Lake surrounded by flat land surrounded by mtns  
Lake is blue clear. Land is hilly. white, brown, green  
rough. Manmade there. End.

Crampons crunching into a glacier.  
Mount Robson climbers approach a c  
vasse. Second oldest of British Columbi  
provincial parks - after Strathcona. Mo  
Robson remains an unspoiled wildernes  
home fit for the king of Canada's Rock

CPYRGHT

**Wild and broken,** Tumbling Glacier spills massive blocks of ice into Berg Lake with resounding splashes. The icy sheath mantles Mount Robson (pages 352-3), which rises almost a mile and a half above the lake and so dwarfs it that boaters often doubt its one-mile width until they try to cross it.
