ACTION REQUIRED
To update ZA on GRILL FLAME (GF) Activities

MEMORANDUM FOR RECORD. (Describe briefly the requirement, background and action taken or recommended. Must be sufficiently detailed to identify the action without recourse to other sources.)

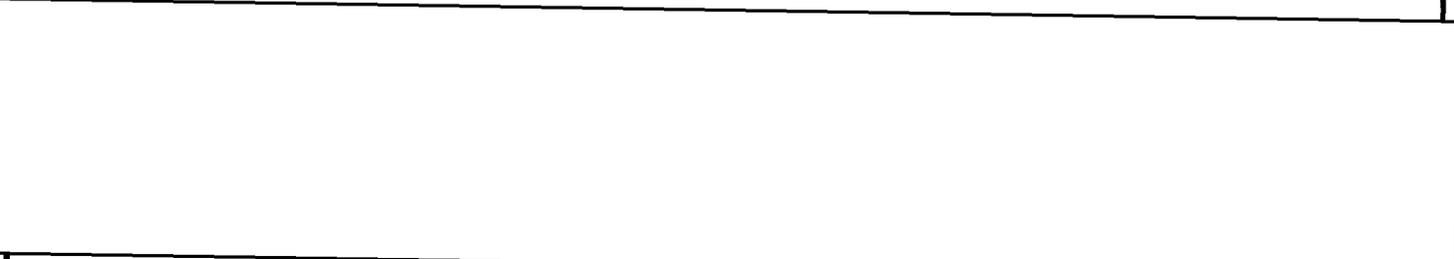

1. (U) DISCUSSION:

(a) (S/NOFORN) Under Secretary of Army (USofA) has been informed by Army General Council (AGC) that GF activities do constitute human use experimentation and new GF programs require approval, in writing, by USofA. USofA has expressed to AGC that he would not take action on this until after the INSCOM GF briefing by LTC Watt on 22 Dec 80. Per AGC, we may continue our current GF activity but should not move forward with the FY 81 Joint Service SRI Contract until after the 22 Dec briefing. Air Force is in the same situation and DIA General Counsel will not move forward on the SRI contract until Army and Air Force have written approval from Army and Air Force Secretaries.

SG1J IMPACT: Should not present us with a situation we cannot live with. The continued delay with the SRI contract causes some concern for DIA (Dr Verona) as his [redacted] [redacted] has been on the West Coast for the past six months as the Primary Contract Monitor with no contract to monitor. There is also the possibility that SRI management could move Drs' Puthoff, Targ, and May into other SRI programs out of the parapsychological area.

(b) (S/NOFORN) On 4 Dec 80, MAJ Hay was informed by his contacts at the FBI Academy Research Department of the following:

SG1J

SG1J (2) MAJ Hay would like to explore the possibility of obtaining an unsolicited proposal from [redacted] with the possibility of him doing some future work for us as an alter native to SRI. AGREE: / DISAGREE: / SEE ME: /
