Dear Bill:

As a result of the efforts of the GDIP Staff, GRILL FLAME has achieved a new lease on life. In the attached memo, Dr. DeLauer has authorized the use of R&D funds for the U.S. Army INSOOM as well as DIA/DT to continue work on this project. Mindful of the past investments in time and manpower and the need to preserve the fragile, painstakingly constructed experience factor, I am particularly gratified to see the Army able to continue its work. I also hope that this new opportunity will yield some hard positive conclusions that will form the basis for a stronger and more sustained effort in this area of inquiry throughout the near term.
