SUBJECT: OPSEC Support for Project GRILL FLAME

Commander
902d Military Intelligence Group
Fort Meade, Maryland 20755

1. As a result of evolutionary mission changes, request the 902d Military Intelligence Group provide OPSEC support to the ADCSOPS-HUMINT and the INSCOM Manager for Project GRILL FLAME. The support should initially consist of an evaluation of the sensitivity and vulnerability of the program to determine if it is necessary to establish a Special Access Program (SAP) to protect the sensitive sources and methods used in the project.
2. Upon completion of your evaluation, provide a report of your findings and recommended courses of action. If your findings indicate a need for a Special Access Program for the project, prepare a letter to the Secretary of the Army for the CG's signature requesting same.
3. OPSEC support for Project GRILL FLAME should be provided thereafter on an as needed basis as defined by the Project Manager and the OPSEC Analyst assigned to provide support.

FOR THE COMMANDER:

JAMES W. SHUFELT
Colonel, GS
Chief of Staff
