MEMORANDUM FOR RECORD

SUBJECT: Final Evaluation Project 8111 (U)

1. (S/NOFORN) Supported personnel state; "since the objective of this prortion of the project is to establish remote contact between (targeted individual) and Viewer 01, we believe any correlation is "Plus", therefore, we feel progress has been made. As discussed with the CO, (Interviewer) #66, (viewer) #01, and (targeted individual), future sessions should have a definite objective--i.e., contact (individual) during specific time periods.
2. (S/NOFORN) The second objective (to influence targeted individuals actions) was never directly attempted and therefore cannot be effectively evaluated. Based on the results in the first objective's effort however, the customer believes "there is no reason to doubt objective B could not be obtained, given sufficient time."
3. (S/NOFORN) Results are sufficient to state:
 - a. There was moderate success in accomplishing individual to viewer raport.
 - b. There is no reason to believe part B (control of individual) could not be accomplished in time.
 - c. When time and personnel become available - pursue the above effort to conclusion.
