WORKING PAPER

MEMORANDUM FOR THE RECORD

15 May 1981

SUBJECT: Update Briefing for DCG-I, 15 May 1981

1. (U) PURPOSE: This MFR outlines the major discussion points covered during my update briefing for BG Flynn, 15 May 81. Following personnel were in attendance:

BG FLYNN, DCG-I
MR. DELTORO, Special Asst, DCG-I
COL WHITE, ADCSOPS-HUMINT
LTC WATT, Project Manager

2. (U) Incl 1 outlines the data pertaining to the DIA/Army Joint Program and my recommendations concerning some of the proposals.

3. (C) I explained to BG Flynn that we currently had 16 active projects and that CIA and ITAC were our most active customers at the present time.

4. (C) PERSONNEL: I covered the status of all personnel connected with the program. It was quite evident that the project has lost or will be losing (by July) several "key players." BG Flynn stated that we have to "move smartly" to identify replacements. I explained that my trip to Ft Huachuca had been moved back to the first week of June but that all necessary arrangements had already been made. BG Flynn instructed us to only brief BG Teal when we visited the school and that he would call BG Teal and explain the reason(s) behind that decision.

5. (U) We discussed CPT Atwater's assignment after he completes the career course in May 82, and BG Flynn directed us to take another look at the "GREAT SKILLS" situation with LTC Boyce, ASD. If we cannot find a great skills slot then BG Flynn will sign off on the letter we have prepared for him to send to the CDR, MILPERCEN.

6. (U) BG Flynn agreed to the recommendation that CW2 Joseph McMoneagle be PCS'd to Ft Meade.

7. (C) BG Flynn expressed some concern with the overall security status of the program. He wants security procedures and awareness tightened up. He directed that we review the Access List and remove anyone who does not possess a strict need-to-know.

8. (U) BG Flynn directed that we set up a project review between the CG, INSCOM and the ACSI some time in July. He wanted the meeting to take place at least one month before I leave the project.

9. (S/NOFORN) BG Flynn agreed to the recommendations we made concerning the DIA proposed joint contractual effort for FY 82. This means that INSCOM is willing to commit 140K for contracts with SRI, but falls far short of the amount (395K) recommended by DIA. Also, if we are to fund the RV enhancement program as it now stands, we will have to find another 55K to put into the program.
