TO DET. G, Director FROM Command Psychologist DATE 13 Apr 82 CMT 1  
LTC Hartzell

1. I have discussed individual training requirements with Joe and have begun to assess his needs relating to his role within the project.

2. Factors regarding Joe:

a. It's important to begin advanced training within a May-June time frame in order to enhance and improve his present level of functioning.

b. A visit to the Monroe Institute by you, Fred, Joe, and myself would be useful to update and educate.

c. It would give Joe a chance to become familiar with possible training for him at Monroe's.

d. It would give Fred opportunity to discuss supervision of Joe's training and facilitate Monroe technology transfer to DET. G, if applicable.

e. Expected results of Monroe training could include: Joe's needs to be with others of like philosophical and intellectual belief, broaden his ability to perceive and recognize desirable as well as undesirable behavior, improve his ability to relax and concentrate, improve his ability to manipulate and understand internally produced imagery, and facilitate Joe's understanding of himself.
