SUMMARY ANALYSIS

REMOTE VIEWING (RV) SESSION XLII

1. (S) This report provides documentation of a remote viewing session conducted for training purposes to enhance a remote viewer's demonstrated ability.
2. (S) The remote viewer's impressions appear to match the "beacon's" location at the originally designated target time which was set forward thirty minutes at the last moment. The "beacon" was enroute from his office to the Mall Entrance of the Pentagon to his car at the originally designated on-target time. The remote viewer did this session without an interviewer.
3. (S) The protocol used for this session is detailed in the document, Grill Flame Protocol, AMSAA Applied Remote Viewing Protocol (S), undated.
4. (S) Following is a transcript of an interview done immediately after the session. At TAB A are drawings made by the remote viewer. At TAB B are the original notes of the remote viewer.

Dark wood everywhere - interior, like walnut.

Three people present. Someone following.

Cold feeling.

Touching something metal. Touching something smooth.

And, I have a yellow hanging cloth.

I have many books or records and I have some word associations.

#6.5: Uh huh.

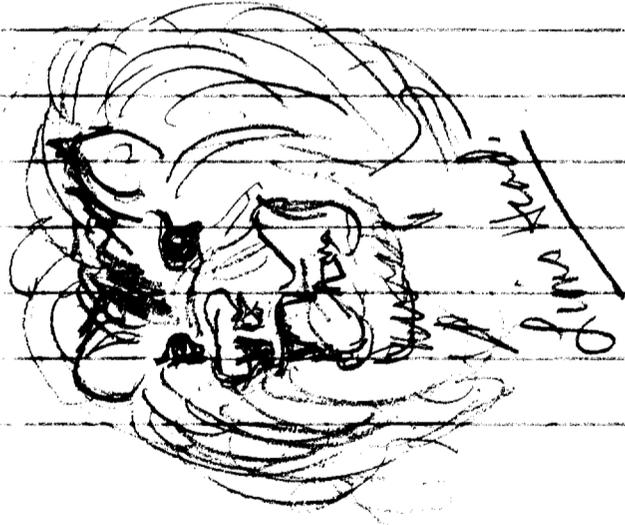

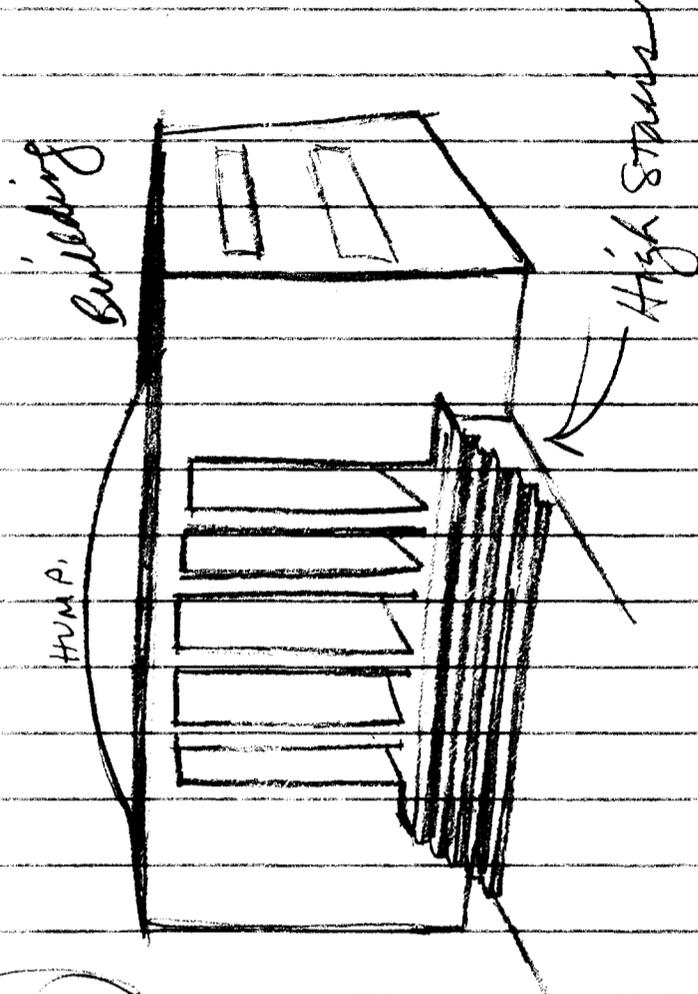

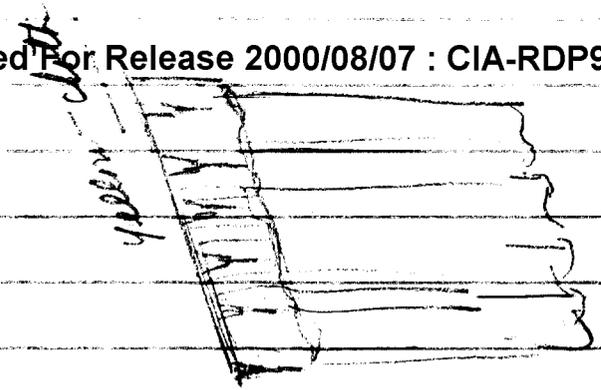

#19.5: Such as: Government, Congress. . . That's all I get right now.

#6.5: Uh huh. Okay.
