INSCOM may detail the individuals involved for up to one year to allow time for DIA to identify spaces. Once such spaces are available, the detailed personnel may be given a Permanent Change of Station. If DIA desires a change in authorized strength to allow for immediate PCS reassignment, they may apply for it through JCS. OACSI, DA will support such a change in status if the subject becomes an issue.

1. (U) DAMI-ISH Letter, 4 October, 1984, subject: Memorandum of Agreement. (Incl 1)
2. (S/CL-3/NOFORN) Discussions with Defense Intelligence Agency (DIA) management now indicate that DIA will not be able to accept the transfer of INSCOM CENTER LANE Project (ICLP) assets until FY 1986. This is a result both of present Congressional restrictions on use of NFIP funding for psychoenergetic intelligence collection activities and a severe shortage of non-NFIP resources at DIA. DIA has requested operational control (OPCON) of ICLP as an interim measure, and has agreed to accept all command and control responsibility and liability for ICLP until such a time as Congress approves use of NFIP funds for psychoenergetic-related activities (expected no later than the first quarter of FY 86).
3. (S/CL-2/NOFORN) Based on the above, CG, USAINSCOM, has determined that the best course of action to permit the continued use of ICLP technology is to place the Project under DIA's OPCON. The target date for the action is 31 January 1985, which allows necessary time to accomplish preparation and staffing of a new

Memorandum of Agreement delineating the responsibilities of both parties. The period of the OPCON will not exceed one calendar year.

4. (S/CL-3/NOFORN) DIA has agreed to officially notify Congress of their assumption of responsibility for CENTER LANE.

5. (S/CL-2/NOFORN) The MOA will be forwarded to your office prior to submission to DIA. Additionally, in a separate action, CENTER LANE will be disestablished as a Department of the Army Special Access Program (SAP). ACSI will be notified when this is fully accomplished.
