Congressman Rose recognized the critical financial situation of the SRI program. In response to Congressman Rose's inquiry as to what the Committee could do, Dr. Vorona commented that a strong letter to DoD should remove the reluctance of some people to deal with the subject of psychoenergetics.

6. (S-ORCON) In addition to further discussions of optimum funding levels for SRI (400-500K/year), other outside sources of the capability as well as ongoing and proposed in-house programs were discussed.

7. (U) It was suggested that the next meeting of the Grill Flame Committee be scheduled for the end of March 79.
