MEMORANDUM FOR CHIEF OF STAFF, USAINSCOM

SUBJECT: Required CG, USAINSCOM Decisions Concerning the CENTER LANE Project (U)

1. (U) Reference.

- a. Discussion between COL Kirk/LTC Buzby, 13 July 1984
- b. Memorandum for ACSI, 17 July 1984, subject: INSCOM CENTER LANE Project (U)
- c. Discussions between COL Kirk/LTC Buzby, 20 July 1984
- d. Discussison between COL Kirk/LTC Buzby, 31 July 1984

2. (S/CL-3/NOFORN) Based on the CG, USAINSCOM decision to discontinue INSCOM involvement with psychoenergetics research and operations (references a and b), the INSCOM CENTER LANE Project (ICLP) Officer initiated dialogue with DIA officials and the CG, USAMRDC, on 20 July 1984 and 1 August 1984, respectively, (IAW references c and d) to transfer appropriate operational and R&D functions. The proposed course of action involves a transfer of the ICLP program to DIA. Because of current manpower authorization problems, neither INSCOM nor DIA has spaces it can/will dedicate to a psychoenergetic program; therefore a compromise solution appears appropriate wherein USAINSCOM agrees to detail IGLP resources to DIA for FY 85 with the stipulation

that DIA obtain necessary manpower authorization under the FY 86 GDIP. Personnel detailed will either revert to INSCOM or PCS to DIA by 30 September 1985. This approach was discussed with DIA on 20 July 1984.

2. (S/CL-2/NOFORN) The proposed solution requires a decision by the CG, USAINSCOM as to whether the detailing of INSCOM resources to DIA to perform operational functions and support R&D activities, as appropriate, satisfies the CG's intent to discontinue all INSCOM involvement with psychoenergetic research and operations.

3. (S/CL-2/NOFORN) If the CG does not approve the detailing solution and DIA is unable to solve the manning problem, then the CG authorization is required to use INSCOM resources to continue with training and outstanding contracts scheduled for completion by 31 December 1984. That would require ICLP personnel involvement and the authorization of approximately \$55,000 for operating expenses through 1st quarter FY 85.
