He...likes to have his own way. Stubborn, easily hurt, takes
offense, but does not show it readily... Tremendous, tremendous
drive..almost emotional drive...tenacity.....

#14: Tell me something about his interests. What does he like
to do?

+10 #36: Ahh, I saw a sailboat from the keel, lookin' up. I had the
feeling that...had the feeling that he liked, probably liked
boating or sitting around..the waterfronts, the boating crowds,
clubs. Chess...I see chess like game. I think it's chess...

It's a funny thing, I....thought I heard you say something about
family. I..just assumed there was a wife and children, but I
don't see any right now.

#14: Very good, very good....

#36: I have the feeling that..he is, likes good restaurants. Enjoys spending hours..in the process of eating and talking. Almost ritualistic... He's highly manipulative, he...would be a good poker player.

PAUSE

SG1A It's funny, I can't figure out who the tall guy is. I'm not sure he's family.... But he's dressed rough, casual....in comparison to. [REDACTED]. I have a feeling this is some kind of a old apartment, hotel type structure rather than an individual home.... Structural components near the front door are more massive than..one would expect in individual building. I get the feeling that...I'm not sure about this....

+15 SG1A I get the feeling that [REDACTED] is almost effeminate, and that... he's very vain, and feels that he must manipulate people by talking to many peoples...so that events occur as he wishes, without his direct impact on them... Sways other people in the direction that he, the direction of his interest.....

Distinct feeling that he's a very smooth conversationalist... convincing liar..... I don't know what he does for a living....

I see a table and.....ahh, little paddleboards laying there. What do you call it? Uh...celluloid balls, uh, table tennis or something... Since it persists I assume he likes this game. Whatever you call it...paddles.....

+20 I get the feeling that upstairs in this building...is an older, fat, uh, Italian looking woman. Like old country Italian grandmother type. Probably an aunt or perhaps his mother... I keep trying to see his involvement with a wife or woman, children. I'm just not getting any imagery there.....

SG1A He seems to pretend to conform, uh, to...gain advantage and avoid unnecessary conflict... I also get the strong feeling that the individual in the brown jacket really doesn't know or understand what [REDACTED] is all about... I gather [REDACTED] is SG1A about 5, 5'9", 5'10"...

#14: Concentrate on his job. Once again, concentrate and focus. Tell me, if you can, what he does for a living.

#36: I been tryin' to do that.... I kept repeating to myself the home scene, home scene for so long that I can't seem to shake... the relaxed or almost like a visit or return to this dwelling. Feeling of relief, relaxed, uh, momentary happiness. I just assumed that that feeling was a result of the end of something, a rest in between something return homeward. Something like that.

+25 #36: I have a feeling right now that this individual...is in contact with other people. Like...sometimes like marketing. There seems to be a technical engineering background there somewhere. When I..feel this marketing sort of thing is not real...marketing research, marketing... I keep fighting this because it's a natural assumption but...I keep getting this conflict that...either he's a great pretender or he's deceptive. I have the feeling that this individual has the power to.... sway great groups of people, somehow..assess the political and emotional feeling groups of people and manipulate it in a way that he wants. But I still see him as being engineering or research type situations. I feel a strong political interest... Some political analyst sort of interest.

+30 I keep seeing radiating shapes from a central point. Just shapes with striation or fingerlike shapes reaching out from a central point. Keeps telling me that he has very broad interests. Seems to be able to...quickly receive lots of information and simplify it to a single thought...sort it.....

Very heavy wool coat, uh, hanging in the closet. That's about all I got on him. Think he's a very fastidious, intelligent person who's able to take a lot of small bits and pieces of information and come up with a solid concept rather quickly... Quick to make assessments of complex situations. That's about it.

#14: Okay. I have no further questions.

End of session.
